INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Those Charged with Governance of
Revised Retirement Plan for the Employees of NTELOS, Inc.
Edinburg, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Revised Retirement Plan for the Employees of NTELOS, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets in liquidation available for benefits as of June 30, 2023 and 2022, and the related statements of changes in net assets in liquidation available for benefits for the years then ended, the statement of accumulated plan benefits as of June 30, 2022 and statement of changes in accumulated plan benefits for the year ended June 30, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Revised Retirement Plan for the Employees of NTELOS, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Opinion (Continued)

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Revised Retirement Plan for the Employees of NTELOS, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

As discussed in Note 7 to the financial statements, the governing body of Revised Retirement Plan for the Employees of NTELOS, Inc. approved a plan of liquidation on December 31, 2021, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the ongoing basis used in presenting the June 30, 2021 financial statements to the liquidation basis used in presenting the June 30, 2022 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Revised Retirement Plan for the Employees of NTELOS, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4j – Schedule of Reportable Transactions as of and for the year ended June 30, 2023, are presented for purposes of additional analysis and are not required parts of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS
June 30, 2023**

Note 1. Description of the Plan

The following brief description of Revised Retirement Plan for the Employees of NTELOS, Inc. (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined benefit pension plan covering substantially all employees of NTELOS Inc. (the "Company") who were employed prior to October 1, 2003. The Plan was amended to cease benefit accruals for all participants effective December 31, 2012, the freeze date. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The assets of the Plan are held in a trust under an agreement with John Hancock Trust Services. Shentel Management Company (the "Plan Sponsor") became the Plan Sponsor upon acquisition of NTELOS, Inc. in 2016.

Pension benefits

Employees of the Company that have completed the later of one year of service (1,000 hours) or attaining the age of 21 were eligible to participate in the plan. However, as explained in Note 9, the Plan was frozen effective October 1, 2003.

Participants are 100% vested in their accumulated benefits after five years of service.

Participating employees with five or more years of service are entitled to annual pension benefits beginning at normal retirement age (65) equal to the sum of (a) plus (b), subject to certain minimums:

- a) 1.23% of their highest average monthly compensation times each year of credited service;
- b) 0.5% of their highest average monthly compensation in excess of covered compensation times each year of credited service.

Highest average monthly compensation is total compensation, including base salary, overtime pay, bonuses, extraordinary payments, pretax benefits and other allowances, averaged over a five consecutive year period of employment producing the highest average. Covered compensation consists of the average taxable wage base during the thirty-five year period ending with the last day of the calendar year in which the participant attains social security retirement age.

The Plan permits early retirement at the age of 55 if the participating employee has completed five years of credited service. Under the terms of the Plan agreement, upon retirement or termination, participants may elect to receive the value of their accumulated Plan benefits as a lump-sum distribution or in the form of an annuity. A deferred annuity is available to participants that choose early retirement between ages 55-64.

**REVISED RETIREMENT PLAN FOR THE
EMPLOYEES OF NTELOS, INC.**

**NOTES TO FINANCIAL STATEMENTS
June 30, 2023**

Note 1. Description of the Plan (Continued)

Pension benefits (Continued)

Participants may elect to receive the value of their accumulated plan benefits in the payment of either a ten-year certain and continuous, or a joint and survivor annuity of 100%, 75%, 66.67%, or 50%. If no election is filed, unmarried participants will receive a single life annuity that ceases on death, and married participants will receive a qualified joint and survivor 50% annuity.

Pre-retirement death benefits

If a participant with five years of service dies before his annuity starting date, a qualified pre-retirement survivor annuity shall be paid to the participant's surviving spouse during such spouse's lifetime. Unless the surviving spouse elects a later date, the qualified pre-retirement survivor annuity payments must begin during the month that includes what would have been the participant's early retirement date.

Note 2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements are prepared on the accrual basis of accounting. In accordance with accounting principles generally accepted in the United States of America, the Plan changed its basis of accounting used to determine the amounts at which investments are stated, from an ongoing Plan basis to the liquidation basis for periods after June 30, 2021. See Note 7 for discussion of Plan termination.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Cash

The Plan's cash consists of unallocated cash maintained by the Trustee. These funds are not insured by the FDIC. At June 30, 2023 and 2022, the Plan held unallocated cash of \$78,989 and \$72,760, respectively.

(Continued)

**REVISED RETIREMENT PLAN FOR THE
EMPLOYEES OF NTELOS, INC.**

**NOTES TO FINANCIAL STATEMENTS
June 30, 2023**

Note 2. Summary of Significant Accounting Policies (Continued)

Investments valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially impact the amounts reported in the statements of net assets available for benefits.

Actuarial present value of accumulated plan benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of employees who have died, and present employees or their beneficiaries. The accumulated Plan benefits are based on their highest average compensation for five consecutive years of service. Benefits payable upon retirement, death, disability, and termination of employment are included, to the extent they are deemed attributable to employee service rendered through the date of the benefit freeze.

The actuarial present value of accumulated Plan benefits was determined by John Hancock Trust Services as of July 1, 2021, and is that amount which results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) through the date of the benefit freeze. The July 1, 2021 actuarial valuation froze benefits, with the remaining accumulated Plan benefits to be paid out subsequent to the valuation date. The payouts for the period listed in the statement of accumulated Plan benefits and statement of changes in accumulated Plan benefits comprise the amounts due to participants during the period and related activity.

EMPLOYEES OF NTELOS, INC.**

**NOTES TO FINANCIAL STATEMENTS
June 30, 2023**

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits

Benefit payments to participants are recorded upon distribution.

Administrative expenses

Plan fees and administrative expenses are paid by the Plan and Company on a discretionary basis.

Note 3. Fair Value Measurements

The Plan's mutual funds and collective trust fund are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs were not available.

The equity fund issued by American Century Investments and owned at June 30, 2022 is valued at the net asset value. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. There is no notice period if the Plan initiates a full redemption of the fund. As of June 30, 2022, there is no indication that the Plan will not be able to redeem the fund at the stated value due to liquidation.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Investments at fair value	<u>\$ 23,411,683</u>	<u>\$ 23,253,752</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net asset values of the shares held by the Plan at year end.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of June 30, 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>June 30, 2022</u>				
American Century U.S. Value Yield Tier E	\$157,931	None	Daily	None

Note 4. Investment Contracts

The Plan invested in the American Century U.S. Value Yield Equity Tier E Fund issued by American Century Investments during the year ended June 30, 2022. Included in this fund are guaranteed investment contracts and certain wrapper contracts. These contracts are considered to be benefit-responsive and since those contracts were not purchased directly from John Hancock, but in the open market, are presented at fair value. The average yield for the fund was approximately -2.90% for calendar year ended December 31, 2022, as the fund does not report on the same fiscal year as the plan. The objective of the fund is to provide current and long-term capital growth. The fund invests primarily in stocks, bonds, corporate obligations, exchange traded funds, and equity linked notes.

Note 5. Funding Policy

Prior to Plan termination, the Plan Sponsor contributed to the Plan an amount determined by the actuary at least sufficient to maintain the Plan as a qualified employee defined benefit plan meeting the minimum funding standard requirements of ERISA. Due to Plan termination effective December 31, 2021, there were no minimum funding requirements of ERISA for the years ended June 30, 2023 and 2022.

Upon Plan termination, the Plan Sponsor's funding policy is to make cash contributions to the Plan in amounts needed to cover distributions to participants.

Note 6. Tax Status

The Prototype Plan obtained its latest determination letter dated February 8, 2012, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the *Internal Revenue Code (IRC)*. The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the *IRC*.

(Continued)

**REVISED RETIREMENT PLAN FOR THE
EMPLOYEES OF NTELOS, INC.**

**NOTES TO FINANCIAL STATEMENTS
June 30, 2023**

Note 6. Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 7. Plan Termination

The board of the Plan Sponsor resolved on October 13, 2021 to terminate the Plan effective December 31, 2021. As a result, the Plan is using the liquidation basis of accounting as described in Note 2.

Certain benefits under the Plan are insured by the PBGC due to plan termination. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2023, the ceiling is \$6,750 per month. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Note 8. Trustee's Certification

Certain information was certified as complete and accurate by John Hancock Life Insurance Company, LLC. This information is as follows:

- Investment assets
- Investment transactions
- Investment income
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year)
- Schedule H, Line 4j – Schedule of Reportable Transactions

(Continued)

**REVISED RETIREMENT PLAN FOR THE
EMPLOYEES OF NTELOS, INC.**

**NOTES TO FINANCIAL STATEMENTS
June 30, 2023**

Note 9. Other Matters

The Plan was closed to new participants for employees hired after October 1, 2003. Benefits in the Plan were frozen effective December 31, 2012, with no benefits accruing thereafter. Final Average Compensation, Covered Compensation, and Credited Service after December 31, 2012 will not be taken into account for purposes of determining benefits under the Plan. Credited Service after December 31, 2012 was considered for vesting purposes. No new employees shall become participants in the Plan on or after October 1, 2003.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term could be material to the financial statements.

Note 11. Subsequent Events

All payments on behalf of participants and other payments required to complete the termination of the Plan were completed on August 31, 2023.

Subsequent events were evaluated through April 12, 2024, the date the financial statements were available to be issued.
