INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Rush Health Systems, Inc. Retirement Savings Plan
Meridian, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Rush Health Systems, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have an audit of Rush Health Systems, Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rush Health Systems, Inc. Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Merger

As discussed in Note 8 to the financial statements, the Plan was merged into the Ochsner Clinic Foundation 401(k) Plan during the year ended December 31, 2022. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rush Health Systems, Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rush Health Systems, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rush Health Systems, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of Rush Health Systems, Inc. Retirement Savings Plan were audited by predecessor auditors. As permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated December 6, 2022, indicated that (a) the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, (b) the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C), and (c) the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material

respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Rush Health Systems, Inc. Retirement Savings Plan Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN

The following description of the Rush Health Systems, Inc. Retirement Savings Plan (the “Plan”) provides only general information. Refer to Plan documents for a more complete description of Plan provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Rush Health Systems, Inc. and its wholly owned subsidiaries (the “Company”). If the Company approves a non-elective contribution, the participant must be employed on the final day of the Plan year. Participants must also make contributions to the Company’s 403(b) plan to be eligible to receive an employer match from the Plan.

The Plan is subject to the provisions of the Department of Labor’s (DOL’s) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Plan’s Pension Committee (Pension Committee) determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees.

Some administrative functions are performed by employees of the Company. No compensation was remitted to the Company for these services.

Plan assets are held and managed by The Variable Life Insurance Company (VALIC) and AIG Federal Savings Bank (wholly-owned subsidiaries of Corebridge Financial, Inc.), the custodians, which invest contributions and Plan earnings, execute investment transactions as directed by the Pension Committee and provide certain recordkeeping services. Corebridge Financial, Inc. (“Corebridge”) is the trustee and also performs recordkeeping services for the Plan. Deloitte performs certain plan administration and annual ERISA compliance testing.

Plan Termination

Coincident with Rush Health Systems Inc. merger agreement with Ochsner Clinic Foundation (“Ochsner”) effective July 1, 2022, the Plan was merged into the Ochsner Clinic Foundation 401(k) Plan, which effectively terminated the Plan at the end of the Plan year ending December 31, 2022. The merger is reflected as transfers to Ochsner Clinic Foundation 401(k) Plan in the statement of net assets available for benefits for the year ended December 31, 2022 (See Note 8).

Eligibility

Employees become a participant of the Plan if they are 18 years of age, work 1,000 hours and have one year of service. Participants must also make contributions to the Company’s 403(b) Plan to be eligible to receive an employer match from the Plan.

Contributions

The Plan provides for an employer match of amounts contributed by participants of the 403(b) Plan. If a participant contributes less than 6% of eligible compensation, the Company contributes 50% of the employee’s contribution. If a participant contributes 6% of eligible compensation or greater, the Company contributes 3% of the employee’s eligible compensation. Participants are also able to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e. rollover contributions).

Rush Health Systems, Inc. Retirement Savings Plan Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

Participants direct the investment of their contributions into various investment options offered by the Plan. Additional profit sharing amounts are able to be contributed at the option of the Company's board of directors and are invested in a portfolio of investments as directed by the Company. No discretionary contributions were made by the Company during the year ended December 31, 2022. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the Company's matching contributions, as well as allocations of the Company's non-elective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the Company's contribution portion and non-elective portion of their accounts is based on years of continuous service. A participant is 100% vested after 6 years of credited service.

Years of service completed	% Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants are permitted to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at rate which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through bi-monthly payroll deductions.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than the assumed life expectancy of your beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Rush Health Systems, Inc. Retirement Savings Plan Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN (Continued)

Forfeitures

At December 31, 2021, forfeited nonvested accounts totaled \$29,814. These accounts were used to reduce future employer contributions. In 2022, employer contributions were reduced by \$25,068 from forfeited nonvested accounts. Forfeited nonvested accounts totaling \$59,630 were included in the transfers to Ochsner Clinic Foundation 401(k) plan in connection with plan merger.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The participant must meet the condition that they cannot relieve the amount of the need by stopping the elective contributions to the Plan. The financial hardship withdrawal may not have exceeded the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 and 5 for further discussion of fair value measurements and NAV. The Plan's Pension Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Participants may borrow from VALIC using a portion of their Plan account as security for the note. These notes are referred to as policy notes and bore interest at a rate of 3 percent in 2022 and 2021.

Rush Health Systems, Inc. Retirement Savings Plan Notes to Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants (Continued)

Principal and interest is paid ratably through monthly ACH transfers by the participant to VALIC. The Plan Administrator has concluded that these notes are not Plan assets and that such arrangements are exempt transactions.

The principal balances of policy notes as of December 31, 2021 was \$25,207. Under the borrowing terms, \$49,567 of Plan assets served as restricted investments held for collateral to these notes in 2021, respectively.

Payment of Benefits

Distributions to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. During the year ended December 31, 2022, expenses of \$144,633 were paid by the Plan and allocated to participant accounts. Investment related expenses are included in net depreciation of fair value of investments.

Risks and Uncertainties

The Plan invested in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will have occurred in the near term and that these changes could have materially affect amounts reported in the Plan's financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, April 11, 2024, and determined there were no events that occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Note 3: INFORMATION CERTIFIED BY CUSTODIANS

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the qualified institutions.

- a) Total investments, at fair value and at contract value, included in the statements of net assets available for benefits at December 31, 2021. There were no investments at December 31, 2022.
- b) Notes receivable from participants, included in the statement of net assets available for benefits at December 31, 2021.

Rush Health Systems, Inc. Retirement Savings Plan Notes to Financial Statements

Note 3: INFORMATION CERTIFIED BY CUSTODIANS (Continued)

- c) Investment income, net depreciation in the value of investments, and interest income from notes receivable, included in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- d) All amounts included in Note 4, *Fair Value Measurement*.
- e) All amounts included in Note 5, *Investments Reported at Contract Value*.

Note 4: FAIR VALUE MEASUREMENTS

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
 - observable; or
 - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage funds: Consists primarily of publicly available common stock and mutual funds and are valued at the closing price reported on the active market on which the individual securities are traded.

Annuity funds and restricted cash equivalents held for collateral: Valued at the NAV of units held by the Plan at year end. The annuity funds are deemed not have a readily determinable fair value. Accordingly, these NAV-based annuity funds are excluded from the fair value hierarchy leveling.

Rush Health Systems, Inc. Retirement Savings Plan Notes to Financial Statements

Note 4: FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

There were no investments in the Plan at December 31, 2022. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
<i>December 31, 2021</i>				
Mutual Funds	\$ 1,029,177	\$ -	\$ -	\$ 1,029,177
Self-directed brokerage account	19,494,019	-	-	19,494,019
Investments measured at fair value	\$ 20,523,196	\$ -	\$ -	\$ 20,523,196
Investments measured at NAV (A)				8,307,808
Total investments at fair value				\$ 28,831,004

(A) Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes information related to the investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively. The investments are maintained by investment companies and hold investments in accordance with a stated set of fund objectives.

Description	December 31, 2021			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Annuity Funds	8,258,241	-	Daily	30 days
Restricted cash equivalents held for collateral	\$ 49,567	-	Daily	30 days
	<u>\$ 8,307,808</u>			

Rush Health Systems, Inc. Retirement Savings Plan Notes to Financial Statements

Note 5: INVESTMENTS REPORTED AT CONTRACT VALUE

The Plan has investments in a traditional fully benefit-responsive guaranteed investment contract with Variable Annuity Life Insurance Company (“VALIC”) totaling \$10,719,764 at December 31, 2021. During 2022, effective with the merger with Ochsner, the investments were transferred to the Ochsner Clinic Foundation 401(k) plan. VALIC maintained the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract met the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may have ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might have limited the ability of the Plan to transact at contract value with the issuer. Such events included (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allowed the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events included (1) an uncured violation of the Plan’s investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 6: TAX STATUS

The IRS has determined and informed the Company by a letter dated December 31, 2018, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Rush Health Systems, Inc. Retirement Savings Plan Notes to Financial Statements

Note 6: TAX STATUS (Continued)

Tax positions are recognized only if it is “more likely than not” that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are investment contracts and annuity funds managed by VALIC and AIG Federal Savings Bank (wholly-owned subsidiaries of Corebridge Financial, Inc.). Corebridge is the custodian and record-keeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Effective January 1, 2022, Corebridge provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Corebridge. Corebridge receives revenue from mutual fund service providers for services Corebridge provides to the funds. This revenue is used to offset certain amounts owed to Corebridge for its administrative services to the Plan.

If the revenue received by Corebridge from such mutual fund service providers exceeds the amount owed under the MSA, Corebridge remits the excess to the Plan’s trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2022, there were no excess amounts. The Plan or Company may make a payment to Corebridge for administrative expenses not covered by revenue sharing.

Note 8: PLAN TERMINATION

The Plan sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. Effective July 1, 2022, the Company entered into a merger agreement with Ochsner Clinic Foundation. Subsequent to that date, effective August 4, 2022, employer contributions to the plan ceased as the employees of Rush became employees of Ochsner and on October 24, 2022, the Plan began the trustee-to-trustee transfer process. Plan assets totaling \$31,413,770 were transferred directly to the Ochsner 401(k) Plan in a trustee-to-trustee transfer during the fourth quarter of 2022 and the Plan’s effective termination date was December 31, 2022. Due to the merger of the Plan with and into the Ochsner 401(k) Plan, unvested amounts in participant accounts were transferred to the Ochsner 401(k) Plan and subject to the same vesting schedule as described in these notes
