INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
The Arc of Ouachita 403(b) Thrift Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the 403(b) Thrift Plan of The Arc of Ouachita (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended June 30, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**To the Plan Administrator
The Arc of Ouachita 403(b) Thrift Plan**

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

**To the Plan Administrator
The Arc of Ouachita 403(b) Thrift Plan**

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**To the Plan Administrator
The Arc of Ouachita 403(b) Thrift Plan**

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

403(b) THRIFT PLAN OF THE ARC OF OUACHITA

Notes to the Financial Statements June 30, 2023

Note 1 – Description of Plan

The following description of the 403(b) Thrift Plan of The Arc of Ouachita (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of The Arc of Ouachita (the Arc). A participant must be at least age eighteen in order to receive employer matching contributions, and an employee must have six months of eligibility service to participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to 100% of their compensation as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified retirement plans. Participants direct the investment of their contributions and any employer matching or retirement contributions into various investment options offered by the Plan. The Plan offers investments in investment contracts sponsored by the Plan's Custodian in its General Account and in a variety of mutual funds in its Separate Accounts. The Arc contributes the lesser of 100% of the salary reduction amount that the participant contributes to the Plan or 3% of his or her base compensation. Additional profit sharing amounts may be contributed at the option of the Arc's board of directors which may be invested in the above funds as directed by the participants. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Arc's contribution, and, (b) investment earnings (losses), and charged with an allocation of administrative and/or investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their contribution accounts plus the earnings thereon. Vesting in the Arc's portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant Loans

Participant loans are not permitted under the Plan.

403(b) THRIFT PLAN OF THE ARC OF OUACHITA

Notes to the Financial Statements June 30, 2023

Payment of Benefits

On termination of service due to reasons other than death or retirement, a participant may withdraw all or part of the participant's vested account in a single sum or leave all or a part of the vested account in the Plan and defer receipt of the benefit and the account will continue to accumulate interest or share in the investment experience of the funds in which the vested account is invested. The participant can elect to receive the vested account as income under an annuity or a Specified Payments Option if the participant is age 55 or older. If the vested account balance is \$1,000 or less, the participant will receive a single-sum payment at termination of employment.

If a participant dies before reaching retirement, the beneficiary can elect to receive the death benefit in a single sum or use the account to purchase a guaranteed lifetime annuity subject to applicable tax laws. If a participant dies after annuity payments have begun, a death benefit, if any, will be paid in accordance with the term of the annuity the participant chose at retirement.

A participant may elect to retire and receive benefits after reaching the age of 55 in the form of various annuities offered under the Plan or in the form of a lump sum payment.

In-Service Withdrawals

Subject to certain limitations, a participant may withdraw all or part of his or her vested amounts if the participant incurs a disability or if the employee has attained age 59½. Hardship withdrawals are also available under the Plan.

Forfeitures

Forfeitures are first used to pay certain plan expenses or reduce employer matching contributions. Any amount of forfeitures remaining will be reallocated to the accounts of participants employed on the last day of the plan year in the ratio the participant's compensation bears to the total compensation of all participants for the year. As of June 30, 2023 and 2022, forfeited non-vested accounts totaled \$34,906 and \$30,859 respectively.

Note 2 – Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through April 15, 2024, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments in insurance company general accounts are reported at contract value. Investments in insurance company pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to settle a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further information regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan other than administrative expenses paid to Mutual of America Life Insurance Company are paid by the Arc.

Note 3 – Plan Termination

Although it has not expressed any intent to do so, the Arc has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the balance of each participant's account would become 100% vested.

Note 4 – Fair Value Measurements

The Plan's investments in insurance company general accounts are reported at contract value. The Plan's investments in insurance company pooled separate accounts are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	Fair Value Measurements Using:		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Investment at Contract Value	Total Investments
Investment in pooled separate account	\$ 793,998	\$ -	\$ 793,998
Investment in general account at contract value	-	141,002	141,002
Total	<u>\$ 793,998</u>	<u>\$ 141,002</u>	<u>\$ 935,000</u>

June 30, 2022

	Fair Value Measurements Using:		
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Investment at Contract Value	Total Investments
Investment in pooled separate account	\$ 740,246	\$ -	\$ 740,246
Investment in general account at contract value	-	145,375	145,375
Total	<u>\$ 740,246</u>	<u>\$ 145,375</u>	<u>\$ 885,621</u>

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs are generally based on similar assets in active markets; and Level 3 inputs using unobservable inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan has no investment assets measured using Level 2 or Level 3 inputs.

Level 1 Fair Value Measurements

The fair value of the pooled separate account is based on quoted prices in active markets of the underlying mutual fund shares held in that investment fund at year-end.

The investment at contract value is not included in the fair value hierarchy but is included to permit reconciliation of investments to the amounts shown in the financial statements.

Note 5 – Investment Contract with Insurance Company

The Plan has entered into a group annuity investment contract with Mutual of America. Mutual of America maintains the contributions in a General Account comprised of the Interest Accumulation Account and the Separate Account comprised of numerous fund-of-fund investments. Participants select the funds in which their accounts are invested. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Amounts placed in the Interest Accumulation Account are credited with interest at a rate determined by Mutual of America and is subject to change at Mutual's discretion but not below certain minimums as stated in the contract. The current rate of interest is 1.00%.

The value of the Interest Accumulation Account under the contract is equal to the total of all amounts allocated under the contract by participants plus all interest accrued thereon, minus the sum of any withdrawals, transfers and administrative charges. The value of any investment fund under the contract is equal to the number of accumulation units credited to the Investment Fund multiplied by the accumulation unit value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at June 30, 2023 and 2022 was \$141,002 and \$145,375 respectively.

The Arc may discontinue the contract by notice to Mutual of America and is effective 30 days after such notice is received. Mutual of America may discontinue this contract if: (1) the Arc fails to remit administrative charges within 31 days after payment is due, (2) the Arc fails to meet the requirements of the contract or to abide by its terms, (3) the Arc refuses to accept a modification of the contract that is necessary to comply Federal, State or ERISA requirements, (4) the class of group annuity contracts to which the contract belongs is discontinued, or (5) the Arc elects not to utilize appropriate electronic media to transmit and receive information and data with respect to the contract. The Plan administrator does not believe there has been an occurrence of any such event which would cause the Plan to discontinue the contract with Mutual of America.

Note 6 – Tax Status

The Internal Revenue Service has not yet established a process for issuing determination and opinion letters for individually designed 403(b) plans. The Plan is operating under a prototype plan of Mutual of America. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC). Management of the Plan believes the plan is no longer subject to IRS examination for years prior to 2021.

Note 7 – Summary of Information Provided by the Plan Custodian

Mutual of America is the Plan's Custodian and holds the Plan's investment assets and executes investment transactions. The Plan's administrators have obtained a certification from the Plan Custodian that the information provided by the Plan Custodian is complete and accurate with regard to investment assets and related transactions.

Note 8 – Disclosures Regarding Concentrations and Uncertainties

A significant amount of the Plan's investments are invested in contracts and mutual funds managed by Mutual of America. Due to the nature of these investments, there is no guaranty or insured portion of the investment. All of the investment would be considered at risk. However, by diversification of the investment portfolio, the Plan Administrator has attempted to minimize the risk of loss the Plan would suffer due to market volatility.

Note 9 – Exempt Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Mutual of America, and Mutual of America is the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Mutual of America amounted to \$195 for the year ended June 30, 2023.

403(b) Thrift Plan of
The Arc of Ouachita**

We have conducted a DOL limited-scope audit of the financial statements of the 403(b) Thrift Plan of The Arc of Ouachita (the Plan) for the year ended June 30, 2023 and have issued our report thereon dated April 15, 2024. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 20, 2023.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. There were no new accounting policies adopted during the year ended June 30, 2023 and the application of existing policies was unchanged. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Board of Directors
403(b) Thrift Plan of
The Arc of Ouachita

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management's estimate of the fair value of pooled separate accounts is based on current market prices for level 1 investments. The investment in insurance company general accounts is based on contract value. We evaluated the key factors and assumptions used to develop the fair value and contract value of investments in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure(s) affecting the financial statements were the fair value and contract values discussed above.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements identified other than those considered trivial.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated April 15, 2024. A copy of that letter is attached to this communication.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

**Board of Directors
403(b) Thrift Plan of
The Arc of Ouachita**

Other Audit Findings or Issues

During the course of conducting our audit procedures on remittance of elective deferrals, it was determined that \$18,853 of elective deferrals were not remitted to the Trust timely as required by the Department of Labor and revised guidance by the AICPA. This constitutes a non-exempt prohibited transaction.

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Board of Directors and management of the 403(b) Thrift Plan of The Arc of Ouachita and is not intended to be, and should not be, used by anyone other than these specified parties.
