INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
GBank 401(k) Profit Sharing Plan
Las Vegas, Nevada

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of GBank 401(k) Profit Sharing Plan (f/k/a Bank of George 401(k) Profit Sharing Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report—

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the 2022 financial statements referred to above, related to assets held by and which provide benefits under the Plan and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2022 financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and which provide benefits under the Plan and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2021 Financial Statement

Plan management is responsible for the accompanying financial statement of the Plan, which comprise the statement of net assets available for benefits of the Plan as of December 31, 2021 and the related notes to the financial statement in accordance with GAAP. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the accompanying statement of net assets available for benefits as of December 31, 2021 and the related notes to the 2021 financial statement, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. We do not express an opinion, a conclusion, nor provide any form of assurance on the 2021 financial statement.

Notes to Financial Statements

December 31, 2022 (Audited) and 2021 (Compiled)

Note 1 – Description of the Plan

The following description of the GBank 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of Plan provisions.

General

The Plan is a defined contribution plan originally effective September 1, 2007 covering substantially all employees of GBank (the Company). There are no age or minimum service requirements to participate in the Plan. Union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were subject to good faith bargaining, nonresident aliens with no US source income, and leased employees are excluded from the Plan. Employees can enter the Plan on the first day of the month after they are hired. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan engages Principal Trust Company from November 1, 2022 to December 31, 2022, and engaged Mutual of America Life Insurance Company until December 7, 2022, the custodians of the Plan, to hold and invest Plan assets and execute Plan transactions.

Effective January 1, 2021, the Plan was amended to permit participants using self-directed brokerage accounts to invest in qualified employer securities.

Effective November 1, 2021, the Plan was amended and restated as part of the required 3rd Cycle Restatement of the volume submitter Plan document which has been adopted by the Plan.

Effective September 1, 2022, the Plan was amended to change the name of the Plan from Bank of George 401(k) Profit Sharing Plan to GBank 401(k) Profit Sharing Plan.

Contributions

Each year, participants may contribute a percentage of their annual compensation, as defined in the Plan, into a pre-tax deferral account and/or an after-tax Roth account subject to the limits under the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions (rollovers) from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants without a deferral election are automatically enrolled in the Plan at a 3% deferral rate under the Plan's qualified automatic enrollment arrangement (QACA) unless they affirmatively elect not to participate in the Plan, and their deferrals are also automatically increased by 1% annually, up to a maximum of 6% of compensation.

Additionally, the Company makes a QACA safe harbor match equal to 100% of participant salary deferrals up to 4% of the participant's Plan compensation. The Plan also allows the Company to make discretionary nonelective and matching contributions. No discretionary nonelective or matching contributions were made during the periods presented. Contributions are subject to certain limitations.

Investment Elections

Participants direct the investment of their and the Company's contributions into various investment options offered by the Plan that are designated by the Plan's Administrative Committee. Participants can change their investment elections daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses and any related transaction fees for loans and distributions that are paid by the Plan. Allocations are made based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Note 1 – Description of the Plan, continued

Vesting

Participants are immediately 100% vested in their deferrals, plus actual earnings thereon. Vesting in the Company's discretionary nonelective and matching contributions is based on years of continuous service. A participant becomes partially vested after 1 year of service and is 100% vested after 4 years of credited service. Participants hired prior to January 1, 2021 are 100% vested in the Company's safe harbor contributions, plus actual earnings thereon. Participants hired on or after January 1, 2021 will vest in the Company's QACA safe-harbor contribution on a cliff schedule. A participant becomes 100% vested after 2 years of credited service. A participant becomes fully vested in the entire balance of his or her account upon retirement, disability, death or termination of the Plan.

Payment of Benefits

On termination of service due to any reason, participants with vested account balances of \$1,000 or less receive an automatic lump-sum distribution, unless the participant requests that it be rolled-over to an Individual Retirement Account (IRA) provider or another qualified retirement plan. Participants with vested account balances of less than \$5,000 and more than \$1,000 receive a lump sum distribution or an automatic distribution to an IRA. Participants with vested account balances of \$5,000 or more may leave their balance in the Plan, receive their benefits in any way permitted by the Plan, or choose to rollover their balance into another qualified retirement plan or IRA. Participants may also take in-service and hardship distributions subject to the terms of the Plan agreement.

Notes Receivable from Participants

The Plan allows participants to borrow against their vested account balances. Loans may not be made for less than \$1,000 and may not exceed the lesser of \$50,000 or 50% of a participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at the Wall Street Journal prime rate plus 1%. Participants may have one loan outstanding at a time. Principal and interest are paid ratably through payroll deductions not to exceed 5 years unless the proceeds were used for the purchase of a principal residence.

Forfeited Accounts

Generally, a participant's unvested portion of the Company's nonelective and matching contributions is forfeited upon termination of employment. Forfeitures are maintained in a separate account and can be used to pay Plan expenses or reduce Company contributions.

At December 31, 2022 and 2021 forfeited nonvested amounts totaled \$0. During the year ended December 31, 2022, \$22,346 of forfeitures were used to reduce Company contributions.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

GBANK 401(k) PROFIT SHARING PLAN (f/k/a BANK OF GEORGE 401(k) PROFIT SHARING PLAN)

Notes to Financial Statements

December 31, 2022 (Audited) and 2021 (Compiled)

Note 2 – Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income (if applicable) is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan permits the payment of Plan expenses to be made from the Plan's assets. Fees are charged to participants on a pro rata basis, equally to participant accounts, or to a participant's account for transactions specifically related to that participant.

Certain investment management fees and other charges paid to the Custodian are offset against fund performance in the net depreciation in fair value of investments on the statement of changes in net assets available for benefits and are not, therefore, separately reflected as administrative expenses. Certain Plan expenses are paid directly by the Company and therefore are excluded from these financial statements.

Risks, Uncertainties, and Concentrations

The Plan holds various investments. Investments are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2022, approximately 28% of the Plan's investments were in GBank Financial Holdings Inc common stock, held in self-directed brokerage accounts.

Subsequent Events

The Plan has evaluated subsequent events through May 2, 2024, the date the financial statements were available to be issued.

Effective January 1, 2024, the Plan was amended to change the vesting service computation method from hours of service to elapsed time.

Contributions

Contributions from Plan participants and the Company, when applicable, are recorded in the year in which the employee contributions are withheld from compensation.

Notes to Financial Statements

December 31, 2022 (Audited) and 2021 (Compiled)

Note 3 – Certified Information

Certain information disclosed in the accompanying financial statements, including investments (except for the self-directed brokerage accounts) and notes receivable from participants held at December 31, 2021, and net depreciation in fair value of investments and interest income on notes receivable from participants for the period of January 1, 2022 to December 7, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America Life Insurance Company, the prior custodian of the Plan.

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments (except for the self-directed brokerage accounts) held at December 31, 2022, and net depreciation in fair value of investments and interest income on notes receivable from participants for the period of November 1, 2022 to December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company, the custodian of the Plan.

Note 4 – Tax Status

The IRS has determined and informed by a letter for the prototype plan adopted by the Plan, dated June 30, 2020 that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets; 2) quoted prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements

Note 5 – Fair Value Measurement, continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Pooled Separate Accounts (PSA): PSAs invest in a variety of domestic stock, international stocks, mutual funds, bonds and other securities. The majority of the underlying securities have observable level 1 quoted pricing inputs. While the underlying asset values are generally based on publicly quoted prices, the net asset value (NAV) of each separate PSA is not valued using publicly quoted prices. The NAV provided by the Custodian is used as the practical expedient to estimate fair value. PSAs can be redeemed on a daily basis and each PSA has its own investment strategy. Participants should refer to the individual PSA's prospectus for a complete description of the PSA and its investment strategy.

Self-Directed Brokerage Accounts: The investments in this account include various mutual funds, money market funds, government securities, employer securities, and corporate stocks. Fair value is based on quoted market prices.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December 31, 2022 (Audited)			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 5,111,065	\$ -	\$ -	\$ 5,111,065
Self-directed brokerage accounts	3,558,693	-	-	3,558,693
Total investments at fair value	<u>\$ 8,669,758</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,669,758</u>
	Investments at Fair Value as of December 31, 2021 (Compiled)			
	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	\$ 3,907,532	\$ -	\$ -	\$ 3,907,532
Total investments in the fair value heirarchy	<u>\$ 3,907,532</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,907,532</u>
Pooled separate accounts at NAV				3,952,013
Total investments at fair value				<u>\$ 7,859,545</u>

In accordance with Subtopic 820-10, certain investments listed above that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the Statements of Net Assets Available for Benefits. There are no unfunded commitments or redemption restrictions. Participants can redeem their investments daily.

GBANK 401(k) PROFIT SHARING PLAN (f/k/a BANK OF GEORGE 401(k) PROFIT SHARING PLAN)

Notes to Financial Statements

December 31, 2022 (Audited) and 2021 (Compiled)

Note 6 – Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed or issued by Principal Trust Company and Mutual of America Life Insurance Company, the custodians of the Plan. Additionally, Economic Group Pension Services is the third-party administrator of the Plan. Transactions with these entities qualify as party-in-interest transactions. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to service providers. Loans to participants also qualify as party-in-interest transactions.

Through the participant self-directed brokerage accounts, the Plan holds 228,279 shares of GBank Financial Holdings, Inc., the plan sponsor, valued at \$2,442,585 and \$2,317,032, respectively, at December 31, 2022 and 2021. These shares were purchased on the open market.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 8 – Fully Benefit-Responsive Investment Contract

The Plan had a fully benefit-responsive investment contract (FBRIC) with Mutual of America Life Insurance Company (Mutual of America) until December 7, 2022. Mutual of America maintains the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The crediting rate was based on a formula established by the contract issuer but may not be less than 1%. The crediting rate was reviewed from time to time for resetting. The FBRIC did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract met the FBRIC criteria and was therefore reported at contract value. Contract value was the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mutual of America, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value was \$0 and \$580,580 as of December 31, 2022 and 2021, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts was dependent on the third-party issuer's ability to meet its financial obligations.

Certain events might have limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events occurred that would limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.
