Independent Auditor's Report

The Retirement Plan Committee
Gordon Flesch Company, Inc. 401(k) Profit Sharing Plan and Trust
Fitchburg, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gordon Flesch Company, Inc. 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of September 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of September 30, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The ERISA-required supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of September 30, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the

financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of Gordon Flesch Company, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution Section 401(k) Plan covering all full-time employees of the Gordon Flesch Company, Inc. (the Company), excluding leased employees, who have attained the age of 21 under the following provisions. Employees are eligible to contribute on the first day of the following month after the second month of employment. Employees are eligible for any discretionary employer match or profit sharing on the first day of the following month after having completed 1,000 hours of service during the 12-month period commencing on the date of employment and must be employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan was amended effective January 4, 2021, to increase the deferral limit for regular contributions from 60.0% to 75.0%.

The Plan was amended effective May 3, 2021, to no longer provide the option for participants to specify a dollar amount to be contributed each payroll period, instead of specifying a percentage of compensation.

Employees may contribute up to 75.0% of their annual compensation subject to statutory limits in place for any calendar year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers). The Plan includes an auto-enrollment provision, whereby, all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant. The deferral rate increases annually on October 1 at a rate of 1% up to 9%. Participants may also elect to make designated Roth contributions. The employer will make a discretionary matching contribution equal to a percentage of the amount of compensation for the current year contributed by all participants eligible to share in allocations. The employer contributions for 2023 and 2022 were calculated at 50% of salary deferrals up to 9% of eligible compensation.

The Company will also make discretionary profit sharing contributions to the trust each fiscal year in which there are profits sufficient in the judgment of the board of directors for that purpose. No such contributions were made in 2023 or 2022.

Participant Accounts

Each participant's account is credited with the participant's contribution, rollovers, and an allocation of (a) the employer's contribution; (b) Plan investment earnings; and (c) forfeitures of terminated participants' nonvested accounts; and is charged with any distributions and an allocation of (a) administrative expenses and (b) Plan investment losses. Allocations are based on participant

Gordon Flesch Company, Inc.
401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

earnings, account balances, or specific participant-requested transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

Participants are allowed to direct their account balances, their contributions, the employer's discretionary matching contribution, and the employer's discretionary profit sharing contribution into any of the investment funds listed in the supplemental Schedule of Assets (Held at End of Year), or into other segregated (self-directed) investments, as described in the Plan Document. Participants may change their investment options daily.

Vesting

Participants are immediately 100% vested in their elective deferral and rollover contributions, as well as the employer's discretionary matching contribution, plus earnings thereon.

Vesting of the employer's discretionary profit sharing contribution and earnings thereon is based on years of service. Participants who leave the Plan because of death, retirement, or disability, as defined in the Plan Document, are considered 100% vested in their account balance related to the employer's discretionary profit sharing contribution. A participant who terminates for any reason other than the aforementioned shall have a nonforfeitable right to a percentage of the accrued benefit derived from the employer's discretionary profit sharing contribution in accordance with the following schedule:

Years of Service	Percentage Vested (%)
Less than 2	-
2	20
3	40
4	60
5	80
6 or more	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum number of loans a participant may have outstanding at any specific date is one. The term of loan repayment shall not exceed five years or up to ten years if the purpose of the loan is for the purchase of a primary residence. The loans are secured by the balance in the participant's vested account and bear interest at rates that range from 4.25% to 9.25%, which are commensurate with local prevailing rates, as determined quarterly by the Plan administrator. Maturity dates range from October 2023 to November 2031. Principal and interest is paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest, net of any allowance for uncollectible amounts. Interest income is recorded on the accrual basis.

Gordon Flesch Company, Inc.
401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

No allowance for credit losses has been recorded as of September 30, 2023 and 2022. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant's loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

On termination of service, a participant may elect to receive (a) a lump-sum amount based on the value of his or her account; (b) installments over a specified period which cannot exceed the normal life expectancy of the participant; (c) equal installments over a period of time which cannot exceed the joint and last survivor life expectancy of the participant and his or her designated beneficiary; or (d) transfer of a lump-sum to another qualified plan or Individual Retirement Account (IRA) account. A participant may also elect to receive a hardship distribution, as defined by the terms of the Plan or in-service withdrawals per the attainment of age 59½.

Upon the death of a participant prior to the commencement of distribution of any benefit under the Plan, or prior to the complete distribution of his or her accounts, his or her surviving beneficiary shall be entitled to a death benefit equal to the sum of such participant's accounts as of the date of his or her death.

On termination of service for reasons other than retirement, the following shall apply:

- 1) If the value of the vested portion of the participant's account is less than \$1,000, the retirement plan committee, in its discretion, may elect to distribute such vested portion currently.
- 2) If the value of the vested portion of the participant's account is greater than \$1,000, the account will be retained in the trust until early retirement age is reached. The retirement plan committee can, in its discretion, elect, with the consent of the participant, to distribute such vested portion to the participant currently. When the participant becomes entitled to the payment of benefits, the plan committee, in its sole discretion, determines the mode of settlement from those options listed above.

As of September 30, 2023 and 2022, there were no distributions requested that had not been paid.

Forfeitures

Forfeitures arise as a result of participants who separate from service with the employer before becoming 100% vested in the employer's discretionary profit sharing contributions and earnings thereon. Forfeitures of non-vested participant balances are used to pay administrative expenses or reduce the amount of future discretionary employer contributions. For the years ended September 30, 2023 and 2022, there were no forfeitures. As of September 30, 2023 and 2022, there were no unallocated forfeited balances.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in the net appreciation (depreciation) in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Shares of registered investment companies (RICs) are stated at fair value. These investments are valued at the daily closing price as reported by the fund. RICs held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The RICs held by the Plan are deemed to be actively traded.

The U.S. government securities funds represent investments with various government bonds, which approximate fair value.

The money market fund is reported at amortized cost, which approximates fair value.

Common collective trusts represent investments with various investment managers. Units held in common collective trusts, including stable value funds, are valued at the NAV as reported by the investment managers as of September 30, 2023 and 2022.

While the majority of the underlying asset values are based on quoted prices, the NAV of the common collective trust fund is not publicly quoted. The NAV is reported by the fund managers as of the financial statement date based on recent transaction prices. The common collective trust funds provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. As of September 30, 2023 and 2022, there were no unfunded commitments.

Net appreciation (depreciation) in fair value of investments, included in the accompanying statements of changes in net assets available for benefits includes, realized gains or losses from the sale of investments and unrealized appreciation (depreciation) in the fair value of investments. Net unrealized appreciation (depreciation) in the fair value of the investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investments as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes to Financial Statements

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Included in investments on September 30, 2023 and 2022 are investments in the Fidelity 500 Index Fund and the Fidelity Contrafund K, which each represent 10% or more of total investments on September 30, 2023 and 2022.

Payment of Benefits

Benefits are recorded when paid.

3. Information Certified by Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of and for the years ended September 30, 2023 and 2022. Accordingly, the Plan's trustee and a qualified institution, Fidelity Management Trust Company, has certified that the following data included in the accompanying financial statements and the ERISA-required supplemental schedules is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of September 30, 2023 and 2022.
- Investment income (loss) and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended September 30, 2023 and 2022.
- Investment information included in the ERISA-required supplemental Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions and Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of September 30, 2023.

At the request of the Plan administrator, the Plan's independent accountants did not perform auditing procedures with respect to the certified information, except for comparing such information as certified by the trustee to the related amounts included in the accompanying financial statements, and ERISA-required supplemental schedules.

4. Plan Termination

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company discretionary contributions.

Gordon Flesch Company, Inc.
401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

5. Tax Status

The Plan has adopted the volume submitter defined contribution plan of Fidelity Management Trust Company, which received an advisory letter, dated March 31, 2014, in which the Internal Revenue Service (IRS) stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The volume submitter plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the volume submitter plan is qualified, and the related trust is tax-exempt as of the financial statements date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of September 30, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party-in-Interest and Related Party Transactions

Certain Plan investments are shares of registered investment companies managed by an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management and recordkeeping services amounted to \$125,721 and \$132,045 for the years ended September 30, 2023 and 2022, respectively.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

7. Fair Value Measurements

GAAP defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification 820, *Fair Value Measurements*, are described below:

Level 1 - Inputs to the valuation methodology include unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Gordon Flesch Company, Inc.
401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Level 2 - Inputs to the valuation methodology include inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Investments measured at fair value on a recurring basis, segregated by fair value hierarchy, are summarized below, (Level 1, 2, and 3 inputs are defined above):

Notes to Financial Statements

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient:

September 30, 2023

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts	\$ 3,354,614	N/A	Daily	30 days

September 30, 2022

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts	\$ 4,217,373	N/A	Daily	30 days

The Plan's valuation methodologies used to measure the fair value of its investments are described in Note 2. There have been no changes in the methodologies used at September 30, 2023 and 2022. The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
