Independent Auditors' Report

To the Plan Administrator of the
Open Exchange, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Open Exchange, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2021 and for the year then ended, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2021 and delinquent participant contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the 2021 financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on Compiled 2020 Financial Statement

Management is responsible for the accompanying 2020 financial statement of the Plan, which comprises the statement of net assets available for plan benefits as of December 31, 2020, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2020 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2020 financial statement.

1. Description of the Plan:

The following description of Open Exchange, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for more complete information regarding the terms of the Plan.

General: The Plan is a defined contribution plan covering all eligible employees of Open Exchange, Inc. (the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Amendments: Effective April 2, 2021, the Plan was amended to change the service requirement for participation in the Plan from three months of service to one year of service. The description of the Plan that follows describes the Plan as amended effective April 2, 2021.

CARES Act: On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law, which included several relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. Plan management has evaluated the relief provisions available to plan Participants under the CARES Act and has implemented the following provisions:

- *Withdrawals:* Special coronavirus-related distributions, as defined, could be withdrawn by qualified Participants up to \$100,000 through December 30, 2020.
- *Notes Receivable from Participants:* The available loan amount as described in Note 1 is increased to the lesser of 100% of their eligible balance up to \$100,000. Additionally, qualified Participants, as defined, with an outstanding loan balance, could elect to defer repayments due under the loan for up to one year. This election was available from the date of enactment through December 31, 2020, and any subsequent repayments shall be appropriately adjusted.
- *Required Minimum Distributions:* All required minimum distributions were suspended through December 31, 2020.

Eligibility: All employees of the Plan Sponsor, except for independent contractors and leased employees, become eligible for participation in the Plan upon completion of one year of service and attaining age 21. Eligible employees enrolled in the Plan are referred to as "Participants" in the Plan.

Contributions: The Plan provides for Participant pretax contributions. Participants may contribute up to 100% of their pretax compensation, as defined by the Plan, subject to the Internal Revenue Code (IRC) limitations. Rollover contributions from other qualified plans are allowed, with the approval of the Plan Administrator. The Plan includes a qualified Roth contribution program, whereby Participants may irrevocably elect to treat all or a portion of compensation that would otherwise be eligible to defer as pretax contributions as designated Roth contributions as defined in Section 402A(c)(1) of the IRC. The Plan has an automatic enrollment feature, whereby active Participants who do not revoke their elective contributions will contribute a minimum of 4% of eligible compensation. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides that Participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make a catch-up contribution subject to IRC limitations.

The Plan provides for safe harbor matching contributions whereby the Plan Sponsor matches 100% of Participant contributions up to the first 3% of their eligible compensation and 50% of the next 2% of eligible compensation. For the year ended December 31, 2021, safe harbor matching contributions were made to the Plan in the amount of \$563,307.

1. Description of the Plan (Continued):

The Plan Sponsor may, at its discretion, make nonelective contributions to the Plan in any Plan year in an amount determined by the Board of Directors of the Plan Sponsor. Participants continue to be eligible for Plan Sponsor discretionary nonelective contributions by completing 1,000 hours of service during the Plan year and being employed on December 31. For the year ended December 31, 2021, the Plan Sponsor made no discretionary nonelective contributions to the Plan.

Participant Accounts: Each Participant's account is credited with the Participant's contributions and allocations of (a) the Plan Sponsor's contributions, (b) Plan earnings or losses, and (c) charged with an allocation of administrative expenses, if any. Allocations are based on Participant earnings or account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting: Participants are immediately vested 100% in their contributions and Plan Sponsor safe harbor matching contributions plus actual earnings thereon. Participants are 100% vested in the Plan Sponsor discretionary nonelective contributions and the actual earnings thereon after completion of five years of credited service. Participant vesting in the Plan based upon years of service is as follows:

<u>Years of Service from Date of Hire</u>	<u>Vested Percentage of Nonelective Contributions</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Participants are 100% vested upon the occurrence of death, permanent disability, or normal retirement age, as defined.

Notes Receivable from Participants: Participants may borrow from their Plan accounts in amounts attributable to the Participant's vested balance for a maximum term of five years. If the loan is for the purchase of a principal residence, the term of the loan may be extended. A Participant may borrow the lesser of 50% of their eligible balance up to \$50,000. The minimum loan amount is \$1,000 and only one loan can be outstanding at any time. The loan balance is secured by the Participant's account and bears fixed interest at rates that are commensurate with local prevailing rates as determined by the Plan Administrator, which are equal to 5.25% as of December 31, 2021. Principal and interest is paid ratably through payroll deductions.

Benefits and Withdrawals: The vested benefits are paid to the Participants or their beneficiaries upon the Participants' retirement, death, disability or termination of employment with the Plan Sponsor. In the event of the above, the Participants or their beneficiaries will receive a lump sum distribution if the account balance has a value of less than or equal to \$1,000. Terminated Participants' vested account balances of greater than \$1,000 and up to \$5,000 may be automatically distributed to an Individual Retirement Account (IRA). Participants whose account balances exceed \$5,000 may elect to receive a lump sum distribution or may leave their vested balance in the Plan.

2. Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Significant Accounting Policies (Continued):

Investment Valuation and Income Recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a Participant ceases to make loan repayments and the Plan Administrator deems the Participant loan to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from Participants are charged directly to the Participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Use of Estimates: The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events: The Plan Administrator has evaluated subsequent events through May 13, 2024, the date the financial statements were available to be issued.

3. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

3. Fair Value Measurements (Continued):

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the years ended December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trusts: Valued using readily determinable fair values. A fair value is considered readily determinable when the fair value per share (unit) is determined and published and is the basis for current transactions. Collective trusts valued using readily determinable fair values are reported in the fair value hierarchy at Level 1.

Pooled Separate Accounts: Valued using readily determinable fair values. A fair value is considered readily determinable when the fair value per share (unit) is determined and published and is the basis for current transactions. Pooled separate accounts are valued based upon the unit values of such pooled accounts held by the Plan at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2021 and 2020:

		Assets at Fair Value as of December 31, 2021			
		Total	Level 1	Level 2	Level 3
Investments:					
Collective Trusts	\$	3,556,751	\$ 3,556,751	\$ -	\$ -

4. Fully Benefit-Responsive Investment Contracts:

The Plan holds a traditional investment contract with Principal Life Insurance Company. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

With traditional investment contracts, the Plan owns only the contract itself. The traditional investment contract held by the Plan is a guaranteed investment contract. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.0% or greater than 3.0%. The crediting rate is reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following:

- Termination of the Plan.
- Partial plan termination, a spin-off, or a combination or series of partial plan terminations or spin-offs, or any other action or changes with regard to the Plan that is expected to result in an estimated 50% reduction in covered funds, as defined.
- The recordkeeper of the Plan determines that it cannot appropriately monitor and assess the charges under the contract.
- Transfers of the Plan's interest in the contract, as defined.
- Termination of the contract.
- One of the following, as directed by the Plan Sponsor:
 - Withdrawals from covered funds, as defined, by or with regard to Participants who are highly compensated employees, as defined by the IRC, for reasons other than death, disability or retirement, as defined in the Plan.
 - Withdrawals from covered funds, as defined, by or with regard to Participants for reasons other than death, disability or retirement, as defined in the Plan.
 - Reduction in covered funds, as defined, exceeding the amount specified per the direction from the Plan, as defined.

There are no events that allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

5. Party-in-Interest Transactions:

Certain Plan investments are managed by Principal Life Insurance Company and Principal Trust Company, custodians of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment, in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2021. During the year ended December 31, 2021, the Plan made direct payments to Principal Life Insurance Company, the recordkeeper, in the amount of \$2,440, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

6. Untimely Remittance:

During the years ended December 31, 2021 and 2020, the Plan Sponsor did not remit certain Participant contributions to the Plan in a timely manner, as defined by ERISA. The contributions are considered non-exempt party-in-interest transactions, which may result in an imposition of a 15% excise tax on the amount of the transactions. The Plan Sponsor has computed the lost earnings on untimely contributions and determined they are immaterial to the Plan's financial statements.

7. Tax Status:

The Plan has adopted the nonstandardized preapproved profit sharing plan of Principal Life Insurance Co. The plan sponsor of the nonstandardized preapproved profit sharing plan received a favorable opinion letter dated March 31, 2014 in which the Internal Revenue Service stated that the form of the nonstandardized preapproved profit sharing plan was in compliance with the applicable requirements of the IRC. The nonstandardized preapproved profit sharing plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan and the related trust are currently being operated in compliance with the applicable provisions of the IRC, and that the related trust is therefore tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan Sponsor has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator believes it has no uncertain tax positions as of December 31, 2021 and 2020 and for the year ended December 31, 2021.

8. Plan Termination:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100% vested in the Plan Sponsor contributions.

9. Risks and Uncertainties:

The Participants invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect Participants' account balances and the amounts reported in the accompanying statements of net assets available for plan benefits.

As of December 31, 2021 and 2020, the Plan had investments of \$1,319,351 and \$1,202,325, respectively, that were concentrated in two and one funds, respectively.

10. Information Certified by the Custodians:

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules of assets (held at end of year) as of December 31, 2021 and delinquent participant contributions for the year ended December 31, 2021, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company and Principal Trust Company, custodians of the Plan. All of the investments were certified at fair value, with the exception of the fully-benefit responsive investment contract, which was certified at contract value.

11. Corrective Contributions:

Subsequent to the year ended December 31, 2021, the Plan Sponsor, through the availability of additional information, identified certain operational errors related to deferral elections, eligible compensation, auto-enrollment and Plan Sponsor contributions. The operational errors are estimated to result in potentially incorrect contribution amounts deferred by Participants and incorrect Plan Sponsor contributions received by Participants. The Plan Sponsor is in the process of determining the effects of operational errors for each of the related Participants. In order to avoid disqualification of the Plan by the IRS, the Plan intends to utilize the Employee Plans Compliance Resolution System (EPCRS) of the IRS. The Plan Sponsor has determined that the errors qualified for correction under the self-correction provisions of the EPCRS. The amount due to Participants, including lost earnings, will be contributed to the Plan upon a final determination of the effects of the operational errors as a Plan Sponsor corrective contribution.

12. Subsequent Events:

Plan Amendments: Effective January 1, 2022, the Plan was amended to (i) reduce the service requirement for participation in the Plan from one year to three months of service, (ii) exclude union employees, nonresident aliens, reclassified employees, and part-time, temporary and seasonal employees from participating in the Plan, where part-time employees will become eligible for participation in the Plan upon completing 1,000 hours of service and attaining age 21, and (iii) allow Participants to withdraw their vested account balance upon attaining age 59 ½.

Plan Merger: During 2021, the Plan Sponsor acquired Veracast Communications Inc. Effective May 12, 2022, the Plan Sponsor approved the merger of the Veracast Communications Inc. 401(k) Plan, a defined contribution plan of Veracast Communications Inc. As a result of the agreement, it was determined that the plans would be merged and all assets would be transferred to the Open Exchange, Inc. 401(k) Plan. The ownership of the assets of the Veracast Communications Inc. 401(k) Plan was transferred effective May 12, 2022. The assets transferred from the Veracast Communications Inc. 401(k) Plan amounted to \$1,291,663, which consisted entirely of investments at fair value.

Investment Contract Amendment: Effective December 30, 2022, the crediting rate for the Principal Life Insurance Company traditional investment contract was amended to be not less than 0.15% or greater than 3.0%

Recent Pronouncements: The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

13. Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 as of December 31, 2021 and 2020:
