Report of Independent Auditors

Board of Trustees
CMU Medical Education Partners
Employee Profit Sharing Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the CMU Medical Education Partners Employee Profit Sharing Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended June 30, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the CMU Medical Education Partners Employee Profit Sharing Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the CMU Medical Education Partners Employee Profit Sharing Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the CMU Medical Education Partners Employee Profit Sharing Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the CMU Medical Education Partners Employee Profit Sharing Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Employee Profit Sharing Pension Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of CMU Medical Education Partners Employee Profit Sharing Pension Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed, defined contribution profit sharing pension plan covering all eligible employees of the Plan's sponsor, Saginaw Cooperative Hospitals, Inc. (Corporation), d/b/a CMU Medical Education Partners. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the Plan when they have attained the age of 21 and have completed one year of service. One year of service means any Plan year in which 1,000 hours are worked. Rehired employees who had met the eligibility requirements prior to their termination will be immediately eligible to re-enter the Plan. Eligible employees enter the Plan on the earlier of the first day of the Plan year or the first day of the seventh month following the date on which eligibility requirements are satisfied.

Contributions

The Corporation can elect to make discretionary contributions to the Plan which will be "allocated" or divided among participants eligible to share in the contribution for the Plan year. For the years ended June 30, 2023 and 2022, the Corporation contributed 4% of each participant's eligible compensation. Employee contributions are not permitted.

Participant Accounts

Each participant's account is credited with an allocation of the Corporation's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Corporation's contributions and the earnings thereon are subject to forfeiture. Forfeitures of contributions reduce the Corporation's contributions under the Plan.

1. Description of the Plan (continued)

Vesting

Vesting in the Corporation's contribution to the participant's account plus actual earnings thereon is based on years of service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0-1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participant Loans

Loans are not permitted under the Plan.

Forfeitures

Forfeitures of nonvested account balances are used to offset future employer contributions. As of June 30, 2023, there was a balance of \$75,775 in unapplied forfeitures, and a balance of \$26,077 in unapplied forfeitures as of June 30, 2022. Forfeited nonvested accounts from prior years were used to reduce employer contributions by \$615,850 in 2023 and \$72,800 in 2022. Forfeited accounts are reallocated to participants in the same manner as employer contributions.

Payment of Benefits

The Plan provides for payment of 100% of the account balance to participants upon normal retirement at age 65, death, or total and permanent disability. Participants terminating employment for any other reason are entitled to receive 100% of their vested account balances and the remaining nonvested portions would be forfeited. Participants may elect to receive their benefits in the form of an annuity or lump sum payment, based upon the Plan agreement.

Administrative Expenses

All expenses for the administration of the Plan are the responsibility of the Plan. The Corporation may, at its discretion, reimburse the Plan for some or all of these expenses. The Corporation paid for audit and certain pension plan administration expenses during 2023 and 2022.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide information according to the fair value hierarchy.

The fair value hierarchy ranks the quality and reliability of the information used to determine fair values.

Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2 – Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets and liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Significant unobservable inputs that reflect a company's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets and liabilities. At each reporting period, all assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3.

For the years ended June 30, 2023 and 2022, the application of valuation techniques applied to similar assets and liabilities has been consistent.

2. Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value based on quoted market prices in an active market. See Note 4 for discussion of fair value measurements. Purchases and sales of mutual funds are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment income consists of the actual interest and dividends received on the underlying securities, and is reported net of the realized and unrealized appreciation. Investments in the guaranteed interest accounts are stated at contract value which approximates the fair value of the underlying investments. Contract value represents total contributions made to the account, plus interest at the contract rate, less any Plan benefit payments and expenses deducted from the accounts.

Excess Contributions Payable

Contributions in excess of amounts allowed by the IRS are recorded as accounts payable with a corresponding reduction to employer contributions. These excess contributions will be allocated to the forfeiture account to be used to offset future employer contributions. Excess contributions payable for the year ended June 30, 2023 and 2022 were \$0.

Payment of Benefits

The Plan recognizes benefit payments to participants when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent Events

Subsequent events have been evaluated through March 23, 2024, the date the financial statements were available to be issued.

3. Financial Data Certified by the Trustees—Unaudited

The Plan's financial information and data was certified by Newport Trust Company (Newport) and Variable Annuity Life Insurance Company (VALIC) in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the investment balances, interest and dividends, and net appreciation (depreciation) in fair value of investments included in the financial statements and supplemental schedule were obtained from data that has been prepared and certified as complete and accurate by the trustees. This certified information has not been audited by independent auditors.

Substantially all of the Plan's investments are held by Newport and investments in guaranteed interest accounts were held by VALIC. Effective July 1, 2018, the Plan transferred assets from VALIC to Huntington with a plan to transfer guaranteed interest contracts to Huntington (and subsequently Newport) over a period of five years. The remainder of the balance was transferred to Newport effective July 2022 and the balance as of June 30, 2023 is \$0.

The Plan's investment in the guaranteed interest contracts held by VALIC represented a fixed deferred annuity contract (fully benefit-responsive investment contract or FBRIC). Contributions were maintained in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract was included in the financial statements at contract value as reported by the investment custodian. Participants were able to direct the withdrawal or transfer all of, or a portion of, their respective investment at contract value. There are no reserves against the contract value for credit risk. The contract value was \$0 as of June 30, 2023 and \$213,498 as of June 30, 2022.

During the time that the Plan held the investment, the FBRIC assets were invested in the Fixed Account Plus and the Short-Term Fixed Accounts. VALIC would guarantee principal and accrued interest, based on credited interest rates, for participant-initiated withdrawals as long as the contract remained active. The minimum guaranteed interest rate varied by participant and depended on the date the participant established his/her account. Participant accounts set up before December 1, 2003 had a minimum guaranteed interest rate of 3%. The minimum guaranteed interest rate for accounts set up on or after December 1, 2003 was 2%. These minimums applied to all VALIC fixed options under the contract. Assets invested in the Fixed Account Plus account were subject to a 20% per year restriction on assets to be transferred out of the investment option.

During the time that the Plan held the investment, VALIC reset the rate by amortizing the difference between the market value of the portfolio and the guaranteed value over the weighted average duration of the Fund's investments. Participants would receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events. These events included transfers to other Plan investment options and payments because of retirement, termination of employment, disability, death, and in-service withdrawals as permitted by the Plan.

4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of June 30:

2023	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,271,104	\$ –	\$ –	\$ 8,271,104
Investments at fair value	\$ 8,271,104	\$ –	\$ –	\$ 8,271,104
2022	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,797,611	\$ –	\$ –	\$ 7,797,611
Investments at fair value	\$ 7,797,611	\$ –	\$ –	\$ 7,797,611

5. Income Tax Status

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable section of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan does not believe that the results from any examination of these open years would have a material adverse effect on the Plan.

6. Party-in-Interest Transactions

Certain investments consist of shares of mutual funds managed by Newport Trust Company as the trustee of the Plan; and therefore, these transactions qualify as party-in-interest transactions. Variable Annuity Life Insurance Company (VALIC) is also a party-in-interest as they served as an investment trustee for the guaranteed interest contracts for the Plan through June 30, 2023. Huntington Bank was also a party-in-interest due to its receipt of fees in 2023 related to services performed in 2022.

7. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor reserves the right to terminate the Plan and the trust agreement at any time, upon written notice to the trustees and plan administrator. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Risks and Uncertainties

The Plan's investments consist of mutual funds composed of stocks and bonds. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near-term and long-term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of employer contributions per the financial statements to Form 5500 for the years ended June 30:
