Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of EducationDynamics 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022, and for the year then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of EducationDynamics 401(k) Profit Sharing Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated December 22, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

EDUCATIONDYNAMICS 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN

EducationDynamics 401(k) Profit Sharing Plan (the Plan) is a defined contribution plan that became effective January 1, 2007. The Plan is designed to provide retirement, disability, and death benefits to employees of EducationDynamics, LLC (the Plan Sponsor or Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 1, 2020, the Plan changed its name from the Halyard Education Partner, LLC 401(k) Profit Sharing Plan to EducationDynamics 401(k) Profit Sharing Plan.

Effective May 3, 2021, the Plan adopted an amendment to reflect statutory changes pursuant to the Bipartisan Budget Act of 2018 (BBA), and Internal Revenue Code Sections 401(k) and (m) 2019 Final Hardship Regulations, and any related guidance.

Eligibility All full-time and part-time salaried and hourly employees who have attained the age of 21 and have completed two months of eligibility service requirements, and all temporary employees who have attained the age of 21 and have completed at least 1,000 hours of service, are eligible to participate in the Plan, provided they are not subject to a collective-bargaining agreement where retirement benefits were a subject of good-faith bargaining and where the inclusion of such employees was not a result of such bargaining, and are not nonresident aliens who do not receive any earned income from the Employer, which constitutes U.S. source income.

Contributions: Each year, participants may elect to defer between 1% and 80% of their annual compensation, as defined, provided their contributions do not exceed maximum allowable amounts under the Internal Revenue Code (the Code). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows for Roth 401(k) contributions. Effective January 2, 2013, eligible employees are automatically enrolled in the Plan and 5% of compensation is deferred, subject to increases of 1% annually up to 10%, unless the employee has elected not to participate or elects to change their contribution percentage.

Effective January 1, 2020, in accordance with Plan provisions, the Employer makes safe harbor matching contributions. The Employer contributes 100% of the first 3% of the eligible participant's compensation contributed to the Plan and 50% of the next 2% of the eligible participant's compensation contributed to the Plan.

The Employer may also make an additional matching employer contribution on behalf of each eligible participant in an amount equal to a percentage of the eligible contributions made by each eligible participant during the Plan year. The Employer may also make a discretionary nonelective employer contribution in the ratio that each eligible participant's compensation bears, to the total compensation paid to all eligible participants for the contribution period.

Total contributions on a participant's behalf may not exceed amounts in accordance with Internal Revenue Service (IRS) guidelines. The Plan Sponsor elected not to make an additional employer matching employer contribution or a discretionary nonelective contribution during the year ended December 31, 2022.

Rollovers: Rollovers represent transfers of account balances of certain participants into certain investments of the Plan from other qualified plans or from individual retirement accounts. During the year ended December 31, 2022, there were rollover contributions of \$229,088.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Accounts and Participants' Investment Options: Individual accounts are established for each participant. Each participant's account is credited with the participant's contributions, the employer contributions, if any, and the proportionate share of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan offers a stable value fund and a variety of registered investment companies with varying investment objectives as investment options. Upon enrollment in the Plan, participants direct their contributions and employer contributions to any of the investment options offered by the Plan. Participants may change their investment elections among these various investment options at any time.

Vesting: Participants are 100% vested in their deferral contributions, rollover contributions, and the safe harbor matching employer contributions.

Effective January 2, 2013 and before January 1, 2020, employer contributions, plus any allocated interest, dividends, and net capital gains or losses thereon, became fully vested upon obtaining one year of service. For those participants who were terminated prior to January 2, 2013, employer contributions made prior to January 1, 2013 were subject to a five-year graded vesting schedule.

Payment of Benefits: In the event of termination of employment, retirement, death, or disability, all of the participant's vested contributions and earnings thereon will be paid at the participant's option (subject to spousal consent) in a lump-sum distribution. Participants with vested balances less than \$1,000 will receive an automatic lump-sum payment of benefits. Participants with vested accumulated benefits in excess of \$1,000, and who terminate employment prior to age 62, may elect to leave their investment in the Plan.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan. Participants may also withdraw an amount at age 59½ if certain criteria are met.

There were no significant requests by participants to withdraw their funds that were not paid by year-end at December 31, 2022 and 2021.

Notes Receivable from Participants: Participants may borrow from their account balance a minimum of \$1,000, up to a maximum equal to the lesser of 50% of the participant's vested balance or \$50,000 reduced by the excess, if any, of the participant's highest outstanding balance of loans from the Plan during the one-year period. The loan is secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at 1% above prime rate, as defined. A participant may have a maximum of one loan outstanding at any time. The loans are repaid semi-monthly through payroll deductions. The term of the loan is five years or less, unless the funds are utilized to acquire a principal residence, in which case the administrator may permit a longer repayment term.

Forfeited Accounts: Forfeitures are retained in the Plan and can be used to pay administrative expenses and reduce future employer contributions at the option of the Plan Sponsor. As of December 31, 2022 and 2021, forfeited non-vested accounts were \$18,407 and \$9,656, respectively. In 2022 no forfeitures were used to fund employer contributions.

December 31, 2022 and 2021

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition: The investments of the Plan are reported at fair value and are held by Fidelity Management Trust Company (Trustee), the trustee of the Plan. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for a discussion of fair value measurements.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The Plan presents, in the statement of changes in net assets available for benefits, the net depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Payment of Benefits: Benefit payments to participants and beneficiaries are recorded upon distribution.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income from notes receivable is recorded on the accrual basis. No allowance for losses is deemed necessary by Plan management, as principal and interest are repaid through payroll deductions, and the notes are collateralized by the participants' account balances. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. A note receivable is considered to be in default after any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled payment.

Use of Estimates: The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses: All costs and expenses of administering the Plan are borne by the Plan, except that they may be paid by the Plan Sponsor at its discretion. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments. The Plan paid administrative expenses of \$93,005 to the Trustee for the year ended December 31, 2022.

NOTE 3 – TAX STATUS

The IRS issued an opinion letter dated June 30, 2020, indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (“IRC”). Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE 4 – PLAN TERMINATION

While the Plan Sponsor has not expressed any intention to terminate or partially terminate the Plan, the Plan Sponsor reserves the right to amend or discontinue the Plan or its contributions at any time, subject to the provisions set forth under ERISA. Upon termination of the Plan, the Plan Sponsor, at its discretion, may elect to terminate the trust agreement. In such event, each affected participant’s individual account balance will remain 100% vested and be paid to such participant as soon as practicable, after a determination is made of the value of the participant’s individual account.

NOTE 5 – PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

The Plan, the Plan Sponsor, and the Trustee (Fidelity Management Trust Company or FMTC), are parties-in-interest with respect to the Plan under the provisions of ERISA. Notes receivable from participants also qualify as party-in-interest transactions. Plan investments include shares of registered investment companies and a collective trust fund managed by the Trustee; therefore, these transactions qualify as party-in-interest transactions. Investment-related fees are reflected as an offset of net investment income and are not readily determinable. These transactions, as well as trustee fees, record keeping fees and certain professional fees for the administration of the Plan that were paid either directly or indirectly by the Plan to FMTC or its affiliates represent party-in-interest transactions.

NOTE 6 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee.

(Continued)

NOTE 7 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs.

The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs). The fair values of these investments are based upon the closing net asset value per share of the fund on the day of the valuation as reflected on a national securities exchange.

Collective Trust: The collective trust is valued based on the net asset values per unit as reported by the fund manager. The underlying assets owned by the collective trust consist primarily of readily marketable fixed-income securities. The collective trust is valued using the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. There is no notice period, no redemption fees, and no unfunded commitments.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2022 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE 10 – LATE REMITTANCES

During the Plan year ended December 31, 2022, employee withholdings in the amount of \$466,294 were not remitted within the appropriate period by the Plan Sponsor. For prior years, employee withholdings totaling \$1,800,081 were not remitted within the appropriate time period by the Plan Sponsor. These transactions constitute prohibited transactions, as defined by ERISA. Of the amount of \$1,800,081, \$1,595,746 of delinquent contributions were corrected by the Plan Sponsor and deposited along with missed earnings, to the participant account pending filing under the Voluntary Fiduciary Correction Program (VFCP). The Plan Sponsor will take the appropriate steps to correct the remaining delinquent employee deferrals by calculating and depositing the corresponding lost earnings into the participant accounts. The Plan Sponsor has further implemented a procedure to ensure all future remittances are done within the prescribed time period.

NOTE 11 – SUBSEQUENT EVENTS

The Plan's management has performed subsequent event procedures through April 29, 2024, which is the date the financial statements were available to be issued, and there were no subsequent events requiring adjustments to the financial statements or disclosures, as stated herein.

Effective January 1, 2024, employer matching contribution has changed from the 401(k) safe harbor matching to a discretionary matching employer contribution.
