Plan Administrative Committee
Shared Service Systems Defined Contribution Retirement Plan
Omaha, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Shared Service Systems Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of July 31, 2023 and December 31, 2022, the related statements of changes in net assets available for benefits for the period from January 1, 2023 to July 31, 2023 and year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of July 31, 2023 and December 31, 2022, and for the period from January 1, 2023 to July 31, 2023 and year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Merger

As discussed in Note 1 to the financial statements, on March 16, 2023, the Board of Directors approved the Plan to be merged into the Nebraska Methodist Health System 401(k) Plan effective July 3, 2023. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after April 29, 2024.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Shared Service Systems Defined Contribution Retirement Plan

Notes to Financial Statements

July 31, 2023 and December 31, 2022

1. Plan Description

The following brief description of the Shared Service Systems Defined Contribution Retirement Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits for the employees of Shared Service Systems, Inc. (the Company).

On March 16, 2023, the Board of Directors of the Company voted to merge the Plan into the Nebraska Methodist Health System 401(k) Plan. Fidelity Management Trust Company (Fidelity) is the custodian of the Nebraska Methodist Health System 401(k) Plan. The merger into the Nebraska Methodist Health System 401(k) Plan initiated a "black out" period on June 22, 2023, and went through the date of the transfer. During the black out period, funds could not be applied to the employee selected funds or withdrawn from the Plan or the Nebraska Methodist Health System 401(k) Plan until Fidelity had time to accurately complete the merger. Plan assets totaling \$6,131,146 were transferred into the Nebraska Methodist Health System 401(k) Plan in July 2023. Also, participants began making payroll contributions to the Nebraska Methodist Health System 401(k) Plan in July 2023.

Employees were eligible to make salary deferral contributions and receive employer matching and discretionary non-elective contributions after attaining age 21 and completing six months of service. Eligible employees became participants on the first day of the calendar month following the date on which entry requirements are fulfilled. Also, all qualified employees were eligible to receive employer base contributions after attaining age 21 and completing one year of service with 1,000 or more hours.

Effective January 1, 2018, employees were required to be employed on the last day of the Plan year in order to receive employer base contributions. Effective January 1, 2019, employees age 55 or older with 20 or more years of service were eligible for a base contribution during the Plan year in which they terminated employment, without regard to the number of hours worked during the plan year. Effective January 1, 2022, former participants of the Nebraska Methodist Health System Retirement Account Plan no longer were immediately eligible to receive an employer base contribution upon reemployment.

Contributions

Participants were able to make voluntary pre-tax salary deferral contributions up to 100% of their recognized compensation as defined by the Plan, as reduced by required withholding, and up to the maximum dollar amounts allowable by law. Participants were automatically enrolled with an initial 2% salary deferral contribution (increasing 1% beginning with the first payroll period on or after April 23 following the Plan year in which the auto-enrollment was effective, up to 10%). At any time, a participant could elect not to contribute or could increase or decrease his or her deferral rate to any rate allowed under Plan provisions. Participants could also contribute amounts representing distributions from other qualified plans. Employer matching contributions were made in various

Shared Service Systems Defined Contribution Retirement Plan

Notes to Financial Statements

amounts based on years of service up to 100% of the participant's elective deferral on the first 2% of the participant's eligible compensation. Qualified employees were eligible for employer base contributions which were made at various amounts ranging from 4% to 8% of the participant's compensation based on years of service and other Plan requirements. The Company could also make discretionary non-elective contributions.

All participants who were eligible to make salary deferral contributions and who were projected to attain age 50 before the close of the calendar year were eligible to make catch-up contributions. Contributions were subject to certain limitations.

Participant Accounts

Each participant's account was credited with the participant's salary deferral contribution, employer matching contribution, employer base contribution (if eligible) and an allocation of a) the Company's discretionary non-elective contribution and b) Plan earnings or losses. The Company's employer matching contribution was allocated among participants based upon each eligible participant's elected salary deferral and years of service. The Company's employer base contribution was allocated among participants based upon compensation of eligible participants and years of service. The Company's discretionary non-elective contribution was allocated among participants based upon the discretion of the Company. Plan earnings or losses were allocated on the basis of actual results of the investments selected by each participant. The investments were maintained in individual member accounts managed by Principal Trust Company (collectively, "Principal"). Participant accounts were charged an account maintenance fee on a quarterly basis.

Vesting

Participants were vested immediately in their voluntary salary deferral contributions and discretionary non-elective contributions plus actual earnings thereon. Vesting in the Company's employer discretionary matching contributions and employer base contributions was based on years of continuous service. A participant was 100% vested after three years (at least 1,000 hours per year) of credited service, or if earlier, upon death or disability while employed by the Company, or upon termination on or after normal retirement.

Payment of Benefits

Upon termination, retirement, disability, or death, the participant or beneficiary could elect to receive a lump sum equal to the value of the vested funds allocated to the participant's account. In the event the participant did not make an election, distribution payments between \$1,000 and \$5,000 could be directly rolled over to an individual retirement account designated by the plan administrator and distributions under \$1,000 would be paid out to the participant. The Plan also allowed in-service distributions from fully vested accounts for participants who had reached age 59 ½. Benefits were recorded when paid.

Notes to Financial Statements

July 31, 2023 and December 31, 2022

Forfeitures

Upon a participant's termination of employment before early retirement age, normal retirement age, disability or death, the portion of their Company matching and base contributions not then vested would be forfeited per the Plan's provisions. The forfeited portion of any participant's account would be used to reduce future Company matching, base, or discretionary contributions. As of July 31, 2023 and December 31, 2022, forfeited non-vested accounts totaled \$0 and \$3,755 respectively. During the period from January 1, 2023 to July 31, 2023 and year ended December 31, 2022, employer contributions were reduced by \$6,142 and \$3,758 from forfeited non-vested accounts, respectively.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year.

Shared Service Systems Defined Contribution Retirement Plan

Notes to Financial Statements

July 31, 2023 and December 31, 2022

Expenses

Certain expenses of the Plan were paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. Recordkeeping and other administrative expenses were paid by the Plan and are included in administrative expenses.

Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through April 29, 2024, noting no items requiring disclosure.

3. Information Certified by Principal

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal, except for comparing such information certified by the custodian to information included in the Plan's financial statements.

The following table presents the value of the participant-directed Plan assets that were certified by Principal as of July 31, 2023 and December 31, 2022, respectively:

	<u>2023</u>		<u>2022</u>
Investments at Fair Value	\$	-	\$ 6,187,999

Shared Service Systems Defined Contribution Retirement Plan

Notes to Financial Statements

July 31, 2023 and December 31, 2022

Principal also certified to the completeness and accuracy of the following related to the aforementioned investments for the period from January 1, 2023 to July 31, 2023 and for the year ended December 31, 2022, respectively:

	<u>2023</u>	<u>2022</u>
Net Appreciation (Depreciation) in Fair Value of Investments	\$ 517,928	\$ (1,445,554)
Interest and Dividends from Investments	60,171	104,306
Net Investment Income (Loss)	<u>\$ 578,099</u>	<u>\$ (1,341,248)</u>

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of July 31, 2023 and December 31, 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their Net Asset Value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Collective Trust: The estimated value of the collective trust is at NAV. The use of NAV as fair value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no Plan investments as of July 31, 2023.

The following table presents by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 5,458,958	\$ -	\$ -	\$ 5,458,958
Collective Trust	-	729,041	-	729,041
Total Investments at Fair Value	<u>\$ 5,458,958</u>	<u>\$ 729,041</u>	<u>\$ -</u>	<u>\$ 6,187,999</u>

The following table summarizes the investments measured at fair value based on the NAV per share as of December 31, 2022:

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2022				
Collective Trust	\$ 729,041	None	Daily	1 Day

5. Tax Status

The Plan was qualified as a profit sharing plan under Section 401(a) of the Internal Revenue Code and was exempt from federal income taxation under Section 501(a) of the Internal Revenue Code.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Notes to Financial Statements

July 31, 2023 and December 31, 2022

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

6. Related Party Transactions

Certain Plan investments were mutual funds and a collective trust managed by Principal. Principal acted as the custodian of the Plan, and therefore, transactions related to these investments qualify as party-in-interest transactions.
