INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
The Chrysler Museum TDA & Retirement Plan Combined

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Chrysler Museum TDA & Retirement Plan Combined (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended June 30, 2023 and the Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE CHRYSLER MUSEUM TDA & RETIREMENT PLAN COMBINED

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of The Chrysler Museum TDA & Retirement Plan Combined (formerly The Chrysler Museum, Inc. Defined Contribution Retirement Plan) (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established on July 1, 1982 under Internal Revenue Code (IRC) 403(b)(7) for the benefit of all employees of The Chrysler Museum, Incorporated (the Museum), who meet the eligibility requirements. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the IRC and similar state tax laws. Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (TIAA-CREF) serves as Custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: As described in the Plan Document, the Plan provides for two types of contributions: (1) 403(b) elective deferral contributions made by employees; and (2) qualified non-elective contributions made by the Museum equal to a percentage of the employees' eligible compensation. The non-elective contribution percentage was 4% of the employee's salary for the year ended June 30, 2023. Participants direct the investment of the contributions into various investment options offered by the Plan.

Participant investment options: Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options any time throughout the year via phone or internet access, subject to the provisions of the particular investment fund.

Participant accounts: Each participant's account is credited with the participant's contributions, the Museum's qualified non-elective contributions, and allocations of Plan earnings. Allocations of Plan earnings are based upon the proportion that each participant's fund account bears to the total of all participants' accounts in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Effective July 2020, Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms range up to five years or over a reasonable longer period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with the local prevailing rates as determined quarterly by the Plan Administrator. The rate was 4.25% for loans outstanding at June 30, 2023, and loans mature through 2026. Principal and interest are paid ratably through monthly payroll deductions.

Loans to participants: Prior to July 2020, participants could borrow directly from funds held by TIAA-CREF, secured by the balance in the participant's account, up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. These amounts are not included in Plan assets. The outstanding balance of these loans at June 30, 2023 and 2022 was \$3,343 and \$7,404, respectively. Effective July 2020, no new collateralized loans are available to participants directly from TIAA-CREF.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan (Continued)

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Museum's non-discretionary contributions is based on years of continuous service. A participant is 100% vested after three years of credited service.

Payment of benefits: On termination of service due to death, disability or retirement, a participant or the beneficiary may elect to receive a lump-sum amount, or other payment option as stated in the Plan document, equal to the value of the participant's vested interest in his or her account.

Forfeitures: At June 30, 2023 and 2022, unallocated forfeitures totaled \$13,711 and \$65, respectively. Forfeitures may be applied to reduce Museum contributions. No forfeitures were used to offset employer contributions in 2023.

Subsequent events: Plan management has evaluated subsequent events through April 12, 2024, the date these financial statements were available to be issued. Plan management has determined that there were no subsequent events that require disclosure pursuant to the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC).

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value as discussed in Note 4. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold during the year as well as held at the end of the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

THE CHRYSLER MUSEUM TDA & RETIREMENT PLAN COMBINED

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Loan maintenance fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2023 and 2022.

Payment of benefits: Benefits are recorded when paid.

Note 3. Information Prepared and Certified by the Custodian

The following is a summary of the Plan's asset information as of June 30, 2023 and 2022, and for the year ended June 30, 2023, included throughout the Plan's financial statements and certain ERISA required supplemental schedules, obtained by management and agreed to or derived from information certified by TIAA-CREF, the Custodian, as of June 30, 2023 and 2022 and for the year ended June 30, 2023. The Plan Administrator has obtained certifications from the Custodian that the following information provided to the Plan Administrator by the Custodian is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets, investment income and interest income:

	2023	2022
Investments at fair value	\$ 5,924,106	\$ 5,298,827
Investments at contract value	445,962	522,690
Notes receivable from participants	6,536	8,250
Net appreciation in fair value of investments	599,127	**
Interest income on notes receivables from participants	308	**

** Information not required to be presented.

Note 4. Investment Contracts with Insurance Company

The TIAA Traditional Annuities are fixed annuity contracts that are fully guaranteed by TIAA, an insurance company. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged with participant withdrawals and administrative expenses. TIAA is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan, not to exceed 3%. The crediting rates are based on a formula established by TIAA and are reviewed annually for resetting. Certain of these contracts are fully benefit-responsive and other are not, as described below.

THE CHRYSLER MUSEUM TDA & RETIREMENT PLAN COMBINED

NOTES TO FINANCIAL STATEMENTS

Note 4. Investment Contracts with Insurance Company (Continued)

The Plan holds an investment contract with TIAA totaling \$445,962 and \$522,690 at June 30, 2023 and 2022, respectively that meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under terms of the Plan. The crediting rate on this contract as of June 30, 2023 and 2022 was 4.24% and 3.58%, respectively.

The Plan also invests in a guaranteed investment contract, which is not fully benefit-responsive, totaling \$798,086 and \$815,441 at June 30, 2023 and 2022, respectively. This contract, the retirement annuity contract does not allow lump sum withdrawals and distributions and transfers must be spread over a period of 10 annual installments. Because this contract is not fully benefit-responsive, it is carried at fair value (Note 5). The Plan Administrator has determined that fair value approximates contract value for this contract. The crediting rate on this contract as of June 30, 2023 and 2022 was 4.24% and 3.58%, respectively.

The Plan's ability to receive amounts due in accordance with investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
- Premature termination of the contract.
- Plan termination or merger.
- Changes to the Plan's prohibition on competing investment options.
- Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- An uncured violation of the Plan's guidelines.
- A breach of material obligation under the contract.
- A material misrepresentation.
- A material amendment to the agreements without the consent of the issuer.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or limit the ability of the Plan to transact at contract value with the participants.

NOTES TO FINANCIAL STATEMENTS

Note 5. Fair Value Measurements

FASB ASC 820, *Fair Value Measurement*, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2023 and 2022.

Mutual funds: The Plan's mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U. S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 of the fair value hierarchy.

Insurance company general account (non-benefit-responsive unallocated contract): These investments are guaranteed fixed income annuities backed by TIAA-CREF's claims paying ability whereby the annuity guarantees principal and a minimum interest rate, plus opportunity for additional amounts in excess of the guaranteed rate. The contracts are reported at fair value determined using an income approach by discounting the related cash flows based on current yields or similar investments with comparable durations considering the credit worthiness of the issuer. As such, these investments are classified within Level 3 of the valuation hierarchy. Fair value has been determined to approximate contract value.

THE CHRYSLER MUSEUM TDA & RETIREMENT PLAN COMBINED

NOTES TO FINANCIAL STATEMENTS

Note 5. Fair Value Measurements (Continued)

Pooled separate account: The Plan's pooled separate account consists of a real estate fund (REA) that generally invests in real estate properties and real estate-related investments. The fair value of the Plan's interest in the account is based on the net asset value of the underlying investments, which is used as a practical expedient for fair value. The account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The account sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Unit values are calculated each day and are posted on the TIAA-CREF website. However, because certain of the underlying holdings are valued using appraisals, these holdings may not be valued daily. Although the underlying assets of the account cannot be quickly sold and converted to liquid assets, the TIAA General Account provides the account with a liquidity guarantee, which ensures that the REA has funds available to meet participant redemption, transfer or cash withdrawal requests executed at quoted unit values. There are no unfunded commitments related to the account. Participants are permitted to trade once per calendar quarter.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2023:

Assets Measured at Fair Value as of June 30, 2023				
	Level 1	Level 2	Level 3	Total

THE CHRYSLER MUSEUM TDA & RETIREMENT PLAN COMBINED

NOTES TO FINANCIAL STATEMENTS

Note 6. Transactions with Parties-In-Interest

Certain Plan investments are shares of mutual funds or other investment instruments managed by TIAA-CREF. TIAA-CREF is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments as they are paid through revenue sharing, rather than a direct payment. The Plan also issues loans to participants, which are secured by vested balances. These transactions qualify as party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Museum has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in employer contributions.

Note 8. Tax Status

The Plan has adopted a volume submitter 403(b) plan sponsored by TIAA-CREF. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service (IRS) as to the volume submitter plan's qualified status. The volume submitter advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions, generally for a period of three years from the date of filing; however, there are currently no audits for any tax periods in progress.

Note 9. Untimely Remittance of Participant Contributions

The Plan Sponsor inadvertently failed to deposit \$36,514 and \$47,376 of participant deferrals within the required timeframe as stated by the DOL during the years ended June 30, 2023 and 2022, respectively. The DOL considers late deposits to be prohibited transactions. The Plan sponsor reimbursed the plan for lost interest in the amount of \$211 during 2023. The Plan sponsor will reimburse the plan for lost interest in the amount of \$191 during 2024. The lost earnings are made from the Plan Sponsor's assets and not from the assets of the Plan.
