## Independent Auditor's Report

To the Participants and Plan Administrator of the  
PatientPop Inc. Retirement Trust

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of PatientPop Inc. Retirement Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of February 28, 2023 and December 31, 2022, and the related statements of changes in net assets available for benefits for the period from January 1, 2023 to February 28, 2023 and the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of February 28, 2023 and December 31, 2022, and for the period from January 1, 2023 to February 28, 2023 and the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PatientPop Inc. Retirement Trust

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

The Participants and Plan Administrator of the  
PatientPop Inc. Retirement Trust

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Notes to financial Statements

### Note 1. Description of the Plan

The following description of the PatientPop Inc. Retirement Trust (the Plan) provides only general information. Participants should refer to the *Plan document* for a more complete description of the Plan's provisions, which is available from Plan management.

#### General

The Plan was a defined contribution plan covering all full-time employees of PatientPop Inc. (the Company) and its wholly owned subsidiaries who have at least one year of service and are age twenty-one or older. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors. Effective February 28, 2023, the Company merged the Plan into the Tebra Technologies, Inc. 401(k) Plan, which resulted in a termination of the Plan. All participant accounts and loans were transferred out of the Plan.

#### Contributions

Each year, participants could contribute an amount of their pretax annual compensation as defined in the Plan. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also designate some of their contributions as after tax contributions to a Roth 401(k) option. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants would have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company could make discretionary profit sharing contributions to the Plan at its discretion. During the period from January 1, 2023 to February 28, 2023 and the year ended December 31, 2022, the Company did not make a profit sharing contribution to the Plan. Contributions are subject to certain limitations.

#### Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### Vesting

Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

## Notes to financial Statements

### Notes Receivable from Participants

Participants could borrow from their account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Participants could only have one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at a rate two percentage points above the prime interest rate. Principal and interest was paid ratably through monthly payroll deductions.

### Payment of Benefits

Upon separation of service due to death, disability, retirement or termination of employment, a participant (or the participant's beneficiary, if applicable) could elect to receive a lump-sum amount equal to the value of the vested interest in his or her account, or partial payments from their vested account balance. Participants could receive in-service distributions upon reaching age fifty-nine and one-half.

### Forfeited Accounts

On February 28, 2023 and December 31, 2022, forfeited nonvested accounts totaled \$0 and \$1,105, respectively. These accounts, totaling \$1,109 were transferred to the Tebra Technologies, Inc. 401(k) Plan as a part of the Plan merger.

## Note 2. Summary of Significant Accounting Policies

### Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

### Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan Management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends were recorded at the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

## Notes to financial Statements

### **Notes Receivable from Participants**

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they are incurred. No allowance for credit losses has been recorded as of February 28, 2023 and December 31, 2022.

### **Payment of Benefits**

Benefits were recorded when paid.

### **Expenses**

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation (depreciation) of fair value of investments.

### **Plan Management's Review of Subsequent Events**

The Plan has evaluated subsequent events through April 4, 2024, the date the financial statements were available to be issued.

### **Note 3. Certified Investments**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments and notes receivable from participants held at February 28, 2023 and December 31, 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends and interest income on notes receivable from participants for the period from January 1, 2023 to February 28, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus Trust Company (Ascensus), the custodian of the Plan.

### Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 28, 2023 and December 31, 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued using the NAV of the fund shares.

## Notes to financial Statements

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of February 28, 2023 and December 31, 2022:

	2023	2022
Level 1:		
Mutual funds	\$ -	\$ 6,752,643
Money market	-	5,514
	\$ -	\$ 6,758,157
Investments at fair value		

### **Note 5. Related Party Transactions and Party in Interest Transactions**

Certain Plan investments were shares of mutual funds held by Ascensus. Ascensus is the record keeper and custodian for the Plan and, therefore, these transactions qualify as party in interest transactions. All investment fund earnings or losses posted to each Plan participant's account were net of investment management fees charged by each investment fund under the Plan.

### **Note 6. Plan Termination**

The Company resolved to merge the Plan effective as of February 28, 2023 into Tebra Technologies, Inc. 401(k) plan, which resulted in the termination of the Plan.

### **Note 7. Tax Status**

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated January 1, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **Note 8. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
