INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Viability, Inc. 403(b) Thrift Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Viability, Inc. 403(b) Thrift Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of June 30, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) as of June 30, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

June 30, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Viability, Inc. 403(b) Thrift Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan covering all employees of Viability, Inc. (the "Organization" or "Employer") except those excluded by Section 1.2 of the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Each year, participants may contribute a portion of their eligible compensation to the Plan. The Plan allows participating employees to designate all or a portion of their deferrals as Roth contributions. Participants that are age 50 or older may elect to defer additional amounts (age-50 catch-up contribution) to the Plan. A participant's total deferral in any taxable year may not exceed a dollar limit which is set by law. In addition, participants who have completed at least 15 years of service are eligible to make an additional contribution (special catch-up contribution). Participants may also contribute amounts representing distributions from other eligible plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect otherwise. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, and their contributions are invested in a designated fund until changed by the participant.

All participants are eligible for Employer matching contributions. The Organization will make matching contributions up to 150% of the salary reduction amount contributed to the Plan that does not exceed 4% of compensation received during the plan year.

The Organization may also make a discretionary base contribution to the Plan. Employees who are age 21 and who have completed one year of service and have worked over 1,000 hours during the plan year are eligible. There was no Employer base contribution for the years ended June 30, 2023 and 2022. The Employer base contribution is allocated to eligible employees whether or not the participant elected to make a salary reduction contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Organization's contributions and Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may direct the Organization to invest their contributions in a variety of investment options allowed by the Plan. All investments are participant directed.

NOTE 1 – DESCRIPTION OF PLAN – (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are fully vested in the Organization's Employer contribution portion of their accounts plus actual earnings thereon after completing three years of continuous service.

Participant's accounts become fully vested upon reaching age 65 or becoming totally and permanently disabled or upon death.

Plan Loans

Loans from Mutual of America Life insurance Company ("Mutual of America") are permitted by the Plan. Participants may borrow from Mutual of America \$1,000 up to a maximum of 50% of their vested account balances or \$50,000, whichever is less. Loans bear a reasonable rate of interest comparable to the interest rate charged on similar commercial loans by persons in the business of lending money. The participant must repay any loan by periodic level payments of principal and interest over a reasonable period of time not to exceed five years. Loans made for the purchase of a principal residence may be repaid over a longer term. Principal and interest are paid ratably through payroll deductions.

The variable interest rate loans are issued by Mutual of America and are collateralized by the participant's vested account balance. These loans are not treated as a distribution from the Plan and are not considered a Plan asset. Therefore, these Plan loans are not reported on the statement of net assets available for benefits. Loan balances collateralized by Plan assets at June 30, 2023 and 2022 were \$146,314 and \$163,668, respectively.

Payment of Benefits

On termination of employment, a participant is entitled to the full value of all the participant's contributions to the Plan, all vested Organization contributions and all related earnings. There are various options available for distributions. For vested account balances under \$5,000, lump sum distributions or direct rollovers will be made. Distributions or direct rollovers of vested account balances of more than \$5,000 cannot be made before the participant's normal retirement date without the participant's written consent. In addition, during employment, a participant may withdraw all or a portion of their vested account balance, to the extent necessary, to meet a qualifying financial hardship, or for childbirth and adoption expenses.

The Plan also provides for in-service withdrawals by participants who have attained the age of 59 ½.

Forfeitures

If a participant leaves the Organization for any reason other than retirement, disability or death, they are entitled to all their contributions and related earnings, and the vested portion of Organization contributions and related earnings. The nonvested portion of Organization contributions and the related earnings will be forfeited. If a terminated participant is re-employed, the forfeited account will be restored upon re-employment if the break-in-service does not exceed five years. If the terminated participant received a distribution of their vested account, the Organization will restore the forfeited portion if the participant repays to the Plan the total amount of the distribution within five years of the date of re-employment.

Forfeitures may be used first to pay certain Plan expenses or allocated to participants in accordance with Plan documents. There were no forfeitures allocated to participants or used to pay expenses during the years ended June 30, 2023 and 2022. At June 30, 2023 and 2022, unallocated nonvested accounts totaled \$341,807 and \$277,307, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit responsive investment contracts and the interest accumulation account, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment in the Mutual of America Interest Accumulation Account is reported at contract value which approximates fair value and is comparable to a cash equivalent. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan Administrator determines the Plan's valuation policies, utilizing information provided by Mutual of America, Voya Retirement Insurance and Annuity Company ("Voya") and Lincoln Life and Annuity Company ("Lincoln"). See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The Organization pays certain administrative expenses incurred in the administration of the Plan. Expenses that are paid by the Organization are excluded from these financial statements. Certain other expenses, including loan set-up fees and other transactional costs, are charged to the participant accounts, and included in administrative expenses. Investment-related expenses are included in net appreciation/depreciation in fair value of investments.

Subsequent Events

The Plan monitored and evaluated subsequent events for footnote disclosures or adjustments required in its financial statements for the year ended June 30, 2023 through April 12, 2024, the date on which financial statements were available to be issued.

NOTE 3 – INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan has Fixed Account and Fixed Plus Account II Annuity Contracts with Voya. The contracts are obligations of Voya's general account which supports all of the company's insurance and annuity commitments. The interest rate guarantees under the contracts are subject to Voya's claims paying ability. The contracts guarantee principal and a minimum interest rate for the life of the contract as well as featuring two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate declared for a defined period - currently one calendar year. The guaranteed minimum floor rate may change after the defined period, but it will never be lower than the minimum guaranteed interest rate. Voya's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. Voya may impose limitations on the ability to move funds out of these investment options. The fair value of these contracts at June 30, 2023 and 2022 was \$118,332 and \$114,044, respectively.

The Plan also has a Guaranteed Accumulation Account ("GAA") with Voya. Amounts allocated to the GAA are held in a non-unitized separate account and are insulated from other liabilities of the organization. The GAA is a fixed interest option offering guaranteed interest rates for specified periods of time. The fair value of the contract at June 30, 2023 and 2022 was \$9,790 and \$9,421, respectively.

The contracts with Voya are not considered fully benefit responsive contracts.

NOTE 4 – GUARANTEED INVESTMENT CONTRACT

The Plan has a benefit-responsive guaranteed investment contract with Lincoln (the "Guaranteed Account") totaling \$48,496 and \$47,150 at June 30, 2023 and 2022, respectively. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Lincoln is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit Lincoln to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: 1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 4 – GUARANTEED INVESTMENT CONTRACTS – (CONTINUED)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include 1) an uncured violation of the Plan's investment guidelines, 2) a breach of material obligation under the contract, 3) a material misrepresentation, 4) a material amendment to the agreement without the consent of the issuer.

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at June 30, 2023.

Separate Account Funds, Mutual of America: Unit value calculated based on the observable Net Asset Value ("NAV") of the underlying investment, which consists solely of mutual funds.

Separate Account Funds, Voya: Valued at their accumulation unit value ("AUV"), which is determined daily based on the net asset value of shares of the underlying fund, the fund's dividends and the Contract's separate account charges.

Fixed Income Funds, Voya: Valued at the amount that would have been paid if the contract had been terminated as of the last day of the reporting period, after adjusting for potential surrender charges and market value adjustments.

Pooled Separate Accounts: Stated at NAV as reported by the investment manager of the fund based on the fair value of the underlying assets and liabilities at the measurement date. The net asset value is used as a practical expedient to estimate fair value.

NOTE 5 – FAIR VALUE MEASUREMENTS – (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2023 and 2022:

	Assets at Fair Value as of June 30, 2023		
	Level 1	Level 2	Total
Separate Account Funds, Mutual of America	\$ 13,381,880	\$ -	\$ 13,381,880

Total investments, at fair value	<u>\$ 12,023,267</u>	<u>\$ 232,199</u>	<u>\$ 12,488,229</u>

* Certain pooled separate account investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this note are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Investments in pooled separate accounts provide for daily liquidity and have no redemption features or other restrictions.

NOTE 6 – CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year), including investments held at June 30, 2023 and 2022, and net appreciation/depreciation in fair value of investments and interest for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America, Voya and Lincoln, the custodians.

NOTE 7 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Substantially all of the costs and expenses incurred in connection with the operations of the Plan are paid by the Organization. Mutual of America, Voya and Lincoln, the custodians, manage the Plan investments. Therefore, these transactions qualify as party in interest transactions and are denoted as such on the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2023.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Organization has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 9 – INCOME TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code. The terms of the plan have been prepared to conform with the sample language provided by the Internal Revenue Service in Revenue Procedure 2007 - 71. The Plan is required to operate in conformity with the Internal Revenue Code to maintain the tax-exempt status for plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investments. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
