THAI SUMMIT AMERICA CORPORATION PROFIT SHARING & 401(k) PLAN

Financial Statements and Supplemental Schedule

Year Ended March 31, 2023

Independent Auditor's Report

To the Plan Administrator
Thai Summit America Corporation Profit Sharing & 401(K) Plan
Howell, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Thai Summit America Corporation Profit Sharing & 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 31, 2023, and the related statement of changes in net assets available for benefits for the year ended March 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Thai Summit America Corporation Profit Sharing & 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended March 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Thai Summit America Corporation Profit Sharing & 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Thai Summit America Corporation Profit Sharing & 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Thai Summit America Corporation Profit Sharing & 401(K) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Thai Summit America Corporation Profit Sharing & 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of March 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

The financial statements as of March 31, 2022, were audited by Clayton & McKerver, P.C. which combined practices with Wipfli LLP as of September 1, 2023 and whose report dated February 23, 2023, expressed as opinion in accordance with ERISA Section 103(a)(3)(C) that:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly in all material aspects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution, agrees to, or is derived from, in all material respects, the info prepared and certified by an institution that management determined meets the requirements of an ERISA Section 103(a)(3)(C).

Thai Summit America Corporation Profit Sharing & 401(K) Plan Notes to Financial Statements

Note 1: Description of Plan

The following description of the Thai Summit America Corporation Profit Sharing & 401(K) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Thai Summit America Corporation (the "Plan Sponsor" and the "Company") meeting the eligibility requirements discussed below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Management of the Plan Sponsor is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance and reports to the Plan's trustees.

Eligibility

Employees who have attained the age of 18 are eligible to participate in the Plan and may enter the Plan on the first day of the month following the date that the eligibility requirements are met; there are no service requirements to be considered eligible for voluntary contributions. A participant is eligible to receive a discretionary matching contribution upon meeting the general eligibility requirements; however, to be eligible to receive a discretionary profit sharing contribution, a participant must meet the requirements noted below.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in an age-appropriate fund until changed by the participant.

Contributions

Contributions to participant accounts are made by employees through salary deductions and by the Company from its earnings. Participants may voluntarily contribute to the Plan on a pre-tax or post-tax basis, not to exceed the maximum amount allowable by the Internal Revenue Code ("IRC"). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, as allowed by the IRC. Participants may elect to change fund elections and transfer investment balances between funds on a daily basis. Participants may elect to change contribution percentages at the beginning of each payroll period. Employees may also directly "roll over" assets from a qualified plan and transfer the assets into their Plan account.

The Company may elect to provide discretionary matching contributions to eligible participants. The Plan Sponsor elected to provide discretionary matching contributions at a rate equal to 50% of the employees' contributions, up to 4% of eligible compensation each pay period, for the year ended March 31, 2023. Total discretionary matching contributions for the Plan year ended March 31, 2023 were \$902,872.

Note 1: Description of Plan (Continued)

Contributions (Continued)

The Company may also provide a discretionary profit sharing contribution to the Plan. In order to be eligible, a participant must have provided at least a year of service and be employed on the last day of the Plan year. The Company did not provide a profit sharing contribution during the year ended March 31, 2023.

Participant Accounts

Each participant's account is credited directly with the participant's contributions, an allocation of the Company's discretionary matching and profit-sharing contributions, and an allocation of Plan earnings or losses. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company discretionary matching contribution and Company discretionary profit-sharing contribution portion of their accounts is based on years of service. A participant is 100% vested after four years of credited service for matching contributions and six years of credited service for profit sharing contributions, or upon other conditions as defined in the Plan Document.

Forfeitures

Forfeitures of non-vested Company contributions are used to offset Plan expenses or used to reduce future Company contributions. At March 31, 2023 and 2022, unallocated forfeited non-vested accounts totaled approximately \$47,500 and \$19,000, respectively. There were no forfeitures used to offset Plan expenses or reduce Company contributions in 2023.

Notes Receivable From Participants

Participants may borrow from the Plan an amount up to the lesser of one-half of their total vested account balance reduced by the outstanding balance of all other loans from the Plan on the date of the new loan application, or \$50,000, reduced by the highest loan balance outstanding during the prior 12 months. Principal and interest payments are made through payroll deductions over a term not to exceed five years (except for home purchase loans, which can be for terms consistent with normal mortgages). Participant loans are secured by the balance in the participant's account and bear interest at a rate set by the Plan administrator in accordance with local prevailing rates for similar types of loans.

Note 1: Description of Plan (Continued)

Distributions and Withdrawals

Distributions are allowed upon retirement, attainment of age 59½, disability, death or termination of service without affecting rights under the Plan. A participant or their beneficiary may receive a lump sum distribution equal to the value of the vested interest in their account or installment payments as requested by the participant, subject to minimum distribution requirements by the IRC. If a participant is no longer employed by the Company, they may be subject to various force-out provisions depending on the participant's account balance upon the date of valuation after termination.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America periodically requires the Plan administrator to make estimates and assumptions that affect the reported amounts presented in the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Note 2: Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net investment income (loss).

Subsequent Events

The Plan has evaluated subsequent events through May 16, 2024, which is the date the financial statements were available to be issued.

Note 3: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including non-interest bearing cash, investments and notes receivable from participants held at March 31, 2023 and 2022, and net depreciation in fair value of investments, interest and dividends, and other income for the year ended March 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Personal Trust Company, FSB, the Trustee of the Plan.

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

Thai Summit America Corporation Profit Sharing & 401(K) Plan Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at March 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Valued at the NAV of units in a bank or insurance company collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The estimated value of the collective investment trust funds is NAV. The use of NAV as fair value is deemed appropriate as the collective investment funds do not have a finite life, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of March 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of March 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds - Total assets in the fair value hierarchy	\$ 50,198,020	\$ -	\$ -	\$ 50,198,020
Investment assets measured at NAV				5,052,031
Total				\$ 55,250,051

Thai Summit America Corporation Profit Sharing & 401(K) Plan Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

	Assets at Fair Value as of March 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds - Total assets in the fair value hierarchy	\$ 52,953,749	\$ -	\$ -	\$ 52,953,749
Investment assets measured at NAV				5,161,950
Total				\$ 58,115,699

Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of March 31, 2023 and 2022, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

March 31, 2023				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment fund	\$ 5,052,031	\$ -	Daily	1 Day
March 31, 2022				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment fund	\$ 5,161,950	\$ -	Daily	1 Day

Note 5: Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity Personal Trust Company, FSB. Fidelity Personal Trust Company, FSB is the Trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are netted against Plan earnings (losses). Participants paid \$187,704 in administrative expenses in 2023.

Notes receivable from participants qualify as party-in interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Thai Summit America Corporation Profit Sharing & 401(K) Plan Notes to Financial Statements

Note 6: Plan Termination

The Company may, by action of its Board of Directors, amend the Plan, discontinue its contributions, or terminate the Plan, subject to the provisions of ERISA, although its expectation is to continue the Plan as a permanent program. Upon termination, participants would be 100% vested in their accounts, and the assets of the Plan would be distributed among participants according to their respective account balances.

Note 7: Tax Status

The Company adopted a pre-approved plan document with an IRS notification letter, which states the pre-approved plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
