Notes to Financial Statements
July 31, 2020

1. Plan Description

The following description of the Nutis Press, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions.

- a) *General* – The Plan is a 401(k) defined contribution plan. The Plan is a restated Plan. The original effective date of the Plan was August 1, 1998. The Plan covers substantially all full-time employees of Nutis Press Inc (the "Company") who have completed one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").
- b) *Contributions* – Participants may contribute up to 15% of their annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit plans or defined contribution plans.

The Plan allows for additional employer matching and profit sharing contributions that may be made at the discretion of the Company. Employees must complete one year of service and attain age 21 to receive the discretionary contributions. A year of service is defined as working over 1,000 hours during the eligibility measuring period. In accordance with the Plan document, the Board of Directors determines the matching contribution to be made and the profit sharing contribution is allocated on a pro rata basis; however the Company is not obligated to make a contribution. No such employer contributions were made for the years ended July 31, 2020 and 2019.

Participants direct the investment of their contributions and the Company's contribution into various investment options offered by the Plan. Participants may change their investment options at any time online at the recordkeeper's website.

Notes to Financial Statements

- c) *Participants Accounts* – Each participant's account is credited with the participant's contributions and allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Administrative expenses may be charged based on account balances or charged equally to each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- d) *Vesting* – Participants are immediately vested in their contributions plus actual earnings or losses thereon. Vesting in employer contributions are fully vested after three years of continuous service.
- e) *Notes Receivable From Participants* – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.
- f) *Payment of Benefits* – In the case of retirement, death, disability or termination of employment, participants may receive the vested accumulated value of their account in a lump sum distribution payment. If a participant terminates and does not elect a distribution option, the Plan administrator may automatically distribute balances below \$1,000 to the participant in a lump-sum distribution or rollover balances between \$1,000 and \$5,000 to an individual retirement account.
- g) *Forfeited accounts* – Forfeitures of nonvested balances may be used to pay employer discretionary contributions or administrative expenses. There was no balance in the forfeiture account as of July 31, 2020 and 2019.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of July 31, 2020 or 2019.

Payment of Benefits

Benefits paid to participant are recorded when paid.

Nutis Press, Inc. 401(k) Plan
Notes to Financial Statements
July 31, 2020

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Subsequent Events

The Plan has evaluated events and transactions occurring through the date the financial statements were issued, June 21, 2021. No material events requiring recognition or disclosure were noted.

4. Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental material was obtained from data that has been prepared and certified to as complete and accurate by John Hancock Life Insurance Company, the Plan's trustee.

<i>July 31,</i>	<i>2020</i>	<i>2019</i>
Investments, at fair value:		
Pooled separate accounts	\$747,833	\$683,382
Notes receivable from participants	26,736	29,364
<i>Year ended July 31,</i>	<i>2020</i>	
Investment income:		
Net appreciation in fair value of investments	\$93,462	
Interest income on notes receivable from participants	1,390	

5. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts – The value of the units held in pooled separate accounts are based on quoted market prices of the underlying investments and are based on the net asset value of the shares held by the Plan at year end. The pooled separate accounts are included in Level 2.

6. Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

7. Related Party Transactions and Party in Interest Transaction

Certain Plan investments are held in a group annuity contract and shares of pooled separate accounts managed by John Hancock Life Insurance Company (John Hancock). John Hancock is the trustee of the Plan and therefore, these transactions qualify as party in interest transactions.

For the plan year ended July 31, 2020, the Plan paid contract administration fees of \$5,865 to John Hancock.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

9. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 16, 2010 that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan is subject to routine audits by taxing jurisdictions; however, there is currently no audit for tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.
