Grecian Delight/Kronos Retirement
Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Grecian Delight/Kronos Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of August 1, 2023 and December 31, 2022 and the related statement of changes in net assets available for benefits for the period from January 1, 2023 through August 1, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of August 1, 2023 and December 31, 2022 and for the period from January 1, 2023 through August 1, 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Plan Administrator
Grecian Delight/Kronos Retirement
Savings Plan

Emphasis of Matter

As explained in Note 7 to the financial statements, the Plan was merged into Successwise Pooled Employer Plan effective August 1, 2023. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

To the Plan Administrator
Grecian Delight/Kronos Retirement
Savings Plan

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Grecian Delight/Kronos Retirement Savings Plan

Notes to Financial Statements

August 1, 2023 and December 31, 2022

Note 1 - Plan Description

The following description of Grecian Delight/Kronos Retirement Savings Plan (formerly known as Grecian Delight, Inc. Retirement Savings Plan) (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

Effective August 1, 2023, Grecian Delight/Kronos Retirement Savings Plan was merged into the Successwise Pooled Employer Plan (the "Merger"). See Note 7 for further information.

Prior to the Merger, the Plan was a defined contribution plan generally covering all employees of Grecian Delight Foods, Inc. and affiliates (the "Company") except for leased employees and residents of Puerto Rico. Employees who had attained the age of 21 and had completed one month of service were eligible to participate in the Plan. Employees who elected to make employee deferrals in the Plan were eligible for employer safe harbor matching contributions. Employees who had attained the age of 21 and had completed one year of qualified service were eligible to receive discretionary nonelective employer contributions.

Employees who were covered by a separate collective bargaining agreement were eligible to contribute to the Plan and were eligible for employer matching contributions and discretionary nonelective employer contributions after reaching age 21 and completing one year of qualified service.

Employees were eligible to participate in the Plan on the first day of each month following the date when plan eligibility criteria were met. Employees were eligible to receive discretionary employer contributions on the first day of each plan year and the first day of the 4th, 7th, and 10th months of each plan year. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provided for 401(k) deferral contributions up to a maximum of 100 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions in addition to their regular deferral contributions. Participants may have designated all or a portion of their contributions as Roth 401(k) contributions. Participants may have also made contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company made a safe harbor matching contribution equal to 100 percent of the first 3 percent of the participant's eligible compensation contributed to the Plan and 50 percent of the next 2 percent of the participant's eligible compensation contributed to the Plan. Eligible participants covered under separate collective bargaining agreements were not entitled to receive the Plan's matching safe harbor contribution. Instead, matching contributions for these participants was determined by specific collective bargaining agreement provisions.

The Company may have made additional discretionary nonelective contributions on behalf of each eligible participant. The Company made no discretionary nonelective contributions during the period from January 1, 2023 through August 1, 2023.

Participant Accounts

Each participant's account was credited with the participant's contributions and allocations of the Company's contributions and plan earnings (losses) and charged with an allocation of administrative expenses. Allocations were based on participants' compensation or account balances, as defined. The benefit to which a participant was entitled was the benefit that could have been provided from the participant's vested account. Participants may have directed the investments of their account balances into various investment options offered by the Plan.

August 1, 2023 and December 31, 2022

Note 1 - Plan Description (Continued)

Vesting

Participants were immediately vested in all employee deferral and company safe harbor contributions, including any earnings thereon. Discretionary nonelective company contributions vested at 20 percent per year after reaching two years of qualified service, with 100 percent vesting achieved after six years of service. Discretionary non-safe harbor company matching contributions were 100 percent vested after two years of qualified service. For participants who were covered as part of a collective bargaining agreement, refer to the plan agreement for a description of company matching contribution vesting provisions.

Benefit Payments

Distributions were payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount or installment payments equal to the vested balance of a participant's account. A participant who had attained age 59½ or was experiencing a financial hardship may have requested a withdrawal of a portion of his or her vested balance.

Forfeitures

If a participant was not fully vested on his or her termination date, the nonvested amount of the account was forfeited. Forfeitures were used to pay administrative expenses of the Plan.

Party-in-interest Transactions

Certain plan assets were in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company was the trustee of the Plan; therefore, these transactions qualified as party-in-interest transactions, as defined under ERISA guidelines.

Termination

The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. See disclosures in Note 7 for information related to the Plan's merger into the Successwise Pooled Employer Plan effective August 1, 2023.

Participant Notes Receivable

The Grecian Delight/Kronos Retirement Savings Plan did not allow for participant loans. The Kronos Foods Corp. 401(k) Retirement Plan (the "Kronos Plan") merged into the Plan effective January 1, 2021. The Kronos Plan allowed for loans, and participants with outstanding loans rolled their loans into the Plan, where they made loan repayments as scheduled.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

The Plan's investments were stated at fair value.

Mutual funds were valued at closing quoted prices recorded in active markets.

Purchases and sales of investments were recorded on a trade-date basis. Interest income was recorded as earned. Dividends were recorded on the ex-dividend date. Net realized and unrealized gains included gains and losses on investments bought and sold, as well as held during the period from January 1, 2023 through August 1, 2023.

Benefit Payments

Benefits were recorded when paid.

August 1, 2023 and December 31, 2022

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America required management to make estimates and assumptions that affected the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could have differed from those estimates.

Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would have occurred in the near term and that such changes could have materially affected participants' account balances and the amounts reported in the financial statements.

Administrative Expenses

Various administrative costs were paid by the Company.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including May 7, 2024, which is the date the financial statements were available to be issued.

Note 3 - Certified Information

Fidelity Management Trust Company (the "Trustee") held the Plan's investments and participant notes receivable and executed all investment transactions. The investment and participant notes receivable balances and related investment income and losses included in the accompanying financial statements were based solely on information certified by the Trustee.

Note 4 - Tax Status

The Plan adopted a preapproved plan. The preapproved plan received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, was qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.
