INDEPENDENT AUDITOR'S REPORT

Plan Management
Minnesota Women's Care 401(k) Plan
Saint Paul, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit For the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Minnesota Women's Care 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Minnesota Women's Care 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements of information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Minnesota Women's Care 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Minnesota Women's Care 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Minnesota Women's Care 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Minnesota Women's Care 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information,

including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2021 Financial Statement

Plan management is responsible for the accompanying financial statement of Minnesota Women's Care 401(k) Plan, which comprises the statement of net assets available for benefits as of December 31, 2021. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the financial statement.

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Minnesota Women's Care 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan. Minnesota Women's Care PA (the Company) is the administrator and sponsor of the Plan. The Plan was established on February 1, 2014, and used Reliance Trust Company and Mid Atlantic Trust Company as the Plan trustees (custodians). The Plan was most recently restated June 01, 2022. The participants are responsible for the direction of their account balances into specific investment options. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan amendments:

Effective June 1, 2022, the Plan changed trustee (custodian) from Reliance Trust Company to Mid Atlantic Trust Company and changed recordkeepers from ADP Retirement Services to Paychex Retirement Services. At this time, the Plan was amended to (1) reduce the eligibility service period from three months of service to two months of service, (2) remove residents of Puerto Rico from excluded employees and add union employees and employees acquired as a result of an acquisition as excluded employees, (3) allow for qualified non-elective employer profit-sharing contributions, and (4) allow for participants to apply for and obtain new loans from their Plan accounts.

Eligibility:

Employees of the Company who are not covered by collective bargaining agreements under which they have specifically negotiated coverage by the Plan, who are not resident aliens, who are not employees acquired as a result of a transactions such as an asset or stock acquisition, merger, or similar transaction involving a change in the employer, who have obtained the age of twenty one years or age, and performed two months of service are considered eligible to participate as well as receive employer safe harbor matching and discretionary non-elective profit-sharing contributions. Employees must be employed on the final day of the Plan year to receive the discretionary non-elective profit-sharing contributions. Plan entry dates are the first day of each Plan month.

Contributions:

Each year, participants may contribute up to 90% of compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. The Plan also includes an annual automatic deferral increase in which participants deferrals increase by 1% to a maximum of 10%, unless they affirmatively elect to not participate in that feature.

NOTE 1. (CONTINUED)

The Company is required to contribute a safe harbor match of 100% of the first 4% of base compensation that a participant contributes to the Plan. Safe harbor matching contributions were made for the Plan years ending December 31, 2022 and 2021 totaling $353,957 and $269,722, respectively. The Company may make discretionary non-elective profit-sharing contributions. Discretionary nonelective profit sharing contributions were made for the Plan years ending December 31, 2022 and 2021 totaling $0 and $0, respectively. Contributions are subject to certain IRS limitations.

Participant accounts:

Each participant's account is credited with participant pre-tax deferrals, participant post-tax Roth contributions, company safe harbor contributions, any other discretionary contributions made by the company and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participant accounts are valued at the end of each business day. The benefit the participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting:

Employees are fully vested at all times in their employee contributions and any Company safe harbor contributions to the Plan plus actual earnings thereon. Vesting in the Company non-elective profit sharing contribution portion of their account is based on years of continuous service. A participant is 100% vested after six years of credited service. Notwithstanding above, a participant is fully vested upon Normal Retirement age and death or permanent disability.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 95% of 50% of the vested account balance or 95% of the total vested account balance excluding Roth elective deferral balance or $50,000 and with maximum of two outstanding loans. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 6.50% to 8.00%, which are commensurate with prevailing market rates. Rates are determined at 1% over the current prime rate of interest. Principal and interest are paid through bi-weekly payrolls.

Payment of benefits:

Distributions to terminated or retired participants are made in a single lump-sum payment to the participant (or in the case of death, the participant's beneficiary) or periodic installments over a period specified by the plan. If terminated/retired participants do not voluntarily elect to move their funds out of the plan, vested account balances between $1,000 and $5,000 are rolled into an IRA on the employee's behalf. If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan administrator can authorize the benefit payment without the Participant's consent.

NOTE 1. (CONTINUED)

Active (not terminated/retired) participants experiencing financial hardship may withdraw a portion of their account balance as defined in the Plan and withdrawals are limited pursuant to the Plan's provisions.

Forfeitures:

At December 31, 2022 and 2021, forfeited non-vested accounts totaled $0 and $810, respectively. These accounts will be used to reduce future employer contributions and plan expenses. During the years ended December 31, 2022 and 2021, $810 and $0 were used to reduce plan expenses.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:

The financial statements of the Plan are maintained on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 3 for the discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are charged directly to the borrowing participant's account and are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded on the terms of the Plan document.

NOTE 2. (CONTINUED)

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan and fees related to administration of notes receivable from participants and distributions are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in the net depreciation of fair value of investments.

Subsequent events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through April 24, 2024, the date the financial statements were available to be issued.

NOTE 3. CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Mid Atlantic Trust Company, the trustee (custodian) of the Plan, has certified as to the completeness and accuracy of certain investment information reflected in the accompanying statement of net assets available for benefits as of December 31, 2022, the statement of changes in net assets available for the six months ending December 31, 2022, and the supplemental schedule of assets (held at end of year) as of December 31, 2022.

Reliance Trust Company, the trustee (custodian) of the Plan, has certified as to the completeness and accuracy of certain investment information reflected in the accompanying statement of net assets available for benefits as of December 31, 2021, and the statement of changes in net assets available for the six months ending June 30, 2022 .

NOTE 4. FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to adjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobserved inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are adjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

NOTE 4. (CONTINUED)

Level 2*:* Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets and liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3*:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The Mutual Funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee is a readily determinable fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022 - *Audited*

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,069,326	$ -	$ -	$ 4,069,326
Investments at fair value	**$ 4,069,326**	**$ -**	**$ -**	**$ 4,069,326**

Assets at Fair Value as of December 31, 2021 - *Compiled*

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,358,634	$ -	$ -	$ 4,358,634
Common collective trusts	810	-	-	810
Investments at fair value	**$ 4,359,444**	**$ -**	**$ -**	**$ 4,359,444**

NOTE 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Mid Atlantic Trust Company and Reliance Trust Company. Mid Atlantic Trust Company and Reliance Trust Company are the trustees and ADP Retirement Services and Paychex Retirement Services are the recordkeepers for the Plan and, therefore, these transactions qualify as party in interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7. PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated August 31, 2020 received from the Internal Revenue Service (IRS) on the Prototype Non-standardized Profit Sharing Plan with CODA indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore not subject to tax under the current income tax law. The prototype Plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 7. (CONTINUED)

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9. SECURE ACT 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 CARES Act. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately through 2028. Those provisions include both required and optional elements. Management has evaluated those provisions and determined there is no current impact on the Plan. Plan management will determine the optional provisions to elect in the future.

NOTE 10. PROHIBITED TRANSACTION

During the year ending December 31, 2022, the Plan sponsor failed to defer on bonuses, which is eligible compensation per plan documents. An employer QNEC correction was made in the amount of $1,360 to correct the missed deferral and match on bonus payments for all affected participants.

NOTE 11. RECONCILIATION OF AUDIT REPORT TO IRS FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

DECEMBER 31,	**2022**	**2021**

Plan Management
Minnesota Women's Care 401(k) Plan
Saint Paul, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit For the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Minnesota Women's Care 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Minnesota Women's Care 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements of information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Minnesota Women's Care 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Minnesota Women's Care 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Minnesota Women's Care 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Minnesota Women's Care 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information,

including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2021 Financial Statement

Plan management is responsible for the accompanying financial statement of Minnesota Women's Care 401(k) Plan, which comprises the statement of net assets available for benefits as of December 31, 2021. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the financial statement.

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Minnesota Women's Care 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan. Minnesota Women's Care PA (the Company) is the administrator and sponsor of the Plan. The Plan was established on February 1, 2014, and used Reliance Trust Company and Mid Atlantic Trust Company as the Plan trustees (custodians). The Plan was most recently restated June 01, 2022. The participants are responsible for the direction of their account balances into specific investment options. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan amendments:

Effective June 1, 2022, the Plan changed trustee (custodian) from Reliance Trust Company to Mid Atlantic Trust Company and changed recordkeepers from ADP Retirement Services to Paychex Retirement Services. At this time, the Plan was amended to (1) reduce the eligibility service period from three months of service to two months of service, (2) remove residents of Puerto Rico from excluded employees and add union employees and employees acquired as a result of an acquisition as excluded employees, (3) allow for qualified non-elective employer profit-sharing contributions, and (4) allow for participants to apply for and obtain new loans from their Plan accounts.

Eligibility:

Employees of the Company who are not covered by collective bargaining agreements under which they have specifically negotiated coverage by the Plan, who are not resident aliens, who are not employees acquired as a result of a transactions such as an asset or stock acquisition, merger, or similar transaction involving a change in the employer, who have obtained the age of twenty one years or age, and performed two months of service are considered eligible to participate as well as receive employer safe harbor matching and discretionary non-elective profit-sharing contributions. Employees must be employed on the final day of the Plan year to receive the discretionary non-elective profit-sharing contributions. Plan entry dates are the first day of each Plan month.

Contributions:

Each year, participants may contribute up to 90% of compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. The Plan also includes an annual automatic deferral increase in which participants deferrals increase by 1% to a maximum of 10%, unless they affirmatively elect to not participate in that feature.

NOTE 1. (CONTINUED)

The Company is required to contribute a safe harbor match of 100% of the first 4% of base compensation that a participant contributes to the Plan. Safe harbor matching contributions were made for the Plan years ending December 31, 2022 and 2021 totaling $353,957 and $269,722, respectively. The Company may make discretionary non-elective profit-sharing contributions. Discretionary nonelective profit sharing contributions were made for the Plan years ending December 31, 2022 and 2021 totaling $0 and $0, respectively. Contributions are subject to certain IRS limitations.

Participant accounts:

Each participant's account is credited with participant pre-tax deferrals, participant post-tax Roth contributions, company safe harbor contributions, any other discretionary contributions made by the company and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participant accounts are valued at the end of each business day. The benefit the participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting:

Employees are fully vested at all times in their employee contributions and any Company safe harbor contributions to the Plan plus actual earnings thereon. Vesting in the Company non-elective profit sharing contribution portion of their account is based on years of continuous service. A participant is 100% vested after six years of credited service. Notwithstanding above, a participant is fully vested upon Normal Retirement age and death or permanent disability.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 95% of 50% of the vested account balance or 95% of the total vested account balance excluding Roth elective deferral balance or $50,000 and with maximum of two outstanding loans. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 6.50% to 8.00%, which are commensurate with prevailing market rates. Rates are determined at 1% over the current prime rate of interest. Principal and interest are paid through bi-weekly payrolls.

Payment of benefits:

Distributions to terminated or retired participants are made in a single lump-sum payment to the participant (or in the case of death, the participant's beneficiary) or periodic installments over a period specified by the plan. If terminated/retired participants do not voluntarily elect to move their funds out of the plan, vested account balances between $1,000 and $5,000 are rolled into an IRA on the employee's behalf. If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan administrator can authorize the benefit payment without the Participant's consent.

NOTE 1. (CONTINUED)

Active (not terminated/retired) participants experiencing financial hardship may withdraw a portion of their account balance as defined in the Plan and withdrawals are limited pursuant to the Plan's provisions.

Forfeitures:

At December 31, 2022 and 2021, forfeited non-vested accounts totaled $0 and $810, respectively. These accounts will be used to reduce future employer contributions and plan expenses. During the years ended December 31, 2022 and 2021, $810 and $0 were used to reduce plan expenses.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:

The financial statements of the Plan are maintained on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 3 for the discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are charged directly to the borrowing participant's account and are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded on the terms of the Plan document.

NOTE 2. (CONTINUED)

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan and fees related to administration of notes receivable from participants and distributions are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in the net depreciation of fair value of investments.

Subsequent events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through April 24, 2024, the date the financial statements were available to be issued.

NOTE 3. CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Mid Atlantic Trust Company, the trustee (custodian) of the Plan, has certified as to the completeness and accuracy of certain investment information reflected in the accompanying statement of net assets available for benefits as of December 31, 2022, the statement of changes in net assets available for the six months ending December 31, 2022, and the supplemental schedule of assets (held at end of year) as of December 31, 2022.

Reliance Trust Company, the trustee (custodian) of the Plan, has certified as to the completeness and accuracy of certain investment information reflected in the accompanying statement of net assets available for benefits as of December 31, 2021, and the statement of changes in net assets available for the six months ending June 30, 2022 .

NOTE 4. FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to adjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobserved inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are adjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

NOTE 4. (CONTINUED)

Level 2*:* Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets and liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3*:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The Mutual Funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee is a readily determinable fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022 - *Audited*

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,069,326	$ -	$ -	$ 4,069,326
Investments at fair value	**$ 4,069,326**	**$ -**	**$ -**	**$ 4,069,326**

Assets at Fair Value as of December 31, 2021 - *Compiled*

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,358,634	$ -	$ -	$ 4,358,634
Common collective trusts	810	-	-	810
Investments at fair value	**$ 4,359,444**	**$ -**	**$ -**	**$ 4,359,444**

NOTE 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Mid Atlantic Trust Company and Reliance Trust Company. Mid Atlantic Trust Company and Reliance Trust Company are the trustees and ADP Retirement Services and Paychex Retirement Services are the recordkeepers for the Plan and, therefore, these transactions qualify as party in interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7. PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated August 31, 2020 received from the Internal Revenue Service (IRS) on the Prototype Non-standardized Profit Sharing Plan with CODA indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore not subject to tax under the current income tax law. The prototype Plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 7. (CONTINUED)

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9. SECURE ACT 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 CARES Act. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately through 2028. Those provisions include both required and optional elements. Management has evaluated those provisions and determined there is no current impact on the Plan. Plan management will determine the optional provisions to elect in the future.

NOTE 10. PROHIBITED TRANSACTION

During the year ending December 31, 2022, the Plan sponsor failed to defer on bonuses, which is eligible compensation per plan documents. An employer QNEC correction was made in the amount of $1,360 to correct the missed deferral and match on bonus payments for all affected participants.

NOTE 11. RECONCILIATION OF AUDIT REPORT TO IRS FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

DECEMBER 31,	**2022**	**2021**
I. Total net assets per audit report	$ 4,115,934	$ 4,362,455

Net assets available for benefit per Form 5500	**$ 4,101,723**	**$ 4,362,455**

NOTE 11. (CONTINUED)
