Independent Auditors' Report

To the Board of Trustees
Interact Retirement Plan
Philadelphia, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Interact Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of June 30, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following brief description of Interact Retirement Plan (the Plan) is provided for general information purposes only. Plan participants should refer to the Plan agreement for more complete information.

Organization and Participation

The Plan is a defined contribution plan established for the purpose of providing all eligible employees of Intercommunity Action, Inc. (the Organization) with certain retirement benefits. The Plan is also referred to as a “safe harbor 401(k) plan”. A safe harbor 401(k) plan is a plan design where the Organization commits to making certain contributions, which are described below, that enable the Plan to ensure that nondiscrimination regulations are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees of the Organization are eligible to participate in the Plan after completion of sixty days of employment; however, employees actually enter the Plan once they reach the entry date. The entry date of the Plan is the first day of the next month following the date that the employee has satisfied the eligibility requirements of the Plan.

Participant Contributions

Each year participants may contribute a percentage of their annual compensation, as defined in the Plan, subject to limitations imposed by the Internal Revenue Code. Participants’ contributions and Plan earnings thereon are fully vested at all times and may be withdrawn subject to the provisions of the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan.

Employer Contributions

As of July 1, 2018, the Organization made a change to the safe harbor matching policy and discontinued the discretionary matching contribution. As of this date, the employer safe harbor match became 100% of the first 4% of compensation. This safe harbor contribution is fully vested, and allows the Plan to maintain “safe harbor” status. Total employer match contributions for the year ended June 30, 2023 was \$198,908.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Organization’s contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Each participant selects the investments for their own account.

1. DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions, the safe harbor employer contributions, and the employer discretionary match plus actual earnings thereon. A participant is fully vested upon death, disability, or attainment of the requirements for normal retirement.

Notes Receivable from Participants

Participants may borrow from the vested portion of their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the Plan trustees. Interest rates range from 4.25-10.25% per annum. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to termination of employment, retirement or death, a participant, their beneficiaries or their estates may receive benefit payments. Benefits for any of these events are payable in the form of an annuity, a lump-sum distribution or substantially equal installments over a fixed period, and the method is selected by the participant.

Administrative Expenses

Administrative expenses related to the operation of the Plan and deducted from Plan assets totaled \$42,506 for the year ended June 30, 2023.

Forfeitures

The non-vested portion of accounts of participants who terminate employment are applied to reduce the employer's contribution or pay Plan administrative expenses. As of June 30, 2023 and 2022, the amount of unallocated forfeitures was \$16,555 and \$81,585, respectively.

Plan Amendment and Termination

The Plan may be amended or terminated in whole or in part by the Organization subject to the provisions of ERISA. In the event of termination of the Plan, the accounts of all participants shall become fully vested, and the Plan assets shall be distributed in accordance with the terms of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain dividends are reported as dividends. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Costs incident to the purchase and sale of securities, such as brokerage commissions and stock transfer taxes, are paid by the respective funds. All other administrative expenses incurred in the administration of the Plan are charged against the respective funds, unless the Organization elects to pay such amounts.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under accounting standards are described below.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2023 and 2022.

Mutual Funds: The account value is based on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

3. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2023 and 2022.

Total Assets in the Fair Value Hierarchy	<u>\$ 5,105,794</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,105,794</u>

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan had a traditional investment contract with Empower Annuity Insurance Company/Great-West Life & Annuity Insurance Company (Empower/Great-West) with a contract value of \$682,429 at June 30, 2022. Empower/Great-West maintained the contributions in an investment account, which was credited with earnings on the underlying investments (principally bank certificates of deposit) and charged for participant withdrawals and administrative expenses. This contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value was the relevant measure for fully benefit-responsive investment contracts because this was the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract had certain restrictions that impacted the ability to collect the full contract value. Plan management believed that the occurrence of events that would cause the Plan to transact at less than contract value was not probable. Empower/Great-West may not terminate the contract at any amount less than contract value.

Empower/Great-West was contractually obligated to pay the principal and specified interest rate that was guaranteed to the Plan. The crediting interest rate was based on a formula agreed upon with the issuer, but could not be less than 0%. Such interest rates were reviewed on a quarterly basis for resetting. The crediting rate of the contract tracked current market yields on a trailing basis.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts was dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations was affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- a. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
- b. Premature termination of the contracts.
- c. Plan termination or merger.
- d. Changes to the Plan's prohibition on competing investment options.
- e. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events were probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- a. An uncured violation of the Plan's investment guidelines.
- b. A breach of material obligation under the contract.
- c. A material misrepresentation.
- d. A material amendment to the agreements without the consent of the issuer.

The investment contract with Empower/Great-West as an investment option was removed with the transition from Empower/Great-West to Newport Trust Company of America and Ascensus Trust Company and the participants transferred all their balances in the investment contract to mutual funds during 2023.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

6. TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated November 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan Trustees to evaluate tax positions taken by the plan and recognize a tax liability (asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan's federal Form 5500, Annual Report of Employee Benefit Plan, for the previous three years remains subject to examination by the Internal Revenue Service.

7. CERTIFICATION BY PLAN TRUSTEES (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Newport Trust Company of America and Ascensus Trust Company, the custodians and trustees of the Plan, have certified to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of June 30, 2023 and 2022; the schedule of assets (held at end of year) as of June 30, 2023; and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended June 30, 2023. Empower Annuity Insurance Company of America and Empower Trust Company LLC, Newport Trust Company, and Ascensus Trust Company, the custodians and trustees of the Plan, have certified to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of June 30, 2023 and 2022.

The fair value of investments at June 30, 2023 and 2022, as reported by the trustees is summarized as follows:

	<u>2023</u>	<u>2022</u>
Guaranteed Investment Contract	\$ -	\$ 682,429

9. RELATED PARTY TRANSACTIONS

Certain Plan investments were units of registered investment companies managed by Newport Trust Company (Newport) and Ascensus Trust Company (Ascensus). Ascensus and Newport are the custodians of the Plan and, therefore, these transactions qualify as party-in-interest which are exempt from the prohibited transactions rules. Fees paid by the Plan for the investment management services for the year ended June 30, 2023, amounted to \$42,506.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through April 13, 2024, the date which the financial statements were available to be issued.
