Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of 403(b) Thrift Plan of AchieveKids, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of 403(b) Thrift Plan of AchieveKids financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2023 and 2022, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 403(b) Thrift Plan of AchieveKids and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan of AchieveKids's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 403(b) Thrift Plan of AchieveKids internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan of AchieveKids ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended June 30, 2023, and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of June 30, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

403(b) Thrift Plan of AchieveKids

Notes to Financial Statements

Note 1 – Description of Plan

The following description of 403(b) Thrift Plan of AchieveKids (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a defined contribution plan that was established on July 1, 2004, by AchieveKids (the Organization) to provide benefits to eligible employees, as defined in the plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration – The Organization has appointed the 403(b) Plan Committee (the Committee) to manage the operation and administration of the Plan. The Organization contracted with Mutual of America Life Insurance Company (Mutual of America) to act as the ongoing active custodian for Plan assets. Another identified qualified custodian holding Plan assets as of June 30, 2023 and 2022, is TIAA and CREF. Although the Plan cannot require participants to transfer assets held by TIAA and CREF to Mutual of America, it is the objective of the Plan to encourage all participants to do so. Substantially all expenses incurred for administering the Plan are paid by the Organization.

Eligibility – Employees of the Organization are eligible to participate in the Plan upon reaching age 21. Participants must complete at least one year of service during the Plan year to be eligible to receive any employer-paid contributions.

Contributions

Participant contributions – Participants may elect to have the Organization contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the plan document and current income tax regulations. Participants who have the Organization contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions – The Organization is allowed to make contributions to the Plan in the form of matching contributions, as defined in the Plan. For the year ended June 30, 2023, the Organization matched 100% of each eligible participant's contribution up to a maximum of 4% of the participant's eligible compensation. A participant must complete one year of service to be eligible for the matching contribution.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of the Organization's contribution, if any. Allocation of the Organization's contribution is based on participant contributions or eligible employee compensation, as defined in the Plan.

403(b) Thrift Plan of AchieveKids

Notes to Financial Statements

Vesting – Participants are immediately vested in their contributions. Participants are fully vested in the Organization’s contributions after four years of credited service.

Notes receivable from participants – The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance. Proceeds are paid from Mutual of America’s general assets (group annuity loan). Participants receiving a group annuity loan are required to maintain the amount borrowed plus a loan reserve (20% of the loan amount) as security against the Interest Accumulation Account (IAA) for the period of time the loan is outstanding. This amount is included in the IAA on the statements of net assets available for benefits, of which approximately \$63,000 and \$79,000 equals the outstanding amount of the group annuity loans paid from Mutual of America’s general assets as of June 30, 2023 and 2022, respectively.

Payment of benefits – Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan or receive their total benefits in a lump-sum amount or annuity payments equal to the value of the participant’s vested interest in their account. The Plan allows for the automatic distribution of participant vested account balances that do not exceed \$5,000.

Forfeited accounts – Forfeited nonvested accounts may be used to restore previous forfeitures of re-employed participants, pay plan administrative expenses, and reduce future employer contributions.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – The investments are reported at fair value and contract value. TIAA and CREF and Mutual of America certify the contract value and fair value of the investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the “exit price”) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

403(b) Thrift Plan of AchieveKids

Notes to Financial Statements

Contract value is the relevant measurement for assets invested in the interest accumulation account and guaranteed investment contract, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the plan document. No allowance for credit losses had been recorded as of June 30, 2023 or 2022.

Payment of benefits – Benefits are recorded when paid.

Subsequent events – The Plan has evaluated subsequent events through April 15, 2024, which is the date the financial statements were available to be issued.

Reclassification – Certain amounts from the prior-year statement of net assets available for benefits have been reclassified in order to conform to the current-year presentation.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 –Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 –Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

403(b) Thrift Plan of AchieveKids

Notes to Financial Statements

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at June 30, 2023 and 2022.

Nonfully benefit-responsive guaranteed investment contract: Valued at fair value determined by the sum of the accumulated cash contributions and interest credited to the Plan's contract, less any withdrawals. Fair value is determined and reported to the Plan by TIAA and CREF. Investments in the contract are intended to be held until maturity. Early liquidation could result in termination charge.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Variable annuity contracts: Valued based on the fair value of the underlying assets owned by the contracts, which consist of open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV), to transact at that price, and are deemed to be actively traded. Funds have a daily redemption feature.

Pooled separate accounts: Units held in pooled separate accounts (PSA) are valued using the NAV practical expedient of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

PSA held by TIAA and CREF is valued based on the fair value of the underlying assets owned by the contract, which consist of open-end funds that are registered with the U.S. Securities and Exchange Commission. This fund is required to publish its daily NAV, to transact at that price, and is deemed to be actively traded.

PSAs have a daily redemption feature.

The techniques described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

The following table discloses the fair value hierarchy of the Plan's assets by level as of June 30, 2023 and 2022:

	Fair Value Measurement at June 30, 2023			
	Level 1	Level 2	Level 3	Total
Variable annuity contracts	\$ 610,173	\$ -	\$ -	\$ 610,173
Nonfully benefit-responsive guaranteed investment contracts	-	-	26,236	26,236
Pooled separate account	3,361	-	-	3,361
Total assets at fair value hierarchy	<u>\$ 613,534</u>	<u>\$ -</u>	<u>\$ 26,236</u>	639,770
Investments measured at NAV practical expedient				<u>5,926,445</u>
Investments at fair value				<u>\$ 6,566,215</u>

	Fair Value Measurement at June 30, 2022			
	Level 1	Level 2	Level 3	Total
Variable annuity contracts	\$ 524,099	\$ -	\$ -	\$ 524,099
Nonfully benefit-responsive guaranteed investment contracts	-	-	25,111	25,111
Pooled separate account	4,777	-	-	4,777
Total assets at fair value hierarchy	<u>\$ 4,777</u>	<u>\$ -</u>	<u>\$ 25,111</u>	553,987
Investments measured at NAV practical expedient				<u>5,322,823</u>
Investments at fair value				<u>\$ 5,876,810</u>

Purchases of the Plan's Level 3 investment for the year ended June 30, 2022, totaled \$1,125.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The plan administrator evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following table presents the Plan's Level 3 investment, the valuation techniques used to measure the fair value as of June 30, 2023 and 2022, and the significant unobservable inputs and ranges of values for those inputs:

Name	Valuation Technique	Unobservable Inputs	Range of Input Values (Weighted Average)	
			2023	2022
TIAA nonfully benefit-responsive guaranteed investment contract	Discounted cash flow	Risk-adjusted discount rate	3.7% to 6.25%	3% to 3.80%

403(b) Thrift Plan of AchieveKids

Notes to Financial Statements

The following set forth additional disclosures for the fair value measurement of investments that are valued using the NAV practical expedient, do not file as direct filing entities with the Department of Labor, and represent 5% or more of the Plan's net assets as of June 30, 2023 and 2022.

Mutual of America Equity Index Fund: Seeks to provide investment results that correspond to the investment performance of the Standard & Poor's 500 Composite Stock Price Index (the S&P 500® Index). The fund invests primarily in common stocks that are included in the S&P 500® Index to replicate, to the extent practicable, the weightings of such stocks in the index. The fund will concentrate its investments in an industry or group of industries to the extent that the index being tracked is also so concentrated.

PIMCO VIT Real Return Portfolio: Seeks maximum real return, consistent with preservation of real capital and prudent investment management. The fund invests primarily in investment grade securities but may invest up to 10% of its total assets in high yield securities ("junk bonds") rated B or higher, it may invest up to 30% of its total assets in securities denominated in foreign currencies or may invest up to 10% of its total assets in securities and instruments that are economically tied to emerging market countries.

The NAV practical expedient of the above PSAs is determined daily, and units are issued and can be redeemed daily at the latest NAV. There are no unfunded commitments or redemption restrictions associated with these accounts.

Note 4 – Interest Accumulation Account

In 2014, the Organization entered into an agreement to establish an IAA with Mutual of America which maintains the contributions in a general account. Mutual of America is contractually obligated to repay the principal and 1% interest rate to the Plan, on dates determined by the Organization, but no less frequently than once each calendar month.

The IAA is reported at contract value as this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mutual of America, represents contributions made to the general account, plus interest, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account at contract value.

The Plan's ability to receive amounts due is dependent on Mutual of America's ability to meet its financial obligations, which may be affected by future economic and regulatory developments. There are no restrictions in the account, however, Mutual of America has the right to defer payment of a total withdrawal from the IAA for up to six months following such request.

403(b) Thrift Plan of AchieveKids

Notes to Financial Statements

Note 5 – Tax Status

The Plan has been designed to qualify under Section 403(b) of the Code. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for participants under Section 403(b).

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 – Information Certified by the Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mutual of America and TIAA and CREF, the custodians of the Plan, have certified to the completeness and accuracy of:

- Investments on the accompanying statements of net assets available for benefits as of June 30, 2023 and 2022.
- Net realized and unrealized appreciation in fair value of investments, dividends, and interest reflected on the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2023.
- Investments reflected on the schedule of assets (held at end of year).

Note 8 – Party-In-Interest Transactions

All Plan investments are managed by the custodians of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

403(b) Thrift Plan of AchieveKids

Notes to Financial Statements

Note 9 – Plan Termination

Although it has not expressed any intent to do so, the Organization has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 10 – Reconciliation to Form 5500

Mutual of America reclassifies funds held in the IAA, totaling \$63,300 and \$78,552 at June 30, 2023 and 2022, respectively, to participant loans on the Form 5500, Schedule H. These amounts represent the outstanding group annuity loans that were paid from Mutual of America general assets and not participant accounts (see Note 1). The difference in presentation relates to classification only and had no effect upon net assets available for benefits for either period.
