To the Administrative Committee of the
IDC Technologies, Inc. 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of IDC Technologies, Inc. 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of IDC Technologies, Inc. 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of IDC Technologies, Inc. 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt on IDC Technologies, Inc. 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IDC Technologies, Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about IDC Technologies, Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. DESCRIPTION OF THE PLAN

The following description of IDC Technologies, Inc. 401(K) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General:

The Plan is a defined contribution plan that was established on January 1, 2018 and restated on July 9, 2022 by IDC Technologies, Inc. ("the Company" or "Plan Administrator"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company, being the Plan sponsor and Plan administrator manages the operation and administration of the Plan. The Company has contracted with Dyatech, LLC to act as the third-party administrator, and has contracted with Empower Trust Company as the custodian and recordkeeper for the Plan.

On December 31, 2020 Empower acquired the retirement business of Massachusetts Mutual (MassMutual) Life Insurance Company. MassMutual was previously the custodian for the Plan.

The SECURE 2.0 Act of 2022 was passed into law in December 2022. The provisions of SECURE 2.0 Act of 2022 continue the themes and reforms that began with the 2019 SECURE Act. Since the provisions include both required and optional elements, the Plan Administrator will determine provisions which will impact the operation of the Plan.

Eligibility:

Employees become eligible to participate in the Plan on the first day of the calendar month, coincident with or next following the date the employee completes one month of service, measured from the date of hire.

Contributions:

Participants may elect to defer up to 100% of pretax and Roth 401(k) of the annual eligible compensation, as defined in the Plan. Contributions are subject to regulatory limitations. The limit is $20,500 for 2022. In addition, participants aged 50 or older before the end of the Plan year, can make catch-up contributions. The catch-up dollar limit for 2022 is $6500. The Plan allows for Roth deferral contributions, Roth rollovers and In Plan Roth transfers. The Plan does not have employer contributions.

The Company may make additional qualified non-elective contributions for the benefit of such participants determined at the discretion of the Company.

The Plan has not completed certain non-discriminating tests as required under Internal Revenue Code (IRC) for the years 2020 and 2021. The Plan is currently working to complete these tests and refunds, if any, will be processed.

The Plan had certain operational deficiency relating to salary deferral for the years 2019 and 2020. The Company is working to making corrective contributions to the Plan for the missed deferrals, including any lost earnings thereon.

Rollover:

Employees may roll over eligible amounts from other qualified retirement plans to this Plan.

Participant accounts:

Each participant's account is credited with the participant's contribution, plan earnings and losses, and plan expenses as applicable to the Plan. Allocations of plan earnings and losses are based on individual participant investment choices. All contributions/investments are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Certain investment and fund fees are charged to the funds and are included in plan investment income and losses and charged to participant accounts. Participants should refer to the funds' prospectuses for further information on these fees.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. All participants are always fully (100%) vested in their elective deferral account, rollover contribution account and qualified non-elective contribution account.

Investment:

The Plan provides for investments to be directed by participants into a number of investment options held by the Custodian. Upon enrollment in the Plan, a participant may direct employee contributions in any of the investment options and may change their investment options at any time.

Forfeitures:

Forfeitures are non-vested portion of participants' accounts that are lost upon termination of employment. Forfeitures may be used to pay plan administrative expenses or reduce future employer contributions. There is no forfeiture balance as of December 31, 2022 and 2021.

Payment of benefits:

On termination of service due to disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than your assumed life expectancy (or assumed expectancies of you and your beneficiaries). For termination of service due to death, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution and the entire balance is paid by the end of the fifth

year for all the beneficiaries. The Plan also allows for in-service hardship withdrawals and employee loans under certain conditions.

Upon the satisfaction of certain distributable events, participants or their beneficiaries may elect to receive their vested account balance and are paid in accordance with plan provisions.

Notes receivable from participants:

Participants may borrow from their account a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Only one outstanding notes per participant is permitted at any given time. The notes are issued by the Plan and secured by the vested balance in the participant's account. All notes must be repaid within a period of five years, unless the note is used to purchase a principal residence, in which case, the note must be repaid within a reasonable period of time not to exceed 30 years. Under the terms of the Plan Agreement, plan notes will bear a reasonable rate of interest determined by the plan administrator. The rate of interest on the notes ranges from 4.25 % to 5.50%. Principal and interest are paid ratably through payroll deductions.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits, changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Empower certifies the market value of all investments. If available, quoted market prices are used to value investments. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance. No allowance for credit losses has been recorded at December 31, 2022 or 2021. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement.

Excess Contribution Payable:

The Plan is required to return contributions to participants in the event certain non-discrimination tests defined under the IRC are not satisfied. Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability. Excess contribution payable was $75,878 as of December 31, 2022.

Administrative Expenses:

In 2022, some plan fees were paid by the Company and these amounts are excluded from the Plan's financial statements. Certain participant transaction fees, investment fees, advisory fees, and recordkeeping fees were paid by the Plan and charged to participant accounts as applicable.

NOTE 3. RISK AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, overall market volatility, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Valued at quoted market prices.

Group annuity contract: Fixed annuity contracts are reported at contract value which approximates fair value. Variable annuity contracts are valued based on the net asset value (NAV) of the underlying investments. The prices of the variable annuity investment options are calculated daily by the annuity provider.

The following sets forth, by level within the fair value hierarchy, the Plan's assets at fair value at December 31, 2022 and December 31, 2021:

Assets as of December 31, 2022

Description	Level 1	Level 2	Level 3	Total
Group annuity contracts	$	$ 2,149,517	-	$ 2,149,517
Investments at fair value				$ 2,149,517

Assets as of December 31, 2021:

Description	Level 1	Level 2	Level 3	Total
Group annuity contracts	$	$ 2,087,485	-	$ 2,087,485
Investments at fair value				$ 2,087,485

NOTE 5: CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company.

NOTE 6: RELATED PARTY TRANSACTIONS

The Plan's investments are managed by Empower Trust Company. Empower Trust Company is the custodian as defined by the Plan. Any purchases and sales of these investments are performed in the open market at fair or contract value. Plan-related fees are paid to Empower Trust Company. The Plan has other service providers. All these transactions while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. The Plan issues loans to participants, which are secured by the balances in the participant's account. These transactions also qualify as party-in-interest transactions.

NOTE 7: INCOME TAX STATUS

The Plan adopted a non-standardized pre-approved plan which received an opinion letter dated June 30, 2020, from the IRS stating that the form of the plan is qualified under Section 401 of the Code and, therefore, the related trust is tax-exempt. The Plan has been amended since; however the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the

Internal Revenue Code (IRC) and, therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: DIFFERENCES BETWEEN FINANCIAL STATEMENTS AND FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements for the year ended December 31, 2022 and 2021 to form 5500:

	2022	2021
Net assets available for benefits as per financial statements	$ 2,133,634	$ 2,153,186
Less: Participant contribution receivable at the end of the year	(12,236)	(21,326)
Add: Excess contribution payable	75,878	-
Change in net assets per form 5500	$ 2,197,276	$ 2,131,860

The following is a reconciliation of total participant contribution per the financial statements for the year ended December 31, 2022 to form 5500:

	2022
Total participant contribution as per the financial statements	$ 441,779
Add: Participant contribution receivable at the beginning of the year	21,326
Less: Participant contribution receivable at the end of the year	(12,236)
Add: Excess contribution payable at the end of the year	75,878
Total participant contribution as per form 5500	$ 526,747

NOTE 9: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through May 16, 2024, which is the date the financial statements were available to be issued. The Plan has concluded that no events or transactions have occurred, which would require adjustments or disclosures in the financial statements.
