INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Bureau Veritas Technical Assessments, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Bureau Veritas Technical Assessments, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of April 27, 2023 and December 31, 2022, and the related statements of changes in net assets available for benefits (modified cash basis) for the period January 1, 2023 to April 27, 2023 and for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of April 27, 2023 and December 31, 2022, and for the period January 1, 2023 to April 27, 2023 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of a Matter - Basis of Accounting

We draw your attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

BUREAU VERITAS TECHNICAL ASSESSMENTS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Bureau Veritas Technical Assessments, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document or summary plan description, both of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General - The Plan was a defined contribution plan that was established effective January 1, 1990, and was sponsored by Bureau Veritas Technical Assessments, LLC (the "Company"). The Plan covered substantially all employees of the Company, except for leased employees, employees covered under a collective bargaining agreement, and residents of Puerto Rico. Employees who were at least twenty-one years of age were eligible to participate in the Plan on the first day of the month following the completion of one month of service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan amendment - Effective March 2022, the Plan was amended and restated to conform to the latest laws and regulations applicable to the Plan. There were no significant changes to participant benefits under the Plan as a result of this amendment and restatement.

Plan administration - A Plan Committee (the "Committee"), comprised of several members of the Company's management, was established and had overall responsibility for the operation and administration of the Plan. The Committee also determined the appropriateness of the Plan's investment offerings, and monitored investment performance. Fidelity Management Trust Company ("Fidelity") served as the Plan's trustee, custodian, and recordkeeper.

Contributions - Until December 31, 2022, participants were permitted to contribute up to 100% of their pre-tax annual compensation, as defined by the Plan, and/or make Roth 401(k) deferrals to the Plan, without exceeding limitations prescribed by the Internal Revenue Code (the "Code"). Additionally, participants who were at least 50 years of age who were making contributions to the Plan were allowed to make catch-up contributions, as defined in the plan document, within the Code's limitations. Participants were also permitted to make rollover contributions into the Plan in amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan also included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan at a deferral rate of 6% of their eligible compensation unless they affirmatively elected not to participate in the Plan, or made an alternate election at any time. Participants directed the investment of all contributions into various investment options offered by the Plan.

Until December 31, 2022, under the provisions of the plan document, the Company was permitted to make discretionary matching contributions. During the year ended December 31, 2022, the Company made discretionary matching contributions totaling \$950,115, which represented 100% of each participant's elective deferral contributions up to 1.5% of eligible compensation.

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Contributions (continued)

Additionally, until December 31, 2022, the Company was permitted to make discretionary non-elective contributions to the Plan. In order to be eligible for the Company's discretionary non-elective contributions, participants must have been actively employed on the last day of the year and have completed at least 1,000 hours of service during the year. Discretionary non-elective contributions were allocated to all eligible participants in proportion to their relative compensation for the year, as defined by the Plan. The Company did not make discretionary non-elective contributions during the year ended December 31, 2022. All Company contributions were subject to Code limitations.

Effective December 31, 2022, the Plan was frozen. Accordingly, participant and Company contributions were no longer remitted to the Plan after that date. Effective January 1, 2023, the Company and all eligible employees became participants in the Bureau Veritas Industries & Facilities 401(k) Profit Sharing Plan (the "BVIF Plan"), which is a plan that is sponsored by an entity affiliated with the Plan's sponsor (see Note 6).

Participant investment account options - The Plan offered various mutual funds, common collective trust funds, and a money market fund, as investment options for participants.

Participant accounts - Each participant's account was credited with the participant's contributions and allocations of (a) the Company's contributions and, (b) the Plan's earnings. Participant accounts were also charged with an allocation of administrative expenses. Allocations were based on participant earnings, account balances, or specific transactions, as defined in the plan document. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting - Participants were immediately vested in their contributions, plus actual earnings thereon. Participants were also immediately vested upon death, disability, or upon reaching normal retirement age, all as defined in the plan document.

Vesting in the Company's discretionary matching contributions, plus actual earnings thereon, was subject to the following schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Vesting (continued)

Vesting in the Company's discretionary non-elective contributions, plus actual earnings thereon, was subject to the following schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 3	0%
3	100%

Forfeited accounts - Forfeited nonvested accounts were applied to pay administrative expenses or to reduce future Company contributions. Forfeitures became available to the Plan at the earlier of the last day of the year in which a former employee incurred five consecutive one-year breaks in service, or when a distribution of the participant's entire vested account balance occurred. During the period January 1, 2023 to April 27, 2023, and for the year ended December 31, 2022, forfeitures totaled \$24,877 and \$81,731, respectively. Forfeitures available to the Plan as of April 27, 2023, which aggregated \$25,772, were included in the transfer of the Plan's net assets to the BVIF Plan on April 27, 2023 (see Note 6). During the year ended December 31, 2022, forfeitures totaling \$100,425 were used to reduce the Company's contributions. As of December 31, 2022, forfeitures available to the Plan aggregated \$1,595.

Notes receivable from participants - Participants were allowed to borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. All notes had a definite repayment period, not to exceed five years, unless used for the purchase of a primary residence for which the repayment period could extend up to ten years. The notes were secured by the balance in the participant's account and bore interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest were paid ratably through payroll deductions. Participants were permitted to have up to two notes outstanding at any time until August 31, 2022. Effective September 1, 2022, the Plan was amended to discontinue all future second loans. Effective December 31, 2022, upon the freezing of the Plan (see Note 1), no new loans were permitted to be taken from participants' accounts within the Plan, and participants with loans outstanding were required to remit loan payments directly to the Plan.

Payment of benefits - On termination of service due to death, disability, retirement, or other reasons as outlined in the plan document, or qualifying under certain "hardship" rules as prescribed by the Internal Revenue Service ("IRS"), a participant may have elected to receive distributions from the Plan. Distributions from the Plan were payable in the form of a lump sum or installments, subject to the provisions of the plan document.

BUREAU VERITAS TECHNICAL ASSESSMENTS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies

Basis of accounting - The financial statements are prepared on the modified cash basis of accounting. The modified cash basis of accounting is a cash basis that adjusts securities to fair market value and does not provide for the accrual of contributions receivable or payable.

Use of estimates - The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determined the Plan's valuation policies utilizing information provided by the Plan's trustee. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest and dividends were recorded when received. Net appreciation (depreciation) in fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the period / year.

Notes receivable from participants - Notes receivable from participants were measured at their unpaid principal balance plus accrued but unpaid interest. No allowance for credit losses was recorded as of April 27, 2023 and December 31, 2022. Related fees were recorded as administrative expenses and were expensed when they were incurred.

Payment of benefits - Benefits were recorded when paid.

Administrative expenses - Certain administrative expenses of the Plan were paid by the Company and are not included in the statements of changes in net assets available for benefits (modified cash basis). Other administrative expenses, such as recordkeeping and advisory fees, were paid for by the Plan and are included in administrative expenses in the statements of changes in net assets available for benefits (modified cash basis). Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

BUREAU VERITAS TECHNICAL ASSESSMENTS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(3) Information prepared and certified by the trustee

The plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified that the following data included in the accompanying financial statements are complete and accurate:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Dividend and interest income
- Interest income on notes receivable from participants

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

(4) Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

BUREAU VERITAS TECHNICAL ASSESSMENTS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in methodologies used during the period from January 1, 2023 to April 27, 2023 and for the year ended December 31, 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-ended mutual funds that were registered with the Securities and Exchange Commission. These funds were required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Money market fund: Valued at the quoted NAV of shares held by the Plan at year-end.

Common collective trust funds: Valued at the daily NAV of units of a financial institution collective trust. The NAV, as provided by the trustee, was used as a practical expedient to estimate fair value. The NAV was based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient was not used when it was determined to be probable that the fund would sell the investment for an amount different than the reported daily NAV. Participant transactions (purchases and sales) may have occurred daily. There were no unfunded commitments or redemption restrictions at April 27, 2023 and December 31, 2022; however, there was a twelve-month notification period for a Plan level redemption of the collective trust.

The preceding methodologies described may have produced a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan’s management believed its valuation methodologies were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting date.

As of April 27, 2023, there were no assets held by the Plan as a result of the transfer of such assets to the BVIF Plan (see Note 6). The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2022:

	Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,633,533	\$ -	\$ -	\$ 14,633,533
Money market fund	207,264	-	-	207,264
Total assets in the fair value hierarchy	<u>\$ 14,840,797</u>	<u>\$ -</u>	<u>\$ -</u>	14,840,797
Investments measured at the NAV practical expedient *				<u>28,632,656</u>
				<u>\$ 43,473,453</u>

* In accordance with Subtopic 820-10, the common collective trust funds, which were valued at NAV, have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit a reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits (modified cash basis) as of December 31, 2022.

BUREAU VERITAS TECHNICAL ASSESSMENTS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

(5) **Related party transactions and party-in-interest transactions**

Certain of the Plan's investments were managed by Fidelity. Fidelity was the trustee, custodian, and recordkeeper of the Plan and provided brokerage services to the Plan; therefore, these transactions qualified as party-in-interest transactions. Fees paid by the Plan to Fidelity and another service provider amounted to \$32,980 and \$108,988 during the period from January 1, 2023 to April 27, 2023 and for the year ended December 31, 2022, respectively. Additionally, certain other fees incurred by the Plan are included in net appreciation (depreciation) in fair value of investments as they were paid through revenue sharing, rather than as a direct payment. The Company directly paid any other fees related to the Plan's operations.

(6) **Transfer out of Plan and merger**

As disclosed in Note 1, effective December 31, 2022, the Plan was frozen. Accordingly, effective January 1, 2023, participants' and the Company's contributions were remitted to the BVIF plan. On April 27, 2023, all of the net assets of the Plan, which totaled \$43,237,935, were transferred to the BVIF Plan to complete the process of merging the Plan into the BVIF plan.

(7) **Tax status**

The IRS has determined and informed Fidelity by a letter dated March 31, 2014, that the Volume Submitter Profit Sharing Plan sponsored by Fidelity, and previously adopted by the Plan, is designed in accordance with applicable sections of the Code. As disclosed in Note 1, effective March 2022, the Plan was amended and restated to conform to the latest laws and regulations applicable to the Plan. The IRS has determined and informed Fidelity by a letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit Sharing Plan sponsored by Fidelity, and adopted by the Plan in March 2022, is designed in accordance with applicable sections of the Code.

Although the Plan had been amended since the dates of these letters, the Plan's management believes that the Plan and related trust remained in compliance with all applicable requirements of the Code.

The modified cash basis of accounting required the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan had taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

(8) **Concentration**

At December 31, 2022, approximately 51% of the Plan's investments were invested in three funds.

(9) Subsequent events

The Plan has evaluated subsequent events through April 25, 2024, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
