Independent Auditor's Report

To the Plan Administrator of the
Smart LLC 401(k) Profit Sharing Plan & Trust
Torrance, California

Opinion

We have audited the accompanying financial statements of Smart LLC 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2022, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Smart LLC 401(k) Profit Sharing Plan and Trust as of December 31, 2022, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Smart LLC 401(k) Profit Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Smart LLC 401(k) Profit Sharing Plan and Trust ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Smart LLC 401(k) Profit Sharing Plan and Trust internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Smart LLC 401(k) Profit Sharing Plan and Trust ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held at end of year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Compiled 2021 Financial Statement

Plan management is responsible for the accompanying statement of net assets available for benefits of Smart LLC 401(k) Profit Sharing Plan and Trust as of December 31, 2021, and the related notes to the financial statements in accordance with generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements of Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2021 statement of net assets available for benefits nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on the 2021 financial statement.

1. Description of Plan

General

The following description of the Smart LLC 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan was formed January 1, 2015 and is a defined contribution plan covering all employees of Smart LLC and related employers (the "Company") as stated in the Plan agreement. The Plan covers all regular (full-time or part-time) employees (excluding employees covered by a collective bargaining agreement and nonresident aliens) who are at least 21 years of age. Participants can enter the Plan immediately following completion of the 3 consecutive month service eligibility requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective May 20, 2022, the Basic Plan Document on which the Plan is based was amended and restated to comply with regulatory and legislative changes.(See Note 6.)

Setting Every Community Up for Retirement Enhancement Act (SECURE 2.0)

On December 29, 2022, the Consolidated Appropriations Act of 2023 was signed into law. The Act includes important provisions with potentially broad effect on retirement savings plans which are intended to build on the SECURE Act of 2019. These provisions, collectively referred to as SECURE 2.0, provide for new benefits and restrictions affecting both employers and employees. Plan management is in the process of assessing what changes may be relevant to this Plan, as certain provisions go into effect as early as plan year 2023 or as late as plan year 2027.

Plan Administration

The Company's Chief Financial Officer is the trustee of the Plan and other members of senior management are responsible for the oversight of the Plan and are the Plan Administrator. Mid Atlantic Trust Company is the custodian of the Plan (the "Custodian") and PayChex Retirement Services is the plan's record-keeper. The Custodian Agreement establishes that the custodian holds, administers and distributes the funds of the Plan in accordance with the provisions of the Plan and instructions of Plan management or its designees.

Contributions

Participants may contribute a percentage of their eligible compensation not to exceed the maximum allowed by the Internal Revenue Code (the "Code") totaling $20,500 in 2022. The Plan allows participants to make post tax Roth contributions in addition to pre-tax deferral contributions. The Plan allows for "catch-up" contributions if a participant is age 50 or older, up to the annual limit of $6,500 in 2022. Participants may also make rollover contributions of amounts received from other tax qualified retirement plans.

1. Description of Plan (Continued)

Contributions (continued)

The Company did not offer an employer matching contribution through December 31, 2022 (see Note 6.) The Company may make a discretionary profit-sharing contribution to participants who have completed at least 500 hours of service in the plan year and are employed at the end of the year. No such contribution has been made to date.

Participants' Accounts

An account is maintained for each participant and is credited with the participant's contributions, the Company's contributions (if any), and an allocation of earnings and losses, net of certain investment management fees and certain other expenses. Participants may direct the investment of their account in any investment fund maintained by the Plan. The Company's contribution, if any, is allocated among the funds within each participant account in the same manner as the employee's contribution. Investment income is allocated daily among eligible participants in the ratio which the dollar value of the respective participant's interest in the specific investment bears to the dollar value of all participants' interests in that investment. A participant is entitled to the benefit provided from their account.

Investment Options

Investments in the Plan consist primarily of interests in registered investment companies managed by the Plan's Custodian. Upon enrollment in the Plan, participants may direct employer and participant contributions in increments of 1% in any of the investment options offered under the Plan. Participants may change their investment options at any time.

Vesting

Participants are immediately vested in their contributions and earnings thereon. There has been no employer matching or profit-sharing contribution to date. Through December 31, 2022, vesting of such contributions will be 20% after two years with 20% each year thereafter and full vesting after six years. (See Note 6.)

Forfeitures

A participant's non-vested balance is forfeited at the time of employment termination. Forfeitures, if any, can be used to offset employer contributions or to pay for Plan expenses. There were no forfeitures outstanding at December 31, 2022 and 2021, nor were any used during the plan year.

1. Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow against a portion of their account balance a minimum of $1,000 up to a maximum of 50% of their total vested account balance or $50,000, whichever is less. The loans are secured by the balance in the participants' accounts and bear interest at the prime rate plus 1%. Loans are to be paid back over a period not to exceed five years, unless for a primary residence, which must be paid back over a period not to exceed thirty years. Only one loan may be outstanding at a time.

Payment of Benefits

Upon termination of service, death, disability, or retirement, a participant will receive a lump-sum amount, installment payment or annuity equal to the value of the participant's vested interest in his or her account. If, upon termination, a participant has not elected to receive or rollover their vested account balance, not to exceed $5,000, the Plan will follow its mandatory cash-out provisions. Balances under $1,000 may be paid out at the discretion of the Company.

Withdrawals prior to a participant's termination of employment (in-service withdrawals) may be made in accordance with the provisions of the Plan. The Plan also provides for hardship distributions of a minimum of $500 subject to the qualifications and limitations prescribed by the IRC and as defined in the Plan document.

Income Tax Status

The Prototype Non-standardized Defined Contribution Pre-approved Plan on which the Plan is based received a favorable opinion letter from the Internal Revenue Service dated August 31, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for federal or state income taxes has been recorded in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

1. Description of Plan (Continued)

Plan Termination

The Company expects to continue the Plan but is free to terminate the Plan or discontinue contributions at any time. In the event of such termination or discontinuance, Plan benefits will become vested and paid in accordance with the terms of the Plan and the provisions of ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting periods. Actual results could differ from those estimates.

Concentration of Credit Risk

Plan investments include funds of registered investment companies that represent obligations by the counterparties to meet the terms of the financial instruments. Should one or more of the counterparties default, the Plan might lose amounts up to the recorded carrying value of the related instruments.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds and other securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (see Note 3).

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

The classification of investment earnings in the Statement of Changes in Net Assets Available for Benefits may differ from the classification of earnings in Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal amount plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed distributions in accordance with provisions of the Plan.

Contributions

Participant contributions are recorded by the Plan in the year withheld from participant earnings. Contributions to the Plan by the Company are recorded in the year which they become obligations of the Company.

Payment of Benefits

Benefits are recorded when paid.

Investment Management Fees and Operating Expenses

Certain investment management fees and operating expenses charged to the Plan for investments in the various funds are either deducted from the income earned and are reflected as a component of net appreciation/(depreciation) in the fair value of investments or are charged to participant accounts.

Administrative Expenses

Administrative expenses of the Plan can be paid out of Plan assets; however, the Company typically pays for some of the administrative expenses (see Note 4). Certain management fees and transaction costs associated with the investment options may be included by the trustee in net appreciation (depreciation) in fair value of investments, as noted above.

3. Fair Value Measurements

Authoritative guidance establishes a framework for measuring fair value and defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The guidance also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Under the guidance, the three levels of inputs that may be used to measure fair value are:

Level 1: Quoted prices for identical assets or liabilities in active markets.

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021 (unaudited).

Mutual funds and money market fund: Valued at the daily closing process as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market fund are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021 (unaudited):

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 952,017	$ -	$ -	$ 952,017
Money market fund	86,024	-	-	86,024
Investments at fair value	$ 1,038,041	$ -	$ -	$ 1,038,041

	Assets at Fair Value as of December 31, 2021 (unaudited)			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 486,292	$ -	$ -	$ 486,292
Money market fund	137,928	-	-	137,928
Investments at fair value	$ 624,220	$ -	$ -	$ 624,220

4. Party-in-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain The Plan issues loans to participants, which are secured by the balances in the participant's account. The Company paid certain administrative expenses of the Plan, primarily recordkeeping fees of approximately $2,129 during 2022. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

5. Reconciliation of Financial Statements to Form 5500

As the Plan's Form 5500 is presented on a cash basis, and the financial statements are presented on an accrual basis, the following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

December 31,		**2022**		(Unaudited) 2021
Net assets available for benefits per the financial statements	**$**	**979,749**	$	588,647
Less: Employee contributions receivable per the financial statements		**(19,786)**		(9,404)
Add: Corrective distributions payable per the financial statements		**85,992**		47,388
Net assets available for benefits per Form 5500	**$**	**1,045,955**	$	626,631

5. Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of the employee contributions for the year ended December 31, 2022, per the financial statements to the Form 5500:

Total employee contributions per financial statements	$	410,979
Add: employee contributions receivable recorded in the financial statements at December 31, 2021		9,404
Less: employee contributions receivable recorded in financial statements at December 31, 2022		(19,786)
Total employee contributions per Form 5500	$	400,597

The following is a reconciliation of benefits paid to participants for the year ended December 31, 2022, per the financial statements to the Form 5500:

Total corrective distributions per financial statements	$	85,992
Add: corrective distributions payable recorded in the financial statements at December 31, 2021		47,388
Less: corrective distributions payable recorded in financial statements at December 31, 2022		(85,992)
Total corrective distributions per Form 5500	$	47,388

6. Subsequent Events

Effective January 1, 2023, the Plan was amended to revise the eligibility period from 3 months to 1 month with entry dates as of the first day of each month. In addition, the Safe Harbor matching provisions were adopted to allow for eligible participants to receive 100% of their first 3% of deferrals and 50% of deferrals greater than 3% but less than 6%. Such contributions are immediately 100% vested and any discretionary profit-sharing contributions will now be 100% vested after 3 years of service.

Plan management evaluated events occurring between the end of the plan year and April 16, 2024, the date the accompanying financial statements became available to be issued. There were no other events to report.
