### Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Digit 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 18, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the period from January 1, 2023 through December 18, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 18, 2023 and December 31, 2022, and for the period from January 1, 2023 through December 18, 2023, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to the participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

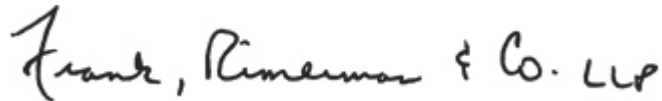

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters we identified during the audit.

**Emphasis of Matter – Plan Termination**

As described in Note 1 to the financial statements, the Plan sponsor’s Board of Directors resolved to terminate the Plan effective January 1, 2023, at which time contributions to the Plan ceased. All Plan assets were distributed to participants or transferred to another employee benefit plan (Note 1) as of December 18, 2023, at which date the Plan ceased to exist. Our opinion was not modified with respect to these matters.

#### 1. Description of the Plan and Plan Termination

Hello Digit, Inc. (dba Digit) (the Company) established the Digit 401(k) Plan (the Plan), effective January 4, 2017, to provide participants with a means to fund their retirement on a tax-deferred basis. The Plan has been amended and restated, most recently as of January 1, 2023. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Company was acquired by Oportun, Inc. in December 2021. In connection with the acquisition, the Company's Board of Directors resolved to terminate the Plan, effective January 1, 2023. Following the Plan termination, all contributions ceased to exist and active participants began participating in the Oportun 401(k) Plan. Plan participants also had the option of receiving distributions of their account balances or transferring them to the Oportun 401(k) Plan. The Plan continued to operate in accordance with the Plan agreement to allow all Plan assets to be distributed to participants or transferred to the Oportun 401(k) Plan. All Plan assets were distributed or transferred as of December 18, 2023, at which date the Plan ceased to exist.

#### *General:*

The Plan was a defined contribution plan under Sections 401(a) and 401(k) and related provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company was the Plan sponsor and Plan administrator. A Company employee was designated as the Plan trustee. The Plan was administered by Company employees, who were responsible for selecting investment options offered under the Plan and monitoring investment performance. Benefit Trust Company (Benefit Trust) served as the Plan's investment custodian and Guideline, Inc. (Guideline) served as the Plan's third-party administrator and record keeper. Benefit Trust held, invested and reinvested Plan assets in the interest and direction of the participants and their beneficiaries.

#### *Eligible Participants:*

Through December 31, 2022, eligible employees, as defined by the Plan agreement, age 18 or older, could participate in the Plan immediately upon hire.

#### 1. Description of the Plan (continued)

##### *Contributions:*

Through December 31, 2022, participants could make voluntary pre-tax salary deferrals and after-tax contributions up to 100% of their annual compensation, as defined in the Plan agreement. Participants who had reached the age of 50 could also elect to withhold additional “catch-up” contributions under the Code. Participants could also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollovers), subject to Code regulations.

Through December 31, 2022, the Plan provided for automatic enrollment on the date participants became eligible for the Plan. The automatic pre-tax salary deferral contribution was 1% of eligible compensation, as defined by the Plan agreement, unless participants requested a different amount to be contributed or formally declined participation. Participants could adjust the deferral rate or discontinue contributions at any time.

The Company could also make discretionary employer contributions, at the discretion of the Company’s Board of Directors. The Company did not made any discretionary contributions to the Plan through December 31, 2022.

Contributions are subject to certain limitations under the Code.

##### *Participant Accounts:*

Participant accounts were credited with participant contributions, discretionary Company matching and non-elective contributions, if any, corrective qualified nonelective contributions, rollovers, and an allocation of Plan net earnings or losses. Allocations were based on participant earnings or account balances, in accordance with Plan agreement. The benefit to which participants were entitled was the benefit that could be provided from the participant accounts.

Participants could elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that were designed to provide the participants with a wide range of investment options. Participants could authorize transfers among investment options at any time.

##### *Vesting:*

Participants were fully vested (100%) in their accounts.

### Notes to Financial Statements

---

1. Description of the Plan (continued)

*Notes Receivable from Participants:*

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes were reclassified as distributions based upon the terms of the Plan agreement.

Through December 31, 2022, participants could borrow up to one-half of their account balance, a minimum of \$1,000 and not to exceed \$50,000, for a period not to exceed five years, except for notes used to acquire a principal residence for which terms up to thirty years could be granted. Participants could only have one note outstanding at a time. The participant note was evidenced by a written note, secured by the balance in the participant's account, and bore interest at the prime rate, as published in The Wall Street Journal, plus 1%. Repayment of principal and interest was generally made through payroll deductions.

*Payment of Benefits:*

Through December 31, 2022, benefits were paid upon request in a lump-sum cash distribution equal to the value of the participant's account balance on termination of service for any reason,. Accounts between \$1,000 and \$5,000 could be automatically distributed to individual retirement accounts on behalf of the participants without participant approval. Accounts below \$1,000 could be automatically distributed directly to participants without participant approval. Benefits were recorded when paid.

*Plan Expenses:*

Several of the investment fund options were subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. These fees were charged directly against the fund's investment performance and, thus, were not separately disclosed in the financial statements. Advisory services, as well as certain investment, account maintenance and note fees could be paid by the Plan and charged to participant accounts. All other administrative expenses related to the Plan were paid by the Company and were not reflected in the Plan's financial statements.

### 1. Description of the Plan (continued)

#### *Risks and Uncertainties:*

Participants could invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it was at least reasonably possible changes in risk in the near term could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

### 2. Summary of Significant Accounting Policies

#### *Basis of Accounting:*

The Plan's financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

#### *Use of Estimates:*

The preparation of financial statements in conformity with GAAP required the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### *Investments:*

The Plan's investments consisted of mutual funds and a money market fund. These funds were valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted prices in active markets. It was not probable the funds would be sold at amounts that differed materially from the NAV of shares held.

#### *Fair Value Measurement:*

The Plan used a three-level hierarchy for fair value measurement based on the nature of inputs used in the valuation of an asset or liability at the measurement date. The three-level hierarchy prioritized within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focused on an exit price and was defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs or methodology used for valuing financial instruments were not necessarily an indication of the risk associated with those instruments.

**Digit 401(k) Plan**  
**Notes to Financial Statements**

---

2. Summary of Significant Accounting Policies (continued)

*Fair Value Measurement:*

The three-level hierarchy for fair value measurement was defined as follows:

**Level I:** Inputs to the valuation methodology were quoted prices (unadjusted) for identical assets or liabilities in active markets.

**Level II:** Inputs to the valuation methodology included quoted prices for similar assets and liabilities in active markets, and inputs that were observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

**Level III:** Inputs to the valuation methodology, which were significant to the fair value measurement, were unobservable.

A financial instrument's categorization within the fair value hierarchy was based upon the lowest level of input that was significant to the fair value measurement.

The Plan's investments were recorded at fair value and classified as Level I within the fair value hierarchy through their disposition.

*Income Recognition:*

Purchases and sales of investments were recorded on a trade date basis. Interest income was recorded on the accrual method of accounting. Dividends were recorded on the ex-dividend date. Net appreciation included gains and losses on the Plan's investments bought, sold or held during the period.

3. Information Prepared and Certified by Benefit Trust

Benefit Trust, as the Plan's investment custodian, certified the fair value of investments and net investment losses that were used in the preparation of the financial statements. The following table summarizes the certified information at:

	December 18, <u>2023</u>	December 31, <u>2022</u>
Investments, at fair value	\$ -	\$ 4,577,046
Non-interest-bearing cash	-	1,602
Note receivable from participant	-	<u>2,387</u>
Total certified assets	<u>\$ -</u>	<u>\$ 4,581,035</u>

### 3. Information Prepared and Certified by Benefit Trust (continued)

Certified net income for the period  
January 1, 2023 through December 18, 2023 \$ 335,092

### 4. Income Tax Status

The Plan was a non-standardized pre-approved plan offered by Guideline. The Internal Revenue Service (IRS) determined and informed Guideline by a letter dated November 18, 2020, that the plan submitted for review was qualified under applicable provisions of the Code. The Plan and the Plan sponsor believe the Plan was operated in compliance with the applicable requirements of the Code and related state statutes through December 18, 2023, and was, therefore, qualified and the trust that formed a part of the Plan was exempt from federal and state income taxes.

GAAP requires Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator analyzed the tax positions taken by the Plan, and concluded, at December 18, 2023, there are no uncertain income tax positions taken or expected to be taken that would have required recognition of a liability or disclosure in the financial statements. The Plan will continue to be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

### 5. Party-In-Interest Transactions

The noninterest-bearing cash account held by the Plan was managed by Benefit Trust. As Benefit Trust was the investment custodian, transactions by the Plan within this account qualified as party-in-interest transactions. The note receivable transactions with the participant also qualified as party-in-interest transactions. These party-in-interest transactions were exempt from the prohibited transaction rules of ERISA.

### 6. Subsequent Events

Subsequent events have been evaluated through April 29, 2024, which is the date the financial statements were approved by the Plan and available to be issued.

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Digit 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 18, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the period from January 1, 2023 through December 18, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 18, 2023 and December 31, 2022, and for the period from January 1, 2023 through December 18, 2023, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to the participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

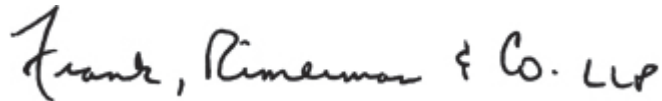

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters we identified during the audit.

**Emphasis of Matter – Plan Termination**

As described in Note 1 to the financial statements, the Plan sponsor’s Board of Directors resolved to terminate the Plan effective January 1, 2023, at which time contributions to the Plan ceased. All Plan assets were distributed to participants or transferred to another employee benefit plan (Note 1) as of December 18, 2023, at which date the Plan ceased to exist. Our opinion was not modified with respect to these matters.

#### 1. Description of the Plan and Plan Termination

Hello Digit, Inc. (dba Digit) (the Company) established the Digit 401(k) Plan (the Plan), effective January 4, 2017, to provide participants with a means to fund their retirement on a tax-deferred basis. The Plan has been amended and restated, most recently as of January 1, 2023. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Company was acquired by Oportun, Inc. in December 2021. In connection with the acquisition, the Company's Board of Directors resolved to terminate the Plan, effective January 1, 2023. Following the Plan termination, all contributions ceased to exist and active participants began participating in the Oportun 401(k) Plan. Plan participants also had the option of receiving distributions of their account balances or transferring them to the Oportun 401(k) Plan. The Plan continued to operate in accordance with the Plan agreement to allow all Plan assets to be distributed to participants or transferred to the Oportun 401(k) Plan. All Plan assets were distributed or transferred as of December 18, 2023, at which date the Plan ceased to exist.

#### *General:*

The Plan was a defined contribution plan under Sections 401(a) and 401(k) and related provisions of the Internal Revenue Code (the Code) and applicable state laws. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company was the Plan sponsor and Plan administrator. A Company employee was designated as the Plan trustee. The Plan was administered by Company employees, who were responsible for selecting investment options offered under the Plan and monitoring investment performance. Benefit Trust Company (Benefit Trust) served as the Plan's investment custodian and Guideline, Inc. (Guideline) served as the Plan's third-party administrator and record keeper. Benefit Trust held, invested and reinvested Plan assets in the interest and direction of the participants and their beneficiaries.

#### *Eligible Participants:*

Through December 31, 2022, eligible employees, as defined by the Plan agreement, age 18 or older, could participate in the Plan immediately upon hire.

#### 1. Description of the Plan (continued)

##### *Contributions:*

Through December 31, 2022, participants could make voluntary pre-tax salary deferrals and after-tax contributions up to 100% of their annual compensation, as defined in the Plan agreement. Participants who had reached the age of 50 could also elect to withhold additional “catch-up” contributions under the Code. Participants could also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollovers), subject to Code regulations.

Through December 31, 2022, the Plan provided for automatic enrollment on the date participants became eligible for the Plan. The automatic pre-tax salary deferral contribution was 1% of eligible compensation, as defined by the Plan agreement, unless participants requested a different amount to be contributed or formally declined participation. Participants could adjust the deferral rate or discontinue contributions at any time.

The Company could also make discretionary employer contributions, at the discretion of the Company’s Board of Directors. The Company did not made any discretionary contributions to the Plan through December 31, 2022.

Contributions are subject to certain limitations under the Code.

##### *Participant Accounts:*

Participant accounts were credited with participant contributions, discretionary Company matching and non-elective contributions, if any, corrective qualified nonelective contributions, rollovers, and an allocation of Plan net earnings or losses. Allocations were based on participant earnings or account balances, in accordance with Plan agreement. The benefit to which participants were entitled was the benefit that could be provided from the participant accounts.

Participants could elect to invest their accounts in a variety of participant-directed investment options offered by the Plan that were designed to provide the participants with a wide range of investment options. Participants could authorize transfers among investment options at any time.

##### *Vesting:*

Participants were fully vested (100%) in their accounts.

### Notes to Financial Statements

---

1. Description of the Plan (continued)

*Notes Receivable from Participants:*

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes were reclassified as distributions based upon the terms of the Plan agreement.

Through December 31, 2022, participants could borrow up to one-half of their account balance, a minimum of \$1,000 and not to exceed \$50,000, for a period not to exceed five years, except for notes used to acquire a principal residence for which terms up to thirty years could be granted. Participants could only have one note outstanding at a time. The participant note was evidenced by a written note, secured by the balance in the participant's account, and bore interest at the prime rate, as published in The Wall Street Journal, plus 1%. Repayment of principal and interest was generally made through payroll deductions.

*Payment of Benefits:*

Through December 31, 2022, benefits were paid upon request in a lump-sum cash distribution equal to the value of the participant's account balance on termination of service for any reason,. Accounts between \$1,000 and \$5,000 could be automatically distributed to individual retirement accounts on behalf of the participants without participant approval. Accounts below \$1,000 could be automatically distributed directly to participants without participant approval. Benefits were recorded when paid.

*Plan Expenses:*

Several of the investment fund options were subject to investment fees based on a percentage of invested assets, as disclosed in the fund's prospectus. These fees were charged directly against the fund's investment performance and, thus, were not separately disclosed in the financial statements. Advisory services, as well as certain investment, account maintenance and note fees could be paid by the Plan and charged to participant accounts. All other administrative expenses related to the Plan were paid by the Company and were not reflected in the Plan's financial statements.

## Digit 401(k) Plan Notes to Financial Statements

---

### 1. Description of the Plan (continued)

#### *Risks and Uncertainties:*

Participants could invest their account balances in a variety of investment options offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment options offered by the Plan, it was at least reasonably possible changes in risk in the near term could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

### 2. Summary of Significant Accounting Policies

#### *Basis of Accounting:*

The Plan's financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

#### *Use of Estimates:*

The preparation of financial statements in conformity with GAAP required the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### *Investments:*

The Plan's investments consisted of mutual funds and a money market fund. These funds were valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted prices in active markets. It was not probable the funds would be sold at amounts that differed materially from the NAV of shares held.

#### *Fair Value Measurement:*

The Plan used a three-level hierarchy for fair value measurement based on the nature of inputs used in the valuation of an asset or liability at the measurement date. The three-level hierarchy prioritized within the measurement of fair value, the use of market-based information over entity-specific information. Fair value focused on an exit price and was defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs or methodology used for valuing financial instruments were not necessarily an indication of the risk associated with those instruments.

2. Summary of Significant Accounting Policies (continued)

*Fair Value Measurement:*

The three-level hierarchy for fair value measurement was defined as follows:

**Level I:** Inputs to the valuation methodology were quoted prices (unadjusted) for identical assets or liabilities in active markets.

**Level II:** Inputs to the valuation methodology included quoted prices for similar assets and liabilities in active markets, and inputs that were observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

**Level III:** Inputs to the valuation methodology, which were significant to the fair value measurement, were unobservable.

A financial instrument's categorization within the fair value hierarchy was based upon the lowest level of input that was significant to the fair value measurement.

The Plan's investments were recorded at fair value and classified as Level I within the fair value hierarchy through their disposition.

*Income Recognition:*

Purchases and sales of investments were recorded on a trade date basis. Interest income was recorded on the accrual method of accounting. Dividends were recorded on the ex-dividend date. Net appreciation included gains and losses on the Plan's investments bought, sold or held during the period.

3. Information Prepared and Certified by Benefit Trust

Benefit Trust, as the Plan's investment custodian, certified the fair value of investments and net investment losses that were used in the preparation of the financial statements. The following table summarizes the certified information at:

### 3. Information Prepared and Certified by Benefit Trust (continued)

Certified net income for the period  
January 1, 2023 through December 18, 2023 \$ 335,092

### 4. Income Tax Status

The Plan was a non-standardized pre-approved plan offered by Guideline. The Internal Revenue Service (IRS) determined and informed Guideline by a letter dated November 18, 2020, that the plan submitted for review was qualified under applicable provisions of the Code. The Plan and the Plan sponsor believe the Plan was operated in compliance with the applicable requirements of the Code and related state statutes through December 18, 2023, and was, therefore, qualified and the trust that formed a part of the Plan was exempt from federal and state income taxes.

GAAP requires Plan management to evaluate income tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator analyzed the tax positions taken by the Plan, and concluded, at December 18, 2023, there are no uncertain income tax positions taken or expected to be taken that would have required recognition of a liability or disclosure in the financial statements. The Plan will continue to be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

### 5. Party-In-Interest Transactions

The noninterest-bearing cash account held by the Plan was managed by Benefit Trust. As Benefit Trust was the investment custodian, transactions by the Plan within this account qualified as party-in-interest transactions. The note receivable transactions with the participant also qualified as party-in-interest transactions. These party-in-interest transactions were exempt from the prohibited transaction rules of ERISA.

### 6. Subsequent Events

Subsequent events have been evaluated through April 29, 2024, which is the date the financial statements were approved by the Plan and available to be issued.
