Plan Administrator
Sun, Inc. 401(k) Profit Sharing Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Sun, Inc. 401(k) Profit Sharing Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as of and for the year ended December 31, 2022, in accordance with auditing standards generally accepted in the United States, we considered the Plan’s internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan’s internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by John Hancock Life Insurance Company, the custodian, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan’s financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan’s internal control to be significant deficiencies :

Timeliness of Employee Deferral Remittances

As required by the Department of Labor (“DOL”), participant deferral contributions must be remitted to participant accounts as soon as it is reasonably possible to do so, but no later than the 15th business day of the month following the month in which the payroll date occurred. During 2022, employee deferral contributions of approximately \$73,000 were not remitted within these parameters, which could lead to loss of the Plan’s qualified income tax status. Management should implement controls to ensure that employee contributions are remitted to the Plan in accordance with DOL regulations.

Plan Contributions

Plan management does not maintain adequate records of contributions made to participant accounts and was therefore unable to provide support for whether certain amounts were remitted to the Plan. Plan management should implement processes to ensure that all contributions to participant accounts are deposited in participant accounts and that records confirming these deposits are maintained.

Deferral Changes

Plan management does not maintain adequate records of participant deferral elections and changes to those elections. It is Sun Inc.’s fiduciary duty to maintain these records as part of the complementary user entity controls outlined by the Plan’s third party administrator. Plan management should implement a process to ensure that all deferral rate elections and deferral changes are formally monitored and documented.

Plan Enrollment

Plan management does not maintain adequate records of employee opt-outs. It is Sun Inc.’s fiduciary duty to maintain these records as part of their duty as Plan Sponsor. Plan management should implement a process to ensure that all employees either register with the third party administrator or complete an opt-out form.

Plan Forfeitures

Plan management did not properly utilize forfeitures within 12 months of their occurrence as mandated by the Plan document. Plan management should implement a process to ensure that forfeitures are properly used to reduce employer matching contributions.

Report of Independent Auditors

Plan Administrator
Sun, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 (“ERISA”) Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of the Sun, Inc. 401(k) Profit Sharing Plan (the “Plan”), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for Plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for Plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section for our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

Plan Administrator
Sun, Inc. 401(k) Profit Sharing Plan

Opinion (continued)

- The information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Plan Administrator
Sun, Inc. 401(k) Profit Sharing Plan

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Plan Administrator
Sun, Inc. 401(k) Profit Sharing Plan

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the accompanying table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Administrator
Sun, Inc. 401(k) Profit Sharing Plan

Supplemental Schedules Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sun, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan

The following description of the Sun, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants may refer to the Plan document for a more complete description of the Plan’s provisions.

General

Sun, Inc. (the “Company”) sponsors this defined contribution 401(k) plan to provide retirement benefits to substantially all its employees. The Plan also includes employees of Consolidated Mailing Services, LLC. The Plan has been restated and amended, as necessary, to maintain its exemption from Federal income taxes under Section 501(a) of the Internal Revenue Code (“IRC”), to comply with the requirements of the Employee Retirement Income Security Act of 1974 (“ERISA”), and to help achieve the business objectives of the Company.

Eligibility of Participants

Employees who are eighteen years of age and have completed ninety days of service are eligible to participate in the Plan.

Participant Accounts

Each participant's account is credited with the participant’s contributions, allocations of the Company’s contributions, plan earnings or losses, and charged with an allocation of any administrative expenses paid by the Plan. Participants direct their contributions into various investment options offered by the pooled separate accounts in which the Plan holds an interest. Earnings or losses are allocated by account based on the ratio of a participant’s account invested in a particular account to all participants’ investments in that account.

Contributions

Participants may contribute up to 100% of their eligible compensation, within the limits allowable under the law, to the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified benefit plans. Participants are allowed to designate all or a portion of their contributions as Roth contributions. The Plan allows for discretionary matching contributions equal to a percentage of each participant’s elective deferrals, the percentage to be determined each year by the Company. The Company made discretionary matching contributions to the Plan of approximately \$61,000 and \$56,000 during the years ended December 31, 2022 and 2021, respectively. Employer profit-sharing contributions may also be made to the Plan at the option of the Company. The Company did not make any discretionary profit-sharing contributions to the Plan during the years ended December 31, 2022 and 2021.

Sun, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan (continued)

Vesting

Participants are immediately 100% vested in their elective contributions. Vesting in employer contributions is based on years of continuous service. Participants become 20% vested in employer contributions after two years of service, and become vested in an additional 20% of these contributions each year, becoming fully vested in employer contributions after six years of continuous service.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their accounts, subject to certain restrictions. Participants may borrow from their accounts a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants are collateralized by the balance in the participant's account and bear interest at rates ranging from 4.25% to 7.25% as of December 31, 2022. Loan terms range from one to five years, except for loans made for the purchase of a primary residence which must be repaid within a period of no more than 10 years. The loan interest rate, determined quarterly, is set at 1% above the prime rate at the date of origination. Principal and interest are paid ratably through payroll deductions, and participants may have only one outstanding loan at a time.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may, subject to certain conditions, elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a specified period. If a participant's vested account balance does not exceed \$5,000, the Plan may automatically distribute the participant's vested account balance in a lump sum. Also, subject to certain conditions, a participant may receive hardship withdrawals from his or her balance in the Plan while employed. Participants who have attained 59½ years of age are permitted to withdraw all or part of their vested accounts as in-service distributions.

Sun, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan (continued)

Forfeited Accounts

Forfeited employer matching and profit sharing contributions may be used at the discretion of the Plan administrator to reduce any Company contributions. At December 31, 2022 and 2021, forfeited nonvested accounts totaled approximately \$10,000. Employer contributions were not reduced from forfeited nonvested accounts during the years ended December 31, 2022 and 2021.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States ("US GAAP").

Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a distribution based on the terms of the Plan document.

Sun, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risk and Uncertainties

The Plan invests in pooled separate accounts under a group annuity contract with the custodian, which consists of various mutual funds and a stable value fund. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of certain investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying 2022 statement of net assets available for plan benefits.

Payment of Benefits

Benefits are recorded when paid.

3. Custodian Certifications

Information disclosed in the accompanying financial statements as of and for the years ended December 31, 2022 and 2021, related to pooled separate accounts, notes receivable from participants, cash, net appreciation (depreciation) in fair value of investments, and interest income on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by John Hancock Life Insurance Company, the custodian of the Plan.

Sun, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

4. Fair Value Measurements

US GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs to the valuation methodology are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Pooled separate accounts are valued at net asset value (“NAV”). The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of any of the pooled separate accounts, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that security liquidations will be carried out in an orderly business manner.

5. Party-in-Interest Transactions

All of the plan investments were managed by the Plan’s custodian. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing rather than a direct payment. The Plan made direct payments to the custodian totaling approximately \$24,000 and \$30,000 for the years ended December 31, 2022 and 2021, respectively, that were not covered by revenue sharing. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transactions rules of ERISA.

6. Income Tax Status

The Plan is a volume submitter plan designed to be in compliance with the applicable requirements of the IRC. The Internal Revenue Service (“IRS”) has determined by a letter dated March 31, 2014, that the volume submitter plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended since March 31, 2014, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax-exempt. During 2021, the Company inadvertently failed to deposit \$28,878 of participant deferrals within the timeframe required by the Department of Labor (“DOL”). During 2022, the Company inadvertently failed to deposit \$72,523 of participant deferrals within the timeframe required by the DOL. All delinquent contributions were deposited to the participant accounts in 2022 and 2023. Earnings on delinquent contributions have not yet been calculated.

Sun, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

6. Income Tax Status (continued)

During 2021, operational errors were discovered related to a portion of the employee and employer contributions and excess contributions to participants. As of the date the financial statements were available to be issued, these operational errors had been corrected.

It is uncertain what effect these administrative issues may have on the Plan's tax-exempt status, but the Plan administrator believes any Plan errors will be fully corrected through the IRS and DOL voluntary correction programs, and there is ultimately no threat to the Plan's tax-exempt status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liabilities were identified at December 31, 2022 and 2021. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

7. Unallocated Assets

At December 31, 2022 and 2021, approximately \$5,000 and \$3,000, respectively, of Plan assets had not yet been allocated to participants.

8. Subsequent Events

Management evaluated events and transactions after December 31, 2022 through February 7, 2024, the date the financial statements were available to be issued, for subsequent events. No events requiring disclosure were identified.
