Report of Independent Auditors

The Board of Trustees
Saint Peter's Healthcare System Defined Contribution Plan

Opinion on the 2022 Financial Statements

We have audited the financial statements of Saint Peter's Healthcare System 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2022, and the changes in its net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor’s Responsibilities for the Audit of the 2022 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Auditor's Report on the 2021 Financial Statements

We performed an audit of the financial statements of the Plan as of December 31, 2021. In accordance with Employee Retirement Income Security Act of 1974 (ERISA) Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. In our report dated October 17, 2022, we indicated that in our opinion (a) the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the financial statements related to assets held by and certified to by a qualified institution agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined met the requirements of ERISA Section 103(a)(3)(C).

Saint Peter's Healthcare System 401(k) Plan

Notes to Financial Statements

December 31, 2022

1. Description of Plan

The following description of the Saint Peter's Healthcare System 401(k) Plan (the Plan) provides general information about the Plan's provisions. Saint Peter's Healthcare System, Inc. (the System) is the Plan Sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan Sponsor.

General

The Plan is a defined contribution plan that became effective April 25, 2019 for the benefit of eligible employees of the System and its subsidiaries.

The System received a favorable ruling from the Internal Revenue Service (IRS) dated August 14, 2013, granting them church plan status, which exempts the System from the requirements of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Under the terms of the Plan agreement, all non-excluded employees of the System and its subsidiaries are eligible to participate in the Plan for the purpose of salary reduction contributions immediately upon commencement of employment. Also, any employee who was eligible to participate in the Saint Peter's Physician Associates 401(k) Plan (the SPPA 401(k) Plan) on April 6, 2019 was eligible to participate in the Plan on January 1, 2020. The SPPA 401(k) Plan was a plan sponsored by Saint Peter's Healthcare System Physician Associates, Inc. which is a subsidiary of the System.

Eligible employees are automatically enrolled in the Plan on the date of hire or eligibility unless they affirmatively decline to participate. An employee will become eligible for employer contributions after satisfying a 90-day introductory period.

Each year, participants may elect to reduce their compensation by a specific percentage or dollar amount and have that amount contributed to the Plan on a pretax basis as a salary deferral, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). If automatically enrolled, a participant's deferral is set at 3% of eligible compensation until changed by the participant.

The automatic deferral amount will increase by 1% of eligible compensation up to a maximum of 10% of eligible compensation in July of each year coinciding with the annual merit increases.

Saint Peter's Healthcare System 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participants who have attained age 50 before the end of the year may elect to defer additional amounts (catch-up contributions) to the Plan as of January 1 of that year. The additional amounts may be deferred regardless of any other limitations on the amount that may defer to the Plan. Participants may elect to defer a portion of their salary as of the date they enter the Plan. Participant elections will remain in effect until modified or terminated. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. Each year, the System makes a profit sharing contribution equal to 2% of the compensation of all participants eligible to share in allocations, to each participant's account, subject to such nondiscrimination testing as required by the Code. The System also contributes 100% of a participant's elected contribution up to 3% of a participant's compensation (matching contributions). The System's contributions are invested in the same manner as that of the participant's elective contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the System's profit sharing and matching contributions and is charged with an allocation of administrative expenses. Plan earnings or losses are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon enrollment in the Plan, each participant shall direct that contributions be allocated among the investment options. However, in the event the participant fails to direct the investment of any of the contributions, contributions shall be remitted to the lifecycle fund closest to the individual's normal retirement age. The participant may elect to transfer all or part of his or her balance in any investment option to any other investment option offered under the Plan at any time. Forfeited balances of terminated participants' non-vested accounts are used to first pay administrative expenses. Any remaining forfeitures will be used to reduce future Plan Sponsor contributions. The unallocated forfeited balance as of December 31, 2022 and 2021 were approximately \$130,000 and \$114,000, respectively. Forfeitures used during the year ended December 31, 2022 approximated \$125,000.

Saint Peter's Healthcare System 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the System's profit sharing and matching contributions is based on years of continuous service. A participant is 100% vested after three years of credited service.

Payment of Benefits

Three types of withdrawals are available to participants: regular, hardship and direct rollover. Participants at or over the age of 59½ years may make in-service withdrawals from their account, their rollover account at any time, and upon hardship. Hardship withdrawals, as defined by the Internal Revenue Service (IRS) regulations, are granted to participants who are in need of financial aid due to immediate and heavy financial needs. Direct rollover withdrawals are withdrawals from the participant's rollover account.

Unless otherwise chosen, the payment of Plan benefits starts on the date which an employee attains normal retirement age. Normal retirement age is defined as 65 years old. Participants can also elect to receive benefits on a later retirement date. In such an event, a distribution will be made, at the participant's election, as soon as administratively feasible. If the participant remains employed past the normal retirement date, they may defer the receipt of benefits until they actually terminate employment. In such event, benefit payments begin as soon as feasible, but generally not later than age 72.

Upon separation from service with the Plan Sponsor due to death, disability, retirement, or termination, a participant (or his or her beneficiary) whose vested account balance exceeds \$5,000 may elect to receive either a lump-sum or may elect installment payments. A participant whose vested account balance is \$5,000 or less and has not commenced receiving installment payments will automatically receive an immediate lump-sum distribution equal to their vested account balance.

Administrative Expenses

Certain administrative expenses of the Plan are paid on the Plan's behalf by the System. All other administrative expenses are paid by the Plan.

Saint Peter's Healthcare System 401(k) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Plan Termination

The System has the right under the Plan to discontinue its contributions and terminate the Plan at any time. In the event the Plan terminates, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Saint Peter's Healthcare System 401(k) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Subsequent Events

Plan management evaluated subsequent events for the Plan through March 22, 2024, the date the accompanying financial statements were available to be issued.

3. Investments

Investments are maintained by TIAA, FSB, the trustee of the Plan.

Information related to investments held at December 31, 2021 disclosed in the accompanying financial statements was obtained or derived from information provided to the plan administrator and certified as complete and accurate by TIAA, acting as an agent for the trustee.

4. Fair Value Measurements

The Plan utilizes various methods of calculating the fair value of its financial assets. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are applied based on the unit of account from the Plan's perspective. The unit of account determines what is being measured by reference to the level at which the asset or liability is aggregated (or disaggregated). The fair value hierarchy is comprised of three levels based on the sources of inputs as follows:

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)

Saint Peter’s Healthcare System 401(k) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

A financial instrument’s categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement in its entirety. In determining fair value, the Plan uses valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible and considers nonperformance risk in its assessment of fair value.

Following is a description of the valuation techniques and inputs used for each major class of assets and liabilities measured at fair value:

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year-end.

The following table set forth by fair value hierarchy level, the Plan’s financial assets carried at fair value:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2022				
Mutual funds	<u>\$ 92,225,766</u>	<u>\$ –</u>	<u>\$ –</u>	<u>\$ 92,225,766</u>

Saint Peter's Healthcare System 401(k) Plan

Notes to Financial Statements (continued)

5. Income Tax Status

Because the Plan sponsor is a church-controlled organization, the Plan qualifies as a church plan under Section 414(e) of the Code. Church plans are exempt from certain Code requirements for qualified plans. The Plan has received an opinion letter from the IRS dated October 7, 2020, stating that the written form of the underlying pre-approved plan document is qualified under Section 401 of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
