INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Meritan, Inc. 403(b) Plan
Memphis, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Meritan, Inc. 403(b) Plan, (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Meritan, Inc. 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by

- a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Meritan, Inc. 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Prior Period Financial Statements

The financial statements of Meritan, Inc. 403(b) Plan as of and for the year ended June 30, 2022 were audited by other auditors whose report was dated April 18, 2023 and expressed an unmodified opinion on those statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Meritan, Inc. 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Meritan, Inc. 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Meritan, Inc. 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedule of schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MERITAN, INC. 403(b) PLAN

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended June 30, 2023

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Meritan, Inc. 403(b) Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a Code Section 403(b) Defined Contribution Retirement Plan covering all qualifying employees of Meritan, Inc. (the Company). The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The Company is the plan administrator. The plan administrator is responsible for oversight of the Plan, determining the appropriateness of the Plan’s Investment offerings, and monitoring investment performance.

Contributions

Participants may contribute up to the maximum amount allowed by current law of their annual compensation, as defined, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. The Company may match the respective participant’s contributions. The match is invested in various investment options as contributions to the Plan determined by its board of directors. The Company’s discretionary contribution is allocated to each participant’s account in the same ratio as each participant’s compensation bears to the total of such compensation for all participants. Contributions are subject to certain limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the plan sponsor’s contributions, an allocation of the Company’s discretionary contribution, and Plan earnings as stated in the Plan Document. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. All investments are participant-directed.

Payment of Benefits

Upon death, disability, termination or retirement, the participant or the participant’s beneficiary may elect to receive their vested account balance in one lump sum or in periodic installments over a period of certain. However, if the total vested benefit for all accounts is less than \$5,000, the participant will receive one lumpsum cash payment equal to the vested interest in his or her account. Normal retirement age is 65. Withdrawals by a participant while employed are limited to those requested due to events of financial hardships as defined by the plan document or upon the attainment of age 59 ½.

Notes Receivable from Participants

The Plan includes a loan feature, which allows a participant to borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their employee contribution balance. The loans are secured by the balance in the participant’s account and bear interest at 1% over the prime lending rate. Loan repayments and related interest are deducted from participant’s paychecks over installment periods of five years or less.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions is based on years of service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
0 - 2	0%
Over 2	100%

Forfeitures

If an employee terminates before his or her accounts have become fully vested, such portions are forfeited. Participant forfeitures may be used to pay administrative expenses of the Plan or used to reduce future employer contributions to the Plan. As of June 30, 2023 and 2022, forfeited non-vested accounts totaled \$0. For the year ended June 30, 2023, \$1,019 forfeitures were used to pay administrative expenses or reduce employer contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the plan sponsor and are excluded from these financial statements. Other professional and administrative fees may be charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan are prepared using the accrual basis of accounting.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

The Plan's investments are stated at fair market value (except for the fully benefit responsive investment contract, which is reported at contract value), as defined by generally accepted accounting principles. See Note 3 for disclosure related to fair value measurement.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are classified as deemed distributions based on the terms of the plan document. No allowance for credit losses has been recorded as of June 30, 2023 and 2022.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of investment income, realized gains (losses), and the unrealized appreciation (depreciation) on investments.

Benefits are recorded when paid.

Date of Management's Review

The plan sponsor evaluated the Plan's June 30, 2023 financial statements for subsequent events through April 15, 2024, the date the financial statements were available to be issued. The plan sponsor is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

NOTE 3 – FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under generally accepted accounting principles are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at June 30, 2023 and 2022. The following is a description of the valuation methodologies used for assets measured at fair value.

Cash equivalents: Valued based on the values of the underlying US Treasury investments.

Mutual funds: Valued at the net asset value of units or shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2023 and 2022, respectively.

Assets at Fair Value as of June 30, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,289,705	\$ -	\$ -	\$ 2,289,705
Cash Equivalents	-	1,028	-	1,028
Total assets at fair value	<u>\$ 2,289,705</u>	<u>\$ 1,028</u>	<u>\$ -</u>	<u>\$ 2,290,733</u>

Assets at Fair Value as of June 30, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,844,450	\$ -	\$ -	\$ 1,844,450
Cash Equivalents	-	1,113	-	1,113
Total assets at fair value	<u>\$ 1,844,450</u>	<u>\$ 1,113</u>	<u>\$ -</u>	<u>\$ 1,845,563</u>

NOTE 4 – PLAN TERMINATION

Although it has not expressed intent to do so, the plan sponsor has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and Plan assets will be used solely to provide benefits for participants.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan assets are managed by Ascensus Trust Company. Ascensus Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, plan administrative expenses that are paid directly by the plan sponsor and notes receivable from participants also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction provision of ERISA and the Internal Revenue Code.

NOTE 6 – SUMMARY OF INFORMATION CERTIFIED BY ASSET CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the asset custodian has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of June 30, 2023 and 2022.
- Investment activity, as shown in the statement of changes in net assets available for benefits for the year ended June 30, 2023.
- The schedule of assets (held at end of year) as of June 30, 2023.
- Notes receivable from participants as of June 30, 2023 and 2022.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

NOTE 8 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated January 1, 2018 stating that the Volume Submitter 403(b) Plan, which the Plan adopted, was designed in accordance with applicable IRC requirements. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Company has not applied for a determination letter from the IRC regarding the qualification of the Plan as it applied to the Company; however, the plan administrator believes that it is remote that any actions or events that have occurred will adversely affect the Plan's qualified status. The plan administrator believes that the Plan has not generated any taxable income and no federal or state income tax returns have been filed. Federal and state taxing authorities could request an examination of the financial records of the Plan to ascertain if any such taxable income exists, but no such examination has occurred or is pending.

INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Meritan, Inc. 403(b) Plan
Memphis, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Meritan, Inc. 403(b) Plan, (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Meritan, Inc. 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by

- a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Meritan, Inc. 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Prior Period Financial Statements

The financial statements of Meritan, Inc. 403(b) Plan as of and for the year ended June 30, 2022 were audited by other auditors whose report was dated April 18, 2023 and expressed an unmodified opinion on those statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Meritan, Inc. 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Meritan, Inc. 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Meritan, Inc. 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedule of schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MERITAN, INC. 403(b) PLAN

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended June 30, 2023

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Meritan, Inc. 403(b) Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a Code Section 403(b) Defined Contribution Retirement Plan covering all qualifying employees of Meritan, Inc. (the Company). The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The Company is the plan administrator. The plan administrator is responsible for oversight of the Plan, determining the appropriateness of the Plan’s Investment offerings, and monitoring investment performance.

Contributions

Participants may contribute up to the maximum amount allowed by current law of their annual compensation, as defined, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. The Company may match the respective participant’s contributions. The match is invested in various investment options as contributions to the Plan determined by its board of directors. The Company’s discretionary contribution is allocated to each participant’s account in the same ratio as each participant’s compensation bears to the total of such compensation for all participants. Contributions are subject to certain limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and the plan sponsor’s contributions, an allocation of the Company’s discretionary contribution, and Plan earnings as stated in the Plan Document. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. All investments are participant-directed.

Payment of Benefits

Upon death, disability, termination or retirement, the participant or the participant’s beneficiary may elect to receive their vested account balance in one lump sum or in periodic installments over a period of certain. However, if the total vested benefit for all accounts is less than \$5,000, the participant will receive one lumpsum cash payment equal to the vested interest in his or her account. Normal retirement age is 65. Withdrawals by a participant while employed are limited to those requested due to events of financial hardships as defined by the plan document or upon the attainment of age 59 ½.

Notes Receivable from Participants

The Plan includes a loan feature, which allows a participant to borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their employee contribution balance. The loans are secured by the balance in the participant’s account and bear interest at 1% over the prime lending rate. Loan repayments and related interest are deducted from participant’s paychecks over installment periods of five years or less.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions is based on years of service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
0 - 2	0%
Over 2	100%

Forfeitures

If an employee terminates before his or her accounts have become fully vested, such portions are forfeited. Participant forfeitures may be used to pay administrative expenses of the Plan or used to reduce future employer contributions to the Plan. As of June 30, 2023 and 2022, forfeited non-vested accounts totaled \$0. For the year ended June 30, 2023, \$1,019 forfeitures were used to pay administrative expenses or reduce employer contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the plan sponsor and are excluded from these financial statements. Other professional and administrative fees may be charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan are prepared using the accrual basis of accounting.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

The Plan's investments are stated at fair market value (except for the fully benefit responsive investment contract, which is reported at contract value), as defined by generally accepted accounting principles. See Note 3 for disclosure related to fair value measurement.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are classified as deemed distributions based on the terms of the plan document. No allowance for credit losses has been recorded as of June 30, 2023 and 2022.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of investment income, realized gains (losses), and the unrealized appreciation (depreciation) on investments.

Benefits are recorded when paid.

Date of Management's Review

The plan sponsor evaluated the Plan's June 30, 2023 financial statements for subsequent events through April 15, 2024, the date the financial statements were available to be issued. The plan sponsor is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

NOTE 3 – FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under generally accepted accounting principles are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at June 30, 2023 and 2022. The following is a description of the valuation methodologies used for assets measured at fair value.

Cash equivalents: Valued based on the values of the underlying US Treasury investments.

Mutual funds: Valued at the net asset value of units or shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2023 and 2022, respectively.

Assets at Fair Value as of June 30, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,289,705	\$ -	\$ -	\$ 2,289,705
Cash Equivalents	-	1,028	-	1,028
Total assets at fair value	<u>\$ 2,289,705</u>	<u>\$ 1,028</u>	<u>\$ -</u>	<u>\$ 2,290,733</u>

Assets at Fair Value as of June 30, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,844,450	\$ -	\$ -	\$ 1,844,450
Cash Equivalents	-	1,113	-	1,113
Total assets at fair value	<u>\$ 1,844,450</u>	<u>\$ 1,113</u>	<u>\$ -</u>	<u>\$ 1,845,563</u>

NOTE 4 – PLAN TERMINATION

Although it has not expressed intent to do so, the plan sponsor has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and Plan assets will be used solely to provide benefits for participants.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan assets are managed by Ascensus Trust Company. Ascensus Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, plan administrative expenses that are paid directly by the plan sponsor and notes receivable from participants also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction provision of ERISA and the Internal Revenue Code.

NOTE 6 – SUMMARY OF INFORMATION CERTIFIED BY ASSET CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the asset custodian has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of June 30, 2023 and 2022.
- Investment activity, as shown in the statement of changes in net assets available for benefits for the year ended June 30, 2023.
- The schedule of assets (held at end of year) as of June 30, 2023.
- Notes receivable from participants as of June 30, 2023 and 2022.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

NOTE 8 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated January 1, 2018 stating that the Volume Submitter 403(b) Plan, which the Plan adopted, was designed in accordance with applicable IRC requirements. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Company has not applied for a determination letter from the IRC regarding the qualification of the Plan as it applied to the Company; however, the plan administrator believes that it is remote that any actions or events that have occurred will adversely affect the Plan's qualified status. The plan administrator believes that the Plan has not generated any taxable income and no federal or state income tax returns have been filed. Federal and state taxing authorities could request an examination of the financial records of the Plan to ascertain if any such taxable income exists, but no such examination has occurred or is pending.
