SCHEDULE H (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Financial Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA), and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500.	OMB No. 1210-0110 2022 This Form is Open to Public Inspection
For calendar plan year 2022 or fiscal plan year beginning <u>01/01/2022</u> and ending <u>12/31/2022</u>		
A Name of plan <u>INTERAMERICAN FOODS CORPORATION 401(K) PLAN</u>		B Three-digit plan number (PN) <u>001</u>
C Plan sponsor's name as shown on line 2a of Form 5500 <u>INTERAMERICAN FOODS CORPORATION</u>		D Employer Identification Number (EIN) <u>76-0206734</u>

Part I Asset and Liability Statement			
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.			
Assets		(a) Beginning of Year	(b) End of Year
a Total noninterest-bearing cash.....	1a	0	0
b Receivables (less allowance for doubtful accounts):

j Total expenses. Add all expense amounts in column (b) and enter total	2j		147083
Net Income and Reconciliation			
k Net income (loss). Subtract line 2j from line 2d	2k		12803
l Transfers of assets:			
(1) To this plan	2l(1)		0
(2) From this plan	2l(2)		0

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: BDO USA P.C.

(2) EIN: 13-5381590

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

	Yes	No	Amount
4a	X		47353

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	
e Was this plan covered by a fidelity bond?			
4e		X	
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?			
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)			
4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)			
4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?			
4k		X	
l Has the plan failed to provide any benefit when due under the plan?			
4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
4m	X		
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			
4n	X		

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined
If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500.	OMB No. 1210-0110 2022 This Form is Open to Public Inspection.
For calendar plan year 2022 or fiscal plan year beginning 01/01/2022 and ending 12/31/2022		
A Name of plan INTERAMERICAN FOODS CORPORATION 401(K) PLAN		B Three-digit plan number (PN) 001
C Plan sponsor's name as shown on line 2a of Form 5500 INTERAMERICAN FOODS CORPORATION		D Employer Identification Number (EIN) 76-0206734
Part I Distributions		
All references to distributions relate only to payments of benefits during the plan year.		
1 Total value of distributions paid in property other than in cash or the forms of property specified in the instructions.....		1
2 Enter the EIN(s) of payor(s) who paid benefits on behalf of the plan to participants or beneficiaries during the year (if more than two, enter EINs of the two payors who paid the greatest dollar amounts of benefits): EIN(s): 04-6568107 57-1198022 Profit-sharing plans, ESOPs, and stock bonus plans, skip line 3.		
3 Number of participants (living or deceased) whose benefits were distributed in a single sum, during the plan year.....		3
Part II Funding Information (If the plan is not subject to the minimum funding requirements of section 412 of the Internal Revenue Code or ERISA section 302, skip this Part.)		
4 Is the plan administrator making an election under Code section 412(d)(2) or ERISA section 302(d)(2)? ☐ Yes ☐ No ☐ N/A If the plan is a defined benefit plan, go to line 8.		
5 If a waiver of the minimum funding standard for a prior year is being amortized in this plan year, see instructions and enter the date of the ruling letter granting the waiver. Date: Month _____ Day _____ Year _____ If you completed line 5, complete lines 3, 9, and 10 of Schedule MB and do not complete the remainder of this schedule.		
6 a Enter the minimum required contribution for this plan year (include any prior year accumulated funding deficiency not waived).....		6a
b Enter the amount contributed by the employer to the plan for this plan year.....		6b
c Subtract the amount in line 6b from the amount in line 6a. Enter the result (enter a minus sign to the left of a negative amount).....		6c
If you completed line 6c, skip lines 8 and 9.		
7 Will the minimum funding amount reported on line 6c be met by the funding deadline? ☐ Yes ☐ No ☐ N/A		
8 If a change in actuarial cost method was made for this plan year pursuant to a revenue procedure or other authority providing automatic approval for the change or a class ruling letter, does the plan sponsor or plan administrator agree with the change? ☐ Yes ☐ No ☐ N/A		
Part III Amendments		
9 If this is a defined benefit pension plan, were any amendments adopted during this plan year that increased or decreased the value of benefits? If yes, check the appropriate box. If no, check the "No" box..... ☐ Increase ☐ Decrease ☐ Both ☐ No		
Part IV ESOPs (see instructions). If this is not a plan described under section 409(a) or 4975(e)(7) of the Internal Revenue Code, skip this Part.		
10 Were unallocated employer securities or proceeds from the sale of unallocated securities used to repay any exempt loan?..... ☐ Yes ☐ No		
11 a Does the ESOP hold any preferred stock?..... ☐ Yes ☐ No		
b If the ESOP has an outstanding exempt loan with the employer as lender, is such loan part of a "back-to-back" loan? (See instructions for definition of "back-to-back" loan.)..... ☐ Yes ☐ No		
12 Does the ESOP hold any stock that is not readily tradable on an established securities market?..... ☐ Yes ☐ No		
For Paperwork Reduction Act Notice, see the Instructions for Form 5500.

Independent Auditor's Report

The Plan Administrator
Interamerican Foods Corporation 401(k) Plan
Cleburne, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Interamerican Foods Corporation 401(k) Plan (formerly the Interamerican Foods 401k) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not required parts of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Interamerican Foods Corporation 401(k) Plan (formerly the Interamerican Foods 401k) (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Interamerican Foods Corporation (the Company, Plan Sponsor, Plan Administrator, or Employer), who have attained age 21 and completed three months of service.

The Plan was established on January 1, 2015 and is a qualified defined contribution plan as defined by Section 401(a) of the Internal Revenue Code (IRC) and contains a provision for salary reduction contributions under Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and any subsequent amendments.

As a result of the change in trustee and recordkeeper, see *Administration of the Plan* below, the Plan was amended and restated on February 1, 2022 onto a non-standardized pre-approved profit-sharing plan sponsored by FMR LLC. There were no significant changes to Plan provisions as a result of the restatement, other than to change the name of the Plan to Interamerican Foods Corporation 401(k) Plan.

Administration of the Plan

The Company is the Plan Administrator and is responsible for oversight of the Plan. Prior to February 28, 2022, Automatic Data Processing, Inc. (ADP) was the recordkeeper, and Reliance Trust Company (Reliance) was the trustee of the Plan. Effective February 1, 2022, the Plan entered into an agreement with Fidelity Management Trust Company (Fidelity) to take over as trustee and recordkeeper of the Plan. All assets were transferred to Fidelity on February 28, 2022.

Contributions

Participants may elect to defer up to 90% of their eligible compensation, as defined in the Plan document, on a pre-tax or after-tax Roth basis, and subject to certain IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rates set at 2% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant.

The Company contributes 50% of the first 6% of eligible compensation that a participant contributes to the Plan. Additional discretionary profit-sharing amounts may be contributed at the option of the Company. For the year ended December 31, 2022, the Company did not make a discretionary profit-sharing contribution to the Plan.

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested with respect to their salary deferral contributions and related earnings. For all Company matching and profit-sharing contributions and related earnings, participants are vested 20% after the second year, an additional 20% for each year thereafter, and fully vested after six years of service. Participants become fully vested upon death, disability, or reaching normal retirement age.

Forfeitures

Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to the Company matching or profit-sharing contributions. As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$3,408 and \$1,268, respectively. Forfeitures shall be used to reduce employer contributions under the Plan agreement or to pay Plan expenses. For the year ended December 31, 2022, \$15,752 of forfeitures were used to reduce employer contributions, and no forfeitures were used to pay administrative fees.

Payment of Benefits

Benefits are generally paid upon normal retirement, disability, death, or termination of employment. Upon normal retirement, disability, or death, a participant is entitled to receive 100% of their account balance. Under the Plan document, normal retirement is defined as age 65. Upon termination, a participant is entitled to receive the vested portion of their account balance. Benefits are paid in a lump-sum amount. Distributions of vested account balances of \$1,000 or less may be distributed to participants in cash. Distributions of vested account balances greater than \$1,000, but less than or equal to \$5,000, are paid as a direct rollover to an individual retirement account in the name of the Plan participant. These mandatory distributions apply only to participants who have separated from service and do not affirmatively elect a distribution of their accounts. Hardship withdrawals and certain other in-service withdrawals are also allowed by the Plan if certain criteria are met.

Notes Receivable from Participants

Prior to February 1, 2022, participants could have borrowed from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Effective February 1, 2022, the minimum was raised to \$1,000. The loans are secured by the balance in the participant's account. Loan terms range from one to five years, with the exception of the purchase of a primary residence, which is up to 30 years. The loan interest rate, determined quarterly, is set at 2% above the prime rate, and is fixed for the term of the loan. Principal and interest are paid ratably through payroll deductions.

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all participant accounts would immediately become fully vested, and the assets would be distributed among the participants in accordance with the terms set forth in the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP), as codified by the Financial Accounting Standards Board (FASB) in its Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator and management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Participant deferral contributions and related Company contributions are recognized in the Plan year during which the Company makes the respective payroll deduction from the participant's compensation and in the year in which the contributions relate to the participant's compensation.

Payment of Benefits

Benefits are recorded as a reduction to net assets available for benefits when paid.

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. Interest income is recorded on the accrual basis. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits.

Fees and Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance, a qualified institution, has certified that the following information as of December 31, 2021 and for the period from January 1, 2021 through February 28, 2022, and Fidelity, a qualified institution, has certified the following information as of December 31, 2022 and for the period from February 28, 2022 through December 31, 2022 included in the accompanying financial statements and supplemental schedules as complete and accurate:

- Investments and notes receivable from participants, as reported in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Interest earned on notes receivable from participants and net depreciation in fair value of investments and interest and dividends, as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment amounts included in the notes to financial statements.
- All investment information included in the supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedules, and reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedules are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the assets or liability.

Level 3 - Inputs to the valuation methodology are unobservable inputs for the asset or liability.

The asset or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily fair value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund - The money market fund is valued at the daily closing price as reported by the fund.

Stable Value Common Collective Trust (SVT) - The Invesco Stable Asset Fund is a stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value (NAV) of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. The Plan initiated a full redemption of the collective trust during 2022 at fair value. This is a direct filing entity.

Common Collective Trust - The State Street Bank & Trust common collective trust is valued based on the Plan's interest in the fund at NAV reported by the fund managers as of the financial statement date and recent transaction prices. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The fund provides for daily redemptions by the Plan at reported NAV with no advance requirement. Fair values for the

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

investments within this fund are based on quoted prices in active markets and securities valued using either observable inputs or quotations from inactive markets. This is a direct filing entity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements:

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,074,292	\$ -	\$ -	\$ 1,074,292
Money market fund	3,436	-	-	3,436
Total Investments, at fair value	\$ 1,077,728	\$ -	\$ -	\$ 1,077,728

December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,028,622	\$ -	\$ -	\$ 1,028,622
Total Investments, in the fair value hierarchy	\$ 1,028,622	\$ -	\$ -	1,028,622
Investments, measured at NAV*				43,152
Total Investments, at fair value				\$ 1,071,774

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The remainder of this page intentionally left blank.

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2021

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Investment type:				
Common collective trust - SVT	\$ 1,278	None	Daily	12 months for full liquidation
Common collective trust	41,874	None	Daily	None

5. Income Tax Status

The Employer adopted a prototype non-standardized profit-sharing plan (the Prototype Non-Standardized Plan) sponsored by ADP, which has received a favorable advisory letter from the Internal Revenue Service (IRS) dated July 8, 2014, which states that the form of the Prototype Non-Standardized Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees.

As a result of the change in trustee, the Plan was amended and restated into a non-standardized pre-approved profit-sharing plan sponsored by FMR LLC, which obtained an opinion letter from the IRS dated June 30, 2020, indicating that the non-standardized pre-approved profit-sharing plan and trust are designed in accordance with the applicable sections of the IRC.

The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC; therefore, the Plan Administrator believes the Plan is qualified, and the related trust is tax-exempt.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Concentrations, Risks, and Uncertainties

The Plan invests in various investment mutual funds and a money market fund. Investment securities, in general, are exposed to various risks, such as interest rate and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

As of December 31, 2022 and 2021, there were four investments held that individually were more than 10% of investments. Refer to the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2022.

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

7. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts managed by Fidelity. The recordkeeper receives certain direct fees and indirect asset-based fees as outlined in the various fee disclosures to the Company. The Plan also issues loans to participants, which are secured by the vested balance of the participants' accounts. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

8. Delinquent Participant Contributions

During the Plan year ended December 31, 2022, participant contributions and loan repayments totaling \$47,353 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Company is in the process of correcting these transactions.

9. Subsequent Events

Plan management has evaluated subsequent events through May 6, 2024, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements.

Independent Auditor's Report

The Plan Administrator
Interamerican Foods Corporation 401(k) Plan
Cleburne, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Interamerican Foods Corporation 401(k) Plan (formerly the Interamerican Foods 401k) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not required parts of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Interamerican Foods Corporation 401(k) Plan (formerly the Interamerican Foods 401k) (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Interamerican Foods Corporation (the Company, Plan Sponsor, Plan Administrator, or Employer), who have attained age 21 and completed three months of service.

The Plan was established on January 1, 2015 and is a qualified defined contribution plan as defined by Section 401(a) of the Internal Revenue Code (IRC) and contains a provision for salary reduction contributions under Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and any subsequent amendments.

As a result of the change in trustee and recordkeeper, see *Administration of the Plan* below, the Plan was amended and restated on February 1, 2022 onto a non-standardized pre-approved profit-sharing plan sponsored by FMR LLC. There were no significant changes to Plan provisions as a result of the restatement, other than to change the name of the Plan to Interamerican Foods Corporation 401(k) Plan.

Administration of the Plan

The Company is the Plan Administrator and is responsible for oversight of the Plan. Prior to February 28, 2022, Automatic Data Processing, Inc. (ADP) was the recordkeeper, and Reliance Trust Company (Reliance) was the trustee of the Plan. Effective February 1, 2022, the Plan entered into an agreement with Fidelity Management Trust Company (Fidelity) to take over as trustee and recordkeeper of the Plan. All assets were transferred to Fidelity on February 28, 2022.

Contributions

Participants may elect to defer up to 90% of their eligible compensation, as defined in the Plan document, on a pre-tax or after-tax Roth basis, and subject to certain IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rates set at 2% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant.

The Company contributes 50% of the first 6% of eligible compensation that a participant contributes to the Plan. Additional discretionary profit-sharing amounts may be contributed at the option of the Company. For the year ended December 31, 2022, the Company did not make a discretionary profit-sharing contribution to the Plan.

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested with respect to their salary deferral contributions and related earnings. For all Company matching and profit-sharing contributions and related earnings, participants are vested 20% after the second year, an additional 20% for each year thereafter, and fully vested after six years of service. Participants become fully vested upon death, disability, or reaching normal retirement age.

Forfeitures

Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to the Company matching or profit-sharing contributions. As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$3,408 and \$1,268, respectively. Forfeitures shall be used to reduce employer contributions under the Plan agreement or to pay Plan expenses. For the year ended December 31, 2022, \$15,752 of forfeitures were used to reduce employer contributions, and no forfeitures were used to pay administrative fees.

Payment of Benefits

Benefits are generally paid upon normal retirement, disability, death, or termination of employment. Upon normal retirement, disability, or death, a participant is entitled to receive 100% of their account balance. Under the Plan document, normal retirement is defined as age 65. Upon termination, a participant is entitled to receive the vested portion of their account balance. Benefits are paid in a lump-sum amount. Distributions of vested account balances of \$1,000 or less may be distributed to participants in cash. Distributions of vested account balances greater than \$1,000, but less than or equal to \$5,000, are paid as a direct rollover to an individual retirement account in the name of the Plan participant. These mandatory distributions apply only to participants who have separated from service and do not affirmatively elect a distribution of their accounts. Hardship withdrawals and certain other in-service withdrawals are also allowed by the Plan if certain criteria are met.

Notes Receivable from Participants

Prior to February 1, 2022, participants could have borrowed from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Effective February 1, 2022, the minimum was raised to \$1,000. The loans are secured by the balance in the participant's account. Loan terms range from one to five years, with the exception of the purchase of a primary residence, which is up to 30 years. The loan interest rate, determined quarterly, is set at 2% above the prime rate, and is fixed for the term of the loan. Principal and interest are paid ratably through payroll deductions.

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all participant accounts would immediately become fully vested, and the assets would be distributed among the participants in accordance with the terms set forth in the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP), as codified by the Financial Accounting Standards Board (FASB) in its Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator and management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Participant deferral contributions and related Company contributions are recognized in the Plan year during which the Company makes the respective payroll deduction from the participant's compensation and in the year in which the contributions relate to the participant's compensation.

Payment of Benefits

Benefits are recorded as a reduction to net assets available for benefits when paid.

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. Interest income is recorded on the accrual basis. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits.

Fees and Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance, a qualified institution, has certified that the following information as of December 31, 2021 and for the period from January 1, 2021 through February 28, 2022, and Fidelity, a qualified institution, has certified the following information as of December 31, 2022 and for the period from February 28, 2022 through December 31, 2022 included in the accompanying financial statements and supplemental schedules as complete and accurate:

- Investments and notes receivable from participants, as reported in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Interest earned on notes receivable from participants and net depreciation in fair value of investments and interest and dividends, as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment amounts included in the notes to financial statements.
- All investment information included in the supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedules, and reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedules are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the assets or liability.

Level 3 - Inputs to the valuation methodology are unobservable inputs for the asset or liability.

The asset or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily fair value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund - The money market fund is valued at the daily closing price as reported by the fund.

Stable Value Common Collective Trust (SVT) - The Invesco Stable Asset Fund is a stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value (NAV) of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. The Plan initiated a full redemption of the collective trust during 2022 at fair value. This is a direct filing entity.

Common Collective Trust - The State Street Bank & Trust common collective trust is valued based on the Plan's interest in the fund at NAV reported by the fund managers as of the financial statement date and recent transaction prices. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The fund provides for daily redemptions by the Plan at reported NAV with no advance requirement. Fair values for the

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

investments within this fund are based on quoted prices in active markets and securities valued using either observable inputs or quotations from inactive markets. This is a direct filing entity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements:

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,074,292	\$ -	\$ -	\$ 1,074,292
Money market fund	3,436	-	-	3,436
Total Investments, at fair value	\$ 1,077,728	\$ -	\$ -	\$ 1,077,728

December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,028,622	\$ -	\$ -	\$ 1,028,622
Total Investments, in the fair value hierarchy	\$ 1,028,622	\$ -	\$ -	1,028,622
Investments, measured at NAV*				43,152
Total Investments, at fair value				\$ 1,071,774

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The remainder of this page intentionally left blank.

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2021

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Investment type:				
Common collective trust - SVT	\$ 1,278	None	Daily	12 months for full liquidation
Common collective trust	41,874	None	Daily	None

5. Income Tax Status

The Employer adopted a prototype non-standardized profit-sharing plan (the Prototype Non-Standardized Plan) sponsored by ADP, which has received a favorable advisory letter from the Internal Revenue Service (IRS) dated July 8, 2014, which states that the form of the Prototype Non-Standardized Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees.

As a result of the change in trustee, the Plan was amended and restated into a non-standardized pre-approved profit-sharing plan sponsored by FMR LLC, which obtained an opinion letter from the IRS dated June 30, 2020, indicating that the non-standardized pre-approved profit-sharing plan and trust are designed in accordance with the applicable sections of the IRC.

The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC; therefore, the Plan Administrator believes the Plan is qualified, and the related trust is tax-exempt.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Concentrations, Risks, and Uncertainties

The Plan invests in various investment mutual funds and a money market fund. Investment securities, in general, are exposed to various risks, such as interest rate and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

As of December 31, 2022 and 2021, there were four investments held that individually were more than 10% of investments. Refer to the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2022.

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

7. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts managed by Fidelity. The recordkeeper receives certain direct fees and indirect asset-based fees as outlined in the various fee disclosures to the Company. The Plan also issues loans to participants, which are secured by the vested balance of the participants' accounts. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

8. Delinquent Participant Contributions

During the Plan year ended December 31, 2022, participant contributions and loan repayments totaling \$47,353 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Company is in the process of correcting these transactions.

9. Subsequent Events

Plan management has evaluated subsequent events through May 6, 2024, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements.

Independent Auditor's Report

The Plan Administrator
Interamerican Foods Corporation 401(k) Plan
Cleburne, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Interamerican Foods Corporation 401(k) Plan (formerly the Interamerican Foods 401k) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not required parts of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Interamerican Foods Corporation 401(k) Plan (formerly the Interamerican Foods 401k) (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Interamerican Foods Corporation (the Company, Plan Sponsor, Plan Administrator, or Employer), who have attained age 21 and completed three months of service.

The Plan was established on January 1, 2015 and is a qualified defined contribution plan as defined by Section 401(a) of the Internal Revenue Code (IRC) and contains a provision for salary reduction contributions under Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and any subsequent amendments.

As a result of the change in trustee and recordkeeper, see *Administration of the Plan* below, the Plan was amended and restated on February 1, 2022 onto a non-standardized pre-approved profit-sharing plan sponsored by FMR LLC. There were no significant changes to Plan provisions as a result of the restatement, other than to change the name of the Plan to Interamerican Foods Corporation 401(k) Plan.

Administration of the Plan

The Company is the Plan Administrator and is responsible for oversight of the Plan. Prior to February 28, 2022, Automatic Data Processing, Inc. (ADP) was the recordkeeper, and Reliance Trust Company (Reliance) was the trustee of the Plan. Effective February 1, 2022, the Plan entered into an agreement with Fidelity Management Trust Company (Fidelity) to take over as trustee and recordkeeper of the Plan. All assets were transferred to Fidelity on February 28, 2022.

Contributions

Participants may elect to defer up to 90% of their eligible compensation, as defined in the Plan document, on a pre-tax or after-tax Roth basis, and subject to certain IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rates set at 2% of eligible compensation and their contributions invested in a designated target date fund until changed by the participant.

The Company contributes 50% of the first 6% of eligible compensation that a participant contributes to the Plan. Additional discretionary profit-sharing amounts may be contributed at the option of the Company. For the year ended December 31, 2022, the Company did not make a discretionary profit-sharing contribution to the Plan.

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested with respect to their salary deferral contributions and related earnings. For all Company matching and profit-sharing contributions and related earnings, participants are vested 20% after the second year, an additional 20% for each year thereafter, and fully vested after six years of service. Participants become fully vested upon death, disability, or reaching normal retirement age.

Forfeitures

Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to the Company matching or profit-sharing contributions. As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$3,408 and \$1,268, respectively. Forfeitures shall be used to reduce employer contributions under the Plan agreement or to pay Plan expenses. For the year ended December 31, 2022, \$15,752 of forfeitures were used to reduce employer contributions, and no forfeitures were used to pay administrative fees.

Payment of Benefits

Benefits are generally paid upon normal retirement, disability, death, or termination of employment. Upon normal retirement, disability, or death, a participant is entitled to receive 100% of their account balance. Under the Plan document, normal retirement is defined as age 65. Upon termination, a participant is entitled to receive the vested portion of their account balance. Benefits are paid in a lump-sum amount. Distributions of vested account balances of \$1,000 or less may be distributed to participants in cash. Distributions of vested account balances greater than \$1,000, but less than or equal to \$5,000, are paid as a direct rollover to an individual retirement account in the name of the Plan participant. These mandatory distributions apply only to participants who have separated from service and do not affirmatively elect a distribution of their accounts. Hardship withdrawals and certain other in-service withdrawals are also allowed by the Plan if certain criteria are met.

Notes Receivable from Participants

Prior to February 1, 2022, participants could have borrowed from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Effective February 1, 2022, the minimum was raised to \$1,000. The loans are secured by the balance in the participant's account. Loan terms range from one to five years, with the exception of the purchase of a primary residence, which is up to 30 years. The loan interest rate, determined quarterly, is set at 2% above the prime rate, and is fixed for the term of the loan. Principal and interest are paid ratably through payroll deductions.

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all participant accounts would immediately become fully vested, and the assets would be distributed among the participants in accordance with the terms set forth in the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP), as codified by the Financial Accounting Standards Board (FASB) in its Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator and management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Participant deferral contributions and related Company contributions are recognized in the Plan year during which the Company makes the respective payroll deduction from the participant's compensation and in the year in which the contributions relate to the participant's compensation.

Payment of Benefits

Benefits are recorded as a reduction to net assets available for benefits when paid.

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. Interest income is recorded on the accrual basis. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits.

Fees and Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance, a qualified institution, has certified that the following information as of December 31, 2021 and for the period from January 1, 2021 through February 28, 2022, and Fidelity, a qualified institution, has certified the following information as of December 31, 2022 and for the period from February 28, 2022 through December 31, 2022 included in the accompanying financial statements and supplemental schedules as complete and accurate:

- Investments and notes receivable from participants, as reported in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Interest earned on notes receivable from participants and net depreciation in fair value of investments and interest and dividends, as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment amounts included in the notes to financial statements.
- All investment information included in the supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedules, and reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedules are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the assets or liability.

Level 3 - Inputs to the valuation methodology are unobservable inputs for the asset or liability.

The asset or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily fair value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund - The money market fund is valued at the daily closing price as reported by the fund.

Stable Value Common Collective Trust (SVT) - The Invesco Stable Asset Fund is a stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value (NAV) of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. The Plan initiated a full redemption of the collective trust during 2022 at fair value. This is a direct filing entity.

Common Collective Trust - The State Street Bank & Trust common collective trust is valued based on the Plan's interest in the fund at NAV reported by the fund managers as of the financial statement date and recent transaction prices. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The fund provides for daily redemptions by the Plan at reported NAV with no advance requirement. Fair values for the

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

investments within this fund are based on quoted prices in active markets and securities valued using either observable inputs or quotations from inactive markets. This is a direct filing entity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements:

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,074,292	\$ -	\$ -	\$ 1,074,292
Money market fund	3,436	-	-	3,436
Total Investments, at fair value	\$ 1,077,728	\$ -	\$ -	\$ 1,077,728

December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,028,622	\$ -	\$ -	\$ 1,028,622
Total Investments, in the fair value hierarchy	\$ 1,028,622	\$ -	\$ -	1,028,622
Investments, measured at NAV*				43,152
Total Investments, at fair value				\$ 1,071,774

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The remainder of this page intentionally left blank.

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2021

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Investment type:				
Common collective trust - SVT	\$ 1,278	None	Daily	12 months for full liquidation
Common collective trust	41,874	None	Daily	None

5. Income Tax Status

The Employer adopted a prototype non-standardized profit-sharing plan (the Prototype Non-Standardized Plan) sponsored by ADP, which has received a favorable advisory letter from the Internal Revenue Service (IRS) dated July 8, 2014, which states that the form of the Prototype Non-Standardized Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees.

As a result of the change in trustee, the Plan was amended and restated into a non-standardized pre-approved profit-sharing plan sponsored by FMR LLC, which obtained an opinion letter from the IRS dated June 30, 2020, indicating that the non-standardized pre-approved profit-sharing plan and trust are designed in accordance with the applicable sections of the IRC.

The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC; therefore, the Plan Administrator believes the Plan is qualified, and the related trust is tax-exempt.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Concentrations, Risks, and Uncertainties

The Plan invests in various investment mutual funds and a money market fund. Investment securities, in general, are exposed to various risks, such as interest rate and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

As of December 31, 2022 and 2021, there were four investments held that individually were more than 10% of investments. Refer to the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2022.

Interamerican Foods Corporation 401(k) Plan

Notes to Financial Statements

7. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts managed by Fidelity. The recordkeeper receives certain direct fees and indirect asset-based fees as outlined in the various fee disclosures to the Company. The Plan also issues loans to participants, which are secured by the vested balance of the participants' accounts. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

8. Delinquent Participant Contributions

During the Plan year ended December 31, 2022, participant contributions and loan repayments totaling \$47,353 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Company is in the process of correcting these transactions.

9. Subsequent Events

Plan management has evaluated subsequent events through May 6, 2024, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements.
