INDEPENDENT AUDITORS' REPORT

Plan Administrator
**E.C.I., Inc. Employee Stock Ownership
Plan and Trust**
Tiffin, Ohio

Opinion

We have audited the accompanying financial statements of **E.C.I., Inc. Employee Stock Ownership Plan and Trust**, (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **E.C.I., Inc. Employee Stock Ownership Plan and Trust** as of June 30, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **E.C.I., Inc. Employee Stock Ownership Plan and Trust** and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **E.C.I., Inc. Employee Stock Ownership Plan and Trust's** ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

INDEPENDENT AUDITORS' REPORT - CONTINUED

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards (GAAS) will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **E.C.I., Inc. Employee Stock Ownership Plan and Trust's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the **E.C.I., Inc. Employee Stock Ownership Plan and Trust's** ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITORS' REPORT - CONTINUED

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control matters that are identified during the audits.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of June 30, 2023, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with auditing standards GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the **E.C.I., Inc. Employee Stock Ownership Plan and Trust** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - E.C.I., Inc. (the "Company") established the employee stock ownership plan effective as of July 1, 2000, for all employees of the Company other than leased employees or employees covered under a collective bargaining agreement. The Plan operates as an employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by an Employee Benefits Administration Committee which consist of not less than one person appointed by the Sponsor Company.

Effective September 30, 2021, the Plan was amended to freeze the Plan. As such, no newly hired or rehired employees shall become a participant and no participant shall receive an allocation on or after September 30, 2021. As of September 30, 2021, all participants were fully vested in their account balances.

The Plan purchased Company common stock using the proceeds from a bank borrowing and holds the common stock in a trust established under the Plan. The bank borrowing was repaid during the Plan year ended June 30, 2008.

Eligibility - Employees of the Company are generally eligible to participate in the Plan after one year of service providing they worked at least 500 hours during the Plan year, received compensation during the Plan year, and were employed on the last day of the Plan year.

Employer Contributions - The Company is obligated to make contributions in cash to the Plan, which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of benefits.

Participant Accounts - The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

E.C.I., INC. EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Vesting - For participants terminating employment for reasons other than death or upon the Normal Retirement rate, the first day of the calendar month in which the participant is age 65, the Plan has the following graded vesting schedule:

<u>Completed Years of Service</u>	<u>Vesting Percentages</u>
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Benefits Paid - Vested benefits are payable to participants upon termination of employment or in the event of the Plan's termination, in accordance with the distribution provisions of the Plan document. Distributions will be made in the form of whole shares of Company stock, with cash equal to the value of any fractional shares, in accordance with the distribution provisions of the Plan document. If shares of Company stock are distributed, such distribution shall be subject to a requirement that such shares be sold to the Company immediately upon distribution. Benefits other than Company stock are payable in the form of a lump-sum cash distribution. Company stock shall be payable according to the administrator's discretion, in a lump-sum distribution, or installment payments over a period not to exceed five years.

Put Option - Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representation of the current value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification - Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the last year of the period, a participant may diversify up to 50 percent. Participants who elect to diversify receive a cash distribution.

Forfeitures - Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. No forfeitures were allocated during the plan year 2023 and 2022.

Voting Rights - Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Financial Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of net assets, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The shares of the Company common stock are valued at fair value. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Dividend income is accrued on the ex-dividend date.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - As provided in the Plan agreement, administrative expenses may be paid either by the Plan or by the Company. The Company has historically paid the operating expenses for the Plan.

Subsequent Events - In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through April 15, 2024, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The Plan's investment in E.C.I. Inc.'s stock as of June 30, 2023 and 2022 is as follows:

	2023	2022
Allocated shares	<u>22,049.7131</u>	<u>23,497.0059</u>
Cost	<u>\$ 1,058,386</u>	<u>\$ 1,127,856</u>
Fair value	<u>\$ 13,869,270</u>	<u>\$ 11,842,491</u>

For the year ended June 30, 2023, the Company redeemed 1,447.2928 shares of stock from participants, decreasing the number of shares held by the ESOP to 22,049.7131.

For the year ended June 30, 2022, the Company redeemed 1,922.0374 shares of stock from participants, decreasing the number of shares held by the ESOP to 23,497.0059.

All investment values are determined through an annual valuation. See Note 4.

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting standards provide a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the accounting standards are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs, and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2023.

Common Stock: The common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and fair value of Company assets and liabilities. Plan management has concluded that market participants would also recognize a discount for lack of marketability.

The valuation process involves Plan management's selection of an independent appraiser. Plan management accumulates the data for the appraiser from the financial statements of the Company. The appraiser prepares a preliminary report which Plan management, along with the ESOP trustee, reviews in detail, discusses and approves. The results of this process are documented in minutes of the Plan fiduciary.

E.C.I., INC. EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS - CONTINUED

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
E.C.I., Inc. common stock: Allocated	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,869,270</u>	<u>\$ 13,869,270</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
E.C.I., Inc. common stock: Allocated	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,842,491</u>	<u>\$ 11,842,491</u>

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years 2023 and 2022.

	<u>Investment in E.C.I., Inc. Common Stock 2023</u>	<u>Investment in E.C.I., Inc. Common Stock 2022</u>
Value at the beginning of the year	\$ 11,842,491	\$ 11,489,408
Gains	2,756,214	1,221,844
Share distributions	(729,435)	(868,761)
Value at the end of the year	<u>\$ 13,869,270</u>	<u>\$ 11,842,491</u>

Gains (realized and unrealized) included in the Statements of Changes in Net Assets Available for Benefits for the years ended June 30, 2023 and 2022, are reported in net appreciation of fair value of investments.

E.C.I., INC. EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - RELATED PARTY TRANSACTIONS

The Plan's assets, which consist principally of Company common shares, are held by the Trustee of the Plan. Thus, the Trustee defined by the Plan, qualifies as a party-in-interest.

Company contributions are held and managed by the Trustee, who invest cash received, interest, and dividend income and makes distributions to participants. These are party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.

NOTE 6 - TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated May 25, 2017, stating that the Plan is qualified, under the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the Employee Benefits Administration Committee shall direct the Trustee to pay all liabilities and expenses of the trust fund.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan investments consist primarily of Company common stock, which is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and/or other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of common stock will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

For the years 2023 and 2022, there were no differences between the financial statements and the Form 5500.
