INDEPENDENT AUDITORS' REPORT

To the Plan Administrator

The Tranzonic Companies Salary Savings and Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Tranzonic Companies Salary Savings and Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Tranzonic Companies Salary Savings and Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Tranzonic Companies Salary Savings and Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Tranzonic Companies Salary Savings and Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Tranzonic Companies Salary Savings and Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of The Tranzonic Companies Salary Savings and Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering all employees of The Tranzonic Companies, Adenna LLC, McGowan Enterprises, Inc. d/b/a Acute Care, Nilodor, Inc., Blue Thunder Technologies, LLC, High-Tech Conversions, LLC, ERC Acquisition, Inc., Air Delights, Inc., ISO-Med, Inc. and Chemcor Chemical Corporation (collectively the Company), except for leased employees as defined in the Plan document, regardless of age. Employees are eligible to participate in the Plan after one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company is responsible for oversight of the Plan, determining appropriateness of the Plan's investment offerings and monitoring investment performance.

During 2021, the Company acquired Air Delights, Inc. and ISO-Med, Inc. Effective in 2022, the employees of the acquisition are able to participate in the Plan. In September 2022, the Plan received assets from the ISO-Med, Inc. 401(k) Profit Sharing Plan & Trust, increasing total net assets available for benefits by \$1,182,236.

During 2022, the Company acquired Chemcor Chemical Corporation. Effective in 2022, the employees of the acquisition are able to participate in the Plan.

During 2022, the Company acquired JNJ Industries. Effective in 2022, the employees of the acquisition are able to participate in the Plan.

During 2023, the Company acquired Monarch Brands Global, LLC. Effective in 2023, the employees of the acquisition are able to participate in the Plan.

During 2024, the Company acquired Bullen Midwest, Inc. d/b/a Nuance Solutions. Effective in 2024, the employees of the acquisition are able to participate in the Plan.

The Plan was amended periodically to comply with all applicable, recently adopted laws and regulations.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) which included several relief provisions to tax qualified plans and their participants that were put into operation by the Plan at that time. Formal adoption of such provisions of the CARES Act provisions is required to occur on or before December 31, 2025.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

CONTRIBUTIONS

Participants may elect to have up to 75% of their compensation contributed to the Plan by the Company through payroll deductions on a pre-tax basis or as Roth contributions (plus catch-up contributions as defined by the Plan document). Participants may also contribute amounts representing distributions from other qualified plans. Eligible participants are automatically enrolled with a deferral percentage of 8% and invested in the Vanguard Target Retirement Fund portfolios. Participants may stop or change this automatic contribution. Additionally, the Company may, at the discretion of the Board of Directors, make matching contributions to the Plan.

The Company matches 40% of the first 8% of an employee's compensation contributed to the Plan. Matching contributions made by the Company amounted to \$820,284 and \$744,201 during the years ended December 31, 2022 and 2021, respectively. Contributions are subject to certain limitations. Participants are able to direct contributions into a variety of investment options offered by the Plan.

Each year the Company may, at the discretion of the Board of Directors, make a discretionary non-elective contribution. There were no discretionary non-elective contributions made by the Company during the years ended December 31, 2022 and 2021.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, the Company's matching contributions, an allocation of the Company's non-elective contributions and any earnings thereon and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

VESTING

Participants are immediately vested in their own contributions to the Plan (plus actual earnings thereon). Participants hired prior to January 1, 2016 are 50% vested in the Company's matching and non-elective contributions after one year of service, and 100% vested after two years of service. Participants hired subsequent to January 1, 2016 are vested in the Company's matching and non-elective contributions based on years of continuous service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

PAYMENT OF BENEFITS

On termination of service due to death, disability, retirement, or separation of service, a participant may elect to receive either a lump-sum payment or installment payments equal to the value of the participant's vested interest in his or her account. However, if the vested account balance is less than \$1,000, a lump-sum distribution will be made to the participant regardless of whether the participant elects to receive it and if the vested account balance is greater than \$1,000, but less than \$5,000, a direct rollover distribution will be made to an individual retirement plan. In-service distributions may be made from fully vested accounts if the participant has attained age 59 1/2. Hardship withdrawals of at least \$500, up to the participant's vested account balance, are also permitted. The Plan, in line with Internal Revenue Service (IRS) rules, also requires the participants to receive required minimum distributions upon attainment of age 72.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts up to 50% of their vested account balance, from a minimum of \$1,000 up to a maximum of \$50,000. Notes receivable terms are for a 5-year period or up to 10 years for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's vested account and bear interest at the prevailing interest rate at time of issuance. Principal and interest are paid ratably through payroll deductions.

FORFEITURES

Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. The forfeitures may be used to offset Company matching contributions or administrative expenses. Forfeited non-vested accounts at December 31, 2022 and 2021 totaled \$11,406 and \$37,885, respectively. Forfeitures used to reduce employer contributions were \$80,038 and \$69,387 for the years ended December 31, 2022 and 2021, respectively. In 2022 and 2021, there were no forfeitures used to pay for administrative expenses.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by its investment advisor. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on the investments purchased and sold, as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document. In management's opinion, all notes receivable are fully collectible; accordingly, no allowance for credit losses was recorded as of December 31, 2022 and 2021.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Administrative expenses are paid by the Plan, unless the Company elects to make payment, as provided by the Plan document. Expenses paid by the Company are excluded from these financial statements.

SUBSEQUENT EVENTS

The Plan evaluated subsequent events through April 15, 2024, the date these financial statements were available to be issued. Other than the matters noted in Note 1 and below, there were no material subsequent events that required recognition or additional disclosure in these financial statements.

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable by participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan. This information has not been audited by the Plan's independent auditors.

NOTE 4 - FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. It applies to fair value measurements already required or permitted by existing standards. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs used in valuation models (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in inactive markets. Level 2 includes those inputs other than quoted prices that are observable for the asset or liability. Level 2 inputs are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies – Investments in registered investment companies are stated at the respective fund's net asset value (NAV), which is determined based on market values at the closing prices on the last business day of the year. The NAV is a quoted price in an active market.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Collective trusts - Valued at fair value of the underlying investments, which represents the NAV of the investments. NAV is used as an estimate of fair value; the Plan has the ability to redeem its investment at NAV as of the measurement date as collective investment trusts can be redeemed on a daily basis. The NAV is used as a practical expedient to estimate fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Total
Registered investment companies	<u>\$32,769,108</u>	\$32,769,108
Investments measured at NAV ^(a)		
Collective trusts		<u>3,410,996</u>
Investments At Fair Value		<u>\$36,207,104</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Level 1	Total
Registered investment companies	<u>\$36,959,821</u>	\$36,959,821
Investments measured at NAV ^(a)		
Collective trusts		<u>3,129,684</u>
Investments At Fair Value		<u>\$40,089,505</u>

^(a) In accordance with Subtopic 820-10, FASB Accounting Standards Update ("ASU") 2015-17, Fair Value Measurement – (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent) ("ASU 2015-17"), certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022:

	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Collective trusts	<u>\$3,410,996</u>	N/A	Daily	Daily

The following table sets forth investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021:

	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Collective trusts	<u>\$3,129,684</u>	N/A	Daily	Daily

There are no participant redemptions for this investment; the redemption notice is applicable only to the Plan.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

NOTE 6 - TAX STATUS

The Plan has adopted a Volume Submitter Profit Sharing Plan (VSP) and did not apply for an individual Internal Revenue Service (IRS) determination letter. The IRS has determined and informed the VSP administrator by letter dated June 30, 2020, that the VSP is designed in accordance with applicable sections of the IRC. The Plan has been amended since the VSP received their opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 6 - TAX STATUS (CONTINUED)

As of December 31, 2022 and 2021, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax year pending or in progress.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company is the Plan's trustee and record keeper. Fees paid by the Plan for administrative expenses qualify as party-in-interest transactions. The Plan makes loans to Plan participants who are considered to be parties-in-interest. Therefore, loan transactions with participants are considered party-in-interest transactions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
