Independent Auditor's Report

To the Plan Administrator
Sanford School 403(b) DC Plan Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Sanford School 403(b) DC Plan Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sanford School 403(b) DC Plan Contribution Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section -

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator
Sanford School 403(b) DC Plan Contribution Retirement Plan

- The information in the financial statements referred to above related to assets held and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Sanford School 403(b) DC Plan Contribution Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sanford School 403(b) DC Plan Contribution Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that

To the Plan Administrator
Sanford School 403(b) DC Plan Contribution Retirement Plan

an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sanford School 403(b) DC Plan Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sanford School 403(b) DC Plan Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

To the Plan Administrator
Sanford School 403(b) DC Plan Contribution Retirement Plan

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SANFORD SCHOOL 403(b) DC PLAN CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023

NOTE 1: DESCRIPTION OF PLAN

The following description of the Sanford School 403(b) DC Plan Contribution Retirement Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a 403(b) defined contribution plan covering all eligible employees of Sanford School (School), an Internal Revenue Code (IRC) Section 501(c)(3) organization. The Plan was established and originally effective July 1, 1965, to provide eligible employees of the School the opportunity to accumulate savings that provide benefits in the event of retirement, disability, or death. The Plan is structured to comply with the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The School retains the Teachers Insurance and Annuity Association (TIAA) as the custodian to perform recordkeeping services and to maintain the assets of the Plan. The School also retains Atlantic Pension Services as its third-party administrator to perform compliance testing and Biddle Capital Management (BCM) Retirement Solutions as its investment advisor.

Eligibility - An eligible employee is any employee of the School, excluding student workers and employees who normally work fewer than 20 hours per week. An eligible employee will be allowed to immediately make elective deferrals into the Plan. Eligible employees who have attained 18 years of age become eligible for employer match contributions after attaining 1,000 hours in an eligibility computation period. Date of entry is the first day of the month coinciding with or next following the date the eligibility conditions are satisfied.

Contributions - Every year, participants may contribute a percentage of pretax annual compensation, as defined in the plan document. Participants may elect to contribute after-tax Roth deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Upon enrollment, participants may direct their contributions to the various TIAA investments offered by the Plan. Participants may change their investment options and deferral percentages at any time. Contributions are subject to the nondiscrimination requirements and certain regulatory limitations. The School may make a discretionary match contribution each year.

Participant Accounts - Each participant's account is credited with the participant's contribution, an allocation of School contributions, if any, and investment results, and is charged with an allocation of administrative expenses, as provided by the Plan.

SANFORD SCHOOL 403(b) DC PLAN CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2023

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Participant Accounts - Continued

General administrative services include recordkeeping, legal, accounting, consulting, investment advisory, and other plan administration services. Some of the expenses for general administrative services are fixed and other expenses, such as legal or accounting, may vary from year to year. These costs are allocated to each participant in a uniform way.

An annual non-TIAA plan services fee of 0.40% is charged based upon participant account balances and deducted on a quarterly basis. Other allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions, rollover contributions, school contributions, and actual earnings thereon.

Notes Receivable from Participants - Participants may borrow from the funding vehicles authorized by the employer for use under the Plan, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced to the extent that the participant's highest outstanding loan balance during the preceding 12-month period exceeds the current balance, or 50% of their vested account balance. If the loan is from a TIAA Traditional Annuity (Annuity), the maximum loan may be further limited. Loan terms range from one to five years or up to 15 years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and are charged interest at the prime rate at the time the loan is taken. Principal and interest are paid ratably through monthly payroll deductions. In the event of retirement, death, disability, or termination of employment, the loan becomes payable in full. No more than two loans may be outstanding at any one time. As of June 30, 2023 and 2022, the outstanding participant loans were \$2,960 and \$4,188, respectively.

Plan Loans - Participants may also obtain a Plan loan in which funds owned directly by TIAA are borrowed. A portion of the participant's account, in that case, is held as collateral to cover 110% of the outstanding loan. The outstanding Plan loans were \$35,872 and \$49,992 as of June 30, 2023 and 2022, respectively. The collateral is held in the TIAA Traditional Annuity as either part of a Group Retirement Annuity contract or as a separate Retirement Loan contract. For Plan loans having collateral in a Group Retirement Annuity contract, principal repayments increase the amount of TIAA Traditional funds available for the participant's use. For Retirement Loan contracts, principal repayments are transferred to the College Retirement Equities Fund (CREF) Money Market investment option in the participant's contract. For all Plan loans, interest is paid directly to TIAA. These Plan loans are not reported on the face of the financial statements, since funds are borrowed directly from TIAA and not the participant's account.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2023

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Payment of Benefits - Distributions from the Plan are permitted upon termination of employment, death, disability, retirement (age 65 or early retirement age of 62), or hardship. An eligible participant may request a single lump-sum payment, partial payments, installment payments from his or her CREF annuity or TIAA Real Estate Account or purchase an annuity contract with his or her account balance.

For distributions from the TIAA Traditional Annuity Account, a participant may elect a fixed period annuity, or a life annuity for single participants or a joint survivor annuity for married participants. Unless the annuity form of payment is waived, a married participant will receive a distribution in the form of a joint and 50% survivor annuity. An unmarried participant will receive a life annuity. For a married participant to waive the joint and survivor annuity payment, the participant's spouse must consent in writing.

A participant who has reached age 59½ may elect to withdraw all or a portion of his or her entire account while still employed by the School. Upon the death of a participant, the participant's beneficiary shall be entitled to the balance of the participant's account.

As required under Section 401(a)(9) of the Code, a participant who is not a five percent or more owner of the Company must begin receiving required minimum distributions from the Plan by April 1 of the calendar year following the later of (i) the calendar year following the year in which the participant reaches age 72 or (ii) the calendar year in which the participant retires.

If a terminated participant does not elect to have a mandatory distribution not exceeding \$1,000 paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, the plan administrator will direct the trustee to immediately distribute such benefit in a lump sum without the participant's consent. For any distribution exceeding \$1,000, but not in excess of \$5,000, the participant shall be given the option to elect to have such distribution paid directly to an eligible retirement plan specified by him or her in a direct rollover or to receive the distribution directly. If neither option is selected, the plan administrator shall make such distribution in a direct rollover to an individual retirement plan designated by the plan administrator and shall provide written notice to the participant informing the participant that he or she has the option to transfer such amount into another individual retirement plan of his or her own choice.

Hardship Withdrawals - Participants may withdraw their employee pretax or Roth contributions, rollover contributions, if applicable, and employer contributions in the form of a hardship withdrawal to satisfy an immediate and heavy financial need as defined by the Plan. The participant must first exhaust all other assets reasonably available prior to obtaining a hardship withdrawal, including obtaining a loan from the Plan. The hardship distribution cannot be in excess of the need.

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Forfeitures - As of June 30, 2023 and 2022, there were no forfeited, nonvested account balances. There was no activity in the forfeiture account during the plan year.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received for the sale of an asset or paid for the transfer of a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the School. Expenses that are paid by the School are excluded from these financial statements. Costs associated with participant-initiated transactions are paid by the respective participants' accounts. As of June 30, 2023 and 2022, administrative expenses for service providers of the Plan included service fees paid for recordkeeping services and for investment advisory services, which are included in these financial statements. Investment management expenses paid from the annual operating expenses of the Plan's designated investment alternatives, which are amounts netted against the investment earnings for the participant-directed investments, averaged approximately .319%, from a low

SANFORD SCHOOL 403(b) DC PLAN CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2023

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Administrative Expenses - Continued - of 0.05% to a high of .93%. This includes a plan service expense of .156% of average assets. The plan services expense is a component of, and not in addition to, the net expense ratio percentage and estimated dollar amounts. Net expense ratio and plan services expense are calculated using average assets for the reporting period.

General administrative services include recordkeeping, legal, accounting, consulting, investment advisory, and other plan administration services. Some of the expenses for general administrative services are fixed and other expenses, including legal or accounting expenses, may vary from year to year. These costs are allocated to each participant in a uniform way.

An annual non-TIAA plan service fee of 0.40% is charged based upon participant account balances and deducted on a quarterly basis.

Subsequent Events - The School's policy is to evaluate events and transactions subsequent to its year end for potential recognition in the financial statements or disclosure in the notes to the financial statements. The plan administrator has evaluated events and transactions through the date of the independent auditor's report, which is the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under the Financial Accounting Standards Board's Accounting Standards Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

SANFORD SCHOOL 403(b) DC PLAN CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2023

NOTE 3: FAIR VALUE MEASUREMENTS - CONTINUED

Level 2 - Continued

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of June 30, 2023 and 2022.

Registered Investment Companies (Mutual Funds) - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 within the fair value hierarchy.

Pooled Separate Account - The TIAA Real Estate Account's value is principally derived from the market value of the underlying real estate holdings or other real estate investments. Real estate holdings are valued principally utilizing external appraisals, which are estimates of property values based on a professional's opinion. This investment is classified as Level 2 within the fair value hierarchy.

Insurance Company General Contracts - Different contracts within the TIAA Traditional Annuity provide certain unique features and characteristics within the contract. The Plan has Retirement Annuity (RA), Supplemental Retirement Annuity (SRA), and Group Supplemental Retirement Annuity (GSRA). The RA contract is considered non-benefit responsive, whereas the SRA and GSRA contracts are considered benefit responsive. The non-benefit-responsive contract is reported at fair value, which approximates contract value. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers, if any, less any withdrawals. The non-benefit-responsive contracts are classified as Level 3 within the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to

NOTE 4: INVESTMENTS

The TIAA Traditional Annuity (Annuity) is a fixed rate annuity contract that is fully and unconditionally guaranteed and backed by the claims-paying ability of TIAA of America, a New York domiciled nonprofit legal reserve life insurance company. During the accumulation phase, the Annuity provides a guarantee of principal, a guaranteed minimum rate of interest between 1% and 3%, and the potential for additional interest, if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. When the contract value accumulation (plan asset) of the Annuity is converted to an annuity (plan withdrawal) based on life expectancy, the present value of the stream of payments is equal to the accumulation.

The Annuity is offered through a variety of contract types with TIAA. The type of contract through which the Plan holds in the Annuity determines the applicability of certain account features, such as a guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of participant accounts, and the options for receiving income upon retirement. The Plan holds RA, SRA, and GSRA contracts. The RA contracts are considered non-benefit responsive. The RA contracts do not allow lump-sum cash withdrawals, and transfers must be spread over a period of ten annual installments, or five annual installments from withdrawals after termination of employment through election of a five-year, fixed-period annuity. As of June 30, 2023 and 2022, the annuity was comprised of \$6,489,981 and \$6,564,597, respectively, of non-benefit-responsive contracts.

SANFORD SCHOOL 403(b) DC PLAN CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
JUNE 30, 2023

NOTE 4: INVESTMENTS - CONTINUED

The SRA and GSRA contracts are considered benefit responsive. These contracts have no liquidity restrictions. As of June 30, 2023 and 2022, the Annuity was comprised of \$1,273,546 and \$1,240,357, respectively, of benefit-responsive contracts. These contracts are reported at contract value on the financial statements.

The TIAA Stable Value is a fixed rate group annuity contract that is fully and unconditionally guaranteed and backed by the claims-paying ability of TIAA. Contributions are deposited into a non-unitized separate account. The contract provides a guaranteed minimum rate of interest between 1% and 3% and the potential for additional interest. Additional interest, when declared, remains in effect from January 1 through June 30 and from July 1 through June 30. Additional interest is not guaranteed for future years. Contract holders and plan participants do not participate in, and do not receive earnings of, the assets in the separate account. The contract is considered fully benefit-responsive, and as such, is reported at contract value on the financial statements. As of June 30, 2023 and 2022, the contract value measurement of the TIAA Stable Value was \$730,744 and \$540,129, respectively.

These guaranteed annuity contracts are traditional investment contracts. Due to the nature of these contracts, they do not have specific underlying assets assigned. The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

Market value events may limit the ability of the Annuity and Stable Value Funds (Funds) to transact at contract value with the issuer. Market value events are events or conditions that occur which are outside of the normal operation of the Funds and lead to any disbursements which have or will have a material adverse effect on the operations of the Funds and a financial effect on the investment contract or wrap issuer's interest hereunder.

Such events may include, but are not limited to: fund administration amended or changed, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the Funds, failure to meet certain tax qualifications, participant communication that is designed to influence participants not to invest in the Funds, transfers to competing options without meeting the equity provisions of the Funds, and plan sponsor withdrawals without the appropriate notice to the Funds and/or issuer.

In the normal course of business, such events or conditions would not limit the ability of the Funds to transact at contract value with the participants in the Funds. The Funds are managed to maintain a certain amount of liquidity to provide for the day-to-day liquidity needs of participants, as well as the occasional market value event.

NOTE 4: INVESTMENTS - CONTINUED

The plan sponsor does not believe that any events which would limit the Funds' ability to transact at contract value with participants are probable of occurring.

An issuer can terminate an investment contract upon the event of default by the contract holder, advisor, or trustee if the issuer determines in its reasonable discretion that such event has had or is likely to have a material adverse effect on the issuer's interest with respect to the contract. Such events may include, but are not limited to, management of the portfolio not in accordance with investment guidelines, a breach of any material obligation under the wrap agreement, any representation or warranty made by the contract holder becomes untrue in any material way, a replacement of the advisor without prior consent of the issuer, the Funds are terminated or cease to qualify as a group trust or plans cease to meet the appropriate tax qualifications, or the wrap becomes a prohibited transaction within the meaning of Section 406 of ERISA.

CREF Accounts - CREF consist of eight investment portfolios including the Stock, Global Equities, Growth, Equity Index, Bond Market, Inflation-Linked Bond, Social Choice, and Money Market Accounts. In accordance with each portfolio's investment objectives, the accounts invest principally in equity securities, fixed income investments, and short-term investments.

Accumulation units in CREF accounts are available for transactions at the closing accumulation unit value on any day the NYSE is open for business. In an effort to reduce market timing and excessive trading, shareholders will not be permitted to make electronic transfers (i.e., transfers over the Internet, by telephone, or by fax) back into that same account through a purchase or exchange for 90 calendar days if a purchase, sale, and repurchase within that account is made within a 60-day period, other than the CREF Money Market Accounts.

Pooled Separate Account - The TIAA Real Estate Account (REA) is an insurance company separate account of TIAA investing mainly in real estate and real estate-related investments. Accumulation units in the REA are available for transactions at the closing accumulation unit value on any day the NYSE is open for business. Transfers out of the REA are limited to one per calendar quarter.

Although the underlying assets of the REA cannot be quickly sold and converted to liquid assets, the TIAA General Account provides the REA with a liquidity guarantee, i.e., TIAA ensures that the REA has funds available to meet participant redemption, transfer, or cash withdrawal requests executed at quoted unit values. Unit values are calculated each day and are posted on the Plan's website.

NOTE 5: INFORMATION CERTIFIED BY TIAA AND CREF

The Plan's investments as of June 30, 2023 and 2022, were held by TIAA. The plan administrator elected the method of annual reporting compliance permitted by Department of Labor (DOL) Regulation Section 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF have certified the following data included in the accompanying financial statements and supplemental schedule as complete and accurate.

NOTE 6: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The School has not considered normal plan operations such as participant and employer contributions or benefits paid to participants as party-in-interest transactions that require separate disclosure. Certain plan investments are shares of registered investment companies (mutual funds), pooled separate accounts, and insurance company general contracts managed by TIAA. Fees paid during the year for certain professional services rendered by parties in interest included service fees paid by the Plan for recordkeeping and investment advisory services. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the School may determine.

NOTE 8: TAX STATUS

The School uses the Atlantic Pension Services Volume Submitter 403(b) plan document, which has received an advisory letter dated March 31, 2017, which indicated that the design of the Plan at that time was in compliance with the IRC. The Plan is required to operate in conformity with the IRC to maintain the Plan's tax-exempt status for plan participants. The plan administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or DOL. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of June 30, 2023 and 2022, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's federal Form 5500 is subject to examination by the IRS and the DOL, generally for the three years after it was filed.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE 10: COMMITMENTS AND CONTINGENCIES

In the normal course of business, there may be various commitments and contingencies outstanding, which are not reflected in these financial statements. In the opinion of the School, the outcome of such events, if any, would not have a material effect on the Plan's financial position or operations.
