INDEPENDENT AUDITOR'S REPORT

The Benefits Administrative Committee
The Conference Board, Inc. (U.S. Staff Members)
Supplemental Retirement Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Conference Board, Inc. (U.S. Staff Members) Supplemental Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SUPPLEMENTAL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
June 30, 2023 and 2022

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of The Conference Board, Inc. (U.S. Staff Members) Supplemental Retirement Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

General: The Plan is a defined contribution plan established by The Conference Board, Inc. (the Company or the Plan Sponsor) under the provisions of Section 401(a) of the Internal Revenue Code (the IRC), for the benefit of eligible employees of the Plan Sponsor. The effective date of the Plan was May 1, 1976, and it has subsequently been amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan includes only the contributions made by the Plan Sponsor other than certain rollover participant contributions that are allowed.

Effective May 1, 1983, the Plan was amended whereby The Conference Board, Inc. Supplemental Retirement Plan Trust (the Trust) was established. Under the amended plan document, all contributions made after April 30, 1983 are held in the trust and were invested in various mutual funds managed by DWS Trust Company until the change to TIAA (formerly known as TIAA-CREF) on October 1, 2015. Prudential Retirement Insurance and Annuity Company (Prudential) holds certain investment assets based on contributions made before April 30, 1983.

Effective January 1, 2013, the Plan was amended and restated and changed from a money purchase plan to a profit sharing plan with respect to contributions made on and after that date. The Plan provides for discretionary basic contributions as well as discretionary matching contributions based on the relative percentage of salary or dollar amounts of member contributions made to a separate plan, the Tax-Deferred Annuity Program for Employees of The Conference Board, Inc. (U.S. Staff Members) (403(B) Plan).

Effective October 1, 2015, the discretionary basic contribution (nonmatching) amount was increased to 5% of eligible compensation for participants hired after September 30, 2012, as well as certain pre-September 30, 2012 hires who returned to service after 5 years of break in service.

Effective October 1, 2015, the Company reinstated the discretionary employer matching contribution providing a 50% matchup to the first 6% of salary contributed by eligible employees to the 403(B) Plan as described in the Plan document. This matching contribution is available to all eligible participants with more than one year of service making contributions to the 403(B) Plan.

Effective April 1, 2020, in response to economic uncertainty relating to the Coronavirus pandemic (COVID-19), the Plan Sponsor suspended all discretionary payments. All discretionary contributions resumed in November 2020 and were applied retroactively to April 2020.

In accordance with the June 2015 Plan Amendment, for the Plan Years ending June 30, 2022, June 30, 2023 and June 30, 2024, an additional "transitional" Employer Discretionary Basic Contribution shall be made for the benefit of participants in the Plan who had participated and accrued benefits under the Retirement Income Plan through June 30, 2020. The contribution equals 4% of salary paid during the Plan Year for participants who are ages 45-49, 8% of salary paid for participants who are ages 50-54 and 12% of salary paid for participants who are ages 55 or more, with age determined as of the first day of the applicable Plan Year.

Plan Administration: The Plan is administered by the Benefits Administrative Committee, which consists of certain officers and employees of the Plan Sponsor. TIAA was the recordkeeper as of June 30, 2023 and 2022 and for the year ended June 30, 2023.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Eligibility: Effective January 1, 2013, Plan eligibility was re-opened, with one year of service required for eligibility for discretionary matching contributions and one month of service required for eligibility for discretionary basic contributions. Leased, temporary, and employees employed at non-U.S. offices were not eligible to participate in the Plan.

Effective July 1, 2013, the Plan was amended to allow U.S. citizens employees working at Company offices outside of the U.S., who are not leased employees, to be eligible to participate in the Plan if other eligibility requirements are met.

Effective July 1, 2023, the Plan was amended to define the one year service requirement as 12 consecutive months of service.

Vesting: The participants' interests in the Plan Sponsor's contributions become vested based on length of service and are payable upon retirement, death, disability or cessation of employment. For employer matching contributions made, participants become 20% vested each year after their first full year of service until the end of their fifth full year of service at which time they become fully vested. A participant's interest in the employer matching contributions shall be fully vested upon age 55 while in service or upon death or total disability while in service.

For discretionary basic contributions made on or after January 1, 2013, participants are vested after three years of service. In addition, a participant's interest in the employer discretionary basic contribution shall be 100% vested upon age 65 while in service.

A participant is always 100% vested in the participant's rollover contributions. In the event of termination of the Plan, participating employees will be 100% vested regardless of years of service.

Participant Accounts: A participant may direct their Plan Sponsor's contributions into a variety of investment options provided through TIAA. A participant may elect to transfer any portion of the value of his or her account balance among the Plan's investment funds, subject to certain restrictions. Changes requested by participants are implemented as soon as administratively possible.

Each participant's account is (i) credited with the applicable allocations of the Company's contributions and their allocated portion of earnings based on the investment fund(s) upon which the account is invested and (ii) charged with an allocation of administrative expenses (excluding those paid by the Plan Sponsor) and Plan losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited balances are generally to be used to reduce employer contributions or to pay Plan expenses. As of June 30, 2023 and 2022, the unapplied forfeited account was \$4,233 and \$13,282, respectively. During 2023, \$67,928 of forfeitures were utilized in order to reduce current year employer contributions.

Benefits: For pre-September 30, 2012 hires, after termination of service, a participant may elect to receive either a lump sum distribution equal to the value of the participant's vested account, or that amount will be used to provide an annuity or be paid in installments over a fixed reasonable period of time, not exceeding the life expectancy of the participant or designated beneficiary. For post-September 30, 2012 hires, benefits are solely payable in a lump sum. Terminated participants or the beneficiaries with vested benefits of \$1,000 or less, will automatically receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Administrative Expenses: Administrative expenses related to investment management are allocated amongst various funds and are included as an offset to interest income or net appreciation (depreciation) in fair value of investments. Other administrative expense of the Plan are generally paid by the Plan Sponsor, but may be charged to the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accompanying financial statements are prepared on the accrual basis of accounting and in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are recorded at fair value, except for those investments considered to be fully benefit responsive, which are recorded at contract value. Fair value is determined based on the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. Contract value is the relevant measure for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments presented in the Statement of Changes in Net Assets Available for Benefits includes realized gains and losses on investments bought and sold and the change in appreciation (depreciation) from one period to the next.

Payment of Benefits: Benefits are recorded when paid. For financial statement purposes, participant distributions are recorded when paid. At June 30, 2023 and 2022, all benefit payments processed and approved for payment had been paid by the Plan.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at June 30, 2023 and 2022, and net appreciation in fair value of investments and interest and dividends for the year ended June 30, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, TIAA and CREF as agent for TIAA, FSB, and Prudential Retirement Insurance and Annuity Company (Prudential).

NOTE 4 – INVESTMENTS

Shares in registered investment companies are valued at fair value as reported by TIAA. Each of the mutual funds is publicly traded and priced on a nightly basis by the fund company.

The Plan holds a Group Annuity, fully benefit-responsive investment contract, with Prudential. Prudential maintains the contributions in a Guaranteed Interest Account (the Group Annuity Contract). Prudential, as issuer of the contract, is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. The Group Annuity Contract is reported at contract value. The contract value of the Group Annuity Contract equals the accumulated cash contributions and interest credited to the Plan's contract, less any withdrawals. The Group Annuity Contract is not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investments are not observable.

The contract value of the Plan's Guaranteed Interest Account as of June 30, 2023 and 2022 amounted to \$174,386 and \$188,700, respectively. Contract value represents deposits made to the contract plus earnings at guaranteed crediting rates, less withdrawals and fees. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

The guaranteed annual minimum interest rate is 3.25% for the Guaranteed Interest Account. The one year total return and the yield credited to participants for 2023 are net of annual fees. The crediting interest rate is calculated on a daily basis. Under the group annuity contract that supports this product, there are no unfunded commitments and participants may ordinarily direct a permitted withdrawals or transfer of all or a portion of their account balance at contract value.

The Plan has an investment in the TIAA Stable Value fund (Group Annuity Contract) which is fully benefit-responsive investment contract with TIAA. TIAA maintains the contributions into a non-unitized separate account. TIAA, as issuer of the contract, is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. The contract provides a guaranteed minimum rate of interest between 1% and 3%. Although the liability to provide contract guarantees and accumulations is backed by the assets in the separate account, any amount to be credited above the minimum guaranteed rate is determined by TIAA.

The TIAA Stable Value fund (Group Annuity Contract) is reported at contract value which was \$893,494 and \$797,351 as of June 30, 2023 and June 30, 2022, respectively. Contract value is equal to the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals or transfers. The TIAA Stable Value fund (Group Annuity Contract) is not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investments are not observable. Under the group annuity contract that supports this product, there are no unfunded commitments and participants may ordinarily direct a permitted withdrawals or transfer of all or a portion of their account balance at contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

NOTE 5 – FAIR VALUE MEASUREMENTS

U.S. GAAP establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Fair value is the price the Plan would receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. In the absence of active markets for the identical assets and liabilities, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at the measurement date.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted or published prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted or published prices for similar assets or liabilities in active markets;
- Quoted or published prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted or published prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value as of June 30, 2023 and 2022:

Shares in Registered Investment Companies: Valued at the quoted or published prices of share held by the Plan at year end which are quote or published daily. Prices quoted or published are the Net Asset Value (NAV) of the shares held which are based on the fair value of the underlying securities.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2023:

June 30, 2023				
Fair Value Using Input Type				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Shares in registered investment companies	\$ 15,983,582	\$ -	\$ -	\$ 15,983,582

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

The Plan's investments included the TIAA Stable Value fund (Group Annuity Contract) at June 30, 2023 and 2022 which is managed by TIAA. Prudential also held certain Plan investments during the plan year. Transactions in such investments and expenses qualify as party-in-interest transactions.

NOTE 8 – RISK AND UNCERTAINTIES

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Some of the Plan's investments may indirectly invest in securities with contractual cash flows such as asset backed securities, collateralize mortgage obligations and commercial mortgage backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

The Group Annuity Contracts represent approximately 5% of the Plan's net assets as of June 30, 2023 and 6% as of June 30, 2022, and represent an obligation from either TIAA or Prudential to repay as amounts come due. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Plan administrator does not believe that any events would limit the Plan's ability to transact at contract value.

NOTE 9 – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated June 13, 2014 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”), and, therefore, is exempt from federal income taxes. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, Plan management believes that the plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or derecognize an asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or derecognition of an asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax audits prior to 2020.

NOTE 10 – SUBSEQUENT EVENTS

The Plan evaluated subsequent events from June 30, 2023 through April 12, 2024, the date on which the financial statements were available to be issued.
