INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Kent US 401(k) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Kent US 401(K) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating

to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022 and delinquent contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022 and delinquent contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KENT US 401(K) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of Kent US 401(k) Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more specific provisions.

A. General

The Plan is a defined contribution plan that was established on January 1, 2022 by Kentech Technical Services, LLC and affiliated companies who have adopted the Plan (the "Company") to provide benefits to eligible employees, as defined in the Plan document. The plan administrator believes the Plan is designed and operated in compliance with applicable requirements of the Internal Revenue Code (the "Code") and provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Eligibility

The Plan specifically excludes collectively bargained employees, nonresident aliens with no US income, leased employees, and legal benefits only and casual employees hired after January 1, 2019. There are no age or service requirements to enter the Plan.

C. Participant Contributions

Participants may elect to make pre-tax and/or Roth contributions to the Plan up to the maximum amount permitted under provisions of the Code. Participants who make pre-tax contributions to the Plan receive an equivalent reduction in taxable compensation. Newly hired employees who do not make an affirmative election to defer compensation to the Plan, including an election not to defer, are auto-enrolled in the Plan at a pre-tax deferral rate of 3% of compensation.

Participants are also allowed to make rollover contributions of eligible amounts received from other tax-qualified employer sponsored retirement plans subject to approval of the plan administrator. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction.

D. Company Contributions

The Plan provides for employer safe harbor matching contributions equal to 100% of the first 3% of compensation deferred by participants plus 50% of the next 2% of eligible compensation participants elect to defer. Employer discretionary nonelective contributions are also permitted under terms of the Plan. The Company did not make nonelective contributions for the 2022 Plan year.

E. Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, Plan earnings or losses and expenses and an allocation of Company contributions. Company matching contributions are allocated based on participant contributions. Company nonelective contributions, if any, are allocated as a uniform percentage of eligible employee compensation.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

E. Participant Accounts (Continued)

Participants direct the investment of their accounts. The accounts of participants who do not make an affirmative investment election are invested in the Vanguard Target Retirement fund appropriate for a participant's age and projected retirement date.

F. Vesting and Forfeitures

Participants are immediately 100% vested in their accounts attributable to elective contributions, rollovers and Company safe harbor matching contributions. Participants vest 50% after 2 years of service and 100% after 3 years of service in accounts attributable to employer non-elective contributions. Vesting schedules that apply to certain participants are grandfathered such that terms effective January 1, 2016 are no less favorable than terms applied to participants prior to this time. Regardless of the vesting schedules, a participant will become fully vested upon death or total and permanent disability.

Forfeitures of terminated participants' non-vested accounts may be used to reduce Company contributions or to pay Plan administrative expenses. There were no forfeitures used to reduce Company contributions in 2022. There was no forfeiture balance as of December 31, 2022.

G. Payment of Benefits

Normal retirement age under the Plan is age 65. Upon termination of service, death, disability or attainment of age 59½, a participant or beneficiary may choose to maintain his or her account in the Plan or withdraw vested benefits in a lump sum. Under limited circumstances, the plan administrator may approve in-service withdrawals due to hardship. Benefits are recorded when paid.

H. Notes Receivable from Participants

Participant loans are permitted under the Plan. Loans are granted for a minimum of \$1,000 and may not exceed the lesser of \$50,000 or 50% of the participant's vested account balance. A loan is secured by a participant's vested account, bears interest at a reasonable rate determined by the administrator, and is repaid via payroll deductions. Notes are measured at the unpaid principal balance plus accrued interest. Delinquent notes are recorded as a distribution based on the terms of the Plan. Notes receivable from participants at December 31, 2022 carry interest rates ranging from 4.25% to 8%.

I. Expenses

Investment fund operating expenses are incurred directly by the funds and are factored into each fund's value as a reduction in investment return. Certain administrative expenses including withdrawal and participant loan administration fees are charged directly to participants. Direct administrative costs paid by the Plan in 2022 totaled approximately \$83,410. Other costs incurred for administering the Plan may be paid by the Plan or the Company at the direction of the plan administrator.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

B. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

D. Risks and Uncertainties

Plan investments are exposed to various investment risks such as interest rate, market and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participant accounts and amounts reported in the financial statements.

NOTE 3 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information relating to investments disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investments held at December 31, 2022, and investment (loss) for the year then ended, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company, the trustee.

NOTE 4 - INCOME TAX STATUS

The Company adopted a volume submitter plan that has received a favorable opinion letter from the Internal Revenue Service stating that the form of the Plan meets requirements for tax-exempt status. The Company believes the Plan is designed and operated in accordance with and qualifies under applicable requirements of the Code and the trust, which forms a part of the Plan, is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a tax position that more likely than not would not be sustained upon examination by a tax authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - FAIR VALUE MEASUREMENTS

Accounting guidance on measuring fair value establishes a hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are quoted prices for identical securities in an active market. Level 2 inputs are quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. Mutual funds are valued at closing market prices. Self-directed brokerage accounts include common stock and mutual funds valued at closing market prices and cash equivalents valued using matrices of trades in similar securities and third party pricing services. The following tables set forth Plan investments at December 31, 2022 based on the inputs used to value them:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 73,700,140	\$ -	\$ -	\$ 73,700,140
Common Stock	745,277	-	-	745,277
Cash Equivalents	-	286,071	-	286,071
Total Assets in the Fair Value Hierarchy	<u>\$ 74,445,417</u>	<u>\$ 286,071</u>	<u>\$ -</u>	<u>74,731,488</u>
Investments Measured at Net Asset Value ^A				<u>9,617,740</u>
				<u><u>\$ 84,349,228</u></u>

^A In accordance with ASC 820, certain investments measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The common/collective trust is a direct filing entity and measured at net asset value per share (NAV) as a practical expedient in accordance with ASC 820. Such investments are not required to be recognized in the fair value hierarchy. Shares may be redeemed any time at net asset value. There are no restrictions on redemptions and no unfunded commitments to purchase additional shares.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. The accounts of participants affected by a partial or complete termination of the Plan are nonforfeitable and will be determined as of the termination date.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain Plan investment funds are managed by affiliates of the trustees. Purchases and sales of these funds and payment of certain expenses described in Note 1-I relating to Plan administration and investment activity are considered party-in-interest transactions under ERISA regulations. Such transactions are permitted under provisions of the Plan and are specifically exempt from the prohibition party-in-interest transactions under ERISA.

NOTE 8 - TRANSFER IN

The Plan received a transfer of assets and participant accounts totaling \$103,311,248 on January 7, 2022 from SNC-Lavalin US Retirement Savings Plan. Included in the transfer were notes receivable from participants totaling \$1,143,780.

On June 2, 2022, the Plan received a transfer of assets and participant accounts totaling \$251,184 from Kentech Technical Services 401(k) Plan.

NOTE 9 - DELINQUENT PARTICIPANT CONTRIBUTIONS

The plan administrator determined that \$4,126 of contributions withheld from participants' pay were not deposited in the trust within established guidelines. The plan administrator engaged in prohibited transactions under ERISA as a consequence of failing to timely remit participant contributions to the Plan. The Company intends to fully restore lost earnings to the accounts of all affected participants from the loss date to the recovery date.

NOTE 10 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through April 8, 2024, the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosures in these financial statements.
