Plan Administrator
Toyo Automotive 401(k) Plan
Franklin, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Toyo Automotive 401(k) Plan (Plan), an employee benefit Plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of November 14, 2023 and December 31, 2022, and the related statements of changes in net assets available for benefits for the period from January 1, 2023, through November 14, 2023, (in liquidation), and for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution) .

Management has obtained a certification from a qualified institution as of and for the period ended November 14, 2023 and for the year then ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As discussed in Note 6 to the financial statements, the Board of Directors of Toyo Automotive, the Plan's sponsor, voted on August 15, 2023 to terminate the Plan, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2022 financial statements to the liquidation basis used in presenting the 2023 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

FORVIS,LLP

Note 1. Description of the Toyo Automotive 401(k) Plan

The following description of the Toyo Automotive 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution Plan sponsored by Toyo Automotive Parts (U.S.A) (Company) and formed effective May 1, 2020, for the benefit of its employees who have at least two months of service and are age 18 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

The Plan is administered by the Company. Certain members of the company have been appointed as members of the benefits administration committee of the Plan. The assets are governed by a trust agreement with Fidelity Management Trust Company (Fidelity) who serves as Plan trustee.

As discussed in Note 6, during 2023 the Plan was fully liquidated and effective November 14, 2023, the Plan was terminated.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions up to 85% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Employee rollover contributions are also permitted with the exception of rollovers designated as Roth contributions. The Company may contribute a discretionary match as determined each year by the Company. Contributions are subject to certain limitations.

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution (if any), and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on account balances, as defined. The benefits to which a participant is entitled are the benefits that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Vesting in the Company's contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is fully vested after four years of continuous service.

**Toyo Automotive 401(k) Plan
Notes to Financial Statements
November 14, 2023 (in Liquidation) and December 31, 2022**

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance in the prior 12-month period. The loans are secured by the balance in the participant's account. The loan interest rate shall bear a reasonable rate of interest as determined by the administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant will become 100% vested in their account regardless of any vesting schedule. A participant may receive benefits in the form of a lump-sum amount equal to the value of the vested interest in their account.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$0 and \$45,940, respectively. These accounts will be used to pay administrative expenses or to reduce future Company contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

As discussed in Note 6 to the financial statements, the Board of Directors of Toyo Automotive, the Plan's sponsor, voted on August 15, 2023, to terminate the Plan, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2022 financial statements to the liquidation basis used in presenting the 2023 financial statements

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the quoted market prices of shares held by the Plan at year-end.

The Plan's interest in the collective trust is valued at the net asset value (NAV) of the collective trust. The NAV is used as a practical expedient to estimate the fair value of the collective trust.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the period.

**Toyo Automotive 401(k) Plan
Notes to Financial Statements
November 14, 2023 (in Liquidation) and December 31, 2022**

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3. Certification of Plan Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of November 14, 2023, and December 31, 2022.
- Investment income (loss) and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the period ended November 14, 2023 and for the year then ended December 31, 2022.
- Investment information and the notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2022. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

Note 4. Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such, an employer or employee association, or relatives of such persons.

Certain Plan investments are shares of mutual funds and a collective trust managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

The Plan paid \$35,252 and \$29,663 of recordkeeping fees to Fidelity during the period ended November 14, 2023 and for the year then ended December 31, 2022, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5. Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2022 (note there were no assets held by the Plan as of November 14, 2023, since all assets were distributed from the Plan to Plan participants prior to that date):

	Fair Value	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2022				
Mutual funds	\$ 3,367,181	\$ 3,367,181	\$ -	\$ -
Collective trusts (A)	347,418			
	<u>\$ 3,714,599</u>			
Investments at fair value				

(A) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets, pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the period ended November 14, 2023 and for the year then ended December 31, 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections, and cash flows. Such securities are classified in Level 2 of the valuation hierarchy.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 (note there were no assets held by the Plan as of November 14, 2023, since all assets were distributed from the Plan to Plan participants prior to that date). There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
December 31, 2022				
Collective trust	<u>\$ 347,418</u>	None	Daily	None

Note 6. Plan Termination

On August 15, 2023, the Plan sponsor's resolved to terminate the Plan, with such termination effective August 19, 2023. All participants became 100% vested in their benefits at this time. The plan was subsequently fully liquidated as of October 12, 2023 and terminated on November 14, 2023. Due to the liquidation basis being used in presenting the 2023 financial statements, net investment income of \$269,757 was recorded.

Note 7. Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter defined contribution Plan document sponsored by Fidelity. The volume submitter Plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

Net assets available for benefits per Form 5500	<u>\$ -</u>	<u>\$ 3,868,497</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the period ended November 14, 2023, and the year then ended December 31, 2022, to Form 5500:

	2023	2022
	(in Liquidation)	
Net increase (decrease) in net assets available for benefits per the financial statements	\$ (3,891,949)	\$ (629,487)
Change in excess contributions payable	-	(6,197)
Change in adjustment related to benefit-responsive investment contracts	23,452	(25,635)
	<u>23,452</u>	<u>(25,635)</u>
Net increase (decrease) in net assets available for benefits per Form 5500	<u>\$ (3,868,497)</u>	<u>\$ (661,319)</u>

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the participant's account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Subsequent Events

Subsequent events have been evaluated through May 7, 2024, which is the date the financial statements were available to be issued.
