Independent Auditor's Report

The Board of Directors
Fountain House
403(b) Retirement Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed an audit of the financial statements of Fountain House 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the *ERISA Section 103(a)(3)(C) Audit* of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended June 30, 2023 and Form 5500 - Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of June 30, 2023, are presented for purposes of additional analysis and are not required parts of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Fountain House 403(b) Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Fountain House 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan.

General

The Plan is a defined contribution plan covering all eligible employees of Fountain House, Inc. (the Employer), as defined in the Plan document. The Plan was established effective as of July 1, 2017 and amended since then. For purposes of making salary deferral contributions, employees may enter the Plan immediately. To be eligible to receive Employer contributions, the participant must also be employed by the Employer for more than one year and be at least 21 years old. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Empower Life & Annuity Insurance Company of New York and Empower Trust Company, LLC (formerly referred to as Great-West Life & Annuity Insurance Company of New York and Great-West Trust Company, LLC (collectively, Empower)) are the custodians of the Plan assets for the years ended June 30, 2023 and 2022.

Contributions

Each year, participants may elect to defer a portion of their annual earnings to the Plan. Participants may elect to defer up to 100% of their compensation on a pre-tax basis not exceeding the elective deferral limit allowed by the Internal Revenue Code (the Code). Separate contribution elections may be made with respect to any bonuses, provided they do not exceed the deferral limit allowed by law. Participants who have attained or will attain 50 years of age before the end of the Plan year are eligible to make catch-up contributions up to the deferral limit allowed by Code. Participants are also allowed to make Roth elective deferrals. Participants may also roll over amounts from tax-qualified and other types of plans, as specified in the Plan document.

The Employer, in its sole discretion, may make both matching and non-elective contributions (collectively, Employer contributions) to the Plan. For 2023, non-elective contributions were made by the Employer based on an allocation based on a percentage of participants' compensation. The total non-elective contributions made by the Employer in 2023 amounted to \$924,303.

Investment Options

All of the Plan's investment options are fully participant directed. Participants may direct the investment of their account balances into any of the Plan's available investment options.

Participant Accounts

Each participant's account is credited with the participant's and Employer contributions, as well as allocations of Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Fountain House 403(b) Retirement Plan

Notes to Financial Statements

Notes Receivable from Participants

Subject to the terms as set forth in the Plan document, notes receivable may be made to a participant in an amount equal to the lesser of (i) \$50,000 reduced by the excess (if any) of the highest outstanding balance of notes receivable during the one-year period ending on the day before the notes receivable is made, over the outstanding balance of notes receivable from the Plan on the date the notes receivable is made, or (ii) $\frac{1}{2}$ the present value of the participant's non-forfeitable accrued benefit. The notes receivable must be repaid over a period not extending beyond five years from the date of the notes receivable, unless such notes receivable is used to acquire a principal residence. The maximum number of notes receivable outstanding at any one time is one. Fees from notes receivable may be charged against the account of the participant to whom the notes receivable is granted and the Plan administrator may adopt any administrative rules or procedures that it deems necessary or appropriate with respect to the granting and administering of notes receivable. Individuals must obtain the consent of their spouse, if any, in order to obtain notes receivable.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer contribution portion of their accounts is based on years of service and follow the schedule below:

Years of Service	Vesting (%)
Less than 1	-
1-2	20
2-3	40
3-4	60
4-5	80
5 or more	100

Payment of Benefits

On termination of service due to death, disability, retirement, or severance from employment, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account.

Forfeitures

If a participant leaves the Employer before becoming fully vested, any nonvested Employer contributions and investment earnings thereon are forfeited. These forfeitures are used to either reduce subsequent Employer contributions to the Plan or reduce reasonable expenses for administering the Plan. At June 30, 2023 and 2022, forfeited nonvested accounts amounted to \$6,389 and \$16,119, respectively. For the year ended June 30, 2023, \$17,282 in forfeitures were used to reduce Employer contributions.

Fountain House 403(b) Retirement Plan

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented under the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements. These estimates include fair values of investments. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements and Note 6 for a discussion on contract values.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the period.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to participants as part of their benefit payments. Loan administration and investment-related expenses are included in administrative expenses.

Benefit Payments

Benefit payments to participants are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of June 30, 2023 and 2022.

Revenue Credits

Revenue credits are presented in other income in the statement of changes in net assets available for benefits. At June 30, 2023, unallocated revenue credits amounted to \$17,451. During 2023, the

Fountain House 403(b) Retirement Plan

Notes to Financial Statements

Plan received credits of \$17,451, which was used to pay administrative expenses. Administrative expenses are presented net of revenue credits in the statement of changes in net assets available for benefits.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of June 30, 2023 and 2022.
- Net appreciation in fair value of investments, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended June 30, 2023.
- Investment information included in the Schedule of Assets (Held at End of Year) as of June 30, 2023, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Fair Value Measurements

The Plan follows the provisions of GAAP, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GAAP are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.

Fountain House 403(b) Retirement Plan

Notes to Financial Statements

- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodology used for assets measured at fair value.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value:

June 30, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,597,436	\$ -	\$ -	\$ 9,597,436
Total Investments, at fair value	\$ 9,597,436	\$ -	\$ -	\$ 9,597,436

June 30, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,763,658	\$ -	\$ -	\$ 7,763,658
Total Investments, at fair value	\$ 7,763,658	\$ -	\$ -	\$ 7,763,658

6. Fully Benefit-Responsive Guaranteed Investment Contract

The Plan entered into a fully benefit-responsive Guaranteed Investment Contract (GIC) with Empower. Empower is contractually obligated to repay the principal and at a specified interest rate that is guaranteed to the Plan. Empower maintains the contributions in a general account. The account earns interest on the GIC value, which is compounded daily to the effective annual interest rate. The interest rate to be credited to the Plan's assets in the GIC during the calendar year will be determined by Empower prior to the last day of the previous calendar year. Because the GIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. The GIC is presented on the face of the statements of net assets available for benefits at contract value. Contract value was \$425,797 and

Fountain House 403(b) Retirement Plan

Notes to Financial Statements

\$392,051 as of June 30, 2023 and 2022, respectively, and is reported to the Plan by Empower. The value of the Plan's assets in the GIC in respect of the participant account will be determined as the value of the sum of contributions and deposits by and behalf of participants, allocated to the GIC, plus interest credited to the Plan's assets in the GIC and the sum of any amounts distributed, plus any amounts transferred from the GIC, as well as charges and fees and applicable tax, if any. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents, including complete or partial Plan termination or merger with another plan, and (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The Employer may terminate the GIC as an eligible Plan investment option or if a contract termination date is declared, the Employer may elect payment of the GIC assets in a lump sum or quarterly payments.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue any of its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their accounts.

8. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service. However, in the opinion of the Plan administrator, the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, qualifies for tax-exempt status.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Fountain House 403(b) Retirement Plan

Notes to Financial Statements

9. Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by Empower. Any purchases and sales of these funds qualify as party-in-interest transactions. Notes receivable from participants would also qualify as exempt party-in-interest transactions. Additionally, certain employees and officers of the Employer, who are also participants of the Plan, perform administrative services for the Plan at no cost. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

10. Late Remittances

For the year ended June 30, 2022, employee salary deferral withholdings in the amount of \$18,532 were not remitted within the appropriate time period by the Employer. In the year ended June 30, 2021, employee withholdings in the amount of \$3,356 were not remitted within the appropriate time period by the Employer. The referenced late employee salary deferral withholdings were remitted to Empower within their plan year. These non-exempt party-in-interest transactions constitute a prohibited transaction, as defined by ERISA. The Employer has taken the appropriate steps to correct the delinquent employee deferrals by calculating and depositing the corresponding lost earnings through a VFCP filing that was submitted in September 2023, but has not received any further instructions at this time. The Employer has further implemented a procedure to ensure all future remittances are done within the prescribed time period.

11. Subsequent Events

The Plan has evaluated subsequent events through April 15, 2024, the date that the financial statements were available to be issued. There were no subsequent events identified requiring disclosure or adjustment to the financial statements.
