Plan Administrator
Harc, Inc. Union Employees 401(k) Plan
Hartford, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Harc, Inc. Union Employees 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from Voya Retirement Insurance and Annuity Company, (a custodian for the period July 1, 2021 through June 30, 2023) and Reliance Trust Company, (the trustee for the period January 1, 2023 through June 30, 2023), stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report (continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Harc, Inc. Union Employees 401(k) Plan to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditors' Report (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditors' Report (continued)

Other Matter - Supplemental Schedule Required by ERISA

The Supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of June 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Harc, Inc. Union Employees 401(k) Plan

Notes to Financial Statements

Years Ended June 30, 2023 and 2022

1. Description of Plan

The following description of the Harc, Inc. Union Employees 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established to provide retirement benefits for employees of Harc, Inc. (the Organization). There are no minimum requirements for employees to contribute to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On January 1, 2023, the Organization switched payroll providers as well as recordkeepers to ADP, Inc. and trustees to Reliance Trust Company.

Plan Restatement

The Plan was restated effective July 15, 2021 in order to comply with legislative and regulatory changes. There were no significant changes in Plan provisions as a result of the restatement.

Contributions

Participants may contribute up to 100% of compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect otherwise. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation, and their contributions are invested in a designated fund until changed by the participant. The Organization contributes 50% of the first 6% of compensation that a participant contributes to the Plan. In addition, the Organization may make additional profit-sharing contributions at the discretion of the Board of Directors.

For the year ended June 30, 2023, the Board of Directors approved discretionary nonelective profit-sharing matching contributions of \$973,303. For the year ended June 30, 2022, the Board of Directors elected not to make discretionary nonelective profit-sharing matching contributions. All contributions are subject to certain limitations imposed by the Plan and the Internal Revenue Code (IRC).

Harc, Inc. Union Employees 401(k) Plan
Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Organization contributions, and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations of Organization contributions, investment income and administrative expenses are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Investment Options

Participants may direct their contributions into any of the funds offered by the Plan. These funds include a variety of investment options with various objectives and degrees of financial risk.

Vesting

Participants are immediately vested in their deferral and rollover contributions, including the earnings on those amounts. Vesting in the Organization contributions portion of their accounts is based on years of continuous service. Participants are fully vested in employer contributions upon the completion of five years of service. Participants are also fully vested upon reaching normal retirement age, death or total disability.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of their vested account balance. Loan terms range from one to five years, except for loans to purchase a primary residence, which may be offered over a term of up to 30 years. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator. The notes currently bear interest at rates ranging from 4.25% to 9.25%. Participants may only have two loans outstanding at any given time. Generally, principal and interest are paid ratably through payroll deductions.

Harc, Inc. Union Employees 401(k) Plan
Notes to Financial Statements (continued)

1. Description of Plan (continued)

Payment of Benefits

Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total value of their vested account. Distributions will be paid in a lump sum, as defined in the Plan or the IRC. If a participant terminates employment for any reason their vested account balance does not exceed \$1,000, the Plan administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant.

The Plan also provides for in-service withdrawals by participants who have attained the age of 59½. Upon financial hardship, a participant is entitled to the value of their deferral accounts, but not the earnings thereon, which is payable immediately in a lump-sum distribution.

Forfeitures

Forfeitures of employer contributions are used to reduce the Organization's administrative expense or reduce future employer contributions. Forfeited nonvested discretionary matching accounts totaled \$10 and \$34,276 at June 30, 2023 and 2022, respectively. For the year ended June 30, 2023, forfeited nonvested accounts of \$51,390 were used to reduce Organization contributions and to pay administrative expenses. For the year ended June 30, 2022, no forfeited nonvested accounts were used to reduce Organization contributions or used to pay administrative expenses.

Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for various investment options in any combination of shares of mutual funds under pooled separate accounts, registered investment companies, a collective trust, and a guaranteed investment contract with various investment objectives. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

With the exception of the Plan's investment in the Voya Fixed Account, the Plan's investments are stated at fair value. Shares of mutual funds under pooled separate accounts and collective trusts are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Shares of mutual funds under registered investment companies are stated at fair value.

The Plan's guaranteed investment contract (the Voya Fixed Account) is fully benefit-responsive and accounted for in accordance with Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 962 (ASC 962), Reporting of Fully Benefit-Responsive Contracts Held by Certain Investment Companies.

As required by ASC 962, as updated by Accounting Standards Update (ASU) No. 2015-12, the Statement of Net Assets Available for Benefits presents the contract value of the investments in the Voya Fixed Account. The Statement of Changes in Net Assets Available for Benefits is also prepared on a contract value basis for the investment in the Voya Fixed Account.

Upon the switch in providers from Voya Retirement Insurance and Annuity Company (Voya) to Reliance Trust Company, trustee, effective January 1, 2023, the Plan's Voya Fixed Account which is maintained at Voya and will be transferred to Reliance Trust Company over a five-year period in six installments (see Note 5). As of June 30, 2023, balances transferred from Voya to the Reliance Trust Company collective trust totaled \$47,640.

Contract value represents guaranteed principal plus the minimum guaranteed interest. The market interest rate credited is determined monthly, however the guaranteed minimum floor rate is determined on an annual basis and will not drop below that rate. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value less certain surrender charges.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

The Plan presents in the Statements of Changes in Net Assets Available for Benefits the net appreciation in fair value of investments, which consists of undistributed realized gains and losses and unrealized appreciation on these investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits to participants are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Organization. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Information Prepared and Certified by Custodian and Trustee

Information presented in the accompanying statements as of and for the years ended June 30, 2023 and 2022 and schedule as of June 30, 2023, for investments and investment income (net appreciation (depreciation) in fair value of investments, interest and dividends, etc.) was derived, without audit, from information certified to be complete and accurate by Voya, a custodian, for the period July 1, 2021 through June 30, 2023, and Reliance Trust Company, the trustee, for the period January 1, 2023 through June 30, 2023, as permitted by the election made by the Plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

The Plan follows Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* (ASC 820), for all financial assets and liabilities and nonfinancial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC 820 defines fair value, establishes a fair value hierarchy, and expands disclosures about fair value measurements.

ASC 820 defines fair value as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability.

The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity. In addition, the fair value of liabilities should include consideration of non-performance risk including the Plan's own credit risk.

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2 - Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 - Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The following is a description of the valuation methodologies used for investments measured at fair value:

Registered Investment Companies

Registered investment company accounts primarily include mutual funds that are valued based upon quoted prices on national securities exchanges (Level 1).

Harc, Inc. Union Employees 401(k) Plan
Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Pooled Separate Accounts

Pooled separate accounts are valued based upon the units of such pooled separate accounts held by the Plan at year end multiplied by the respective unit value. As of June 30, 2023 and 2022, pooled separate accounts held by Voya are valued at their “accumulation unit value” (AUV). These are valued daily as the number of accumulation units held multiplied by the AUV. The AUV is determined daily based on the net asset value of shares of the underlying fund, the fund’s dividends and the contract’s separate account charges. Investments in the pooled separate accounts are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and in accordance with Subtopic 820-10 have not been classified in the fair value hierarchy.

Due to the nature of the pooled separate accounts discussed above, there are no unfunded commitments or redemption restrictions.

Collective Trusts

Collective trust assets are valued at the Net Asset Value (NAV) of units in the collective trust. The NAV, as provided by Reliance Trust Company, is used as a practical expedient to estimate fair value, and in accordance with Subtopic 820-10, have not been classified in the fair value hierarchy. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Generally, contributions to and withdrawals from the fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants’ accounts are charged or credited with the number of units properly attributable to each Participant.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no transfers between levels of investments during the years ended June 30, 2023 and 2022.

Harc, Inc. Union Employees 401(k) Plan
Notes to Financial Statements (continued)

5. Fully Benefit Responsive Investment Contract

The Plan has entered into a benefit-responsive guaranteed investment contract with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Voya is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The interest crediting rate is semi-annually based upon contract provisions, and it may not be less than 1.0%.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Voya Fixed Account is maintained at Voya, and will be transferred to Reliance Trust Company over a five-year period in six installments. The guaranteed investment contract with Voya remained in effect as of June 30, 2023 and will continue as such until the remaining balances over the next five-years are transferred to Reliance Trust Company.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract is a traditional investment contract. The contract value of the investment contract at June 30, 2023 and 2022 was \$201,103 and \$297,755, respectively.

Certain events limit the ability of the Plan to transact at contract value with Voya. Such events include the following: 1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Harc, Inc. Union Employees 401(k) Plan
Notes to Financial Statements (continued)

6. Party-in-Interest and Related Party Transactions

Certain Plan investments are managed by Voya, a Custodian and Reliance Trust Company, the Trustee. Voya and Reliance Trust Company serve as the custodian and/or trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Investment and administrative expenses paid by the Plan to Voya and Reliance Trust Company, or its affiliates totaled \$38,096 and \$19,406 for the years ended June 30, 2023 and 2022, respectively. Certain employees of the Organization who participate in the Plan perform administrative services to the Plan at no cost to the Plan.

Notes receivable from participants are also party-in-interest transactions. Interest income on notes receivable from participants was \$16,742 and \$15,915 for the years ended June 30, 2023, and 2022, respectively.

7. Income Tax Status

The Plan has not obtained a tax determination letter from the Internal Revenue Service (IRS). The Plan adopted a Volume Submitter Plan Document which received an IRS opinion letter on March 15, 2021, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has adopted amendments since this date, and the Plan Administrator believes that the Plan and related trust are designed and are currently being operated in accordance with the applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

8. Subsequent Events

The Organization has evaluated events occurring between June 30, 2023, and April 15, 2024, the date the financial statements were available to be issued.

Effective January 1, 2024, the Plan was amended to allow Roth Elective Deferrals.
