Independent Auditors' Report

The Plan Administrator
Family Tree Service, Inc. Retirement Savings Plan

Opinion on the 2022 Financial Statements

We have audited the accompanying financial statements of Family Tree Service, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of (1) Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and (2) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

The Plan Administrator
Family Tree Service, Inc. Retirement Savings Plan
Page 3

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter — Auditor's Report on the 2021 Financial Statements

We performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, our audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. In our report dated February 8, 2023, we indicated that in our opinion (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Family Tree Service, Inc. Retirement Savings Plan

Notes to Financial Statements
December 31, 2022

1. Description of Plan

The following description of Family Tree Service, Inc. Retirement Savings Plan (the "Plan") is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Family Tree Service, Inc. (the "Company") established the Plan effective as of January 1, 2021. The Plan consists of an employee stock ownership component ("ESOP") and a contributory 401(k) component. Under the Plan, participants have the opportunity to defer a portion of their compensation into the 401(k) component and the Company may make contributions to both the profit sharing and ESOP components of the Plan. Amounts contributed by the Company to the profit sharing component may be transferred to the ESOP component, which is invested primarily in company stock. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended ("IRC"), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company (collectively "Principal") are the custodians of the Plan.

Beginning January 1, 2018, the Company sponsored and maintained the Family Tree Service, Inc. 401(k) Plan (the "Merged Plan"). Effective December 1, 2020, Family Tree Resource, Inc. became a participating employer in the Merged Plan. The ESOP will not be a shareholder of Family Resource, Inc. The Merged Plan was merged into the Plan effective August 24, 2021 (the "Merger Date") with assets, amounting to \$518,553, being transferred on September 3, 2021. Family Tree Resource, Inc. ceased to be a participating employer in the Merged Plan immediately prior to the Merger Date.

On September 30, 2021, the Plan's trust purchased 518,837 shares of common stock at \$0.22 with an aggregate value of \$114,166. The purchase was funded by a combination of a \$85,625 transfer of certain funds from prior employer contributions to the Plan from the accounts of select Plan participants, and a loan (see Note 11) from the Company to the Plan of approximately \$28,541. The loan has a 25-year term and carries interest at 1.73% which amortizes with level annual payments. Following the purchase, the Plan owns 100% of the outstanding common stock of the Company.

The borrowing is collateralized by the unallocated shares of Company common stock. The Company has no rights against shares of Company common stock once allocated to participants in accordance with terms of the ESOP. Accordingly, the financial statements of the Plan as of and for the year ended December 31, 2022, present separately the assets and liabilities and changes therein pertaining to:

- (a) the accounts of participants with rights in allocated Company common stock; and
- (b) Company common stock not yet allocated to participants (unallocated).

1. Description of Plan (*continued*)

ESOP Component

Eligibility

An employee becomes eligible to participate in the ESOP component on behalf of each eligible employee who is eligible for the 401(k) component, completes a year of service during the plan year, and is employed as of the last day of the plan year. However, a participant who terminates employment with the Company during the plan year due to normal retirement, disability, or death does not have to complete a year of service or be employed on the last day of the plan year to be eligible for the ESOP contribution.

Contributions

The Company will make contributions to the Plan in an amount to enable the Plan to make its regularly scheduled payments of principal and interest due on the loan. ESOP contributions made in the form of Company common stock and Company common stock transferred to the released and unallocated account shall be allocated to the ESOP accounts in proportion to each eligible participant's compensation for the plan year. The shares so allocated shall have a fair market value as determined by an independent appraiser. Allocations to participants within each ESOP account shall be made pursuant to the terms of the Plan.

Such contributions are remitted to Principal and are invested in Company common stock, to the extent Company common stock is available. A qualified participant, as defined in the plan document, may elect to diversify a portion of allocated Company common stock in accordance with the Plan (see Diversification Section). Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

For the years ended December 31, 2022 and 2021, the Company made a non-elective contribution to the Plan in the amounts of 2.35% and 3% of a participant's eligible compensation, which amounted to \$48,582 and \$109,185. In addition, no contributions were made in 2022 and 2021 to pay the Company loan payable.

Participant Accounts

Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Those participants who are eligible employees of the Company as of the last day of the plan year and complete a year of service will receive an allocation. Participants who terminate employment during the plan year due to normal retirement, death or disability do not have to be employed on the last day of the plan year or complete a year of service to receive an allocation. Normal retirement is age 65. Allocations are based on a participant's eligible compensation relative to total eligible compensation of all eligible participants in the Plan. Forfeitures of terminated nonvested account balances allocated to remaining participants at December 31, 2022 and 2021 totaled \$0. Plan earnings (losses) are allocated to each participant's account based on the ratio of the participant's account balance to the total of all participant account balances in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ESOP Component (continued)

Vesting

Vesting in the Company's nonelective ESOP contribution is based on years of continuous service. Participants are 100% vested on a graduated schedule after six years of credited service and upon plan termination, the occurrence of normal retirement age, death or disability while actively employed.

<u>Years of Service</u>	<u>Vesting %</u>

Payment of Benefits

Distributions on account of death, disability, or normal retirement commence in the plan year following the event. Distributions for other separations from service generally commence in the sixth plan year following the separation from service and are made in annual installments over a period not to exceed the greater of (i) five (5) years, or (ii) in case of a participant with an account balance greater than \$1,230,000 and \$1,165,000 for 2022 and 2021, five (5) years plus one year for each \$245,000 for 2022 and \$230,000 for 2021 that the balance exceeds \$1,230,000 for 2022 and \$1,165,000 for 2021. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in cash.

The Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations.

Diversification

Diversification is offered to certain participants so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage increases to 50 percent. The election to diversify is made subsequent to year-end based upon the shares of Company common stock in the participant's account at year-end and no participant may elect to reinvest if the fair market value of their account is \$500 or less.

ESOP Component (continued)

Voting Rights

All Company common stock held by the Plan will generally be voted by the trustee. A participant shall be entitled to direct the trustee to exercise any voting rights attributable to stock allocated to their ESOP account with respect to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all of the assets of a trade or business, or other similar transaction. Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account in the limited circumstances set forth above and will be notified by the Plan's trustee prior to the time that such rights are to be exercised. In the limited circumstances set forth above, the Plan's trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The Plan's trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

Put Option

Federal income tax regulations require that Company common stock that is held by the Plan and its participants and is not readily traded on an established market, or is subject to trading limitations, include a put option. The put option is a right to demand that the Company buy any shares of its common stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately receive cash.

401(k) Component

Eligibility

To be eligible for the 401(k) component of the Plan, an employee must complete six months of service and obtain the age of 18. Entry into the Plan occurs on the first day of the month immediately following the completion of the eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of their eligible compensation on a pre-tax or Roth basis, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the statutorily permitted amount. There is an annual limit as to the amount that can be deducted from compensation that is determined by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

1. Description of Plan *(continued)*

401(k) Component (continued)

Contributions (continued)

The Company makes a safe harbor non-elective contribution on behalf of each eligible participant in an amount equal to 3% of their eligible compensation. For the year ended December 31, 2022, the Company made a safe harbor non-elective contribution of \$94,022. In 2021, the Company made a safe harbor non-elective contribution in an amount equal to 100% on the first 3% of their eligible compensation deferred plus 50% of the next 2% of their eligible compensation deferred, not to exceed 4% of their eligible compensation deferred. For the year ended December 31, 2021, the Company made a safe harbor non-elective contribution of \$8,937.

Participants direct the investment of all 401(k) contributions into the various investment options offered by the Plan, excluding the Company common stock. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings (losses). Allocations are based on a participant's earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant is 100% vested in their contributions, rollover contributions, safe harbor contributions plus allocated earnings thereon at all times.

Notes Receivable from Participants

Participants may borrow from their 401(k) accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance (excluding the ESOP component of their account). Participants cannot borrow from the ESOP component of their accounts. The maximum number of loans allowed to be outstanding at any one time is two. The Plan requires loans be repaid over a period not to exceed five years from the date of the loan. The loans are secured by the balance in the participant's account. Interest on the loans will be at a rate determined by the plan administrator with consideration of interest rates currently being charged on similar commercial loans by persons in the business of lending money. Principal and interest is paid ratably through payroll deductions. Loans become immediately due and payable upon a participant's termination of employment.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount or installment payments equal to the value of his or her vested account. Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial need.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$0. These accounts will be used to restore forfeitures, reduce Company contributions or to pay Plan expenses. For the years ended December 31, 2022 and 2021, no forfeitures were used to reduce Plan expenses and none were used to restore a participant's account or to reduce Company contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the net asset value ("NAV") per share as a practical expedient are not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of the Company's common stock are determined annually by an independent appraiser. The common/collective trusts are valued at the NAV of units held by the Plan. The NAVs, as provided by the trustees, are used as a practical expedient to estimate fair value. The NAVs are based on the fair value of the underlying investments held by the funds less their liabilities. The practical expedient is not used when it is determined to be probable that a fund will sell the investment for an amount different than the reported NAV. Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. The mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily NAV and to transact at that price. The mutual funds are deemed to be actively traded. The pooled separate account is reported at the value reported to the Plan by the insurance company, which represents the fair value of the underlying investments comprising the account.

2. Summary of Significant Accounting Policies (*continued*)

Investment Valuation and Income Recognition (continued)

The group annuity contract is valued at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases making loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation (depreciation) in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is April 17, 2024.

3. Information Certified (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule Assets (Held at End of Year) including investments at December 31, 2021, and net appreciation (depreciation) in fair value of investments and interest and dividends for the year then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and Principal Life Insurance Company, qualified institutions.

	<u>\$ 13,544</u>	<u>\$ -</u>	<u>\$ 526,663</u>	<u>\$ 5,101,154</u>	<u>\$ 5,641,361</u>

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

The group annuity contract is stated at contract value, which amounted to \$40,199 and \$0 at December 31, 2022 and 2021.

The Plan's investment in Company common stock at December 31, 2022 and 2021 is as follows:

	2022		2021	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	399,581.79	119,355.61	394,392.42	124,544.99

Estimated fair value	\$ 21,173,839	\$ 6,324,654	\$ 3,876,877	\$ 1,224,277

The fair value of Company common stock was \$52.99 and \$9.83 per share at December 31, 2022 and 2021, respectively.

Family Tree Service, Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2022

4. Investments (*continued*)

The Company common stock is valued based on unobservable inputs as observable inputs are not available. The valuation methodology used to determine the fair value of Company common stock is based upon an appraisal which was based upon consideration of a weighted average model which incorporates income approach, market approach value and an asset approach. The weighted method used by the appraiser included discounted cash flow, guideline public company and guideline merger and acquisition methods. The valuation process involves the selection of an appraiser under terms of a contract. Company management accumulates the data for the appraiser from historical and projected financial information of the Company. The appraiser prepares a report of estimated per share value that a participant will receive upon distribution. The trustee reviews and approves the valuation report.

At December 31, 2022 and 2021, the Plan's investments primarily consisted of Company common stock which amounted to \$27,498,493 and \$50,101,154, respectively.

5. Common/Collective Trusts

The Plan offers common/collective trusts called Principal LifeTime Hybrid Funds ("Funds"). These funds include: the Principal LifeTime Hybrid 2020 CIT Z Fund; the Principal LifeTime Hybrid 2030 CIT Z Fund; the Principal LifeTime Hybrid 2035 CIT Z Fund; the Principal LifeTime Hybrid 2040 CIT Z Fund; the Principal LifeTime Hybrid 2050 CIT Z Fund; the Principal LifeTime Hybrid 2055 CIT Z Fund; the Principal LifeTime Hybrid 2060 CIT Z Fund; the Principal LifeTime Hybrid 2065 CIT Z Fund. The unit value of each of these Funds is determined on a daily basis. Units are issued and redeemed at their unit value. Net investment income and realized and unrealized gains and losses on investments are not distributed to participants but are reflected in the unit value. The common/collective trusts have no unfunded commitments at December 31, 2022 and 2021.

6. Group Annuity Contract

The Principal Fixed Income Guaranteed Option (the "PFIGO") is a guaranteed general account backed group annuity contract issued by Principal Life Insurance Company. Because the PFIGO is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the PFIGO.

A rate of interest is contractually guaranteed by Principal Life Insurance Company and is credited to participant's account balance. This net crediting rate is after the deduction of 0.65% for fees for administrative and record-keeping services provided to the Plan. The rate is reset on a semiannual basis.

Family Tree Service, Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2022

6. Group Annuity Contract (*continued*)

Benefit payments are made at contract value (i.e. no market value adjustments or surrender charge adjustments) for plan benefit events including: retirement, death, disability, termination of employment, loans, withdrawals, or Plan termination. An employer level liquidation or employer initiated transfer of the Plan's interest in the PFIGO will be subject to either a 12-month advance notice or a 5% surrender charge, whichever the Employer chooses. Notification of the Plan's intent to terminate its interest may be revoked within 90 days of the receipt of such notice, after which time, the notice becomes irrevocable. A 5% surrender charge will also apply if the cumulative percentage of participant transfers from the PFIGO exceeds \$50,000 and the cumulative investment transfer percentage exceeds 25% of the Plan's interest in the contract during the 12-month period immediately preceding the Employer-level surrender of the Plan's interest in the contract. If this scenario occurs, the surrender charge will be billed to the Employer.

The credit risk of the issuer, Principal Life Insurance Company, was evaluated by nationally recognized statistical rating agencies as follows: Moody's Investors Service (A1 as of May 2023), Standard and Poor's (A+ as of May 2023), A.M. Best Company (A+ as of May 2023), and Fitch (AA- as of May 2023).

7. Exempt Party-in-Interest Transactions

The Plan's investment in Company common stock qualifies as a party in interest transaction. Certain investments of the Plan are managed by an affiliate of Principal Trust Company. Principal Trust Company is the custodian of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

8. Non-exempt Party-in-Interest Transactions

During 2022, certain participant's contributions and loan repayments totaling \$8,526 were remitted by the Employer to the custodian later than required by Department of Labor Regulation 2510.3-102. Pursuant to the guidance by the Department of Labor, lost earnings were calculated and contributed to the Plan by the Employer for these delinquent contributions. The amount was allocated to the affected participants as part of the correction process in October 2023.

9. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

Family Tree Service, Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2022

9. Plan Termination (*continued*)

Upon termination of the Plan, the Company shall direct the Plan's trustee to pay all liabilities of the trust fund and to sell shares of financed stock held in the loan suspense account to the extent it determines such sale to be necessary to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the plan terms and the IRC.

10. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Plan by a letter dated May 25, 2023, that the Plan is designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently being operated in accordance with applicable sections of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

11. Loan Payable

In September of 2021, the Plan entered into a \$28,541 loan agreement with the Company. The proceeds of the loan were used to purchase shares of the Company's common stock. Unallocated shares are collateral for the loan. The Plan uses the principal and interest method for determining the release of Company common stock from unallocated investments over a 24-year period. During 2022, 5,189.37 shares were allocated to participants at a value of \$274,985. During 2021, 5,189.37 shares were allocated to participants at a value of \$51,011. The loan balance at December 31, 2022 and 2021 was \$26,344 and \$28,541. The interest rate is 1.727% and is payable annually.

The scheduled amortization of the loan for the next five years and thereafter is as follows:

Years ending December 31:		
2023	\$	942
2024		958
2025		975
2026		992
2027		1,009
Thereafter		21,468
	\$	<u>26,344</u>

12. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
