INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Alfred B. Maclay, Jr., Day School Retirement Plan
Tallahassee, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Alfred B. Maclay, Jr., Day School Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of July 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended July 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Alfred B. Maclay, Jr., Day School Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of July 31, 2023 and 2022, and for the year ended July 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Alfred B. Maclay, Jr., Day School Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Alfred B. Maclay, Jr., Day School Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Alfred B. Maclay, Jr., Day School Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Alfred B. Maclay, Jr., Day School Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and schedule of assets are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALFRED B. MACLAY, JR., DAY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
July 31, 2023 and 2022

NOTE 1 - PLAN DESCRIPTION

The following description of Alfred B. Maclay, Jr., Day School Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan was established effective September 15, 1989, as a “403(b)” plan, as defined by the Internal Revenue Code (“IRC”), covering employees of Alfred B. Maclay, Jr., Day School (the “School”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and is intended to be an ERISA Section 404(c) participant-directed plan.

Contributions

The School currently makes a non-elective discretionary contribution to the Plan equal to 5% of an eligible participants’ compensation, as defined. Participants may contribute up to 100% of compensation, as defined in the Plan, in the form of elective deferrals subject to limitations defined in the Internal Revenue Code.

Participant Accounts

Each participant’s account is credited with the School’s contributions, interest earned, administrative expenses, and investment gains and losses. Allocations are based on the account balance or participant earnings, as defined.

Forfeited balances of terminated participants’ nonvested accounts are used first to pay Plan expenses. Remaining forfeitures are added to Company contributions. The benefit to which a participant is entitled, is the benefit that can be provided from the participant’s vested account.

Vesting

Vesting in employer provided contributions to participant’s account is based on years of continuous service. The following six-year vesting schedule illustrates the vesting percentage levels:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTES TO FINANCIAL STATEMENTS
July 31, 2023 and 2022

NOTE 1 - PLAN DESCRIPTION (Continued)

Notes Receivable from Participants

Participants may borrow from their mutual fund accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at the Prime rate plus a percentage determined by the School. Principal and interest are paid through payroll deductions. As of July 31, 2023 and 2022, participant loans had an outstanding balance of \$74,199 and \$105,035, respectively.

Assets Pledged as Collateral

Loans are also available to participants through VALIC, subject to certain limitations. Loans are issued directly to Plan participants from the funds owned by VALIC. Plan assets in the amount of the loan balance plus one quarter's interest and applicable surrender charges serve as collateral for these loans. The collateral is invested in fixed options within the contract, and as such, they are reported within unallocated contracts on the statements of net assets available for benefit. The amount of Plan assets pledged as collateral for loans issued to participants by VALIC at July 31, 2023 and 2022 amounted to \$41,638 and \$63,311, respectively.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum payment equal to the value of the participant's vested interest in his or her account, or an annuity not to exceed the life expectancy of the participant/designated beneficiary, or to purchase a different form of annuity. If the participant's account balance is less than \$5,000, the balance will be distributed in a single lump-sum payment as soon as practicable after the date employment is terminated. Hardship distributions are allowed under the Plan.

Plan Termination

Although it has not expressed any intent to do so, the School has the right, under the Plan, to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan or complete discontinuance of contributions, all participants' accounts become 100% vested. Upon Plan termination, Participant Accounts shall be distributed in either the form of a lump sum distribution or in the form of the Annuity Contracts in accordance with and subject to Section 403(b) of the Code and applicable Regulations there under.

Forfeited Accounts

At July 31, 2023 and 2022, forfeited nonvested accounts totaled \$1,571 and \$99. During the year ended July 31, 2023, employer contributions were not reduced by any forfeited nonvested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of these financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America.

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are held with several registered investment companies, as well as in unallocated insurance contracts. The fair value of the registered investment companies is based upon the reported net asset values of the individual funds on the last business day of the Plan year. Net asset value is based upon the fair market value of the funds' underlying investments, less any fund liabilities. Purchases and sales of marketable securities are reflected on a trade-date basis, and interest income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

In accordance with the Plan's policy of stating its investments at fair value, the change for each year is reflected in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Investment contracts held by a defined-contribution plan are required to be reported at contract value. Contract value is the relevant measurement attributed for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions and reinvested income, less any withdrawals, plus accrued interest.

The Fixed Interest Option is a group fixed unallocated annuity with a variable interest rate. The rate is declared no more frequently than ninety (90) days with interest credited on a daily basis at an annual effective rate. The product offers an annual minimum crediting rate set at the beginning of each year, as well as a contracted minimum rate guaranteed. The product credits interest under a portfolio interest crediting method in which all deposits receive the same return regardless of date of initial deposit.

ALFRED B. MACLAY, JR., DAY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
July 31, 2023 and 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Fixed Account Plus is a group fixed unallocated annuity with a variable interest rate. The rate is declared the beginning of each month that is applicable to contributions received during that month. The current rate declared is guaranteed until the end of that calendar year for contributions that month. It is the intent, though not guaranteed, to continue to credit interest at that same rate for such contributions for an additional calendar year. At the beginning of the third calendar year such contributions will earn interest at a new declared pool rate. This rate is established January 1 of each calendar year and guaranteed for that entire calendar year. The contractually guaranteed minimum interest is applicable for the lifetime of the contract.

The Short Term Fixed Account is a group fixed unallocated annuity with a variable interest rate. The rate is declared monthly with interest credited on a daily basis at an annual effective rate. The product credits interest under a portfolio interest crediting method in which all deposits receive the same return regardless of initial deposit.

The Annuity Fund Forfeiture Account and Policy Loan Collateral/Escrow Fund are invested in a fixed account with a guaranteed interest rate. Guarantees are backed by the claims-paying ability of VALIC. The rate is declared monthly with interest credited on a daily basis at an annual effective rate. The product credits interest under a portfolio interest crediting method in which all deposits receive the same return regardless of initial deposit.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Payment of Benefits

Benefits are recorded when paid. As of July 31, 2023 and 2022, there were no vested amounts allocated to accounts of participants who elected to withdraw from the Plan but had not yet been paid.

Plan Expenses

Certain administrative expenses are paid directly by the School and will not be reimbursed by the Plan. Certain investment-related expenses are netted against net appreciation in the fair value of investments.

ALFRED B. MACLAY, JR., DAY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
July 31, 2023 and 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Risk

The Plan has investments that are exposed to risk, such as interest rate, credit, and market volatility risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the value of investment securities may occur in the near term and that such changes could materially affect the amounts reported in these financial statements.

The value, liquidity, and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

The Plan's investments are not insured or protected by the Plan Custodians, the School, the Pension Benefit Guarantee Corporation, or any other governmental agency; accordingly, the Plan is subject to the normal investment risks associated with similar investments.

Subsequent Events

Subsequent events have been evaluated through May 15, 2024 which is the date the financial statements were available to be issued.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The Variable Annuity Life Insurance Company ("VALIC") held the Plan's investments and executed all investment transactions through the years ended July 31, 2023 and 2022. All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at July 31, 2023 and 2022, and net appreciation in fair value of investments and interest and dividends for the year ended July 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by VALIC (the Plan Trustee).

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the evaluation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable and significant to the fair value measurement.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Annuity Contract Variable Account Options: Valued by a purchase unit of interest owned by participants. The units of interest are revalued daily to reflect that day's performance of the underlying mutual fund minus applicable fees and charges.

ALFRED B. MACLAY, JR., DAY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
July 31, 2023 and 2022

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Annuity Contract Fixed Account Options: Valued by the following calculation on a given business day:

- All purchase payments made to the Fixed Account Options, plus
- Amounts transferred from Variable Account Options to the Fixed Account Options, plus
- All interest earned, minus
- Amounts transferred or withdrawn from Fixed Account Options (including applicable fees and charges)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include transferring funds to another funding entity. There is a charge at the time of surrender or withdrawal equal to 5% of (i) the amount withdrawn, or (ii) the amount of any purchase payments received during the most recent sixty (60) months prior to the surrender or withdrawal, whichever is less.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the level, within the fair value hierarchy of the Plan's assets at fair value as of July 31, 2023:

NOTE 5 - INCOME TAX STATUS

Since the Plan is maintained under IRS Section 403(b), rather than Section 401(a), there is no IRS program pursuant to which an individual determination letter may be obtained for the Plan. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

ALFRED B. MACLAY, JR., DAY SCHOOL RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
July 31, 2023 and 2022

NOTE 5 - INCOME TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of July 31, 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the statement of changes in net assets available for benefits per the financial statements for the year ended July 31, 2023, to Form 5500:

Net increase in assets available for benefits per financial statements	\$ 1,206,669
Distribution of foreclosed loan for 5500 that was recognized in a prior year for financial statements	<u>14,503</u>
Net increase in assts available for benefits per Form 5500	\$ <u>1,221,172</u>

The following is a reconciliation of the statement of net assets available for benefits per the financial statements at July 31, 2022, to Form 5500:

Net assets available for benefits per financial statements	\$ 14,966,476
Adjustment for deemed distribution of participant loan balance	<u>(14,502)</u>
Net assets available for benefits per Form 5500	\$ <u>14,951,974</u>

NOTE 7 - PARTY IN INTEREST

Certain plan investments are managed by The Variable Annuity Life Insurance Company (VALIC). VALIC is the trustee as defined by the Plan and, therefore, VALIC qualifies as a party-in-interest.

NOTE 8 - LATE CONTRIBUTIONS

For the fiscal year ending July 31, 2021, the School has determined that employee elective deferrals totaling \$1,420 were not remitted to the Plan in accordance with the time period described in 29CFR 2510.3-102. As of the date of the independent auditors' report, the Plan is still in process of correcting the violation by restoring lost profits to the Plan's participants.
