Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Likewise Corp. 401(k) Plan (formerly, Brightstar Corp. 401(k) Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, which raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of the Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following description of the Likewise Corp. 401(k) Plan (formerly, Brightstar Corp. 401(k) Plan) (the “Plan”) provides only general information. Reference to the Plan document should be made for a more complete description of the Plan’s provisions.

General

The Plan was established by Brightstar Corp. In August 2021, Brightstar Corp. rebranded its company under the new name Likewise Corp. (the “Plan Administrator”, the “Company”, the “Plan Sponsor, or the “Employer”) and the Plan changed its name from Brightstar Corp. 401(k) Plan to Likewise Corp. 401(k) Plan. Effective August 2021 all employees of Brightstar Corp. became employees of Likewise Corp. The Plan was established October 1, 2003 and is a defined contribution plan covering substantially all eligible employees of the Employer who have thirty days of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions

Participants may elect to contribute to the Plan a portion of their compensation, as defined by the Plan, on a pre-tax or after-tax basis, subject to Internal Revenue Service (“IRS”) and other limitations. Participants may designate a portion or all of their deferral contribution as a Roth 401(k) contribution. Catch-up contributions are permitted for participants who are 50 or older during the Plan year. Additionally, participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contribution).

Employer contribution amounts may be contributed at the option of the Employer’s board of directors and are invested in accordance with the respective participant’s investment allocation elections. The Employer elected to make discretionary matching contributions equal to 50% of 6% of the participant’s compensation contributed to the Plan during the year ended December 31, 2021, subject to certain limitations as specified in the Plan agreement.

Participant Accounts

Each participant’s account in the Plan is credited with the participant’s contribution, an allocation of any Employer contribution and the Plan’s earnings thereon and charged with benefit payments and an allocation of the Plan’s losses and administrative expenses. Plan earnings and losses are allocated based upon account balances while contributions are credited based upon elective deferrals and compensations, as defined. Administrative expenses are charged directly to the accounts of the participant who incur those fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

Participants may direct the trustees to invest their elective 401(k) contributions, rollovers, if any, as well as Employer matching contributions to the Plan in any of the available investment options. Participants may change their investment elections at any time. Participants can individually determine their investment options based on desired level of risk and return for all contributions (Employer and participant) to the Plan.

Likewize Corp. 401(k) Plan
(formerly, Brightstar Corp. 401(k) Plan)

Notes to Financial Statements

Vesting

Participants are immediately vested 100% in their contributions plus actual earnings thereon and the Employer's contribution portion of their accounts, except matching and nonelective contributions transferred to this Plan from the OFFWIRE, Inc. 401(k) Profit Sharing Plan, which are subject to a 3-year cliff vesting schedule.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$15,116 and \$7,527, respectively. In accordance with the Plan document, these accounts will be used to pay reasonable Plan expenses first and then reduce future Employer contributions. Forfeitures are created when participants terminate employments before becoming entitled to their full benefit under the vesting provisions of the Plan. There were no forfeited nonvested accounts used to reduce Employer contributions or administrative expenses during the year ended December 31, 2021.

Revenue Credits

The Plan's trust agreement with Reliance Trust Company provides for a participant revenue credit arrangement, whereby the trustee allocates quarterly deposits into the accounts of eligible participants who are invested in certain funds. Unallocated revenue credits at December 31, 2021 and 2020 are \$22,168 and \$3,754, respectively. During 2021, the Plan received credits of approximately \$86,000, which was used to pay administrative expenses. Revenue credits are presented in other income of the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance reduced by the excess of the participant's highest outstanding loan balance during the 12-month period ending on the date of the loan. The number of loans a participant may have outstanding at a time is one. Notes receivables from participants range from one to five years, except in the case of a loan for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with the prime rate as printed in the Wall Street Journal at the time the loan is taken. Interest rates ranged from 4.25% - 6.50% as of December 31, 2021 and 2020, which is commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through monthly payroll deductions. Upon termination of service or termination of the Plan where benefits are paid in a lump-sum amount, the unpaid balance of the note is deducted from the participants vested balance prior to the issuance of the benefit check.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time not to exceed their (or their beneficiaries) assumed life expectancy. Participants may elect to rollover their vested balance to another qualified retirement plan or IRA. A participant also is eligible for in-service withdrawals at age 59 ½. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A hardship withdrawal may also be taken

Notes to Financial Statements

to satisfy an immediate and heavy financial need that cannot be satisfied from other financial resources. Hardship withdrawals may be taken for reasons as defined in the Plan document.

Administrative Expenses

Through December 31, 2021, the Company has absorbed a significant part of the administrative costs for the Plan, including professional fees for accounting, auditing and Plan administration, contract charges and servicing fees. Administrative fees paid by the Company are excluded from these financial statements.

Participant requested transactions such as loan origination and distribution fees are paid by the participants of the Plan. Investment management fees charged to the Plan for investments in the various funds are deducted from income earned and are reflected as a component of net appreciation in the fair value of investments on the statement of changes in net assets available for benefits.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Likewize Corp. 401(k) Plan
(formerly, Brightstar Corp. 401(k) Plan)

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

3. Information Prepared and Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, dividends, other income, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company, a qualified institution.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Likewize Corp. 401(k) Plan
(formerly, Brightstar Corp. 401(k) Plan)

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust: The common/collective trust held by the Plan is a stable value fund that is composed primarily of fully benefit responsive investment contracts that is valued at net asset value of units of the Fund. The net asset value is used as the practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common/collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried in an orderly business manner. There were no unfunded commitments as of December 31, 2021, and 2020. The fund is a direct filing entity.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value	\$ 64,717,134	\$ 61,329,855	\$ -	\$ -	

5. Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

6. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the financial statements and participant account balances.

(formerly, Brightstar Corp. 401(k) Plan)

Notes to Financial Statements

7. Party-In-Interest Transactions

The Company is the administrator of the Plan, and as such, executes the normal duties associated therewith. Cost incurred for audit, legal, and other administrative functions are paid by the Likewize Corp.

Reliance Trust Company trust serves as the trustee of the Plan, and therefore, fees and expenses paid to the trustee qualify as party-in-interest transactions. JPMorgan serves as the record-keeper of the Plan and as such, fees paid for loan origination and distribution services qualify as party-in-interest transactions. The Plan also holds investments managed by affiliates of JPMorgan. The Plan also pays investment advisory fees to Mercer Investments. Notes receivable from participants are also considered party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

8. Tax Status

The Plan uses a pre-approved plan document sponsored by Great-West Trust Company, LLC. Great-West Trust Company, LLC received an opinion letter from the IRS, dated June 30, 2020, which states that the prototype document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

The Plan has evaluated subsequent events through April 25, 2024, which is the date the financial statements were available to be issued. There were no subsequent events requiring adjustments or disclosures to the financial statements.
