INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
eCornell 401(k) Plan
Ithaca, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of eCornell 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits – in liquidation as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits – in liquidation for the years then ended June 30, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended June 30, 2023 and 2022 and for the years ended June 30, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Plan approved a plan of liquidation and communicated such liquidation to participants on July 1, 2022, and the Plan determined liquidation was imminent. As a result, the Plan changed its basis of accounting from the going concern basis to a liquidation basis. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Schedule H, Line 4i - Schedule of Assets Held at End of Year

June 30, 2023

1. Description of Plan

The following description of the eCornell 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established effective as of November 1, 2000, by Tower Innovative Learning Solutions, Inc. d/b/a eCornell ("the Company"). Effective April 9, 2010, the Plan operates under the Fidelity Investments Volume Submitter Defined Contribution Plan document sponsored by Fidelity Management and Research Company.

The Plan covered all employees of eCornell, who were immediately eligible to make deferrals and receive employer matching contributions through December 31, 2019. Effective January 1, 2020, Cornell University ("the University") dissolved eCornell, which became an operating unit of Cornell University. This resulted in all employees of eCornell becoming employees of Cornell University, causing active participation in, and contributions to, the Plan to cease.

These financial statements have been prepared on the liquidation basis of accounting. All Plan participants were notified of the termination and all participants withdrew their fully vested participant balances in accordance with Plan provisions.

Plan Administration

The Plan was administered by eCornell which acted as the Plan Sponsor through December 31, 2019. Effective, January 1, 2020, Cornell University became the sponsor of the Plan. Fidelity Management Trust Company served as the trustee and record keeper of the Plan. Cornell University's appointed Retirement Plans Oversight Committee ("RPOC") is responsible for investment oversight of the Plan, including monitoring investment offerings, valuation and performance.

Contributions

Participant deferrals and employer matching contributions ceased at January 1, 2020, the dissolution effective date, at which point participants became employees of the University and no longer earned annual wages from eCornell. The Plan Sponsor identified certain operational defects in the administration of the plan and such corrections resulted in net corrective contributions of \$865 to the Plan in 2022.

Participant Accounts

Each participant's account was credited with the participant's elective deferrals and the Company's matching contribution through December 31, 2019, as well as corrective employer matching and qualified non-elective contributions and plan earnings and losses. Each participant's account was charged with an allocation of administrative and investment advisory expenses to the extent not offset by revenue generated on fund investments. Allocations of expenses were made on a pro-rata basis taking into account each participant's balance as compared to all participant balances.

eCornell 401(k) Plan

Schedule H, Line 4i - Schedule of Assets Held at End of Year

June 30, 2023

1. Description of Plan (continued)

Vesting

Participants were immediately vested in their elective deferrals, employer matching contributions, and any non-elective employer contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants could borrow from their accounts, a minimum of \$1,000, to a maximum of \$50,000 or 50% of their vested account balance. Participants could have only one outstanding loan at a time. The loans were secured by the balance in the participant's account and bore interest at a rate of 4.25% to 6.50%, which was commensurate with the Prime Rate published in The Wall Street Journal as of the last business day of the month immediately preceding the month in which the loan was issued, plus 1%.

The Plan Sponsor had adopted the provisions of Section 2202 of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), enacted on March 27, 2020. The CARES Act permits an increase to the maximum loan amount for loans made to qualified individuals. For loans made between March 27, 2020 and September 22, 2020, the limit was increased to the lesser of \$100,000 (minus the balance of any loans outstanding), or the participant's vested balance under the Plan.

Investment Options

Participants could direct all contributions to various investment options offered by the Plan. Participants could change their investment options at their discretion. Contributions allocated to the accounts of participants who do not make an investment election are invested in the designated default fund.

2. Summary of Significant Accounting Policies

Payment of Benefits

On termination of service due to death, disability or retirement, a participant could elect to receive the value of his or her account either as a lump-sum amount or in installments. In service withdrawals were also permitted for certain financial hardships or when a participant attains age 59 ½, subject to the specific criteria set forth in the Plan Document. The CARES Act also provides for expanded distribution options and favorable tax treatment for up to \$100,000 of coronavirus-related distributions from the Plan.

Basis of Accounting

The financial statements of the Plan were prepared on the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

eCornell 401(k) Plan

Schedule H, Line 4i - Schedule of Assets Held at End of Year

June 30, 2023

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's trustee and record-keeper. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Risk and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Operating Expenses

Administrative expenses related to plan investments and recordkeeping were paid by the Plan. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and are included in administrative expenses. Investment related expenses were included in net appreciation (depreciation) of fair value of investments.

Certain administrative expenses related to accounting, auditing and legal services are paid by the Plan Sponsor and are excluded from these financial statements. These estimated administrative expenses amounted to \$77,088 for the plan year ended June 30, 2022.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and expensed when they were incurred. No allowance for credit losses has been recorded as June 30, 2022.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Topic 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at June 30, 2022.

- **Mutual Funds:** Valued at the daily closing price reported by the fund. The mutual funds held by the Plan were deemed to be actively traded.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Schedule H, Line 4i - Schedule of Assets Held at End of Year

June 30, 2023

5. Plan Termination

No compensation eligible for Plan contributions has been earned by any participant since eCornell was dissolved effective January 1, 2020. The University also has the right to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants would continue to remain 100% vested in their employer contributions. The Plan issued a notice of termination dated June 30, 2022. The Plan has terminated as of June 30, 2023.

6. Related Party Transactions

Plan investments were managed by Fidelity Management Trust Company (Fidelity). Fidelity was the trustee and record keeper for the Plan and, therefore, these transactions qualify as party in interest transactions. Fidelity provided certain administrative services to the Plan pursuant to a Fidelity Investments Retirement Plan Service Agreement (Service Agreement) between the Plan Sponsor and Fidelity.

7. Tax Status

The Plan is required to operate in conformity with the applicable sections of the Internal Revenue Code (IRC) to maintain the tax-exempt status for plan participants under Section 401. The Plan operates under the pre-approved Volume Submitter Defined Contribution Plan document sponsored by Fidelity Management Trust Company, which has been designed to qualify with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Date of Management's Review

The Plan has evaluated subsequent events through April 7, 2024, which is the date the financial statements – liquidation basis were available to be issued. There were no other material subsequent events that required recognition or additional disclosure within these financial statements.
