INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of the
La Michoacana Meat Market 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the La Michoacana Meat Market 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2020 and 2019 and the related statement of changes in net assets available for benefits for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by John Hancock Life Insurance Company (U.S.A.), the Custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of and for the years ended December 31, 2020 and 2019, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter - Correction of an Error

As discussed in Note 9 to the financial statements, the 2019 financial statements have been restated to correct a misstatement. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter - Supplemental Schedules

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2020 and of assets (held at end of year) as of December 31, 2020 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With the Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan

The following description of the La Michoacana Meat Market 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Michoacana Marketing Services, LLC (the Company) who have completed 90 days of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

Michoacana Marketing Services, LLC is the Plan Sponsor and named Plan Administrator. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance and fees. The Plan maintains Company officers as the Trustees of the Plan. The Plan's investment Custodian is John Hancock Life Insurance Company (U.S.A.) (John Hancock). The investment Custodian holds all of the Plan's assets and executes all of the Plan's transactions. The Plan Administrator has retained Loren D. Stark Company to provide participant recordkeeping and administration services.

Contributions to the Plan

Each year, participants may contribute up to 100% of eligible compensation, as defined in the plan document, through payroll withholdings. Participants who have attained age 50 before the end of the year are eligible to make additional 'catch-up' contributions. Participants may also contribute amounts representing distributions from other defined benefit or other defined contribution plan (rollovers).

The Company may make discretionary matching contributions or profit sharing contributions as determined by resolution of its Board of Directors. The Company made discretionary matching contributions in the amount of $253,417 for the year ended December 31, 2020. The Company elected not to make profit sharing contributions for the year ended December 31, 2020.

Participants direct the investment of their individual contributions into various investment options offered by the Plan. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Note 1 - Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

On termination of service due to death, disability or retirement or other reasons, a participant may elect to receive equal installment payments or a lump-sum equal to the value of the participant's vested interest in his or her account.

The Plan also allows for in-service distributions upon attainment of age 59 1/2 for any reason and due to financial hardship as defined in the plan document.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of service. A participant begins vesting after one years of service and is fully vested after five years of credited service. Participants are fully vested upon death or permanent disability.

Forfeited Accounts

As permitted by the Plan, forfeitures of non-vested accounts are used to reduce future Employer contributions or to pay Plan expenses. As of December 31, 2020 and 2019, the Plan had $3,068 and $3,558, respectively of forfeitures available for future use. During 2020, no forfeitures were used to pay Company matching contributions.

Participant Notes Receivable

Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as participant-directed investments. Loan terms range from one to five years. Loan terms may exceed five years only in the event the loan proceeds are used to purchase or construct the participant's principal residence. Loans are secured by the balance in the participant's account and bear interest at a rate established by the Plan Administrator in a nondiscriminatory manner. Principal and interest is paid ratably through payroll deductions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Income from investments are recorded when they are earned. Employee contributions are recorded when withheld from pay. Employer contributions are recorded in the period to which they pertain. Expenses are recorded in the accounting period in which they are incurred.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Fees and Expenses

Professional fees incurred to operate the Plan, such as attorney and audit fees are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the participant's accounts and are included in administration expenses. Direct fees for custodian and recordkeeping services are paid by the Plan and are also included in administration expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 3 - Fair Value Measurements

Generally accepted accounting principles (GAAP) establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

In accordance with Subtopic 820-10, the Pooled Separate Accounts were measured at net asset value per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019.

Pooled Separate Accounts

The Pooled Separate Account is not publicly traded and is measured at fair value based on the fair value of the underlying assets of the pooled separate account, using net asset value (NAV) as the practical expedient.

Continued

Note 3 - Fair Value Measurements (Continued)

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate NAV (or its equivalent) as of December 31, 2020 and 2019:

	As of December 31,				
	2020 Fair Value	**2019** Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$ 2,794,653	$ 2,148,877	None	Daily	Daily

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 5 - Federal Income Tax Status

The Plan has adopted a volume submitter plan, which obtained its latest determination letter on March 31, 2014, in which the IRS stated that the Plan, as then designed was in compliance with the applicable requirements of the Internal Revenue Code (Code). Although the Plan has been amended since receiving the latest determination letter, the Plan Administrator believes that the Plan is currently designed and is, except as described in Note 9, being operated in compliance with the applicable requirements of the Code and that the Plan and related trust continue to be tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2020, the Plan Administrator believes that the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is currently not being examined.

Continued

Note 6 - Unaudited Information Certified by the Custodian

The Custodian of the Plan, John Hancock, holds the Plan's investments and executes all investment transactions. The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as of December 31, 2020, and for the year then ended, the financial statements have been prepared based on information certified as complete and accurate by the Custodian. This includes the 2020 investment information reflected in the accompanying statements of net assets available for benefits, the statement of changes in net assets available for benefits and the schedule of assets (held at end of year). Additionally, participant notes receivable balances as well as interest income on participant notes receivable have also been certified.

Note 7 - Party-in-Interest Transactions

Certain plan investments are managed by John Hancock, who is the Plan's Custodian. In addition, the Plan pays direct compensation to the third-party administrator related to recordkeeping and administration services. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the Custodian from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments and services are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 8 - Risks and Economic Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Restatement of Prior Period due to Correction of Error

In 2020, the Company identified a Demographic Failure in excluding from the Plan the employees of entities associated with the controlled group for Code Section 410(b) coverage testing. Such identification was made during management's inquiries with the Plan's service providers in preparation to establish a separate 401(k) plan for recently acquired entities. In response to this discovery, the Plan Sponsor promptly sought ERISA counsel to assist in understanding the implications to the Plan and the Plan Sponsor and how to correct the error.

Continued

Note 9 - Restatement of Prior Period due to Correction of Error (Continued)

In the process of investigating the scope of the Demographic Failure, the Company also identified an Organizational Failure by allowing the employees of an affiliated entity to participate in the Plan without a written participation agreement. In July 2021, the Company submitted an application with the IRS to request a compliance statement under the Voluntary Correction Program (VCP) contained in Revenue Procedure 2019-19. In May 2022, the IRS provided a compliance statement in response to the VCP in agreement with the corrective actions and changes to administrative procedures described in the statement and is detailed below.

Demographic Failure

Description

The demographic failure of the Plan due to failing the 410(b) coverage test arose immediately when the Plan was adopted effective January 1, 2010 and continued each Plan year through the 2021 Plan year. The Plan was structured in a way that would never meet the Code Section 410(b) coverage testing without a specific exemption. The structure was inadvertent as the Plan Sponsor did not understand the legal issues related to the control groups and failed to consider the ownership of the primary owners in other entities. Additionally, employees working for the other entities within the controlled group were excluded from the Plan's coverage testing. This resulted in inaccurate testing data and resulted with the Plan always passing the Code Section 410(b) coverage test.

Method of Correction

The Plan Sponsor engaged an outside consulting group to re-run Code Section 410(b) coverage tests for Plan years 2015-2019 taking into account the entire control group population and prepared corrective calculations described below. The Plan Sponsor proposed to correct the Demographic Failure by retroactively amending the Plan to January 1, 2010 and making a fixed dollar contribution each year from 2010-2021 for each non-highly compensated employee (NHCE) necessary for the Plan to pass the Code Section 410(b) coverage test. For Plan years 2015 through 2021, the Plan Sponsor proposed to contribute a fixed dollar amount ranging from $50 to $491 per NHCE plus estimated earnings of 2.5% per year for a total of $1,008,509.

For Plan years 2010-2014, the Plan Sponsor and related entities did not have adequate employee records before 2015 to identify and accurately calculate the additional benefits for hundreds of employees. Therefore, the Plan Sponsor proposed to apply an additional contribution of $200 per participant for an estimated 400 employees each year plus earnings of 2.5% per year for a total of $485,000. The Plan Sponsor believes this to be a good faith approach to fully correct the Demographic Failure given that the number of NHCEs, their compensation and the number of stores in the controlled group would have been lower during the years 2010 to 2014 than in subsequent years.

Continued

Note 9 - Restatement of Prior Period due to Correction of Error (Continued)

Method of Correction (Continued)

The total correction amount of $1,493,509 would be allocated in 2022 and 2023 as follows: (1) half of the total correction dollar amount will be allocated pro-rata to current eligible NHCE as of the date the Plan Sponsor makes the contribution in 2022 and (2) half of the total dollar amount (plus earnings from the date of contribution to the date of allocation) will be allocated pro-rata current eligible NCHEs as of April 1, 2023.

Organizational Failure

Description

The Plan's Adoption Agreement provides that the Employer is a member of an affiliated service group and provides that none of the Affiliate Employers will adopt the Plan as Participating Employers. However, beginning November 1, 2016 and continuing until September 1, 2021, the Plan allowed the employees of an affiliated entity to participate in the Plan without having the affiliate submit a signed written participation agreement. Such participation was in contravention of the Plan's Basic Plan Document and accordingly such employees were not eligible to participate in the Plan. Neither the Plan Sponsor's nor affiliated entity personnel understood that a formal adoption of the participation agreement was necessary.

Method of Correction

The Plan Sponsor proposes to have the affiliated entity retroactively adopt the Plan, effective as of November 1, 2016, to become a Participating Employer of the Plan to allow its NHCEs to participate in the plan. The retroactive participation agreement excludes highly compensated employees (HCE), as defined under the terms of the Plan, after November 1, 2016, so it does not impact any employees.

IRS Compliance Statement

In May 2022, the IRS agreed with the corrective actions and changes to administrative procedures as outlined in the submission to the VCP for the 2010 to 2021 Plan years. Consequently, the 2019 financial statements had previously understated receivables in consideration of the correction of the Plan's Demographic Failures. Accordingly, corrective contribution receivable as of December 31, 2019 has been corrected. The result of this correction of an error was to increase corrective contribution receivable by $1,287,513 at December 31, 2019. Employer contributions related to the Plan correction attributable to the 2020 Plan year was $166,896 and is included in employer contributions in the Statement of Changes in Net Assets Available for Benefits. The total corrective contribution receivable was $1,454,409 as of December 31, 2020.

Continued

Note 10 - Subsequent Events

On September 16, 2022, the Company funded $1,493,508 to the Plan to correct the Demographic Failure described in Note 9. Accounts were established for each impacted participant with $746,754 allocated to each participant on a pro-rata basis and the remaining $746,754 in the Plan's non-interest bearing cash account. Each participant was notified in writing about their newly established accounts, the amount deposited for their benefit, and notification that such amounts were 100% vested. The remaining amount of $746,754 will be allocated to the participants' accounts in April 2023 if, and only if, the participant is still employed at that time and such amounts will be 100% vested.

Effective January 1, 2021, the Plan was amended to reflect that the Company is a member of a controlled group.

Effective September 1, 2021, the Plan was amended as follows:

- The affiliated employer, Progreso Management Services, LLC adopted the Plan as a Participating Employer
- An employee is eligible to participate in the Plan after completing one year of service with an age requirement of 21 years.
- Highly compensated employees are not eligible to participate in the Plan.

Management of the Plan has evaluated subsequent events through March 3, 2023, the date which the financial statements were available to be issued. Management has determined that no other subsequent events require recognition or disclosure in these financial statements.
