Independent Auditor's Report

The Plan Administrator
Life's WORC 403(b) Retirement Plan
Garden City, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Life's WORC 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Prior to January 1, 2009, records were maintained at a contract, not a plan level; therefore, management has not maintained, and MG Trust Company and ING did not provide, sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Life's WORC 403(b) Retirement Plan

Notes to Financial Statements

1. Description

The following description of Life's WORC 403(b) Retirement Plan (the Plan), which is sponsored by Life's WORC, Inc. (WORC), is provided for general information purposes only. The Plan changed its name from Life's WORC 403(b) Profit Sharing Plan to Life's WORC 403(b) Retirement Plan, effective July 1, 2019. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that provides retirement benefits to substantially all full-time and part-time employees of WORC (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). WORC amended the Plan, effective July 1, 2019, in order to comply with ERISA requirements.

Eligibility

Employees become eligible to participate in the Plan on their first day of employment. Employees who worked more than 1,000 hours are eligible to receive Employer discretionary contributions immediately upon employment and the Employer matching contributions after three months of employment and participation in the Plan.

Contributions

Participants may contribute up to an elected percentage of their compensation or a flat dollar amount for the contribution period, subject to Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to legal limits of \$7,500 and \$6,500 in 2023 and 2022, respectively. Participant contributions are recorded in the period during which the participant's salary is reduced under a salary reduction agreement with WORC. Participants are also permitted to make rollover contributions of amounts received from other retirement plans, subject to approval by the Plan administrator.

WORC makes discretionary Employer non-elective contributions, which are determined based on years of service and compensation. WORC also makes an Employer matching contribution to the Plan, whose formula is discretionary, as approved by WORC's Board of Directors. If WORC decides to make a matching contribution, it will decide how much to contribute and the matching rate that will apply to a participant's elected deferrals. The Employer continues to make discretionary Employer non-elective contributions, which are now based on a uniform percentage of participants' compensation, and subject to the approval of WORC's Board of Directors. In Plan years 2023 and 2022, WORC's Board of Directors approved an Employer matching contribution equal to 50% for every \$1.0 contributed by each eligible participant up to a maximum of 6% of eligible compensation. Both the matching and discretionary contributions made by the Employer are allocated to each participant's account, in accordance with the employee's designated investment mix. For the Plan year ended June 30, 2023, WORC's Board of Directors approved a matching contribution only in the amount of \$295,248. Matching and discretionary contributions approved by WORC's Board of Directors for the Plan year ended June 30, 2022 were \$1,308,414.

Life's WORC 403(b) Retirement Plan

Notes to Financial Statements

All contributions are invested in various investment options offered by the Plan. Employees may allocate contributions among the different mutual funds offered in any whole-number proportion, including full allocation to any account.

Participants' Accounts

Each participant's account is credited with the participant's contributions, the Employer's contribution, and investment earnings, and charged for withdrawals and with an allocation of certain administrative expenses. The amount of income a participant's account earns is contingent upon the nature of the investments elected. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

Effective July 1, 2019, new participants vest in WORC's matching and discretionary contributions at a three-year cliff, and employees are 100% vested after three years of service. Prior to July 1, 2019, participants vested in WORC's matching and discretionary contributions as follows:

Years of Service for Vesting	Vesting Percentage (%)
Less than 1 year	-
1 year	20
2 years	40
3 years	60
4 years	80
5 years	100

Plan Benefits

A participant is eligible to receive a distribution from their deferral and Employer contribution balances under the following circumstances: (a) retirement, (b) termination of employment, (c) disability, (d) death, and (e) attaining 59½ years of age. A participant is eligible to receive a hardship withdrawal only from their deferral balance.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their fully vested benefits under the Plan. Forfeitures are first used to pay reasonable Plan expenses and are then used to reduce future Employer contributions. In Plan year 2023, forfeitures in the amount of \$86,124 was used to first pay reasonable Plan expenses and then Employer contributions. As of June 30, 2023 and 2022, forfeited non-vested accounts totaled \$81,875 and \$95,366, respectively.

Notes Receivable from Participants

Participants may borrow from their account balance a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance, limited by the highest

Life's WORC 403(b) Retirement Plan

Notes to Financial Statements

loan balance in the last 12 months. The additional Employer match, effective July 1, 2019, is excluded in determining loan availability amount.

The participant loans are secured by the balance in the participant's account and bear interest between 4.25% and 9.25% in 2023. These rates are commensurate with local prevailing rates, as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions. Notes receivable must be fully repaid within five years, unless the note is for the purchase of a primary residence, in which case the note must be fully repaid within 15 years.

Administrative Expenses

Expenses of the Plan (such as investment management fees, redemption fees, commissions, and other transaction costs) are allocated to participants' accounts based on their account balances in each of the investment funds and are shown net of appreciation or depreciation in fair value of investments on the statement of changes in net assets available for benefits. Participant loan and distribution fees are charged directly to participants accounts.

2. Summary of Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

GAAP establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - This level consists of inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Life's WORC 403(b) Retirement Plan

Notes to Financial Statements

Level 2 - This level consists of inputs to the valuation methodology that include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - This level consists of inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. During 2023, distributions in the amount of \$48,037 were used to satisfy Plan loan defaults and are recorded within benefits paid to participants and beneficiaries in the accompanying statement of changes in net assets available for benefits. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Risks and Uncertainties

The Plan invests in various investment securities. These investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

The Plan's assets and liabilities recorded at fair value have been categorized based upon a fair value hierarchy, in accordance with GAAP. See Note 2 for a discussion of the Plan's policies regarding this hierarchy.

A description of the valuation techniques applied to the Plan's major categories of assets measured at fair value is as follows:

Life's WORC 403(b) Retirement Plan

Notes to Financial Statements

Money Market Fund

The money market fund is valued at the unadjusted quoted market prices, which represent the net asset value of shares owned by the Plan at year-end. As such, these investments are classified as Level 1.

Mutual Funds

The Plan has investments in mutual funds. Investments in the mutual funds' accounts are valued at net asset value of shares held by the Plan at year-end. The mutual funds are traded at quoted prices through the National Securities Clearing Corporation. These investments are priced by the Plan's custodian using nationally recognized pricing services, based on observable market data, and are classified as Level 1.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methodologies of these items held at June 30, 2023 and 2022.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

June 30, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,736,358	\$ -	\$ -	\$ 17,736,358

Life's WORC 403(b) Retirement Plan

Notes to Financial Statements

4. Information Certified by the Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, reflected on the accompanying statements of net assets available for benefit as of June 30, 2023 and 2022.
- Net appreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants, reflected on the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2023.
- Investment reflected on the supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2023, as shown in the ERISA-required supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

5. Party-in-Interest and Related Party Transactions

Fees paid to Ascensus Trust Company by the Plan were included as a reduction of the investment return on each fund. In addition, the Plan paid \$41,338 in investment management services to Ascensus Consulting, the Plan's third-party administrator. In addition, the Plan paid \$56,633 to Wealth Enhancement Group for investment advisory services. The Plan also paid Millennium Investment and Retirement Advisors \$1,750 for fiduciary-related services. These transactions qualify as party-in-interest transactions, which are deemed to be exempt from prohibited transactions rules, as defined by DOL regulations. Notes receivable from participants also qualify as party-in-interest transactions.

6. Tax Status

The Plan has adopted the Ascensus LLC Volume Submitter 403(b) Plan (the 403(b) Plan). Accordingly, the Plan is permitted to rely on the opinion letter, dated January 1, 2018, stating that the 403(b) Plan was designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified.

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

7. Plan Termination

Although it has not expressed any intent to do so, WORC has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, all participants' accounts would become fully vested and distributed, in accordance with the provisions of the Plan.

8. Subsequent Events

The Plan's management has performed subsequent event procedures through April 12, 2024, which is the date the financial statements were available to be issued, and there were no subsequent events requiring adjustments to the financial statements or disclosures as stated herein.
