Dynamic Service Solutions 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Dynamic Service Solutions 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, the related statements of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from AdvisorTrust, Inc., the Trustee of the Plan, as of December 31, 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 and the schedule of delinquent participant contributions for the year ended December 31, 2022 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DYNAMIC SERVICE SOLUTIONS 401(k) PLAN

Notes to Financial Statements

As of December 31, 2022 and for the Year Ended December 31, 2022

1. DESCRIPTION OF THE PLAN

The following description of the Dynamic Service Solutions 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and amendments for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was established by Dynamic Service Solutions, LLC (the Company or Plan Sponsor) effective January 1, 2022. The Plan covers all employees with the exception of nonresident aliens, residents of Puerto Rico, and highly compensated employees. Participation in the Plan is governed by the general plan provisions for any employees. Part-time, temporary and seasonal employees shall become eligible to participate in the Plan upon completing at least 1,000 hours of service within a Plan year, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions

Effective June 1, 2022, participants may elect to defer a percentage of their eligible annual compensation, as defined by the Plan, or a flat dollar amount, not to exceed the maximum allowable contribution under the Internal Revenue Code (the Code), which totaled \$20,500 for the calendar year ended December 31, 2022. Prior to June 1, 2022, elective deferrals were not allowed within the Plan. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Code, which totaled \$6,500 for the calendar year ended December 31, 2022. Participants are permitted to make rollover contributions from other qualified plans into the Plan.

Company Profit-Sharing Contributions

The Company may make profit-sharing contributions calculated at the discretion of the Company. The Company approved discretionary profit-sharing contributions of \$384,265, of which \$4,916 was contributed to the Plan in 2023.

Company Matching Contributions

The Company may make discretionary matching contributions equal to a percentage of salary deferrals determined by management and shall apply to all eligible participants. The amount and timing of any Company discretionary matching contribution is determined by management annually. No discretionary Company matching contributions were made for the year ended December 31, 2022.

DYNAMIC SERVICE SOLUTIONS 401(k) PLAN

Notes to Financial Statements

As of December 31, 2022 and for the Year Ended December 31, 2022

1. DESCRIPTION OF THE PLAN - cont'd.

Participant Accounts

Each participant's account is participant-directed and contributions and withdrawals are credited according to the investment options selected by each participant. Any earnings, losses and administrative expenses are allocated to the participant's account based upon the balance in each account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in participant elective contributions, rollovers, and prevailing wage contributions, if any. Participants become vested in the Company's discretionary profit-sharing and matching contributions after three years of continuous service as defined in the Plan's governing documents. Participants become immediately vested in the Company's discretionary profit-sharing and matching contributions at normal retirement age, death or total or permanent disability.

Forfeitures

Forfeitures of Company contributions may be applied to pay administrative expenses or to reduce future Company contributions. For the year ended December 31, 2022, no forfeitures were used to reduce Company contributions or pay Plan expenses. Forfeitures available as of December 31, 2022 total \$3,469.

Loans to Participants

Participants may borrow up to 50% of their vested account balance, not to exceed \$50,000, without regard to the intended use of the funds. The minimum note amount is \$1,000 and a participant can have no more than one note outstanding at any given time. The notes are collateralized by the vested balance in the participant's account. Note repayments are to be made through payroll deductions or by check and bear interest at rates at one percent above the prime rate at time of note issuance. Notes for reasons other than the purchase of a primary residence are to be repaid within five years. Notes for the purchase of a primary residence may be repaid over a reasonable time as determined by the Plan's administrator.

Payment of Benefits

Upon termination of service, death, disability, retirement, or attainment of age 59½, a participant, or a beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, as defined by the Plan. Upon a qualifying distribution event, if the account balances are not fully withdrawn, remaining balances over \$5,000 will remain a part of the Plan and share in investment gains and losses. Remaining balances under \$5,000 will be automatically distributed. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. In all cases, certain income tax penalties may apply to withdrawals or distributions prior to age 59½. Distributions are subject to the applicable provisions of the Plan agreement.

DYNAMIC SERVICE SOLUTIONS 401(k) PLAN

Notes to Financial Statements

As of December 31, 2022 and for the Year Ended December 31, 2022

1. DESCRIPTION OF THE PLAN - cont'd.

Payment of Benefits-cont'd

As of December 31, 2022, there were no net assets of the Plan allocated to participants who had elected to withdraw from the Plan but had not received payment by year-end.

Plan Expenses

All administrative expenses are required to be paid by the Trustee with assets of the Plan, unless paid by the Company, at its discretion. During the year ended December 31, 2022, the Company elected to pay a portion of the Plan's expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of changes to net assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur and materially affect the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

DYNAMIC SERVICE SOLUTIONS 401(k) PLAN

Notes to Financial Statements

As of December 31, 2022 and for the Year Ended December 31, 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - cont'd.

Fair Value Measurement

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interests in registered investment companies: Valued at the closing price of shares held by the Plan at year-end. Funds are traded on an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

DYNAMIC SERVICE SOLUTIONS 401(k) PLAN

Notes to Financial Statements

As of December 31, 2022 and for the Year Ended December 31, 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - cont'd.

Fair Value Measurement – cont'd.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	\$ 368,324	\$ -	\$ -	\$ 368,324
Total investments, at fair value	\$ 368,324	\$ -	\$ -	\$ 368,324

Subsequent Events

The Plan evaluated for disclosure of subsequent events through April 19, 2024, the date the financial statements were available to be issued, and determined there were no material subsequent events that warrant disclosure.

3. INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedules including investments held at December 31, 2022, and net depreciation in the fair value of investments for the year ended December 31, 2022 was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee of the Plan, AdvisorTrust, Inc.

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds managed by flexPATH Strategies LLC, an affiliate of the Plan's investment advisor. The Plan loans funds to its participants according to the applicable provisions of the Plan agreement. The Company provides the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. INCOME TAX STATUS

The Plan adopted a non-standardized pre-approved plan, which received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities.

DYNAMIC SERVICE SOLUTIONS 401(k) PLAN

Notes to Financial Statements

As of December 31, 2022 and for the Year Ended December 31, 2022

5. INCOME TAX STATUS - cont'd.

As the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2022.

The Plan is subject to routine audits by the Internal Revenue Service and the Department of Labor; however, there are currently no audits in progress.

6. PROHIBITED TRANSACTIONS

During the year ended December 31, 2022, the Plan Sponsor inadvertently failed to remit \$40 of participant contributions into the Plan within the required timeframe as stated by the DOL. The DOL requires late deposits to be reported as prohibited transactions. As of December 31, 2022, the amounts were due to the Plan. Subsequent to December 31, 2022, the Plan Sponsor remitted the amounts including lost earnings to the Plan and filed the required excise tax return.

7. FIDELITY BOND COVERAGE

During the year ended December 31, 2022, the Plan was not in compliance with the fidelity bonding requirements. The Plan recognized this as a breach of fiduciary duty and made the necessary corrections to be in compliance with the fidelity bonding requirements subsequent to year end.

8. PLAN CORRECTION

The Plan was established on January 1, 2022 and adopted an elective deferral special effective date of June 1, 2022. Employees were notified about the existence of the Plan in September of 2022 and initial employee deferrals began October 31, 2022. The Plan Sponsor, through discussions with ERISA counsel, determined the late deferral start date to be an exclusion of eligible employees from participating in the Plan. In addition, the Plan Sponsor identified a small number of employees that made deferral elections during 2022 that were not made effective until 2023. Under advisement of ERISA counsel, the Plan Sponsor has calculated the required qualified non-elective contributions for the missed deferrals in accordance with applicable correction procedures and plans to contribute such funds to participant accounts in 2024. Such contributions totaled \$807 and are included in Company contributions receivable as of December 31, 2022.
