INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Plan Participants of
The 403(b) Thrift Plan
of Westbrook Health Services, Inc.
Parkersburg, West Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the 403(b) Thrift Plan of Westbrook Health Services, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedules Required by ERISA

The supplemental schedules as outlined on the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

For the Year Ended June 30, 2023 and 2022

1 – DESCRIPTION OF PLAN

The following description of the 403(b) Thrift Plan of Westbrook Health Services, Inc. (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan, which was established July 1, 2020, is a 403(b) thrift plan formed for the purpose of providing retirement benefits to substantially all nonunion employees of Westbrook Health Services, Inc. (the Organization). Employees become eligible to participate in the Plan upon reaching age 21 and completing one year of service, as defined, of at least 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for oversight of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

Amendments

The Plan was last amended December 8, 2020, to waive the minimum service requirement for any employee who has been a participant in the Plan or a prior plan.

Contributions

Each year, participants may elect to contribute up to 100% of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). As of July 1, 2020, the Plan added an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they are affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral set at 1% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant. Additionally, participants will have an automatic increase in deferral of 1% each of the two years following the year of automatic enrollment unless they affirmatively elect not to increase the deferral rate. Matching contributions equal to 50% of the first 4% of the compensation that a participant contributes to the Plan were made by the Organization for the year ended June 30, 2023. At the discretion of the Board of Directors, additional discretionary employer contributions for the year ended June 30, 2022. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

403(B) THRIFT PLAN OF WESTBROOK HEALTH SERVICES, INC.

Notes to Financial Statements

For the Year Ended June 30, 2023 and 2022

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Organization's contribution and (b) Plan earnings and is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participant-Directed Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions into any of several investment options with varying degrees of risk and volatility, allowing participants to allocate their investments in accordance with their own risk tolerances and time horizons. Participants may change their investment options at any time.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Employer matching contributions and any earnings are vested in accordance with the following schedule:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 1 year(s)	0%
1 year(s)	25%
2 years	50%
3 years	75%
4 years	100%

Payment of Benefits

Upon termination of service due to death, disability, retirement, attainment of age 59 ½ or other termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or monthly annuity installments over a future period. Distributions of a participant's account balance may be authorized at any time by the Plan Administrator under certain hardship conditions.

The Plan allows for hardship withdrawals for certain participant needs as defined in the Plan document. Hardships may be taken from participant elective contributions, rollover contributions and related earnings.

403(B) THRIFT PLAN OF WESTBROOK HEALTH SERVICES, INC.

Notes to Financial Statements

For the Year Ended June 30, 2023 and 2022

Forfeited Accounts

Forfeited non-vested accounts are used to reduce future employer contributions. At June 30, 2023 and 2022, forfeited, non-vested accounts totaled \$0. During the year ended June 30, 2023 and 2022, employer contributions were reduced by \$4,592 and \$4,031, respectively.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIESBasis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investments held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract values the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded upon distribution.

403(B) THRIFT PLAN OF WESTBROOK HEALTH SERVICES, INC.

Notes to Financial Statements

For the Year Ended June 30, 2023 and 2022

Administrative Expenses

Expenses of maintaining the Plan, including participants recordkeeping, are paid by the Organization and are excluded from these financial statements. Certain fees related to distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value investments.

Subsequent Events

Plan management has evaluated subsequent events through April 15, 2024 the date the financial statements were available to be issued.

3 – INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments held at June 30, 2023 and net appreciation in fair value of investments and interest for the years ended June 30, 2023, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Mutual of America Life Insurance Company (Mutual of America), the custodian of the Plan.

4 – FAIR VALUE MEASUREMENTS

Accounting standards include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; or
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

403(B) THRIFT PLAN OF WESTBROOK HEALTH SERVICES, INC.

Notes to Financial Statements

For the Year Ended June 30, 2023 and 2022

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at June 30, 2023.

The following is a description of the valuation methodology used for assets measured at fair value:

Pooled separate accounts: Valued at net asset value (NAV) per unit based on quoted market prices of the underlying investments. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the account.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value at June 30, 2023 and 2022, are comprised of pooled separate accounts measured using NAV as a practical expedient, which totaled \$23,420 and \$15,492, respectively. In accordance with Subtopic 820-10, investments that are measured at NAV per share (or its equivalent) are not classified in the fair value hierarchy.

For the year ended June 30, 2023, the Plan did not hold and Level 2 or Level 3 assets.

- a) The pooled separate accounts in this category seek capital appreciation and long-term growth by primarily investing in common stocks of U.S. companies. The pooled separate accounts in this category seek current income and preservation of capital by primarily investing in bonds, debt securities and other similar instruments issued by various U.S. and non-U.S. public- or private- sector entities.
- b) The pooled separate accounts in this category seek to provide a high level of income and moderate long-term capital appreciation by tracking the performance of a benchmark index that measures the performance of publicly traded equity REITs.
- c) The pooled separate accounts in this category seek capital appreciation and current income by investing in a diversified portfolio of common stocks, debt securities and money market instruments.
- d) The pooled separate accounts in this category seek capital appreciation and current income by investing assets in fixed income and equity funds of the investment company.
- e) The pooled separate accounts in this category seek current income and capital appreciation appropriate for the asset allocation associated with the target retirement date.

5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fully benefit-responsive investment contract with Mutual of America. Mutual of America maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is declared from time to time by the issuer. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The guaranteed investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under

403(B) THRIFT PLAN OF WESTBROOK HEALTH SERVICES, INC.

Notes to Financial Statements

For the Year Ended June 30, 2023 and 2022

terms of the Plan. Contract value, as reported to the Plan by Mutual of America, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Example of such events include (1) an uncured breach of the Plan's investment guidelines, (2) a material amendment to the contract without the issuer's consent, (3) a violation of a material obligation under the contract, or (4) a material misrepresentation. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

6 – TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by Mutual of America. Mutual of America is the custodian and recordkeeper as defined by the Plan and, therefore, such transactions qualify as party-in-interest transactions.

7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, distribution of participant accounts will be made as permitted under federal law.

8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

403(B) THRIFT PLAN OF WESTBROOK HEALTH SERVICES, INC.

Notes to Financial Statements

For the Year Ended June 30, 2023 and 2022

As of June 30, 2023, the plan held \$704,855 of investments in the form of pooled separate accounts and an investment contract within Mutual of America, which was 100% of total investments. Therefore, net assets available for benefits are particularly sensitive to changes related to these investments.

9 – TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code). The terms of the Plan have been prepared to conform to the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan Administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status of the Plan participants under Section 403(b). Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

10 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

A portion of the Plan's investments are recorded as pooled separate accounts on the financial statements but are recorded on the line for value of interest in registered investment companies on the Form 5500. Since Mutual of America does not report their separate accounts directly as a Direct Filing Entity, the Plan cannot categorize the assets as pooled separate accounts for Form 5500 reporting. Because the separate accounts are fully invested in mutual funds, the investments are shown on that associated line of the Form 5500.
