Required Communications Regarding Our Audit Strategy & Approach (AU-C 260)

Overview & Responsibilities

Matter	Discussion
Section 103(a)(3)(C) – 29 CFR 2520.103-8	Management has elected to have the audits of the Plans' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. An audit performed in accordance with ERISA Section 103(a)(3)(C) does not extend to any statements or information related to assets held for investment of the Plans (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised, and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Management has determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. Management has also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.
Purpose	The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.
Scope of Our Audits	This report covers audit results related to your financial statements: • As of and for the year ended December 31, 2022 • Conducted in accordance with our contract dated June 19, 2023

Matter	Discussion
Our Responsibilities	FORVIS is responsible for forming and expressing an opinion about whether the financial statements that have been prepared by management, with the oversight of those charged with governance, are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).
Audit Scope & Inherent Limitations to *Reasonable Assurance*	An audit performed in accordance with auditing standards generally accepted in the United States of America (GAAS) is designed to obtain reasonable, rather than absolute, assurance about the financial statements. The scope of our audit tests was established in relation to the financial statements taken as a whole and did not include a detailed audit of all transactions.
Extent of Our Communication	In addition to areas of interest and noting prior communications made during other phases of the engagement, this report includes communications required in accordance with GAAS that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process, including audit approach, results, and internal control. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.
Independence	The engagement team, others in our firm, as appropriate, and our firm, have complied with all relevant ethical requirements regarding independence.
Your Responsibilities	Our audits do not relieve management or those charged with governance of your responsibilities. Your responsibilities and ours are further referenced in our contract.
Distribution Restriction	This communication is intended solely for the information and use of the following and is not intended to be, and should not be, used by anyone other than these specified parties: • Management, Finance Committee, Plan Administrator • Others within the Plans

Other Documents Containing Audited Financial Statements

The Plans' audited financial statements are included in the Form 5500s, *Annual Return/Report of Employee Benefit Plan*, filed with the Department of Labor Employee Benefits Security Administration. As part of our procedures, we read the draft Form 5500s that are substantially complete to determine if financial information discussed in sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention and review subsequent revisions.

Our responsibility also includes communicating to you any information we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

Required Communications Regarding Internal Control (AU-C 265)

Consideration of Internal Control Over Financial Reporting

In planning and performing our audits of the financial statements of the Plans as of and for the year ended December 31, 2022, in accordance with GAAS, we considered the Plans' internal control over financial reporting (internal control).

This consideration served as a basis for designing our audit procedures that are appropriate in the circumstance for the purpose of expressing our opinion on the financial statements.

However, this consideration was **not** for the purpose of expressing an opinion on the effectiveness of the Plans' internal control.

Accordingly, we do not express an opinion on the effectiveness of the Plans' internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

Categorizing Deficiencies by Severity

Deficiency

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis.

Significant Deficiency

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Material Weakness

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that material misstatements of the Plans' financial statements will not be prevented or detected and corrected on a timely basis.

Identified Deficiencies

We identified certain deficiencies in internal control that we consider to be a material weakness and deficiencies.

Material Weakness

Untimely Contributions Remittance

The Department of Labor's regulations require participant contributions to be deposited in the Goodwill of Western Missouri & Eastern Kansas 403(b) Plan as soon as they are segregated from the Company's assets, but in no event later than the 15th business day of the month following the pay date. During 2022, we noted several instances where the remittance was not deposited as soon as administratively feasible resulting in prohibited transactions. The 403(b) Plan has also not corrected prior years untimely contributions by contributing lost earnings to participants. Total untimely contributions and loan repayments for 2022, including prior years, was $489,636. We recommend the plan sponsor develop internal controls over the payroll cycle that ensure participant salary deferral contributions are remitted to the Plan timely. We also recommend the plan sponsor work with their third-party administrator to correct all late remittances by calculating and remitting lost earnings to participants.

Deficiencies

Monitoring Plan Activity

Plan management does not have formal documentation processes for the review of monthly plan financial information, quarterly review of investment statements, loans, census files, SOC 1 Report and other control processes. We recommend formal reviews of monthly or quarterly plan activity. These controls, if implemented, would also help ensure that another individual is adequately informed about, and involved in, decisions affecting the Plans' financial statements.

Supporting Documentation

The plan sponsor does not maintain supporting documentation for employee pay rate increases, matching policy on employee deferrals within the 403(b) Plan and employee elections to not participate in the 403(b) Plan. We recommend the plan sponsor maintain all documentation surrounding plan operations as support for the accuracy of census data and employee deferral elections. We recommend plan management establish procedures such that upon initial eligibility for participation, those employees that elect not to enroll in the Plan complete a negative enrollment form. This would assist in protecting the Plan from accusations that eligible employees were not given the chance to participate and any financial consequences that may result from such accusations.

Nondiscrimination and Compliance Testing

During the audits, we noted required compliance testing had not yet been completed for December 31, 2022. While management does not expect to have any failures within the testing, we recommend all compliance testing be completed prior to filing the Form 5500.

Miscalculation of Contributions

During audit procedures performed, it was discovered that certain employer contributions within the Helping Hand of Goodwill Industries Extended Employment Sheltered Workshop Retirement Plan were contributed twice for certain participants at one of the locations. The total amount of the over contribution to participants was $1,136. We recommend plan management review procedures for calculating and remitting contributions to properly account and contribute employer contributions to participants in the future.

Missed Loan Repayments

During audit procedures performed, it was discovered that a participant's loan was in default due to the plan management missing the notification and being unaware of the loan. FORVIS recommends that plan management work with the third-party administrator to update the participant's loan status and determine the amount of any corrective contributions needed.

Other Matters

Although not considered material weaknesses, significant deficiencies, or deficiencies in internal control over financial reporting, we also observed other matters and offer these comments and suggestions with respect to matters which came to our attention during the course of the audits of the financial statements. Our audit procedures are designed primarily to enable us to form an opinion on the financial statements and, therefore, may not bring to light all weaknesses in policies and procedures that may exist.

However, these other matters are offered as constructive suggestions for the consideration of management as part of the ongoing process of modifying and improving financial and administrative practices and procedures.

We can discuss these matters further at your convenience and may provide implementation assistance for changes or improvements.

Formal Investment Policy for the Plans

We noted the Plans did not have a formal investment policy. We recommend the development of a formal investment policy to assure that investments are according with long-term goals established by management and governance.

SECURE Act 2.0

The *Setting Every Community Up for Retirement Enhancement Act 2.0* was passed on December 29, 2022. Better known as "**SECURE 2.0**", this sweeping legislation has a significant impact on individuals planning for retirement as well as plan administrators. Certain changes are effective in 2023 while other provisions are phased in over the next several years.

Nearer term provisions of the SECURE 2.0 Act impacting qualified retirement plans:

- **Student Loan Payments & Matching Contributions –** In an effort to allow those paying down student debt to also save for retirement, the SECURE 2.0 Act allows an employee to receive available matching contributions by way of paying down student loan debt. Employers are permitted to make matching contributions under 401(k), 403(b) or SIMPLE IRAs with respect to "qualified student loan payments." This provision will generally begin in 2024.
- **Elimination of Required Minimum Distributions (RMDs) for Roth 401(k) Plans –** Roth 401(k) owners will no longer be required to take RMDs from those accounts beginning in 2024. Roth IRAs continue to have no RMD requirements.
- **Early Withdrawals –** Currently, withdrawals from retirement plans prior to age 59½ are subject to a 10 percent penalty on top of any income tax due on the withdrawal. Starting in 2024, the legislation allows for certain exceptions (with limitations) to be exempt from the additional penalty:
    - Terminally ill account holders (some administrative questions are an issue including if self-certification is allowed)
    - Domestic abuse survivors (self-certification allowed)
    - Payment of specific types of long-term care policy premiums
    - Survivors of federally declared disasters
- **Increase in Mandatory Cash Out Limit –** Effective in 2024, the mandatory cash out amount will increase from $5,000 to $7,000. This is an optional provision but should help employers manage the number of terminated participants in the Plan.
- **Roth Employer Matching Contributions –** Participants may now elect for their employer matching contributions to be on a Roth basis. There are many procedural questions regarding the administrative challenges of updating payroll systems to handle the payroll tax implications of this type of arrangement. This provision is effective in 2024.

- **Roth Catch-Up Contributions –** Beginning in 2026, certain highly-compensated employees will be required to have their catch-up contributions classified as Roth contributions.
- **Employee Self-Certification of Hardships –** Participants are allowed to self-certify their hardship to qualify for a hardship withdrawal. This provision is effective for plan years beginning after the date of the enactment of SECURE 2.0.
- **Emergency Savings Provision –** One of the most impactful changes is the provision that is effective January 1, 2024, which allows employers to establish retirement plan linked emergency savings accounts for non-highly compensated employees. Employers will be able to automatically enroll participants up to a 3 percent participant Roth contribution (maximum limit of $2,500). Employers could elect to set the maximum contribution at a lower dollar amount. Employers may also match the contributions (subject to the same $2,500 cap); however, those contributions would have to flow into their retirement account and not the account for the emergency fund. Participants are limited to four withdrawals within a calendar plan year. Upon separation of service, the benefits are not taxable given their Roth nature.
- **Improved Self Correction of Auto Enrollment Errors –** Starting in 2024, plan sponsors are given more flexibility to correct errors. Plan management will have up to 9.5 months after the end of the year when the error occurred to correct the issue. The update also extends to auto-increase provisions as well.
- **De Minimis Financial Incentives –** Employers can incentivize participants to enroll in retirement plans with gift cards. Employers will need to assess the impact of the incentives on their plan's definition of eligible compensation. This feature is essentially effective in 2023.

Provisions of the SECURE 2.0 Act that impact plan sponsors further down the road (2025 or later):

- **Increased Catch-Up Contributions for Ages 60-63 –** Beginning in 2025, older 401(k) and 403(b) plan participants will be able to contribute more to their plan in catch-up contributions. The amount will be limited to $10,000 or half of the catch up limit for that applicable year. The catch-up contribution limit in 2023 for all other 401(k) and 403(b) participants over age 50 is $7,500.
- **Auto Enrollment / Auto Increase Required for New Plans –** Starting in 2025, new 401(k) and 403(b) plans will be required to automatically enroll new participants in a range of 3-10 percent, including an auto-increase provision of 1 percent per year up to a cap of 10-15 percent. **Existing plans as well as smaller employers will be grandfathered and not required to make this change.**
- **Department of Labor (DOL) System for Lost Participants –** The DOL is essentially establishing a database for plan participants who have lost track of their retirement savings at various employers to identify the contact person at the applicable plan sponsor or third-party administrator. The goal is for this system to be up and running by the end of 2024.
- **Long-Term Part-Time (LTPT) Employee Participation –** As a follow up to the initial SECURE legislation, the LTPT guidance has been reduced from three years of having 500 hours of service to two years. As this provision only applies to employee deferrals, many employers may loosen up their eligibility requirement but will also need to assess certain excludable employees and whether they should be included as a plan participant.

This legislation is expected to create an additional burden on those in human resources to determine the additional administrative requirements triggered by this Act. Plan amendments generally need not be made until the end of the first plan year beginning on or after January 1, 2025. We would encourage you to consult with your third-party administrator and/or your ERISA legal counsel to amend your plans appropriately for this legislation.

The undersigned ("We") are providing this letter in connection with FORVIS' audits of the financial statements of Goodwill of Western Missouri & Eastern Kansas 403(b) Plan and Helping Hand of Goodwill Industries Extended Employment Sheltered Workshop Retirement Plan (the Plans) as of and for the years ended December 31, 2022 and 2021, and supplemental schedules as of and for the year ended December 31, 2022.

Our representations are current and effective as of the date of FORVIS' report: October 16, 2023.

Our engagement with FORVIS is based on our contract for services dated: June 19, 2023.

Our Responsibility & Consideration of Material Matters

We confirm that we are responsible for the fair presentation of the financial statements subject to FORVIS' report in conformity with accounting principles generally accepted in the United States of America and for the fair presentation of the accompanying supplemental schedules in conformity with the Department of Labor's Rules and Regulations under the *Employee Retirement Income Security Act of 1974* (ERISA).

We are also responsible for adopting sound accounting policies; establishing and maintaining effective internal control over financial reporting, operations, and compliance; and preventing and detecting fraud.

We elected to have the audits of the Plans' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audits did not extend to any statements or information related to assets held for investment of the Plans (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and, that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

Confirmation of Matters Specific to the Subject Matter of FORVIS' Report

We confirm, to the best of our knowledge and belief, the following:

Therefore, we believe that the 403(b) Plan was qualified and was tax-exempt as of the financial statement.

However, we believe that the 401(a) Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. 15. As applicable, we have complied with the Department of Labor's regulations concerning the services provider fee disclosures in accordance with Sec. 408(b)(2).

16. We understand the values of the assets and liabilities recorded in the financial statements could change rapidly, resulting in material future adjustments to investment values that could negatively impact the Plans. We acknowledge that you have no responsibility for future changes caused by the current economic environment and the resulting impact on the Plans' financial statements. Further, the Plan Sponsor is solely responsible for all aspects of managing the Plans, including questioning the quality and valuation of investments.

17. Goodwill of Western Missouri & Eastern Kansas is an exempt organization under Section 503(c)(3) of the Internal Revenue Code. Any activities of the organization or any related entities of which we are aware that would jeopardize the organization's tax-exempt status have been disclosed to you.

18. Regarding the 403(b) Plan, to the best of our knowledge and belief, the net assets available for plan benefits as of December 31, 2022 and 2021 represent all assets relevant to the Plan and there are no assets that have been improperly excluded.

19. We have evaluated whether there are conditions or events known or reasonably knowable, considered in the aggregate, that raise substantial doubt about the Plans' ability to continue as a going concern within one year of the date of this letter without consideration of potential mitigating effects of management's plans not yet fully implemented and concluded substantial doubt **does not exist**.

Another party is also a related party if it can significantly influence the management or operating policies of the transacting parties or if it has an ownership interest in one of the transacting parties and can significantly influence the other to an extent that one or more of the transacting parties might be prevented from fully pursuing its own separate interests.

The term affiliate refers to a party that directly or indirectly controls, or is controlled by, or is under common control with, the Plans.

28. We have disclosed to you all known instances of violations or noncompliance or possible violations or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements or as a basis for recording a loss contingency.

33. With regard to supplementary information:

    a. We acknowledge our responsibility for the presentation of the supplementary information, including its form and content in conformity with relevant regulatory requirements or other applicable criteria.

    b. We believe the supplementary information is fairly presented, both in form and content, in accordance with relevant regulatory requirements or other applicable criteria, in material respects.

    c. The methods of measurement and presentation of the supplementary information are unchanged from those used in the prior period and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the supplementary information.

    d. We believe the significant assumptions or interpretations underlying the measurement and/or presentation of the supplementary information are reasonable and appropriate.

    e. The supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

34. All transactions have been recorded in the accounting records and are reflected in the financial statements.

Receivables

40. Adequate allowances have been accrued for any material losses from uncollectible receivables.

Estimates

41. We have identified all accounting estimates that could be material to the financial statements, and we confirm the appropriateness of the methods and the consistency in their application, the accuracy and completeness of data, and the reasonableness of significant assumptions used by the Plan in making the accounting estimates, including those measured at fair value reported in the financial statements.

42. Significant estimates that may be subject to a material change in the near term have been properly disclosed in the financial statements. We understand that "near term" means the period within one year of the date of the financial statements. In addition, we have no knowledge of concentrations, which refer to volumes of loans, investments, or deposits, existing at the date of the financial statements that would make the Plans vulnerable to the risk of severe impact in the near term that have not been properly disclosed in the financial statements.

Fair Value

43. With respect to the fair value measurements of financial assets, recognized in the financial statements or disclosed in the notes thereto:

a. The underlying assumptions are reasonable and they appropriately reflect management's intent and ability to carry out its stated course of action.

b. The measurement methods and significant assumptions used in determining fair value are appropriate in the circumstances for financial statement measurement and disclosure purposes and have been consistently applied.

c. The significant assumptions appropriately reflect market participant assumptions.

d. The disclosures related to fair values are complete, adequate, and in conformity with U.S. GAAP.

e. There are no subsequent events that require adjustments to the fair value measurements and disclosures included in the financial statements.

44. The 403(b) Plan is subject to multiple nondiscrimination and compliance tests. The nondiscrimination and compliance tests have not been completed for the year ended December 31, 2022.
