ACCOUNTANCY CORPORATION

To the Trustees of the
Hughson Nut, Inc. 401(k) Profit Sharing Plan
Hughson, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Hughson Nut, Inc. 401(k) Profit Sharing Plan and Trust ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C)[ERISA Section 103(a)(3)(C)] audit. The financial statements comprise the statement of net assets available for benefits as of July 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Hughson Nut, Inc. 401(k) Profit Sharing Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended July 31, 2023 and 2022 , stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section–

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Hughson Nut, Inc. 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Hughson Nut, Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Hughson Nut, Inc. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Hughson Nut, Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held (at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion–

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HUGHSON NUT, INC. 401(K)
PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN

The following description of the Hughson Nut, Inc. 401(k) Profit Sharing Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Hughson Nut, Inc. Employees are eligible after completing one year of service and attaining age twenty-one. The Plan has semi-annual entrance dates of August 1st and February 1st and participants are eligible to participate effective with the first plan entrance date following completion of their one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan sponsor has not had any active employed employees since January 24, 2020.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings (losses), and charged with an allocation of expenses as specified in the plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all their contributions and earnings. The employer contributions have a six year vesting schedule, which starts at twenty percent after two years of service and increases by twenty percent each year so that at the end of six years an employee is fully vested in the employer contributions and earnings. All employees who were employed on the date of termination (January 24, 2020) from Hughson Nut Inc. became one hundred percent vested in all employer contributions.

Payment of Benefits

On termination of service, a participant will receive a lump-sum amount equal to the value of the participant's vested account balance. At July 31, 2023, there are participants who have terminated employment but have not yet requested a distribution. Benefits are recorded when paid.

Investment Options

Upon enrollment in the Plan, the participants are automatically enrolled in a target date Vanguard Mutual Fund and all contributions are allocated to the target date fund unless the participant elects another option offered under the portfolio of investments Voya Financial offers plan participants in the pooled separate account. The investment options are all regulated investment companies either individually or in combination offered as separate investment options in the pooled separate account held by Voya Financial who is the custodian of the plan assets for the group annuity contract the plan maintains with Voya. Participants may change their investments options at any time.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared using the accrual method of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Plan sponsor absorbs some of the costs of the Plan’s administration including employees and officers of the Company that perform services for the plan at no cost for the plan plus the Company pays the cost of the annual audit required by ERISA and these costs are excluded from these financial statements. Fees related to the administration of the plan along with notes receivable from participants and distributions are charged directly to the participants account and are included in contract administrator fees and other fees. Investment related expenses are included in net appreciation of fair value of investments unless otherwise noted.

NOTE 3. MANAGEMENT REVIEW

In preparing the financial statements, the Plan has evaluated all events and transactions for potential recognition or disclosure that occurred through May 8, 2023 the date the financial statements were available to be issued.

NOTE 4. CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at July 31, 2023 and 2022, and investment income for the year ended July 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company (VOYA) custodian.

	2023	2022
Investments, at fair value		
Pooled Separate Account Mutual Funds	$ 2,409,469	$ 2,426,740
Net (depreciation) in fair value of investments	151,073	

NOTE 5. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements ("ASC 820")*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on quoted market prices.

Level 2 Fair Value Measurements

Valuations are based on quoted prices for similar assets or liabilities in active markets or in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

NOTE 5. FAIR VALUE MEASUREMENTS (continued)

Valuation methodologies used are as follows:

Pooled separate accounts:

The plan had $2,409,469 and $2,426,740 as of July 31, 2023 and 2022, respectively in participation units held in pooled separate accounts through sub-accounts of an insurance company. The custodian Voya Retirement Insurance and Annuity Company has certified the amounts held in the pooled separate accounts to be complete and accurate. The pooled separate accounts underlying securities are mutual fund(s) held by VOYA in to meet investment objectives of the Voya investment choice by the participant are listed on national securities exchanges and valued on the basis of year-end closing prices, less liabilities, divided by the number of shares outstanding. The fair value trading price is an internal quoted price supplied by Voya that is available to current or prospective investors through accessing their VOYA account or public publishing, thus these funds are considered to have a readily determinable fair value and are subject to the fair market value reporting under GAAP. The Trustee has determined the VOYA pooled separate accounts should be Level 2 under the hierarchy and the 2020 fair market value has been revised to report pooled separate accounts as level 2 assets.

It is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in market conditions, liquidity requirements, and the economic environment may significantly affect the net asset value of the pooled separate accounts and consequently, the fair value of the Plan's investments.

The following tables present the fair value of the Plan's investments as of July 31, 2023 and 2022, classified using the fair value hierarchy and other required disclosures:

July 31, 2023	Fair value hierachy levels described above	
	Level 2	Total Fair Value
INVESTMENTS		
Voya pooled separate accounts measured at fair market value	$ 2,409,469	$ 2,409,469
Total investments at fair value	$ 2,409,469	$ 2,409,469

July 31, 2022		
	Level 2	Total Fair Value
INVESTMENTS		
Voya pooled separate accounts measured at fair market value	$ 2,426,740	$ 2,426,740
Total investments at fair value	$ 2,426,740	$ 2,426,740

NOTE 6. PLAN TERMINATION

The plan sponsor has expressed an intent to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. See Note 10 for further discussion on plan operations.

NOTE 7. TAX STATUS

The Employer restated its plan document by adopting a volume submitter Profit Sharing Plan with CODA with a tax opinion letter dated March 31, 2020. The Plan Administrator and the Plan's pension consultant believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9. PARTY IN INTEREST TRANSACTIONS

The plan contracted with Voya Financial effective August 1, 2017 for recordkeeping and administrative services and the plan investments were transferred to Voya Financial. The plan assets are in group annuity contract held in pooled separate accounts held by Voya Financial which is a Custodian, per contract between Plan and Voya and accordingly transactions with Voya Financial and affiliated entities qualify as party-in-interest transactions according to applicable regulations. The contract calls for Voya Financial to receive indirect compensation equal to 70 basis points annually based on the value of the annuity contracts investments. This is considered eligible indirect compensation and is based on a formula contained in the contract signed by the plan. Thus the total amount paid to Voya Financial is not listed or reported on the financial statements and is a component in determining net appreciation of investments. Voya Financial received $1,597 for direct fees relating to recordkeeping for the plan including distributions and other services which is reported as contract administrator fees.

NOTE 9. PARTY IN INTEREST TRANSACTIONS (continued)

Pension Management Consultants, Inc. (PMCI), the third party administrator effective August 1, 2017. Any fees due PMCI in excess of amount received from Voya are paid by plan sponsor.

LPL Financial Corporation received $8,399 in indirect compensation which per disclosure by VOYA were paid from VOYA Retirement and Insurance Company and represent indirect compensation to the recipient. The Fiduciary Investment Advisor are parties in interest to the plan as receive commissions paid to them from Voya Financial from the indirect compensation Voya Financial receives, but the transactions qualify as exempt party-in-interest transactions according to applicable regulations.

NOTE 10. PLAN TERMINATION

The plan sponsor outstanding stock was sold in November 2019 to another corporation. The employees of Hughson Nut remained employees of Hughson Nut through January 24, 2020 at which time their employment with Hughson Nut was terminated. All employees who were employed on the date of termination (January 24, 2020) from Hughson Nut Inc. became one hundred percent vested in all employer contributions. The plan is not transferring or merging the plan assets of employees who became employees of the purchasing corporation to the purchaser's plan. The plan has not adopted the liquidation of basis of accounting as no decision to terminate or liquidate the plan has been made as of the date of the audit report.
