INDEPENDENT AUDITORS' REPORT

To the Retirement Committee and Participants of the CSNC 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the CSNC 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of September 15, 2022 (in liquidation) and December 31, 2021 (ongoing), the related statements of changes in net assets available for benefits for the period from January 1, 2022 to September 15, 2022 (in liquidation) and for the year ended December 31, 2021 (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certification from a qualified institution as of September 15, 2022 and December 31, 2021 and for the period from January 1, 2022 to September 15, 2022 and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

! The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in

accordance with generally accepted accounting principles in the United States of America (“GAAP”).

! The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with generally accepted auditing standards in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Terminating Plan and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, management of the Employer voted on January 20, 2022 to terminate the Plan and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the 2021 financial statements to the liquidation basis of accounting used in presenting the 2022 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material

misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- ! Exercise professional judgment and maintain professional skepticism throughout the audit. ! Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. ! Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed
- ! Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- ! Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

CSNC 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE PERIOD FROM JANUARY 1, 2022 TO SEPTEMBER 15, 2022 (IN LIQUIDATION) AND FOR THE YEAR ENDED DECEMBER 31, 2021 (ONGOING)

1. PLAN DESCRIPTION

The following description of the CSNC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan was a defined contribution plan covering all employees of Carolina Spine and Neurosurgery Center, P.A. and Mountain Spine and Rehabilitation Specialists, PLLC (collectively, the "Employer") who have completed six months of service and are not leased employees. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Retirement Committee of Carolina Spine and Neurosurgery Center, P.A. was responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

By action of its board of directors, the Employer adopted a resolution to terminate the Plan effective January 20, 2022 and all participant accounts became 100% vested. The net assets were distributed to participants. Participants were permitted to choose amongst several options regarding the type of

distribution, including an annuity, lump sum payment or individual retirement account rollover.

Contributions - Each year, participants were permitted to contribute up to 100% of their annual eligible compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants were also permitted to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants directed the investment of their contributions into various investment options offered by the Plan. The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Employer contributed a nonelective safe harbor contribution equal to 100% of the first 3% of eligible compensation. Additional discretionary employer matching and profit-sharing amounts may have been contributed at the option of the Employer's board of directors. For the year ended December 31, 2021, the Employer made discretionary profit-sharing contributions of approximately \$129,000 to the Plan. For the period from January 1, 2022 to September 15, 2022, the Employer did not make any discretionary profit-sharing contributions to the Plan. Contributions were subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts - Each participant's account was credited with the participant's contributions and the Employer's nonelective safe harbor contributions, as well as allocation of the Employer's discretionary profit-sharing contributions and the Plan's earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled was the benefit that can be provided from the participant's vested account.

Vesting - Participants were vested immediately in their contributions and the Employer nonelective safe harbor contributions plus actual earnings thereon. Vesting in the Employer's discretionary profit-sharing contributions plus actual earnings thereon was based on years of service. A participant was fully vested when they attained normal retirement age. Prior to the Plan's termination, a participant's interest in the Employer's discretionary profit-sharing contributions vested 20% after two years of service, increasing 20% each succeeding year until fully vested after six years of service.

6

Notes Receivable from Participants - Participants were permitted to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans were secured by the balance in the participant's account. The loan interest rate was set at 1% above the prime rate, as defined in the plan document. Principal and interest were paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant was permitted to elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or an annuity payment option. For termination of service for some other reasons, a participant was permitted to receive the value of the vested interest in his or her account as a lump sum distribution. Benefits from the Plan were also permitted to be made upon proper application by a participant for proven financial hardship.

Forfeited Accounts - Benefit payments to terminated employees partially vested in the Plan include their vested portion of the Employer's discretionary profit-sharing contributions. The nonvested portion of terminated participants' account balances was used to pay the Plan's administrative expenses or to reduce the Employer's future contributions. As of September 15, 2022 and December 31, 2021, there were no forfeited nonvested accounts available for future use. During the period from January 1, 2022 to September 15, 2022 and for the year ended December 31, 2021, forfeited nonvested accounts totaling approximately \$100 and \$26,000 were used to either pay the Plan's administrative expenses or reduce

the Employer's contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - As of and for the year ended December 31, 2021, the financial statements have been prepared on the accrual basis of accounting. Effective January 20, 2022, the board of directors of the Employer adopted a resolution to terminate the Plan. As a result, the Plan's financial statements for the period from January 1, 2022 to September 15, 2022 have been prepared on the liquidation basis of accounting in accordance with generally accepted accounting principles in the United States of America ("GAAP"). This basis of accounting is considered appropriate when, among other things, liquidation of the Plan is probable and the net realization of assets are reasonably determinable. Under the liquidation basis of accounting, assets are stated at their estimated net realized cash value and liabilities are stated at their anticipated settlement amounts.

Use of Accounting Estimates - The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition - Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The Retirement Committee determined the Plan's valuation policies utilizing information provided by the investment advisors and Fidelity Management Trust Company, the Trustee of the Plan. See Note 4 for disclosure of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation in fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions - Contributions from participants were recorded as they were withheld from the participant's wages. Contributions from the Employer were recorded in the period in which the related participant contributions were due.

7

Notes Receivable from Participants - Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses has been recorded as of September 15, 2022 and December 31, 2021. Prior to the Plan's termination, if a participant ceased to make loan repayments and management deemed the participant loan to be in default, the participant loan balance was reduced and a benefit payment was recorded.

Payment of Benefits - Benefits were recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Employer. Expenses that were paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events - Management has evaluated subsequent events through June 29, 2023, the date the

financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of the Plan's asset information as of September 15, 2022 and December 31, 2021, and for the period from January 1, 2022 to September 15, 2022 and for the year ended December 31, 2021, included in the financial statements, that was prepared by, or derived from, information prepared by the Trustee and furnished to management. Management has obtained certifications from the Trustee that such information is complete and accurate as of September 15, 2022 and December 31, 2021, and for the period from January 1, 2022 to September 15, 2022 and for the year ended December 31, 2021.

2022 2021

Assets:

Mutual funds \$ - \$ 16,441,568 Collective trust funds \$ - \$ 1,453,387 Notes receivable from participants \$ - \$ 63,145

Income (loss):

Net appreciation (depreciation) in fair value of investments \$ (1,331,807) \$ 2,585,765 Interest and dividend income \$ 5,636 \$ 458,475 Interest income on notes receivable from participants \$ 724 \$ 4,976

4. FAIR VALUE MEASUREMENTS

GAAP provides the framework for measuring fair value by utilizing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

8

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of September 15, 2022 and December 31, 2021:

Mutual funds: Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan

are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust funds, the investment advisor reserves the right to temporarily delay withdrawal from the trusts in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments as of December 31, 2021.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes the Plan’s valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 16,441,568	\$ -	\$ -	\$ 16,441,568
Total investments in the fair value hierarchy	\$ 16,441,568	\$ -	\$ -	\$ 16,441,568
Investment measures at NAV, as a practical expedient	1,453,387			Investments, at fair value \$ 17,894,955

5. RELATED-PARTY

TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain investments of the Plan were managed by Fidelity Management Trust Company. Fidelity Management Trust Company was the Trustee and recordkeeper for the Plan and, therefore, these transactions qualified as exempt party in interest transactions.

As described in Note 1 the Plan permitted participants to borrow from their vested account balances. These transactions qualified as exempt party in interest transactions.

9

Effective May 1, 2016, the Trustee provided certain administrative services to the Plan pursuant to a Master Services Agreement (“MSA”) between the Employer and the Trustee. The Trustee received revenue from mutual fund service providers for services the Trustee provided to the funds. This revenue was used to offset certain amounts owed to the Trustee for its administrative services to the Plan.

If the revenue received by the Trustee from such mutual fund service providers exceeded the amount owed under the MSA, the Trustee remitted the excess to the Plan’s trust on a quarterly basis. Such amounts were applied to either pay the Plan’s administrative expenses or to be allocated to the accounts of the participants. During the period from January 1, 2022 to September 15, 2022 and for the year ended December 31, 2021, no excess amounts were remitted to the Plan’s trust. The Plan or the Employer would make payments to the Trustee for administrative expenses not covered by revenue sharing.

6. TAX STATUS

On June 30, 2020, the IRS stated that the prototype plan adopted by the Plan, as then designed, qualified under Internal Revenue Code (“IRC”) Section 401(a). The Plan did not receive a determination letter specific to the Plan itself; however, management and the Plan’s tax counsel believed that the Plan was designed and was operated in compliance with the applicable requirements of the IRC and, therefore, that the Plan was qualified and the related trust was tax exempt.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. Management analyzed the tax positions taken by the Plan, and has concluded that as of September 15, 2022 and December 31, 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2021:

Net assets available for benefits per the financial statements \$ 18,029,106 Less: Contributions receivable (71,006)

Net assets available for benefits per Form 5500 \$ 17,958,100

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Form 5500 for the period from January 1, 2022 to September 15, 2022 and for the year ended December 31, 2021:
