INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Culligan Southwest, Inc. 401(k) Profit Sharing Plan & Trust
San Antonio, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Culligan Southwest, Inc. 401(k) Profit Sharing Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the fiscal year ended September 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2023 and 2022, and for the fiscal year ended September 30, 2023, stating that the certified investment information, as described in Note # 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of September 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CULLIGAN SOUTHWEST, INC. 401(K) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
September 30, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN

Culligan Southwest, Inc. 401(k) Profit Sharing Plan & Trust (the Plan) is a qualified retirement plan, covering substantially all eligible employees of Culligan Southwest, Inc. (the Company or Sponsor), Culligan Water Conditioning of San Antonio, Inc., Culligan Water Conditioning of West Texas, Inc., Culligan Water Conditioning of Seguin, Inc., and ZYX Corporation (Participating Employers). The plan was established on January 1, 1966, to help employees meet their financial goals by supplementing their retirement income. The Plan has been amended and restated as of July 1, 2022. The Plan is administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility: All employees of the Company and any Participating Employers, will be eligible to participate for purposes of salary deferrals and safe harbor contributions when they are at least age 18 and have completed three months of service. Employees may also be eligible to receive an employer profit sharing contribution if they are at least age 18 and have completed 12 months of service during which they worked at least 1000 hours. All eligible employees will become a participant on the first day of the Plan year quarter following the completion of the eligibility requirements.

Contributions: Participants may elect to defer a percentage of their eligible pay every pay period as an elective deferral, not to exceed 80% of plan compensation. An employee's contribution cannot exceed the annual dollar limitation set forth by Internal Revenue Code (IRC) section 402(g). Under the Plan, participants are able to make two kinds of deferrals: pre-tax elective deferrals and Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified retirement plans or an individual retirement account as rollover contributions. Participants who are projected to reach age 50 during a calendar year will be eligible to make catch-up contributions at any time during that calendar year. The Plan includes an automatic salary deferral feature. Upon eligibility, the Plan Sponsor will automatically enroll participants at a 5% contribution rate. The automatic deferral amount will increase by 1% per year up to a maximum of 10% of a participant's compensation. Participants can increase or decrease the amount of their contributions, suspend their contributions, or resume their contributions at any time.

As of January 1, 2017, the Plan is referred to as a qualified automatic contribution arrangement 401(k) plan (QACA), in which the Company commits to making certain contributions. In order to maintain the QACA safe harbor status, the Company will make a QACA safe harbor matching contribution equal to 100% of a participant's elective deferrals, not to exceed 1% of the participant's eligible compensation, plus 50% of the participant's elective deferrals between 1% and 6% of the participant's eligible compensation. Participants have to make elective deferrals in order to receive the safe harbor contribution.

Each year, the Company may make an annual discretionary profit sharing contribution to the Plan. Contributions are allocated to each eligible participant as outlined in the plan document. For the fiscal year ended September 30, 2023, the Company did not make any profit sharing contributions.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting: Participants are always 100% fully vested in their elective deferrals, rollovers, and any earnings thereon. Vesting in employer contributions is based on a vesting schedule. For the QACA safe harbor contributions, a participant will become 100% vested after two years of service. For discretionary profit sharing contributions, after two years of service, a participant receives a 20% vested percentage in their account and becomes 100% vested after six years of service.

Payment of Benefits: Benefits are payable to a participant after they leave the Company for any reason (retirement, termination, disability, or death). Participants can receive their vested benefit in a single lump sum payment, or have the payment paid as a direct rollover to an IRA or to another employer's tax qualified plan. If the vested account balance is greater than \$5,000, in addition to either a lump sum or direct rollover, the participant may choose to receive installments or defer receiving payments. If a participant's vested account balance is \$5,000 or less, then the account balance will be distributed in a single lump sum payment.

Participants may withdraw all or part of their vested account balance once they have reached age 59½. Hardship distributions may also be made to satisfy certain immediate and heavy financial needs that a participant may have.

Notes Receivable From Participants: Participants may take a loan from the Plan. The minimum loan amount is \$1,000 up to a maximum of \$50,000 (reduced by the highest outstanding loan balance in the previous 12 months) or one-half of their vested account balance (reduced by the current outstanding loan balance, if any), whichever is less. Loan terms range from one to five years, or longer if the loan is for the purchase of a principal residence. Loans are secured by the balance in the participants' account and bear an interest rate equal to 1% over the prime interest rate determined at the time a participant requests the loan. Participants may only have two outstanding loans at any given time. Principal and interest are paid ratably through payroll deductions.

Forfeitures: If a participant terminates employment before becoming 100% vested in their account balance, the non-vested portion of their account balance will be forfeited. The Company may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan.

Plan Termination: While the Company hopes and expects to continue the Plan indefinitely, it reserves the right to terminate, discontinue making contributions to, amend, or modify the Plan at any time. Upon termination of the Plan, participants will become 100% vested in their total account balance. The Company will arrange for distributions upon termination as soon as administratively feasible.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and are included in the investment income reported by the Plan.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through April 29, 2024, which is the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

(Continued)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2023 or 2022.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit and risks related to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at September 30, 2023 and 2022, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the fiscal year ended September 30, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follow:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

NOTES TO FINANCIAL STATEMENTS
September 30, 2023 and 2022

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trust Fund: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2023</u>				
Mutual funds	\$ 7,965,065	\$ -	\$ -	\$ 7,965,065

* Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, and party rendering service to the Plan, the employer, and certain other. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Reliance Trust Company and ADP, Inc. are service providers to the Plan and, therefore, these transactions and the Plan's payment of fees qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transaction rules under ERISA. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 6 – TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan sponsored by ADP, LLC. The non-standardized pre-approved profit sharing plan obtained its latest opinion letter on October 6, 2020, in which the Internal Revenue Service (IRS) stated that the non-standardized pre-approved profit sharing plan, as then designed, was acceptable under section 401 of the IRC for use by the employer for the benefits of its employees. Although the Plan has been amended from the original non-standardized pre-approved document, Plan management believes that the Plan is currently being operated in accordance with the requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Culligan Southwest, Inc. 401(k) Profit Sharing Plan & Trust
San Antonio, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Culligan Southwest, Inc. 401(k) Profit Sharing Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the fiscal year ended September 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2023 and 2022, and for the fiscal year ended September 30, 2023, stating that the certified investment information, as described in Note # 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of September 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
September 30, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN

Culligan Southwest, Inc. 401(k) Profit Sharing Plan & Trust (the Plan) is a qualified retirement plan, covering substantially all eligible employees of Culligan Southwest, Inc. (the Company or Sponsor), Culligan Water Conditioning of San Antonio, Inc., Culligan Water Conditioning of West Texas, Inc., Culligan Water Conditioning of Seguin, Inc., and ZYX Corporation (Participating Employers). The plan was established on January 1, 1966, to help employees meet their financial goals by supplementing their retirement income. The Plan has been amended and restated as of July 1, 2022. The Plan is administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility: All employees of the Company and any Participating Employers, will be eligible to participate for purposes of salary deferrals and safe harbor contributions when they are at least age 18 and have completed three months of service. Employees may also be eligible to receive an employer profit sharing contribution if they are at least age 18 and have completed 12 months of service during which they worked at least 1000 hours. All eligible employees will become a participant on the first day of the Plan year quarter following the completion of the eligibility requirements.

Contributions: Participants may elect to defer a percentage of their eligible pay every pay period as an elective deferral, not to exceed 80% of plan compensation. An employee's contribution cannot exceed the annual dollar limitation set forth by Internal Revenue Code (IRC) section 402(g). Under the Plan, participants are able to make two kinds of deferrals: pre-tax elective deferrals and Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified retirement plans or an individual retirement account as rollover contributions. Participants who are projected to reach age 50 during a calendar year will be eligible to make catch-up contributions at any time during that calendar year. The Plan includes an automatic salary deferral feature. Upon eligibility, the Plan Sponsor will automatically enroll participants at a 5% contribution rate. The automatic deferral amount will increase by 1% per year up to a maximum of 10% of a participant's compensation. Participants can increase or decrease the amount of their contributions, suspend their contributions, or resume their contributions at any time.

As of January 1, 2017, the Plan is referred to as a qualified automatic contribution arrangement 401(k) plan (QACA), in which the Company commits to making certain contributions. In order to maintain the QACA safe harbor status, the Company will make a QACA safe harbor matching contribution equal to 100% of a participant's elective deferrals, not to exceed 1% of the participant's eligible compensation, plus 50% of the participant's elective deferrals between 1% and 6% of the participant's eligible compensation. Participants have to make elective deferrals in order to receive the safe harbor contribution.

Each year, the Company may make an annual discretionary profit sharing contribution to the Plan. Contributions are allocated to each eligible participant as outlined in the plan document. For the fiscal year ended September 30, 2023, the Company did not make any profit sharing contributions.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting: Participants are always 100% fully vested in their elective deferrals, rollovers, and any earnings thereon. Vesting in employer contributions is based on a vesting schedule. For the QACA safe harbor contributions, a participant will become 100% vested after two years of service. For discretionary profit sharing contributions, after two years of service, a participant receives a 20% vested percentage in their account and becomes 100% vested after six years of service.

Payment of Benefits: Benefits are payable to a participant after they leave the Company for any reason (retirement, termination, disability, or death). Participants can receive their vested benefit in a single lump sum payment, or have the payment paid as a direct rollover to an IRA or to another employer's tax qualified plan. If the vested account balance is greater than \$5,000, in addition to either a lump sum or direct rollover, the participant may choose to receive installments or defer receiving payments. If a participant's vested account balance is \$5,000 or less, then the account balance will be distributed in a single lump sum payment.

Participants may withdraw all or part of their vested account balance once they have reached age 59½. Hardship distributions may also be made to satisfy certain immediate and heavy financial needs that a participant may have.

Notes Receivable From Participants: Participants may take a loan from the Plan. The minimum loan amount is \$1,000 up to a maximum of \$50,000 (reduced by the highest outstanding loan balance in the previous 12 months) or one-half of their vested account balance (reduced by the current outstanding loan balance, if any), whichever is less. Loan terms range from one to five years, or longer if the loan is for the purchase of a principal residence. Loans are secured by the balance in the participants' account and bear an interest rate equal to 1% over the prime interest rate determined at the time a participant requests the loan. Participants may only have two outstanding loans at any given time. Principal and interest are paid ratably through payroll deductions.

Forfeitures: If a participant terminates employment before becoming 100% vested in their account balance, the non-vested portion of their account balance will be forfeited. The Company may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan.

Plan Termination: While the Company hopes and expects to continue the Plan indefinitely, it reserves the right to terminate, discontinue making contributions to, amend, or modify the Plan at any time. Upon termination of the Plan, participants will become 100% vested in their total account balance. The Company will arrange for distributions upon termination as soon as administratively feasible.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and are included in the investment income reported by the Plan.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through April 29, 2024, which is the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

(Continued)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2023 or 2022.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit and risks related to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at September 30, 2023 and 2022, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the fiscal year ended September 30, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follow:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

NOTES TO FINANCIAL STATEMENTS
September 30, 2023 and 2022

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trust Fund: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2023</u>				
Mutual funds	\$ 7,965,065	\$ -	\$ -	\$ 7,965,065
Total investments classified within the fair value hierarchy	<u>\$ 7,965,065</u>	<u>\$ -</u>	<u>\$ -</u>	7,965,065
Collective trust fund measured at NAV as a practical expedient*				<u>651,330</u>
Total investments at fair value				<u>\$ 8,616,395</u>
<u>2022</u>				
Mutual funds	\$ 7,155,393	\$ -	\$ -	\$ 7,155,393

Collective trust fund measured at NAV as a practical expedient*				<u>664,186</u>
Total investments at fair value				<u>\$ 7,819,579</u>

* Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, and party rendering service to the Plan, the employer, and certain other. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Reliance Trust Company and ADP, Inc. are service providers to the Plan and, therefore, these transactions and the Plan's payment of fees qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transaction rules under ERISA. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 6 – TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan sponsored by ADP, LLC. The non-standardized pre-approved profit sharing plan obtained its latest opinion letter on October 6, 2020, in which the Internal Revenue Service (IRS) stated that the non-standardized pre-approved profit sharing plan, as then designed, was acceptable under section 401 of the IRC for use by the employer for the benefits of its employees. Although the Plan has been amended from the original non-standardized pre-approved document, Plan management believes that the Plan is currently being operated in accordance with the requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Culligan Southwest, Inc. 401(k) Profit Sharing Plan & Trust
San Antonio, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Culligan Southwest, Inc. 401(k) Profit Sharing Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2023 and 2022, and the related statement of changes in net assets available for benefits for the fiscal year ended September 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2023 and 2022, and for the fiscal year ended September 30, 2023, stating that the certified investment information, as described in Note # 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of September 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
September 30, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN

Culligan Southwest, Inc. 401(k) Profit Sharing Plan & Trust (the Plan) is a qualified retirement plan, covering substantially all eligible employees of Culligan Southwest, Inc. (the Company or Sponsor), Culligan Water Conditioning of San Antonio, Inc., Culligan Water Conditioning of West Texas, Inc., Culligan Water Conditioning of Seguin, Inc., and ZYX Corporation (Participating Employers). The plan was established on January 1, 1966, to help employees meet their financial goals by supplementing their retirement income. The Plan has been amended and restated as of July 1, 2022. The Plan is administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility: All employees of the Company and any Participating Employers, will be eligible to participate for purposes of salary deferrals and safe harbor contributions when they are at least age 18 and have completed three months of service. Employees may also be eligible to receive an employer profit sharing contribution if they are at least age 18 and have completed 12 months of service during which they worked at least 1000 hours. All eligible employees will become a participant on the first day of the Plan year quarter following the completion of the eligibility requirements.

Contributions: Participants may elect to defer a percentage of their eligible pay every pay period as an elective deferral, not to exceed 80% of plan compensation. An employee's contribution cannot exceed the annual dollar limitation set forth by Internal Revenue Code (IRC) section 402(g). Under the Plan, participants are able to make two kinds of deferrals: pre-tax elective deferrals and Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified retirement plans or an individual retirement account as rollover contributions. Participants who are projected to reach age 50 during a calendar year will be eligible to make catch-up contributions at any time during that calendar year. The Plan includes an automatic salary deferral feature. Upon eligibility, the Plan Sponsor will automatically enroll participants at a 5% contribution rate. The automatic deferral amount will increase by 1% per year up to a maximum of 10% of a participant's compensation. Participants can increase or decrease the amount of their contributions, suspend their contributions, or resume their contributions at any time.

As of January 1, 2017, the Plan is referred to as a qualified automatic contribution arrangement 401(k) plan (QACA), in which the Company commits to making certain contributions. In order to maintain the QACA safe harbor status, the Company will make a QACA safe harbor matching contribution equal to 100% of a participant's elective deferrals, not to exceed 1% of the participant's eligible compensation, plus 50% of the participant's elective deferrals between 1% and 6% of the participant's eligible compensation. Participants have to make elective deferrals in order to receive the safe harbor contribution.

Each year, the Company may make an annual discretionary profit sharing contribution to the Plan. Contributions are allocated to each eligible participant as outlined in the plan document. For the fiscal year ended September 30, 2023, the Company did not make any profit sharing contributions.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

NOTES TO FINANCIAL STATEMENTS
September 30, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Vesting: Participants are always 100% fully vested in their elective deferrals, rollovers, and any earnings thereon. Vesting in employer contributions is based on a vesting schedule. For the QACA safe harbor contributions, a participant will become 100% vested after two years of service. For discretionary profit sharing contributions, after two years of service, a participant receives a 20% vested percentage in their account and becomes 100% vested after six years of service.

Payment of Benefits: Benefits are payable to a participant after they leave the Company for any reason (retirement, termination, disability, or death). Participants can receive their vested benefit in a single lump sum payment, or have the payment paid as a direct rollover to an IRA or to another employer's tax qualified plan. If the vested account balance is greater than \$5,000, in addition to either a lump sum or direct rollover, the participant may choose to receive installments or defer receiving payments. If a participant's vested account balance is \$5,000 or less, then the account balance will be distributed in a single lump sum payment.

Participants may withdraw all or part of their vested account balance once they have reached age 59½. Hardship distributions may also be made to satisfy certain immediate and heavy financial needs that a participant may have.

Notes Receivable From Participants: Participants may take a loan from the Plan. The minimum loan amount is \$1,000 up to a maximum of \$50,000 (reduced by the highest outstanding loan balance in the previous 12 months) or one-half of their vested account balance (reduced by the current outstanding loan balance, if any), whichever is less. Loan terms range from one to five years, or longer if the loan is for the purchase of a principal residence. Loans are secured by the balance in the participants' account and bear an interest rate equal to 1% over the prime interest rate determined at the time a participant requests the loan. Participants may only have two outstanding loans at any given time. Principal and interest are paid ratably through payroll deductions.

Forfeitures: If a participant terminates employment before becoming 100% vested in their account balance, the non-vested portion of their account balance will be forfeited. The Company may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan.

Plan Termination: While the Company hopes and expects to continue the Plan indefinitely, it reserves the right to terminate, discontinue making contributions to, amend, or modify the Plan at any time. Upon termination of the Plan, participants will become 100% vested in their total account balance. The Company will arrange for distributions upon termination as soon as administratively feasible.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and are included in the investment income reported by the Plan.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through April 29, 2024, which is the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

(Continued)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2023 or 2022.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit and risks related to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at September 30, 2023 and 2022, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the fiscal year ended September 30, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follow:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

NOTES TO FINANCIAL STATEMENTS
September 30, 2023 and 2022

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trust Fund: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2023</u>				
Mutual funds	\$ 7,965,065	\$ -	\$ -	\$ 7,965,065
Total investments classified within the fair value hierarchy	<u>\$ 7,965,065</u>	<u>\$ -</u>	<u>\$ -</u>	7,965,065
Collective trust fund measured at NAV as a practical expedient*				<u>651,330</u>
Total investments at fair value				<u>\$ 8,616,395</u>
<u>2022</u>				
Mutual funds	\$ 7,155,393	\$ -	\$ -	\$ 7,155,393
Total investments classified within the fair value hierarchy	<u>\$ 7,155,393</u>	<u>\$ -</u>	<u>\$ -</u>	7,155,393
Collective trust fund measured at NAV as a practical expedient*				<u>664,186</u>
Total investments at fair value				<u>\$ 7,819,579</u>

* Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, and party rendering service to the Plan, the employer, and certain other. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Reliance Trust Company and ADP, Inc. are service providers to the Plan and, therefore, these transactions and the Plan's payment of fees qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transaction rules under ERISA. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 6 – TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan sponsored by ADP, LLC. The non-standardized pre-approved profit sharing plan obtained its latest opinion letter on October 6, 2020, in which the Internal Revenue Service (IRS) stated that the non-standardized pre-approved profit sharing plan, as then designed, was acceptable under section 401 of the IRC for use by the employer for the benefits of its employees. Although the Plan has been amended from the original non-standardized pre-approved document, Plan management believes that the Plan is currently being operated in accordance with the requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.
