Independent Auditor's Report

To the Plan Administrator of
Uncommon Schools, Inc. 403(b) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Uncommon Schools, Inc. 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Uncommon Schools, Inc. 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the qualified institutions as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Uncommon Schools, Inc. 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Uncommon Schools, Inc. 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Uncommon Schools, Inc. 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Uncommon Schools, Inc. 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Form 5500, Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions for the year ended June 30, 2023 and Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of June 30, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

UNCOMMON SCHOOLS, INC 403(B) PLAN

Notes to Financial Statements
June 30, 2023 and 2022

1. DESCRIPTION OF PLAN

The following description of the Uncommon Schools, Inc. 403(b) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a 403(b) defined contribution plan covering substantially all eligible employees of Uncommon Schools, Inc. (the Plan Sponsor) and New York State affiliated school employers (collectively, the School). The Plan was established July 1, 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Investment Committee and Plan Administrator determine the appropriateness of the Plan's investment offerings, monitor investment performance, and report to the School's Board of Directors.

b. Eligibility

Employees are eligible to participate in the Plan immediately upon their hire date and become eligible for the Plan Sponsor's discretionary matching contributions at the age of twenty-one. The Plan excludes those employees who normally work less than 20 hours per week.

As a result of a plan restatement effective October 3, 2022, the Plan requires employees to attain the age of twenty-one prior to becoming eligible to make contributions. Also, effective October 3, 2022, the Plan excludes residents of Puerto Rico and hourly employees.

c. Contributions

Each year, eligible participants upon being hired may contribute a percentage up to 100% of pre-tax annual compensation, subject to annual Internal Revenue Service (IRS) limitations as defined by the Plan. Participants may also elect to contribute a percentage of their eligible compensation into the Plan on an after-tax basis (Roth contributions). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover contributions).

Participants are eligible to receive the Plan Sponsor's discretionary matching contributions in the amount of the lesser of 3% of total compensation or \$3,500. For the Rochester and Troy schools, the Plan Sponsor match is based on months of service. For participants hired for 23 months or less, the match will be the lesser of 3% of total compensation or \$3,500. For participants hired for twenty-four to forty-seven months, the match will be the lesser of 4% of total compensation or \$4,000. For participants hired more than forty-eight months, the match will be the lesser of 5% or \$5,000. Troy schools were no longer participating in the Plan effective July 1, 2022.

Effective October 3, 2022, the discretionary match was changed to provide a dollar-for-dollar match up to \$3,500 for all eligible participants, except for Rochester employees. For the Rochester schools, the Plan Sponsor match is based on months of service. For participants hired for 23 months or less, the match will be dollar-for-dollar up to a maximum of \$3,500. For participants hired for twenty-four to forty-seven months, the match will be dollar-for-dollar up to a maximum of \$4,000. For participants hired more than forty-eight months, the match will be dollar-for-dollar up to a maximum of up to \$5,000.

During Plan year 2023, the Plan Sponsor made discretionary matching contributions of \$2,494,209. Additional profit-sharing amounts may be contributed at the option of the Plan Sponsor's Board of Directors. There were no profit-sharing contributions made in 2023.

UNCOMMON SCHOOLS, INC 403(B) PLAN

Notes to Financial Statements
June 30, 2023 and 2022

1. DESCRIPTION OF PLAN (Continued)

c. Contributions (Continued)

Subsequent to year-end, effective January 1, 2024, the Plan was amended for an automatic enrollment provision at 3% of eligible compensation with auto-escalation of 1% each year up to a maximum of 10%. This amendment is only applicable to Rochester employees.

d. Participant Accounts

Each participant's account is credited with the participant's contributions and Plan Sponsor's discretionary matching contributions, plus an allocation of the Plan Sponsor's discretionary contribution and Plan earnings and is charged with administrative expenses, as required. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

e. Notes Receivable from Participants

Participants may, at their option, borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of their vested account balance. The loans are secured by the balance in the participant's account. Participants may have one loan outstanding at any time. Loan terms range from one to five years, unless for the purchase of a primary residence, which is no longer than thirty years. The interest rate is set at the prime rate plus 2% at the time of the loan. Principal and interest are paid ratably through payroll deductions.

f. Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions and actual earnings thereon. Participants become fully vested upon death or disability. A participant is fully vested in the Plan Sponsor's contributions and earnings thereon after one and one-half years of credited service. A year of service is defined as attaining at least 1,000 hours of service during the Plan year. Effective October 3, 2022, the Plan was amended to change vesting of Plan Sponsor contributions from one and one-half years of service to one year of service.

g. Payment of Benefits

The Plan provides for a normal retirement benefit to be paid to participants who have reached the age of 65. Upon termination of service, a participant receives a lump-sum amount equal to the value of his or her account or as annual or more frequent installments over a period that does not extend beyond the life expectancy of the participant. There are also retirement benefits available upon late retirement, disability and death. Beneficiaries are entitled to receive benefit payments on behalf of the participant upon the death of the participant. The Plan requires balances up to \$5,000 be paid out to participants upon termination.

The Plan allows in-service withdrawals upon attainment of age 59 ½. A participant may also request a withdrawal upon demonstration to the Plan Administrator that they are suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 403(b) of the Internal Revenue Code (the Code) or standards established by the Secretary of the Treasury or their delegate.

1. DESCRIPTION OF PLAN (Continued)

h. Forfeitures

Forfeitures represent non-vested Plan Sponsor contributions forfeited by participants who terminate their employment or who withdraw from the Plan. Forfeited non-vested amounts may be used to reduce future Plan Sponsor contributions. The Plan had \$141,736 and \$26,215 of unallocated forfeitures as of June 30, 2023 and 2022, respectively. There were no forfeitures used to reduce Plan Sponsor contributions during the Plan year ended June 30, 2023.

i. Revenue Credit Account

Pursuant to service agreements between the Plan Sponsor, Matrix Trust Company and Empower Life & Annuity Insurance Company of New York and Empower Trust Company, LLC, (Empower Retirement), the qualified institutions, service fees in excess of an amount defined in the agreement are credited to the Plan's revenue credit account. The revenue credit account is used to pay administrative expenses of the Plan. During the year ended June 30, 2023, credits to the revenue credit account totaled \$29,497. During the year ended June 30, 2022, the Plan Sponsor paid administrative expenses totaling \$29,510 from the revenue credit account which are netted against administrative expenses on the statement of changes in net assets available for benefits. As of June 30, 2022, the balance in the revenue credit account was \$13, which was held in a money market fund. There was no balance at June 30, 2023.

j. SECURE Act 2.0

On December 29, 2022, the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0 was executed. SECURE Act 2.0 contains over ninety new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect and amend the plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2023 financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting principles (U.S. GAAP) established by the Financial Accounting Standards Board (FASB). References to U.S. GAAP in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive group annuity investment contracts which are reported at contract value (see Notes 9 and 10). Mutual funds are stated at quoted market prices on public exchanges, which represent the net asset value (NAV) of shares held by the Plan at year-end. Non-benefit-responsive investment contracts are reported at fair value.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Units held by the Plan in the pooled separate account and variable annuities are based on each fund's daily NAV as a practical expedient, which is considered by the Plan's management to be the best approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and qualified institutions (see Note 4).

Investment contracts held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowances for credit losses have been recorded as of June 30, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. For the year ended June 30, 2023, there were \$109,954 of defaulted loans included in benefits paid to participants in the accompanying statement of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to Plan recordkeeping, investment advisory services, the administration of notes receivable from participants, and processing of distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of investments.

Subsequent Events

Subsequent events have been evaluated through April 15, 2024, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition or disclosure in the financial statements, except as noted in Note 1c.

3. INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S QUALIFIED INSTITUTIONS

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF)(collectively, TIAA and CREF), a qualified institution, has certified to the completeness and accuracy of investments reported in the accompanying statements of net assets available for benefits as of June 30, 2023 and 2022, and the supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of June 30, 2023, and the related investment transactions and investment income reported in the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2023.

Matrix Trust Company, another qualified institution, has certified to the completeness and accuracy of investments reported in the accompanying statements of net assets available for benefits as of June 30, 2022, and related investment transactions and investment income reported in the accompanying statement of changes in net assets available for benefits for the period from July 1, 2022 to May 11, 2023 (date of final transfer of plan assets to Empower Retirement).

Empower Retirement, a third qualified institution, has certified to the completeness and accuracy of investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of June 30, 2023, and related investment transactions, investment income, and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the period from October 3, 2022 to June 30, 2023.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to certified investment information, except for comparing such certified investment information included in the accompanying financial statements and supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of June 30, 2023.

4. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. *Fair Value Measurement* establishes a hierarchy of the valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The fair value hierarchy is as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

UNCOMMON SCHOOLS, INC 403(B) PLAN

Notes to Financial Statements
June 30, 2023 and 2022

4. FAIR VALUE MEASUREMENT (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are measured using Level 1 inputs.

Variable annuities: The fair value of accumulation units held by the Plan in variable annuity accounts are based on each account's daily NAV as a practical expedient, which is considered by the Plan Sponsor to be the best approximation of fair value. The NAV is used as a practical expedient to estimate the fair value, unless it is probable that all or a portion of the variable annuities will be sold for an amount different from NAV. As of June 30, 2023 and 2022, the Plan had no plans to sell the variable annuities at amounts different from NAV. Variable annuities are not actively traded. Data for NAVs is available daily to Plan Administrators and client investors via the TIAA and CREF website, and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. Redemption frequency and notice period are available on a daily basis. There are no unfunded commitments from participants in the Plan who invest in these accounts.

TIAA traditional annuity contract - non-benefit-responsive: Investments in TIAA traditional annuity contract that are non-benefit-responsive investment contracts are reported at fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs (Level 3). The fair value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals.

Pooled separate account: The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV per share as a practical expedient, which is considered by Plan management to be the best approximation of fair value. The NAV is used as a practical expedient to estimate the fair value, unless it is probable that all or a portion of the pooled separate accounts will be sold for an amount different from NAV. As of June 30, 2023 and 2022, the Plan had no plans to sell the pooled separate accounts different from NAV. The unit value of the fund is calculated daily and is available to Plan Administrators and client investors on TIAA and CREF's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund has funds available to meet participant redemption, transfer or cash withdrawal requests. The redemption notice period is available on a daily basis whereas redemption frequency is on a quarterly basis. There are no unfunded commitments from participants in the Plan who invest in this account.

Interest-bearing cash: Valued at the U.S. currency of \$1.00 per share. Interest-bearing cash is measured using Level 1 inputs.

There have been no changes in the methodologies used at June 30, 2023 and 2022.

4. FAIR VALUE MEASUREMENT (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present by level, within the fair value hierarchy, the Plan's investments at fair value as of June 30:

4. FAIR VALUE MEASUREMENT (Continued)

- (c) This fund invests in various types of domestic stocks in the large, midsize or smaller capitalization groups to seek long-term capital growth.
- (d) This fund invests in foreign equities and in fixed income securities to achieve a long-term rate of return.
- (e) These funds invest in various types of debt securities to achieve a long-term rate of return while preserving capital.
- (f) This fund invests in real estate properties, other real estate-related investments, and securities. Underlying real estate holdings are valued principally using external appraisals. Underlying securities are generally priced using values obtained from independent pricing sources. Redemptions are permitted daily, except participant transfers out of the fund are limited to one per calendar quarter.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested and all accrued benefits shall be paid to participants in accordance with the provisions of the Plan.

6. TAX STATUS

The Plan Sponsor has obtained an opinion letter dated March 31, 2017, in which the IRS stated that the restated prototype plan document was in compliance with applicable requirements of the Code. The Plan Administrator timely adopted the restated prototype plan. The Plan Administrator believes that the Plan is currently being operated in accordance with the Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions' however, there are currently no audits for any tax periods in progress.

7. PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants and transactions with investment funds managed and held by qualified institutions are considered party-in-interest transactions. The Plan paid record keeping, advisory services and administration fees of \$80,588 during 2023.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that these changes could materially affect the amounts reported in the statements of net assets available for benefits.

UNCOMMON SCHOOLS, INC 403(B) PLAN

Notes to Financial Statements
June 30, 2023 and 2022

9. GROUP ANNUITY INVESTMENT CONTRACT HELD WITH CMFG

The Plan had a group annuity investment contract with CMFG Life Insurance Company (CMFG). The group annuity investment contract provided guaranteed protection of principal with a set rate of return. The guarantees in this contract were backed by CMFG and supported by its general account.

Participants in the contract did not participate in the performance of the general account, but the investment performance of that portfolio supported the contract's minimum guaranteed interest rate, guaranteed contract value, and payout obligations. The interest rates were reviewed periodically but were guaranteed to equal or exceed the minimum guaranteed interest rate (not to be less than 1% annually) and not to change more frequently than is permitted under the contract. All interest rate changes were declared in advance.

After the initial guaranteed interest period, interest rates may have been adjusted semi-annually and were credited daily. The stated interest rate represents an annual interest rate and may not have been adjusted to reflect plan administration, transaction or contract fees. There are no penalties assessed by CMFG for benefit payments or other withdrawals taken by participants. This contract was subject to a market value adjustment if the Plan terminates the contract and elects a lump sum distribution, which may result in a payout of less than 100% of the principal and interest credited but never less than a 1% annual rate of return. Guarantees were based on the claims-paying ability of the insurer. As a result in the change in recordkeepers, the assets held in this contract were transferred to the group annuity investment contract with Empower Retirement during 2023. See Note 10.

10. GROUP ANNUITY INVESTMENT CONTRACT HELD WITH EMPOWER ANNUITY

The Plan has a contract with Empower Life & Annuity Insurance Company of New York (the insurance company) (Empower Annuity). Contributions are held in the Empower Annuity general account and are maintained in a group annuity account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is considered fully-benefit-responsive and reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, there are certain events that limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contract by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy and (6) early retirement incentives. The insurance company may not terminate the contract at any amount less than contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting.

12. DELINQUENT PARTICIPANT CONTRIBUTIONS

During plan years 2020 through 2022, the Plan Sponsor failed to segregate and remit in a timely manner certain participant contributions (salary reduction amounts) and loan repayments from its assets within the required time period as specified by the United States DOL Reg. 2520.3012. Failure to segregate and remit contributions within the specified time period is a prohibited transaction. The School computed the lost earnings on the 2022, 2021 and 2020 deferrals and loan repayments and remitted the lost earnings to the Plan. The 2020 amounts were corrected through the Voluntary Fiduciary Correction Program (VFCP) during January 2023. The 2021 amounts were corrected through the VFCP during September 2023, and the 2022 amounts were self-corrected during January 2024.
