Report of Independent Auditors

CWB Holdings, Inc. 401(k) Plan Committee
and Participants of CWB Holdings, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CWB Holdings, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 11, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the period from January 1 through September 11, 2023, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 11, 2023 and December 31, 2022, and for the period from January 1 through September 11, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

1. PLAN DESCRIPTION

General

The following description of the CWB Holdings, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions, a copy of which is available from CWB Holdings, Inc. (the Company or Employer). The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On January 1, 2023, the Plan was amended such that the Company contributed a safe-harbor match of 100% of the first 3% of the participant's elective deferral, and 50% of each additional percentage not to exceed 5% of the participant's compensation, as defined by the Plan.

Effective September 11, 2023, the Plan's assets transferred into the SuccessWise Pooled Employer Plan, and the Plan merged out of existence (the Merger). The SuccessWise Pooled Employer Plan asset custodian is Principal Trust Company.

Administration

The plan administrator was responsible for oversight of the Plan and determining the appropriateness of the Plan's investment offerings and monitoring investment performance. T. Rowe Price served as the Plan's recordkeeper and asset custodian.

Eligibility

Effective January 1, 2022, employees were eligible to make elective salary deferral contributions after thirty days of employment. Eligibility for Employer matching contributions was the same as for employee elective salary deferrals. An employee was eligible for Employer discretionary profit-sharing contributions after completing 1,000 hours of service and must have been employed by the Company on the last day of the Plan year. Employees could enter the Plan on the first day of the month coinciding with or following the date they satisfied the Plan's eligibility requirements.

Contributions

Prior to the Merger, participants could contribute up to 100% of their eligible compensation as pre-tax 401(k) deferrals or Roth 401(k) deferrals subject to certain limits prescribed by law. Employees were not automatically enrolled and had to make elective deferrals within the Company's payroll system upon becoming eligible to participate in the Plan and could elect to change or discontinue deferrals at any time. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute rollover amounts, representing distributions from other qualified plans.

Prior to the Merger, the Company made a match of 100% of the first 3% of the participant's elective deferral compensation and 50% of each additional percentage not to exceed 5% of the participant's compensation, as defined by the Plan. The Plan allowed for the Company to make discretionary profit-sharing contributions. There were no discretionary profit-sharing contributions for the period from January 1, 2023 through September 11, 2023. On January 1, 2022, the Plan was amended such that employees were eligible to make In-Plan Roth conversions and to refinance existing loans.

Participant Accounts

Prior to the Merger, each participant's account was credited with the participant's and Company's contributions and an allocation of plan earnings or losses and charged with an allocation of administrative expenses. Allocations were based on participant earnings, account balances, or

specifically identified participant transactions, as defined by the Plan. The benefit to which a participant was entitled was the benefit that could have been provided from the participant's vested account. Each participant directed the investment of his or her account to any of the investment options available under the Plan.

Vesting

Prior to January 1, 2021 and after January 1, 2023, participants were immediately vested in their contributions and the Company's safe-harbor matching contributions, plus actual earnings thereon.

Effective January 1, 2021 and through December 31, 2022, the employer discretionary match and related investment income vested 100% after one year of service.

A participant's portion of the Company's profit-sharing contributions and related investment income vested according to the following schedule:

Full years of service:	Vested Percentage
Less than two years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Benefit Payments

Prior to the Merger, upon termination from active service, if a participant's vested account balance was more than \$1,000 but did not exceed \$5,000, unless the participant made a timely election to roll over the vested account to an Individual Retirement Account (IRA) or another eligible retirement plan, or elected to have the vested account balance distributed, the vested account balance was transferred to an IRA established in the participant's name. If a participant's vested account balance did not exceed \$1,000, the balance was distributed to the participant in cash.

If a participant's vested account balance exceeded \$5,000 upon termination from active service, the participant could defer his/her distribution election under the Plan. They could also elect to rollover the vested account balance to an IRA or another qualified retirement plan or elect a distribution in the form of a lump sum payment. Distributions could have been made at the participant's election prior to termination upon attainment of age 59½, or hardship, as defined by the Plan.

A participant was entitled to 100% of his or her account balance upon retirement, death, or disability.

Forfeitures

Prior to the Merger, forfeitures represented the nonvested Employer's discretionary contribution portion of a participant's account who terminated employment prior to becoming fully vested under the Plan's vesting schedules. Participant forfeitures could have been used to reduce future Employer contributions or to pay administrative expenses of the Plan. As of September 11, 2023 and December 31, 2022, forfeited nonvested accounts were approximately \$0 and \$10,600, respectively. Forfeitures used during the period from January 1, 2023 through September 11, 2023 to reduce Employer contributions or pay administrative expenses of the Plan were approximately \$2,500.

1. PLAN DESCRIPTION (continued)

Participant Loans

Prior to the Merger, participants could have borrowed from their accounts a minimum of \$1,000, up to the lesser of \$50,000 less the participant's highest outstanding loan balance during the preceding 12 months or 50% of their vested account balance, reduced by any outstanding loan balance on the date the new loan was made. The rate of interest on the loans was determined, based on rates available for similar loans from commercial lending institutions. The loan repayment term was for a period not to exceed five years and was secured by the portion of the participant's accounts from which the loan was made. Principal and interest were paid through payroll deductions. Participating employees could have a maximum of one loan outstanding at any time.

Plan Termination

Prior to the Merger, the Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Had the Plan terminated, participant accounts would have become 100% vested and disbursed to participants in accordance with the Plan's provisions.

Administrative Expenses

Prior to the Merger, certain administrative fees were paid by the Plan and were reflected in the financial statements as administrative expenses of the Plan. Investment management fees were charged to the Plan as a reduction of investment return and included in net appreciation in fair value of investments reported by the Plan. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. All other expenses of the Plan were paid by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Benefit Payments

Prior to the Merger, benefit payments were recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Prior to the Merger, investments held by the Plan were stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Purchases and sales of securities were recorded on a trade date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation in fair value of investments included realized gains and losses on investments bought, sold, and held during the year.

Notes Receivable from Participants

Notes receivable from participants represented participant loans that were recorded at their unpaid principal balance. Interest income on notes receivable from participants was recorded when it was earned. Related fees were recorded as administrative expenses and were expensed when they were incurred. If a participant ceased to make loan repayments and the plan administrator deemed the participant loan to be a distribution, the participant loan balance was reduced, and a benefit payment was recorded.

Risks and Uncertainties

The Plan provided for investments in various investment securities which, in general, were exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it was reasonably possible that changes in the values of investment securities could have occurred in the near term and that such changes could have materially affected the amounts reported in the statements of net assets available for benefits and participant account balances.

3. FAIR VALUE MEASUREMENT

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets or liabilities.
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (i.e., interest rate and yield curve quotes at commonly quoted intervals)
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

3. FAIR VALUE MEASUREMENT (continued)

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level of input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation techniques and inputs used for each general type of asset measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded and were classified within Level 1 of the valuation hierarchy.

Common collective trust fund: Valued at the NAV of units held by the Plan. The NAV, as provided by the issuer, was used as a practical expedient to estimate fair value, based on the fair value of the underlying investments in the common collective trust fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting date.

Due to the Merger, there were no investments held at September 11, 2023. The following table sets forth, by fair value hierarchy level, the Plan's assets at fair value:

	Assets at Fair Value December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$5,540,124	\$ —	\$ —	\$ 5,540,124
Investments measured at NAV ^(a)				2,221
Total investments				\$ 5,542,345

^(a)This was a common collective trust fund. The objective of the fund was to maximize current income consistent with maintaining principal. Participant-directed redemptions had no restrictions; however, the Plan may have been required, in certain instances, to provide a 12-month redemption notice to liquidate its entire share in the fund.

4. INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments held and notes receivable from participants at September 11, 2023 and December 31, 2022, and net appreciation in fair value of investments, dividends/interest income, and interest income on notes receivable from participants for the period from January 1, 2023 through September 11, 2023, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Reliance Trust, the trustee of the Plan.

5. INCOME TAX STATUS

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the written form of the underlying pre-approved plan document is qualified under Section 401 of the Internal Revenue Code (IRC). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the IRC, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others. Certain administrative functions were performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. Some administrative expenses of the Plan were paid directly by the Company.

Certain Plan investments were managed by T. Rowe Price. These transactions qualified as party-in-interest transactions; however, they were exempt from the prohibited transactions rules under ERISA.

6. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through May 8, 2024, which is the date the accompanying financial statements were available to be issued.
