Independent Auditor's Report

To the Plan Administrator
Paula's Choice Retirement Savings Plan
Seattle, WA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Paula's Choice Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of August 15, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the period from January 1, 2023 to August 15, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of August 15, 2023 and December 31, 2022, and for the period from January 1, 2023 to August 15, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Paula's Choice Retirement Savings Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Paula's Choice Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the comprehensive Plan Document for a more complete description of the Plan's provisions.

General

The Plan, which is sponsored by Paula's Choice, LLC (the "Company" or "Plan Sponsor") is a defined contribution 401(k) retirement plan covering substantially all employees of the Company. The Plan was established on January 1, 1998, which is the date of inception, and has been subsequently amended and restated. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Company was acquired by Unilever Plc. on August 3, 2021.

On July 25, 2023, Paula's Choice Holdings, Inc., the sole member of Paula's Choice LLC, made the decision to merge the Plan into the Unilever Advantage Savings Plan effective August 15, 2023. The net assets of the Plan totaling \$15,966,371 were transferred, which included \$129,352 of outstanding loans. Participants of the Plan became participants in the Unilever Advantage Savings Plan and were granted full rights and privileges thereof, as provided in the Plan documents.

Custodian and Administration of the Plan

The custodian of the Plan is Charles Schwab and recordkeeper of is Northwest Plan Services. The Plan is administered by an employee of the Company, who is the Plan Administrator. The custodian holds all assets of the Plan in accordance with the service provider contract with the Company. The Plan Management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

There is no age or service requirement to enter the Plan for employee deferrals. Employees of the Company are considered eligible for participation, except for: (1) nonresident aliens with no U.S. source of income; (2) employees covered by a collective bargaining agreement that does not provide for participation in the Plan; (3) temporary, part-time and seasonal employees whose regular scheduled service is less than 1,000 hours per year. Eligible participants can enter the Plan on the first day of each month.

Contributions

Each year, participants may contribute up to 80% of eligible compensation, as defined in the Plan. Salary deferral agreements shall be made, terminated, or changed according to procedures and limitations set up by the Plan Administrator and the Plan Document. The Plan also allows for Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover"). The Plan also allows in-Plan Roth rollover conversions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Paula's Choice Retirement Savings Plan

Notes to Financial Statements

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

After participants complete 6 months of service, the Company contributes a safe-harbor matching contribution of 100% of the first 4% of eligible compensation that a participant contributes to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer safe-harbor contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are 100% vested in their individual deferral, Roth, rollover, and employer safe-harbor contributions and the allocated earnings thereon.

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum of the lesser of 50% of their vested account balance or \$50,000. Notes must be repaid over a period not to exceed five years pursuant to a level, fixed repayment schedule, including loans used for the purchase of a primary residence. The loans are secured by the balance in the participant's account. Participants are allowed only one outstanding note at a time; principal and interest are paid ratably through payroll deductions. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the Plan Administrator or the Plan Sponsor.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or separation, a participant may elect to receive either a lump-sum distribution, installment payments, or partial distributions limited to two distributions per Plan year. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. If a participant's vested benefit does not exceed \$5,000 upon termination, the Plan Administrator may direct the custodian to make a single lump sum distribution to the participant without prior written consent. If the vested benefit under the Plan exceeds \$5,000, then the participant must consent to the distribution before it may be made.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Participants may also withdrawal an amount at age 59½ if certain criteria are met.

Forfeitures

Forfeitures are the result of unvested discretionary nonelective contributions made to the Plan prior to January 1, 2016. Forfeitures may be used to reduce employer matching contributions or pay Plan expenses. At August 15, 2023 there were no forfeited non-vested accounts and at December 31, 2022, forfeited non-vested accounts were \$5,775. These accounts may be used to pay administrative expenses and reduce future employer contributions. During the period from January 1, 2023 to August 15, 2023, the Plan used \$5,784 of forfeitures to offset employer safe-harbor matching contributions.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by its investment adviser and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participant contributions and any related employer safe-harbor matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. Interest income is recorded on the accrual basis. The Plan considers all notes receivable from participants at the end of the calendar quarter, following a calendar quarter for which there is any outstanding payment due, as in default. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid. During 2023, no loans were deemed distributed.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan generally pays all Plan related expenses except the expenses related to the design, establishment, or termination of the Plan. Any expenses paid by the Plan Sponsor are excluded from the financial statements. The expenses paid by the Plan are charged pro rata to participants' accounts which are custodial fees, investment advisory fees and recordkeeping/administrative fees. Distribution and loan initiation fees are the expenses related to participant-requested services and are charged directly to the participant's account. These fees are included in the Statement of Changes in Net Assets Available for Benefits as administrative expenses.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at August 15, 2023 and December 31, 2022, and net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the period from January 1, 2023 to August 14, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Company, a qualified institution.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Paula's Choice Retirement Savings Plan

Notes to Financial Statements

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 15, 2023 or December 31, 2022.

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: The common collective trust is valued at NAV. The NAV, as provided by the investment manager, is used as a practical expedient to estimate fair value and therefore is not assigned to a level in the hierarchy table. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchase and sales) may occur daily and there are no restrictions. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments as of August 15, 2023 and December 31, 2022. This investment is a direct filing entity.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

The following table set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis at December 31, 2022. There were no investments measured at fair value at August 15, 2023.

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$12,394,478	\$ -	\$ -	\$12,394,478
Common collective trust fund*				405,200
Total Investments, at fair value				\$12,799,678

**Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.*

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Charles Schwab Trust Bank. Participant loan and distribution processing fees are paid to Northwest Plan Services, Inc. by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

7. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would remain 100% vested in their accounts. Upon termination all account balances become fully vested, and all remaining assets in the affected participants' accounts shall be distributed to the participants and beneficiaries of the Plan in the order provided by ERISA. See Note 1 for additional information.

8. Tax Status

The Plan document is a pre-approved defined contribution plan. The Internal Revenue Service ("IRS") informed Perkins Coie LLP by a favorable opinion letter dated June 30, 2020, that the pre-approved plan was designed in accordance with applicable sections of the IRC. Although the Plan had been amended since the date of the opinion letter, the Plan administrator believes that the Plan as designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

The Plan has evaluated subsequent events through May 30, 2024, the date the financial statements were available to be issued.
