INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustees of
401(k) Profit Sharing Plan for Employees of Black River Area Development Corporation
Pocahontas, Arkansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of 401(k) Profit Sharing Plan for Employees of Black River Area Development Corporation, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of September 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended September 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of 401(k) Profit Sharing Plan for Employees of Black River Area Development Corporation's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2023 and 2022, and for the year ended September 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 401(k) Profit Sharing Plan for Employees of Black River Area Development Corporation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 401(k) Profit Sharing Plan for Employees of Black River Area Development Corporation's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 401(k) Profit Sharing Plan for Employees of Black River Area Development Corporation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 401(k) Profit Sharing Plan for Employees of Black River Area Development Corporation's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of 401(k) Profit Sharing Plan for Employees of Black River Area Development Corporation (the plan) provides only general information. For a more complete description of the plan's provisions, participants should refer to the plan document and *Summary Plan Description*, which are available from the plan administrator. The Plan was most recently amended effective October 1, 2022, to require distribution of any account balance less than \$1,000 upon termination of employment.

- A) General.** The Plan was established October 1, 2008. It was originally established as a 401(a) Plan. The Plan is a defined contribution plan covering all eligible employees of Black River Area Development Corporation (the Employer) who are age eighteen or older. The Plan later adopted the Mutual of America 401(k) Profit-Sharing Plan, effective January 9, 2013. The assets of the 401(a) and 401(k) Plans are aggregated in the financial statements of the 401(k) Profit Sharing Plan for Employees of Black River Area Development Corporation as of September 30, 2023 and 2022. The board of directors of Black River Area Development Corporation controls and manages the operations and administration of the Plan. The Board reviews the plan performance and investment options periodically. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B) Contributions.** Participants may contribute to the Plan by entering into a salary reduction agreement. Each year participants may contribute up to at least 1% but no more than 100% of their compensation, as defined in the Plan, subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an interest accumulation account. The Company contributes a match equal to 200% of the participant's contributions that do not exceed 3% of participant's compensation received during the plan year. Additional profit-sharing amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.
- C) Participant accounts.** Each participant's account is credited with the participant's contributions, allocations of Employer contributions, and Plan earnings less administrative expenses. All accounts reflect the total amount of contributions allocated to such accounts and the earnings thereon, any payments or withdrawals on the participant's behalf from such accounts and any expenses of such accounts attributable to the participant's interest therein. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- D) Vesting.** Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts plus any earnings they generate is based on years of continuous service. A participant is 100% vested after five years of credited service. A participant will also become fully vested upon death, disability, or at age 65.
- E) Participant loans.** Participant loans are not permitted under the Plan.
- F) Payment of benefits.** Upon termination, a participant may elect to receive an amount equal to the value of the participant's vested interest in their account in either a lump-sum amount or various annuity options. In-service distributions from a participant's account attributable to salary reduction contributions are permitted after a participant's attainment of age 59 1/2 or due to hardship.

Note 1 – Description of Plan (Cont.)

- G) *Forfeited accounts.*** All forfeitures under the plan shall be held in a suspense account and first used to restore forfeited balances of reemployed participants, then to reduce administrative expenses of the plan and last, to reduce employer contributions for the plan year in which the forfeiture occurred. At September 30, 2023 and 2022, there were \$-0- and \$-0-, respectively, of forfeited non-vested amounts remaining. Forfeited accounts may be used to reduce future employer contributions. In 2023, employer contributions were reduced by \$1,292 from forfeited nonvested accounts.

Note 2 – Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition

Investments are reported at fair value with the exception of the interest accumulation account which is considered by the Plan management as comparable to a cash equivalent and therefore exempt from classification under ASC 820-10. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The fair values of the registered investment company accounts (mutual funds) are computed using closing prices; on nationally recognized stock exchanges or over-the-counter markets. Fair value of shares of the underlying fund equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by that fund.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

BLACK RIVER AREA DEVELOPMENT CORPORATION**

Notes to Financial Statements

Note 2 – Summary of Accounting Policies (Cont.)

Administrative Expenses

Certain administrative expenses of maintaining the plan are paid by the plan sponsor. Total fees paid by the Plan for the plan year ended September 30, 2023, were \$282. These fees are included in plan deductions. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The plan administrator has evaluated events through May 23, 2024, the date the financial statements were available to be issued. The plan administrator is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

Note 3 – Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and certified that the plan qualifies for a Section 103(a)(3)(C) audit. Accordingly, as permitted under such election, the following investment information was certified by Mutual of America Life Insurance Company, the custodian, and was not subjected to any auditing procedures performed by the independent public accountants.

- A) Total investments as shown in the accompanying statements of net assets available for benefits of \$3,072,551 as of September 30, 2023, and \$3,080,445 as of September 30, 2022.
- B) Net investment income including appreciation in fair value of investments, as shown in the accompanying statement of changes in net assets available for benefits of \$187,558 for the year ended September 30, 2023.
- C) All investment-related information in the accompanying supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of September 30, 2023.

During the plan year 2023, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$165,132.

Participants direct the custodian regarding the investment of amounts held in their accounts.

Note 4 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**401(K) PROFIT SHARING PLAN FOR EMPLOYEES OF
BLACK RIVER AREA DEVELOPMENT CORPORATION**

Notes to Financial Statements

September 30, 2023

Note 4 – Fair Value Measurements (Cont.)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The inputs used for valuing assets are not an indication of the risk associated with investing in those assets.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2023 and 2022.

Mutual funds (Registered Investment Companies): Valued at the daily closing price as reported by the fund. Mutual funds are registered with the Securities and Exchange Commission and are carried at the net asset value at which the mutual fund shares are actively traded.

Interest accumulation account: Valued at fair value as reported by the Plan custodian, investments in the general account are liquid and not subject to any form of interest rate adjustment. Amounts held in the interest accumulation account are considered comparable to interest bearing cash equivalents.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**401(K) PROFIT SHARING PLAN FOR EMPLOYEES OF
BLACK RIVER AREA DEVELOPMENT CORPORATION**

Notes to Financial Statements

September 30, 2023

Note 4 – Fair Value Measurements (Cont.)

The following table sets forth the Plan's assets by level within the fair value hierarchy as of September 30, 2023 and 2022:

Assets at Fair Value as of September 30, 2023			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Interest accumulation account:	\$ 1,666,481	\$ -	\$ -
Registered investment companies:	1,406,070	-	-
Total investments at fair value	<u>\$ 3,072,551</u>	<u>\$ -</u>	<u>\$ -</u>

Assets at Fair Value as of September 30, 2022			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Interest accumulation account:	\$ 1,954,659	\$ -	\$ -
Registered investment companies:	1,125,786	-	-
Total investments at fair value	<u>\$ 3,080,445</u>	<u>\$ -</u>	<u>\$ -</u>

Note 5 – Investment Contract with Insurance Entity

The Plan has an investment contract with Mutual of America Life Insurance Company that is not considered fully benefit responsive. Mutual of America maintains the amounts held in connection with the insurance contract in the company's general account and or in the company's separate account. The amounts held in the separate account are comprised of mutual funds and are not guaranteed as to fixed dollar amounts. The underlying investments in the separate account are valued at fair value. Amounts held in the company's general account are credited with a current rate of interest and are considered highly liquid. Amounts held in the insurance company's general account are considered interest bearing cash equivalents and are reported in the financial statements with investments.

Note 6 – Party-in-Interest Transactions

The Plan incurs expenses related to general administration and recordkeeping. The plan sponsor pays these expenses and certain accounting and auditing fees relating to the plan. Certain plan investments are units of funds managed by Mutual of America Life Insurance Company. Mutual of America Life Insurance Company is the custodian of the plan and, therefore, these transactions qualify as party-in-interest transactions. Plan management believes the Plan has no agreements or transactions with parties-in-interest that are prohibited under ERISA Section 3(14).

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

**401(K) PROFIT SHARING PLAN FOR EMPLOYEES OF
BLACK RIVER AREA DEVELOPMENT CORPORATION**

Notes to Financial Statements

September 30, 2023

Note 8 – Plan Tax Status

The plan sponsor has adopted a non-standardized defined contribution plan as offered by Mutual of America. The Plan was most recently restated effective January 1, 2022. The Plan has received an opinion letter dated November 30, 2020, stating that the plan and trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended and restated subsequent to the date of the opinion letter, the plan sponsor believes the plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

During the plan year ending September 30, 2023, the plan sponsor identified certain operational failures with respect to the Plan. Plan management has taken measures to correct any identified plan failures outside of the Voluntary Fiduciary Correction Program. Plan management believes the final outcome of the process will not have any material effect on the plan's financial statements and therefore, no provision for income tax has been recorded.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. As of September 30, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's federal form 5500 is generally open for examination by the federal taxing authority for a period of three years after the filing date or after the return due date, including all approved extensions. There were no tax audits in process at September 30, 2023 or 2022.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at September 30, 2023 and 2022 to Form 5500:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per financial statements	\$ 3,072,551	\$ 3,080,445

The following is a reconciliation of total additions per the financial statements to total income per the Form 5500:

	<u>2023</u>
Total additions per financial statements	<u>\$ 571,884</u>
Total income per Schedule H of Form 5500	<u>\$ 571,884</u>

As shown above, there are no reconciliation items between the financial statements and Form 5500 Schedule H for the years ended September 30, 2023 and 2022.
